Our Response to COVID-19

At Choice Properties our first priority is the health and safety of our guests, tenants and their employees, and our employees across our portfolio.

Our properties remain open for business; however, it is up to our tenants to determine individual operating hours based on the needs of their business. Our additional efforts to help keep our communities safe include the following actions:

- We have implemented extra cleaning of high touch areas in our office building common areas.
- We have ongoing communication with all tenants and employees advising them of our protocols, policies and recommended practices to keep them safe and mitigate transmission.
- For our employees we have established work from home protocols where appropriate and a restriction on all non-essential business travel and in-person meetings.

Our Pandemic Committee meets on a daily basis and monitors direction from the Government, World Health Organization and the Public Health Agencies. We remain committed to implementing appropriate actions and providing updates to all tenants, employees and stakeholders as they become available.

We thank you for your support during these unprecedented times. If you have any questions, please contact us at updates@choicereit.ca.
