FOR IMMEDIATE RELEASE

Toronto, Ontario, June 12th, 2009: **ABERDEEN INTERNATIONAL INC.** (“Aberdeen”, or the “Company”) (Toronto Stock Exchange: **AAB**) is pleased to announce that it has released its financial results for the quarter ending April 30, 2009.

As at April 30, 2009, **Aberdeen’s Net Asset Value** (“NAV”) was **\$90.4** million, or **\$0.96 per share**, (NAV of **\$1.01 per share** based on shares outstanding of 87.5 million following completion of NCIB). The components of **Aberdeen’s** NAV for the 1st quarter are as follows:

- Cash and cash equivalents of **\$2.2** million;
- Portfolio Investments at estimated fair value of **\$37.1** million;
- Estimated fair value of the 1% NSR of **\$39.4** million;
- Other assets of **\$23.7** million (including principal receivable from **Aberdeen** Loan Agreement to Simmer and Jack of **\$11.9** million); less
- Total liabilities of **\$12.0** million (including future tax liabilities of **\$11.6** million); and
- Shares outstanding at the end of the quarter of **94,578,839**

Stan Bharti, Chairman of **Aberdeen** stated, "Subsequent to the quarter, management acquired a significant stake in **Aberdeen**. We also completed the normal course issuer bid for 2009 by purchasing over seven million shares for cancellation. Both of these transactions demonstrate our continued focus on maximizing shareholder value and encourage our share price to increase to more closely reflect our NAV".

Simmer Loan Agreement

On February 16, 2009, shareholders of Simmers voted against the conversion to equity of the Loan Facility thereby entitling **Aberdeen** to a 1% Life of Mine NSR on all the Northwest assets of Buffels Gold Mines. **Aberdeen** has received and continues to receive the 1% royalty from both Simmers and First Uranium for the Buffels underground operation and the Mine Waste Solutions project.

Aberdeen has not received the US\$10 million principal repayment due on December 31 2008. Accordingly, the **Company** is taking all necessary steps to enforce its rights under the Loan Agreement

Aberdeen will look to monetize the current royalty stream for the Greater Buffels property in order to focus on its portfolio investment model.

On January 31, 2009, **Aberdeen** announced it had initiated a Normal Course Issuer Bid ("NCIB") to purchase for cancellation its common shares through the facilities of the **Toronto Stock Exchange**. Based on the public float of 73,707,000 common shares, the **Company** was authorized to repurchase for cancellation a maximum of 7,370,700 shares through January 31, 2010. The **Company** had repurchased 295,500 shares during the quarter and subsequent to quarter end repurchased an additional 7,075,200 shares at \$0.24 per share to effectively close the NCIB for 2009.

The **Company** had announced a Private Placement financing on April 20, 2009. The **Company** ultimately decided to forego the financing in lieu of repurchasing the full NCIB allotment as the repurchase was significantly more accretive to shareholders.
