The Mosaic Company *Home Runs for Food* Partnership with Tampa Bay Rays Scores $70,000 for Feeding America Tampa Bay

TAMPA, Fla., September 23, 2014 – The Mosaic Company (NYSE: MOS) presented a $70,000 donation to Feeding America Tampa Bay (FATB) at a pre-game ceremony on Sept. 19, as an outgrowth of its *Home Runs for Food* partnership with the Tampa Bay Rays. The on-field presentation featured Mosaic representatives and 14 local food bank partners in central Florida displaying a 15 x 30 foot banner announcing the *Home Runs for Food* donation amount.

Under the program, which launched in 2010, Mosaic pledges $500 to the food relief agency for every home run hit during their regular season and spring training games. This year's contribution by Mosaic brings the donation amount from the regular season games to $420,000 for FATB since the *Home Runs for Food* program started. An additional $53,000 has been raised during the Rays spring training for Harry Chapin Food Bank of Southwest Florida.

"The Home Runs for Food program has become one of our favorite ways to give back to local communities where we operate because it brings Mosaic's mission – helping the world grow the food it needs – so close to home," said Gary "Bo" Davis, Senior Vice President of Phosphate Operations at The Mosaic Company. "Together with Feeding America Tampa Bay, if we translate dollars into meals where $1 equals 7 meals, over the last five years, we have provided almost 3 million meals to Central Floridians who face a daily struggle to feed their families."

"Our entire organization is very proud of the Mosaic Home Runs for Food program and the vital support it provides Feeding America Tampa Bay," said Rays Senior Vice President, Mark Fernandez. "It has become a great tradition."

"Mosaic's generous support has been a game-changer for Feeding America Tampa Bay," said FATB Executive Director Thomas Mantz. "As a result of their Home Runs for Food contributions and other donations throughout the year, Mosaic has helped us provide meals to children, seniors and families struggling with hunger in our region. We feel very fortunate to benefit from Mosaic's long-standing commitment to fighting hunger."

According to the latest USDA report on food insecurity, one in six Americans is at risk of hunger. The fate of our children is worse, with one in four considered at risk for hunger. In the Tampa Bay area, nearly 700,000 of our neighbors struggle with hunger – including an estimated 250,000 children. FATB distributes more than 2 million meals every month to help meet that need.
