GLOBAL CASH ACCESS HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

1. BUSINESS AND BASIS OF PRESENTATION

Overview

Global Cash Access Holdings, Inc. (“Holdings”) is a holding company, the principal asset of which is the capital stock of Global Cash Access, Inc. (“GCA”). Unless otherwise indicated, the terms “the Company,” “Holdings,” “we,” “us” and “our” refer to Holdings together with its consolidated subsidiaries. Holdings was formed on February 4, 2004 for the purpose of holding all of the outstanding capital stock of GCA and to guarantee the obligations under our senior secured credit facilities.

We are a global provider of cash access and data intelligence services and solutions to the gaming industry. Our services and solutions provide gaming establishment patrons access to cash through a variety of methods, including automated teller machine (“ATM”) cash withdrawals, credit card cash access transactions, point-of-sale (“POS”) debit card transactions, check verification and warranty services and money transfers. In addition, we also provide products and services that improve credit decision-making, automate cashier operations and enhance patron marketing activities for gaming establishments. We also sell and service cash access devices such as slot machine ticket redemption and jackpot kiosks to the gaming industry.

The Company owns and operates a credit reporting agency for the gaming industry through a wholly-owned subsidiary, Central Credit, LLC (“Central Credit”), which provides credit information services and credit reporting history on gaming patrons to various gaming establishments. Central Credit operates in both international and domestic gaming markets. The results of operations of Central Credit have been reflected in other revenues. The Company also owns Western Money Systems (“Western Money”), a manufacturer of redemption kiosk devices. The results of operations of Western Money have been reflected in other revenues.

In November 2011, we acquired substantially all of the assets of MCA Processing LLC (“MCA”), a provider of ATM, debit card and credit card cash access services to gaming establishments and also a manufacturer, seller, licensor and servicer of redemption kiosk devices.

Basis of Presentation

The unaudited condensed consolidated financial statements included herein have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”). Some of the information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles in the United States have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to make the information presented not misleading. In the opinion of management, all adjustments (which include normal recurring adjustments) necessary for a fair presentation of results for the interim periods have been made. The results for the three and nine months ended September 30, 2012 are not necessarily indicative of results to be expected for the full fiscal year.

These unaudited condensed consolidated financial statements should be read in conjunction with the annual consolidated financial statements and notes thereto included within the Company’s Annual Report on Form 10-K for the year ended December 31, 2011 (the “2011 10-K”).

Use of Estimates

The Company has made estimates and judgments affecting the amounts reported in these financial statements and the accompanying notes. The actual results may differ from these estimates. These accounting estimates incorporated into the Company’s consolidated financial statements include, but are not limited to:

- the estimated reserve for warranty expense associated with our check warranty receivables;
- the valuation and recognition of share-based compensation;
- the valuation allowance on our deferred income tax assets; and
- the estimated cash flows in assessing the recoverability of long-lived assets.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The unaudited condensed consolidated interim financial statements presented include the accounts of Holdings and its subsidiaries. All significant intercompany transactions and balances have been eliminated in consolidation.

Earnings Applicable to Common Stock

Basic earnings per share are calculated by dividing net income by the weighted-average number of common shares outstanding for the period. Diluted earnings per share reflect the dilutive effect of potential common stock resulting from equity grants.

The weighted-average number of common shares outstanding used in the computation of basic and diluted earnings per share is as follows (in thousands):

	<u>Three Months Ended September 30,</u>		<u>Nine Months Ended September 30,</u>	
	<u>2012</u>	<u>2011</u>	<u>2012</u>	<u>2011</u>
Weighted average number of common shares outstanding - basic ⁽¹⁾	66,108	64,712	65,673	64,597
Potential dilution from equity grants ⁽²⁾	1,493	39	1,358	111
Weighted average number of common shares outstanding - diluted	<u>67,601</u>	<u>64,751</u>	<u>67,031</u>	<u>64,708</u>

- (1) Included in the calculation of weighted average common shares outstanding — basic are 70 and 40 and 16 and 44 unvested shares of restricted common stock of Holdings granted in share-based payment transactions for the three and nine months ended September 30, 2012 and 2011, respectively, that are participating securities because such shares have voting rights as well as the right to participate in dividend distributions made by the Company to its common stockholders.
- (2) The potential dilution excludes the weighted average effect of stock options to acquire 5.5 million and 6.9 million and 9.0 million and 8.2 million shares of common stock of Holdings for the three and nine months ended September 30, 2012 and 2011, respectively, because the application of the treasury stock method, as required, makes them anti-dilutive.

Warranty Receivables

In the check services transactions provided by Central Credit, Central Credit warrants check cashing transactions performed at gaming establishments. If a gaming establishment chooses to have a check warranted, it sends a request to a check warranty service provider asking whether it will warrant the check. Upon approval, the gaming establishment then pays the patron the check amount and deposits the check. If the check is dishonored by the patron's bank, the gaming establishment invokes the warranty and the check warranty service provider purchases the check from the gaming establishment for the full check amount and then pursues collection activities on its own. All amounts paid out to the gaming establishment related to these items result in a warranty receivable from the patron. This amount is recorded in other receivables, net on the condensed consolidated balance sheets. On a monthly basis, Central Credit evaluates the collectability of the outstanding balances and establishes a reserve for the face amount of the expected losses on these receivables. The warranty expense associated with this reserve is included within cost of revenues (exclusive of depreciation and amortization) in the condensed consolidated statements of income. The Company writes off substantially all warranty receivables that are generally older than one year in age.

A summary of the activity for the check warranty reserve for the nine months ended September 30, 2012, is as follows (amounts in thousands):

	<u>Amount</u>
Balance, December 31, 2011	\$ 6,756
Warranty expense provision	2,633
Charge offs against reserve	<u>(3,896)</u>
Balance, September 30, 2012	<u>\$ 5,493</u>

Fair Values of Financial Instruments

The fair value of a financial instrument represents the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. Fair value estimates are made at a specific point in time, based upon relevant market information about the financial instrument.

The carrying amount of cash and cash equivalents, restricted cash and cash equivalents, other receivables, net, settlement receivables, settlement liabilities, accounts payable and accrued expenses approximates fair value due to the short-term maturities of these instruments. The fair value of GCA's borrowings are estimated based on quoted market prices for the same issue. The fair values of all other financial instruments, including amounts outstanding under the ATM funding agreements approximate their book values as the instruments are short-term in nature or contain market rates of interest.

GCA uses the market approach when measuring the fair value of an asset or liability for recurring and nonrecurring fair value measurements categorized within Levels 1 and 2 of the fair value hierarchy. Level 1 inputs are quoted market prices in active markets for identical assets or liabilities. Level 2 inputs are inputs other than quoted market prices that are directly or indirectly observable for the asset or liability. The market approach uses prices and other relevant information from market transactions involving identical or comparable assets or liabilities to measure fair value. Level 3 inputs indicate that the fair value is determined using pricing inputs that are unobservable for the investment and include situations where there is little, if any, market activity for the investment. Significant management estimates and judgment are used in the determination of the fair value of Level 3 pricing inputs.

Interest Rate Cap

In conjunction with the terms and conditions of the New Senior Credit Facility, as described in Note 6, GCA purchased a \$150.0 million notional amount interest rate cap with an effective date of January 5, 2012 and a term of three years. GCA purchased this interest rate cap to partially reduce the Company's exposure to increases in the London Interbank Offer Rate ("LIBOR") above 1.5% during the term of the interest rate cap with respect to its variable rate debt obligations under the New Senior Credit Facility and its obligations under the Contract Cash Solutions Agreement with Wells Fargo. This interest rate cap is recorded in other assets in the balance sheet, and is marked-to-market based on a quoted market price with the effects offset in the income statement. The interest rate cap carrying value and fair value approximate each other and these values are considered insignificant as of September 30, 2012.

The following table presents the fair value and carrying value of GCA's borrowings (amounts in thousands):

	<u>Level of Hierarchy</u>	<u>Fair Value</u>	<u>Carrying Value</u>
<u>September 30, 2012</u>			
New senior secured credit facility	1	\$ 128,398	\$ 126,500
<u>December 31, 2011</u>			
New senior secured credit facility	1	\$ 173,565	\$ 174,000

Inventory

Inventory consists primarily of finished goods such as redemption kiosk devices, and includes work-in-progress and parts. The cost of inventory includes cost of materials, labor, overhead and freight. Inventory is stated at lower of cost or market accounted for using the average cost method.

Statement of Cash Flows Correction

Subsequent to the issuance of our Interim Quarterly report filed on Form 10-Q for the period ended September 30, 2011, we determined that our Unaudited Condensed Consolidated Statement of Cash Flows for this period should have reported a use of cash for the purchase of fixed assets, an investing activity, rather than a use of cash as inventory purchases, an operating activity. As a result, net cash provided by operating activities and net cash used in investing activities in the Condensed Consolidated Statement of Cash Flows for the nine months ended September 30, 2011 were adjusted from amounts previously reported, as indicated in the table below.

Management has determined that adjusting amounts previously reported for net cash provided by operating activities and net cash used in investing activities in 2011 are not material corrections of the interim financial statements. These amounts were presented correctly in our 2011 Annual Report on Form 10-K filed on March 12, 2012.

	Nine months ended September 30, 2011	
	As previously reported	As corrected
Operating activities:		
Changes in inventory	\$ (5,307)	\$ (2,575)
Net cash provided by operating activities	\$ 17,442	\$ 20,174
Investing activities:		
Purchase of property, equipment, leasehold improvements and other intangibles	\$ (3,495)	\$ (6,227)
Net cash used in investing activities	\$ (3,509)	\$ (6,241)

Recently Issued Accounting Pronouncements

In July 2012, the FASB issued ASU 2012-02, which provides amendments stating that an entity has the option first to assess qualitative factors to determine whether the existence of events and circumstances indicates that it is more likely than not that the indefinite-lived intangible asset is impaired. If, after assessing the totality of events and circumstances, an entity concludes that it is not more likely than not that the indefinite-lived intangible asset is impaired, then the entity is not required to take further action. However, if an entity concludes otherwise, then it is required to determine the fair value of the indefinite-lived intangible asset and perform the quantitative impairment test by comparing the fair value with the carrying amount in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification 350 - *Goodwill and Other*. An entity also has the option to bypass the qualitative assessment for any indefinite-lived intangible asset in any period and proceed directly to performing the quantitative impairment test. An entity will be able to resume performing the qualitative assessment in any subsequent period. These amendments are intended to reduce cost and complexity by providing an entity with the option to make a qualitative assessment about the likelihood that an indefinite-lived intangible asset is impaired to determine whether it should perform a quantitative test. The amendments also enhance the consistency of impairment testing guidance among long-lived asset categories by permitting an entity to assess qualitative factors to determine whether it is necessary to calculate the asset's fair value when testing an indefinite-lived intangible asset for impairment, which is equivalent to the impairment testing requirements for other long-lived assets. We will assess the impairment of our intangible assets and determine the most appropriate form of action, whether to perform a qualitative assessment to ascertain the validity of a quantitative measure or to bypass the qualitative assessment and conduct a quantitative impairment test. Adoption of this amended guidance is not expected to have an impact on the Company's financial position, results of operations or cash flows.

3. ATM FUNDING AGREEMENTS

The Company's Contract Cash Solutions Agreement with Wells Fargo allows for the Company to utilize funds owned by Wells Fargo to provide the currency needed for normal operating requirements for the Company's ATMs. For the use of these funds, the Company pays Wells Fargo a cash usage fee on the average daily balance of funds utilized multiplied by a contractually defined cash usage rate.

Under this agreement, all currency supplied by Wells Fargo remains the sole property of Wells Fargo at all times until it is dispensed, at which time Wells Fargo obtains an interest in the corresponding settlement receivable. As the cash is never an asset of ours, supplied cash is not reflected on our balance sheet.

In June 2012, the Company and Wells Fargo amended the Contract Cash Solutions Agreement to increase the maximum amount of cash to be provided to GCA from \$400.0 million to \$500.0 million, and the initial term of the Contract Cash Solutions Agreement was extended from November 30, 2013 until November 30, 2014.

As of September 30, 2012 and December 31, 2011, the outstanding balances of ATM cash utilized by GCA from Wells Fargo were \$327.2 million and \$467.8 million, respectively. For the three and nine months ended September 30, 2012 and 2011, the cash usage fees incurred by the Company were \$0.7 million and \$2.5 million and \$0.6 million and \$1.9 million, respectively, and are reflected as interest expense within the condensed consolidated statements of income.

The Company is responsible for any losses of cash in the ATMs under its agreement with Wells Fargo. The Company is self-insured related to this risk. For the nine months ended September 30, 2012 and 2011, the Company incurred no material losses related to this self-insurance.

Site Funded ATMs

The Company operates ATMs at certain customer gaming establishments where the gaming establishment provides the cash required for the ATM operational needs. GCA is required to reimburse the customer for the amount of cash dispensed from these Site-Funded ATMs. The Site-Funded ATM liability is included within settlement liabilities in the accompanying condensed consolidated balance sheets and was \$96.7 million and \$85.9 million as of September 30, 2012 and December 31, 2011, respectively.

4. BENEFIT PLANS

In January 2005, the Company adopted the 2005 Stock Incentive Plan (the "2005 Plan") to attract and retain the best available personnel, to provide additional incentives to employees, directors and consultants and to promote the success of the Company's business. The 2005 Plan is administered by the Board of Directors but may be administered by our Compensation Committee. The administrator of the 2005 Plan has the authority to select individuals who are to receive options or other equity incentive awards under the 2005 Plan and to specify the terms and conditions of grants of options or other equity incentive awards, the vesting provisions, the term and the exercise price.

Generally, stock options and restricted stock granted under the 2005 Plan (other than those granted to non-employee directors) will vest at a rate of 25% of the shares underlying the option after one year and the remaining shares vest in equal portions over the following 36 months, such that all shares are vested after four years. Unless otherwise provided by the administrator, an option granted under the 2005 Plan generally expires ten years from the date of grant. Stock options are issued at the closing market price on the date of grant.

A summary of stock option award activity under the 2005 Plan as of September 30, 2012 and changes during the nine months ended is as follows:

	<u>Number of Common Shares</u>	<u>Weighted Average Exercise Price (Per Share)</u>	<u>Weighted Average Life Remaining (Years)</u>	<u>Aggregate Intrinsic Value (in thousands)</u>

As of September 30, 2012, there was \$10.2 million in unrecognized compensation expense related to options expected to vest. This cost is expected to be recognized on a straight-line basis over a weighted average period of 2.7 years. During the nine months ended September 30, 2012, the Company granted options to acquire approximately 2.3 million shares of common stock, received \$5.9 million in proceeds from the exercise of options and recorded \$3.7 million in non-cash compensation expense related to options granted that are expected to vest. There were no options granted during the three months ended September 30, 2012. The weighted average grant date fair value of options granted during the nine months ended September 30, 2012 was \$3.31. The total intrinsic value of options exercised during the three and nine months ended September 30, 2012 were \$2.9 million and \$5.1 million, respectively.

As of September 30, 2011, there was \$8.2 million in unrecognized compensation expense related to options expected to vest. This cost was expected to be recognized on a straight-line basis over a weighted average period of 0.9 years. Restricted Stock

The Company began issuing restricted stock to employees in the first quarter of 2006. The vesting provisions are similar to those applicable to stock options. Because these restricted shares are issued primarily to employees of the Company, many of the shares issued will be withheld by the Company to satisfy the statutory withholding requirements applicable to the restricted stock grants. Therefore, as these awards vest the actual number of shares outstanding as a result of the restricted stock awards is reduced. These shares will vest over a period of four years. There are certain restricted stock shares that have rights to the dividends declared and voting rights, and, therefore, the shares are considered issued and outstanding prior to vesting.

A summary of all non-vested awards for the Company's time-based restricted stock awards as of September 30, 2012 is as follows:

	Shares Outstanding	Weighted Average Grant Date Fair Value (Per Share)
Balance outstanding - December 31, 2011	198,279	\$ 2.20
Granted	65,000	
Vested	(126,332)	
Forfeited	(3,509)	
Balance outstanding - September 30, 2012	<u>133,438</u>	\$ 4.35

As of September 30, 2012, there was \$0.5 million in unrecognized compensation expense related to shares of time-based restricted shares expected to vest. This cost is expected to be recognized on a straight-line basis over a weighted average period of 2.6 years. During the nine months ended September 30, 2012, there were 126,332 shares of time-based restricted shares vested, and we recorded \$0.3 million in non-cash compensation expense related to restricted stock granted that is expected to vest. The total fair value of shares vested during the three and nine months ended September 30, 2012 were \$0.3 million and \$1.0 million, respectively.

This cost was expected to be recognized on a straight-line basis over a weighted average period of 0.5 years. During the nine months ended September 30, 2011, there were 201,991 shares of time-based restricted shares vested, and we recorded a credit of \$0.1 million in non-cash compensation expense related to the restricted stock granted that is expected to vest.

5. COMMITMENTS AND CONTINGENCIES

Litigation Claims and Assessments

Automated Systems America, Inc.

On July 7, 2010, an action was commenced by Automated Systems America, Inc. in the United States District Court, Central District of California, against Holdings, GCA and certain current employees of GCA. The complaint seeks a declaratory judgment of invalidity, unenforceability and non-infringement of certain patents owned by the Company and alleges antitrust violations of Section 2 of the Sherman Act, unfair competition violations under the Lanham Act and tortious interference and defamation per se. The plaintiff seeks damages in excess of \$2.0 million, punitive damages, and a trebling of damages associated with the allegations under Section 2 of the Sherman Act. On March 3, 2011, the Company filed a motion to dismiss this action. In February 2012, the District Court entered an order granting the Company's motion to dismiss this action without prejudice, allowing the plaintiff to file a new complaint if it elected to do so. The plaintiff subsequently filed an amended complaint alleging substantially similar claims to those contained in the original complaint, and the Company has filed a motion to dismiss the amended complaint. The Company has not accrued any amounts related to this matter as the Company does not believe it is probable that a loss has been incurred and has meritorious defenses and will vigorously defend this action.

We are also subject to a variety of other claims and suits that arise from time to time in the ordinary course of our business. We do not believe the liabilities, if any, which may ultimately result from the outcome of such matters, individually or in the aggregate, will have a material adverse impact on our financial position, liquidity or results of operations.

6. BORROWINGS

On March 1, 2011, GCA, together with its sole stockholder, Holdings entered into a Credit Agreement ("the Credit Agreement") with certain lenders, Deutsche Bank Trust Company Americas, as Administrative Agent and Wells Fargo Securities, LLC, as Syndication Agent. The Credit Agreement provides for a \$210.0 million term loan facility and a \$35.0 million revolving credit facility (the "New Senior Credit Facility"). The revolving credit facility includes provisions for the issuance of up to \$10.0 million of letters of credit and up to \$5.0 million in swing-line loans. We used the proceeds from the New Senior Credit Facility to repay all outstanding indebtedness under our existing senior secured credit facility under the Second Amended and Restated Credit Agreement and to defease our senior subordinated notes.

The Credit Agreement also contains an increase option permitting GCA to arrange with existing lenders and/or new lenders for them to provide up to an aggregate of \$50.0 million in additional term loan commitments. All \$210.0 million of available borrowings under the term loan facility were borrowed concurrent with the establishment of the New Senior Credit Facility. Once repaid, no amounts under the term loan facility may be re-borrowed. In addition, \$4.0 million of available borrowings under the revolving credit facility were borrowed concurrent with the establishment of the New Senior Credit Facility. Once repaid, amounts under the revolving credit facility may be re-borrowed.

The term loan requires principal repayments of one quarter of 1% of the aggregate initial principal amount of term loans, adjusted for any non-mandatory prepayments per quarter, as well as annual mandatory prepayment provisions based on an excess cash flow sweep equal to a fixed percentage of excess cash flow (as defined in the Credit Agreement). The remaining principal is due on the maturity date, March 1, 2016. GCA may prepay the loans and terminate the commitments at any time after the first year, without premium or penalty, subject to certain qualifications set forth in the Credit Agreement. Furthermore, the Credit Agreement contains mandatory prepayment provisions which, under certain circumstances, such as asset or equity sales, obligate GCA to apply defined portions of its cash flow to prepayment of the New Senior Credit Facility.

Borrowings under the New Senior Credit Facility bear interest at either (x) a specified base rate plus a 4.50% margin, or (y) LIBOR plus a 5.50% margin. The base rate minimum is 2.50% and the LIBOR minimum is 1.50%. Interest in respect of base rate loans is payable quarterly in arrears and interest in respect of LIBOR loans is payable in arrears at the end of the applicable interest period and every three months in the case of interest periods in excess of three months. Interest is also payable at the time of repayment of any loans and at maturity. As of September 30, 2012, we had \$126.5 million of outstanding indebtedness under the New Senior Credit Facility, all of which is outstanding under the term loan facility.

The weighted average interest rate, inclusive of the applicable margin of 550 basis points, was 7.0%. We also had no amounts outstanding under our letter of credit sub facility that is part of our revolving credit facility as of September 30, 2012. The New Senior Credit Facility is unconditionally guaranteed by Holdings and each direct and indirect domestic subsidiary of GCA. All amounts owing under the New Senior Credit Facility are secured by a first priority perfected security interest in all stock (but only 65% of the stock of foreign subsidiaries), other equity interests and promissory notes owned by GCA and a first priority perfected security interest in all other tangible and intangible assets owned by GCA and the guarantors.

On September 24, 2012, the Company entered into an amendment to its Credit Agreement. The amendment modifies certain financial covenants contained in the Credit Agreement with respect to the Company's ability to make capital expenditures, dividends and stock repurchases. Specifically, the Company, together with its subsidiaries, may make an additional \$15.0 million of capital expenditures, as such term is defined in the Credit Agreement, during the remainder of the term of the Credit Agreement, which amount is in addition to any other permitted capital expenditures under the Credit Agreement. In addition, the Credit Agreement provided that the Company could make certain dividends or stock repurchases if, among other things, the Company's total leverage ratio (as calculated under the Credit Agreement) was less than 2.0 to 1. The amendment provides that the Company may now make certain dividends and stock repurchases if, among other things, its total leverage ratio is less than 2.5 to 1.

The Credit Agreement contains customary affirmative and negative covenants, financial covenants, representations and warranties and events of defaults. As of September 30, 2012, the Company is in compliance with the required covenants.

7. RELATED PARTY TRANSACTIONS

Michael Rumbolz, who serves as a member of our Board of Directors, also serves as a member of the board of directors of Affinity Gaming LLC ("Affinity Gaming"). The Company provides various cash access products and services to Affinity Gaming that are insignificant to the Company's net income. Mr. Rumbolz receives both cash and equity compensation from Affinity Gaming in consideration for serving on the board of directors of Affinity Gaming, however, none of this consideration is tied in any manner to the Company's performance or obligations under its cash access agreements with Affinity Gaming. In addition, Mr. Rumbolz was not involved in the negotiation of the Company's cash access agreements with Affinity Gaming.

In October 2012, the Company entered into a long-term lease agreement related to office space for its corporate headquarters. Voit Real Estate Services ("Voit") acted as the Company's broker in connection with this transaction. Kevin J. Higgins is an Executive Vice President of Voit, and is the brother of Mary E. Higgins, our Chief Financial Officer. The total estimated rental payments owing by the Company under the lease agreement total \$11.8 million and Voit is entitled to receive approximately \$0.4 million as compensation for acting as the Company's broker.

8. INCOME TAX

The Company's effective income tax rate for the three and nine months ended September 30, 2012 was 36.0% and 37.7% respectively, both of which were greater than the statutory federal rate of 35.0% due in part to state taxes and the non-deductible, non-cash compensation expenses related to incentive stock options. The Company's effective income tax rate for the three and nine months ended September 30, 2011 was 42.4% and 48.7% respectively, both of which were greater than the statutory federal rate of 35.0% due in part to state taxes, the non-deductible, non-cash compensation expenses related to incentive stock options and the cancellation or forfeiture of non-qualified stock options.

The Company accounts for uncertain tax positions in accordance with the applicable accounting guidance. As of September 30, 2012, there has been no material change to the balance of unrecognized tax benefits reported at December 31, 2011.

9. SEGMENT INFORMATION

Operating segments are components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision maker, or decision-making group, in deciding how to allocate resources and in assessing performance. The Company's chief operating decision-making group consists of the Chief Executive Officer, President and Chief Financial Officer. The operating segments are reviewed separately because each represents products or services that can be, and often are, marketed and sold separately to our customers.

The Company operates in three distinct business segments: (1) cash advance, (2) ATM and (3) check services. These segments are monitored separately by management for performance against its internal forecast and are consistent with the Company's internal management reporting. Other lines of business, none of which exceed the quantitative thresholds for segment reporting, include Western Money, credit reporting services and Casino Marketing Services, among others.

The Company does not allocate depreciation and amortization expenses to the business segments. Certain corporate overhead expenses have been allocated to the segments for identifiable items related to such segments or based on a reasonable methodology.

The Company's business is predominantly domestic, with no specific regional concentrations and no significant assets in foreign locations.

Major Customers

For the three and nine months ended September 30, 2012, none of our customers had combined revenues from all segments equal to or exceeding 10.0%. For the three and nine months ended September 30, 2012 and 2011, our five largest customers accounted for approximately 32.8% and 31.9% and 29.1% and 29.1%, respectively, of our total revenue.

The accounting policies of the operating segments are the same as those described in the summary of significant accounting policies.

The tables below present the results of operations by operating segment for the three and nine months ended September 30, 2012 and 2011, respectively (amounts in thousands):

10. SUBSEQUENT EVENTS

The Board of Directors of the Company has authorized and approved a new share repurchase program granting the Company the authority to repurchase up to \$40.0 million of outstanding Company common stock over a two year period, which is expected to commence in the first quarter of 2013. The Company intends to finance the share repurchases with cash on hand. The repurchase program authorizes the Company to buy its common stock from time to time through open market, privately negotiated or other transactions, including pursuant to trading plans established in accordance with Rules 10b5-1 and 10b-18 of the Securities Exchange Act of 1934, as amended, or by a combination of such methods. The share repurchase program is subject to prevailing market conditions and other considerations and may be suspended or discontinued at any time, and supersedes all other outstanding share repurchase programs of the Company.

In October 2012, the Company entered into a long-term lease agreement related to office space for its corporate headquarters. The total estimated rental payments owing by the Company under the lease agreement total \$11.8 million.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Our Management's Discussion and Analysis of our Financial Condition and Results of Operations ("MD&A") begins with an overview of our business which includes our business goals, certain trends, risks and challenges. We then discuss our results of operations for the three and nine months ended September 30, 2012 as compared to the same period for 2011, respectively, including any recently issued accounting pronouncements, if applicable. This is followed by a description of our liquidity and capital resources, including discussions about sources and uses of cash, our borrowings, deferred tax asset, other liquidity needs and off-balance sheet arrangements. We conclude with a discussion of critical accounting policies and their impact on our unaudited condensed consolidated financial statements.

You should read the following discussion together with our condensed consolidated financial statements and the notes to those financial statements included in this Quarterly Report on Form 10-Q and our 2011 Annual Report on Form 10-K (our "2011 10-K"). When reviewing our MD&A, you should also refer to the description of our Critical Accounting Policies and Estimates in our 2011 10-K because understanding these policies and estimates is important in order to fully understand our reported financial results and our business outlook for future periods. In addition to historical information, this discussion contains "forward-looking statements" as defined in the U.S. Private Securities Litigation Reform Act of 1995. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as "expect," "anticipate," "intend," "plan," "believe," "seek," or "will." These forward-looking statements are subject to risks and uncertainties that could cause actual results to differ materially from those projected or assumed, including, but not limited to, the following: the timing and the extent of a recovery in the gaming industry, if any; gaming establishment and patron preferences; national and international economic conditions; changes in gaming regulatory, card association and statutory requirements; regulatory and licensing difficulties; competitive pressures; operational limitations; gaming market contraction; changes to tax laws; uncertainty of litigation outcomes; interest rate fluctuations; inaccuracies in underlying operating assumptions; unanticipated expenses or capital needs; technological obsolescence; and employee turnover. If any of these assumptions prove to be incorrect, the results contemplated by the forward-looking statements regarding our future results of operations are unlikely to be realized. Additional factors that could cause actual results to differ materially are included under the heading "Risk Factors." These factors include, but are not limited to, those set forth in our press releases, reports and other filings made with the SEC. These cautionary statements qualify all of our forward-looking statements, and you are cautioned not to place undue reliance on these forward-looking statements. All forward-looking statements are subject to various risks and uncertainties that could cause our actual future results to differ materially from those presently anticipated due to a variety of factors, including those discussed in Item 1A of our 2011 10-K.

Overview

We are a global provider of cash access and data intelligence services and solutions to the gaming industry. Our services and solutions provide gaming establishment patrons access to cash through a variety of methods, including Automated Teller Machine ("ATM") cash withdrawals, credit card cash access transactions, point-of-sale ("POS") debit card transactions, check verification and warranty services and money transfers. In addition, we also provide products and services that improve credit decision-making, automate cashier operations and enhance patron marketing activities for gaming establishments. We also sell and service cash access devices such as slot machine ticket redemption and jackpot kiosks to the gaming industry.

Trends

Our strategic planning and forecasting processes include the consideration of economic and industry-wide trends that may impact our business. We have identified the more material positive and negative trends affecting our business as the following:

- Although the gaming sector in the United States has experienced revenue declines over the last several years, in 2012, it has stabilized, and modestly improved, as compared to the last several years. Gaming activity continues to expand into more domestic and international markets.
- The implementation of the Durbin Amendment in October 2011, under the Federal Reserve Board's Final Rule that imposes caps on the amount of the debit card interchange fees, and the second quarter 2012 implementation by the card associations of a reduction in the interchange fees paid by issuing banks on ATM transactions, continues to have a material impact on our financial performance during 2012. This is due to the decrease in the amount of interchange expense that we are required to pay on both PIN-based and signature-based debit card transactions and the decrease in revenue on our ATM transactions. We believe that more changes are likely to be imposed as the industry continues to respond to these significant changes.
- There continues to be a migration from the use of traditional paper checks and cash to electronic payments.

- The Company is facing increased competition from smaller competitors in the gaming cash access market and may face additional competition from gaming equipment manufacturers and systems providers.
- The cash access industry in the gaming sector has become increasingly competitive and is having an adverse effect on the Company's operating margins with respect to new customers and existing customers that have renewed their cash access agreements with the Company.
- There is increasing governmental oversight related to the cost of transaction processing and related fees to the consumer. We expect the financial services and payments industries to respond to these legislative acts by changing other fees and costs, which may negatively impact our business in the future.

Total Revenues

Total revenues for the three months ended September 30, 2012 were \$149.8 million, an increase of \$12.9 million, or 9%, as compared to the same period in the prior year. The primary driver of the increase in revenue was due to the MCA asset acquisition.

Cash advance revenues for the three months ended September 30, 2012 were \$57.5 million, an increase of \$6.6 million, or 13%, as compared to the same period in the prior year. This was primarily due to the revenues derived from the contracts acquired in the MCA asset acquisition coupled with modest growth in our base businesses.

ATM revenues for the three months ended September 30, 2012 were \$76.4 million, an increase of \$5.4 million, or 8%, as compared to the three months ended September 30, 2011. The growth in the quarter was primarily due to the revenues derived from the contracts acquired in the MCA asset acquisition and an increase in surcharge revenues.

In addition, the ATM segment was impacted by a \$2.9 million decrease in revenue attributable to the recent reduction in interchange reimbursement rates that were implemented by various card associations in the second quarter 2012.

Check services revenues for the three months ended September 30, 2012 were \$6.6 million, an increase of \$0.1 million, or 2%, as compared to the three months ended September 30, 2011.

Other revenues for the three months ended September 30, 2012 were \$9.3 million, an increase of \$0.8 million, or 10%. This was primarily due to the sales of redemption devices by Western Money.

We provide our cash access products and related services almost exclusively to the gaming establishments for the purpose of enabling gaming patrons to access cash. As a result, our business depends on consumer demand for gaming.

Costs and Expenses

Costs of revenues for the three months ended September 30, 2012 were \$111.4 million, an increase of \$4.4 million, or 4%, as compared to the three months ended September 30, 2011. This increase was primarily due to the increase in revenues discussed previously; however, the other significant impact on our cost of revenues was a decrease in the interchange costs associated with the implementation of the Durbin Amendment in October of 2011.

Operating expenses for the three months ended September 30, 2012 were \$19.5 million, an increase of \$0.9 million, or 5%, as compared to the three months ended September 30, 2011. The increase in operating expenses is primarily due to higher payroll and related costs, partially offset by a reduction in professional fees and consulting costs.

Depreciation and amortization expenses for the three months ended September 30, 2012 were \$4.3 million, an increase of \$0.5 million, or 14%, as compared to the three months ended September 30, 2011. This was primarily due to an increase in amortization expenses associated with the MCA acquisition and amortization of capitalized internal software costs; partially offset by a decrease in depreciation related to certain fixed assets being fully depreciated.

Primarily as a result of the factors described above, operating income for the three months ended September 30, 2012 was \$14.6 million, an increase of \$7.0 million, or 92%, as compared to the three months ended September 30, 2011. The operating margin for the Company increased to 10% for the three months ended September 30, 2012 from 6% for the same period in 2011.

Interest expense, net, was \$3.6 million for the three months ended September 30, 2012, a decrease of \$0.8 million, or 19%, as compared to the same period in 2011. This decrease was related to a \$1.0 million reduction in interest charges due to the lower outstanding debt balance. This decrease in interest expense was partially offset by a \$0.1 million increase in interest charges related to a higher average outstanding balance on the vault cash supplied by Wells Fargo and a slightly higher average cash usage rate and an interest charge associated with the change in fair value of the interest rate cap during the quarter of approximately \$0.1 million.

Income tax expense for the three months ended September 30, 2012 was \$4.0 million, an increase of \$2.6 million, as compared to the three months ended September 30, 2011. The increase in income tax expense for the three months ended September 30, 2012 was directly related to the increase in income from operations before income tax expense of \$7.9 million. The provision for income tax reflected an effective income tax rate of 36.0% for the three months ended September 30, 2012, which was greater than the statutory federal rate of 35.0% due in part to state taxes and the non-deductible, non-cash compensation expenses related to incentive stock options. The provision for income tax reflected an effective income tax rate of 42.4% for the three months ended September 30, 2011, which was greater than the statutory federal rate of 35.0% due in part to state taxes, the non-deductible, non-cash compensation expenses related to incentive stock options and the cancellation or forfeiture of non-qualified stock options.

Primarily as a result of the foregoing, net income was \$7.1 million, an increase of \$5.2 million, or 285%, for the three months ended September 30, 2012, as compared to the same period in 2011.

Nine months ended September 30, 2012 compared to nine months ended September 30, 2011

Total Revenues

Total revenues for the nine months ended September 30, 2012 were \$448.4 million, an increase of \$42.0 million, or 10%, as compared to the same period in the prior year. The primary driver of the increase in revenue was due to the MCA asset acquisition coupled with modest growth in our base business for the nine months ended September 30, 2012, as compared to the same period of 2011.

Cash advance revenues for the nine months ended September 30, 2012 were \$172.6 million, an increase of \$20.5 million, or 13%, as compared to the nine months ended September 30, 2011. This was primarily due to the revenues derived from the contracts acquired in the MCA asset acquisition coupled with modest growth in our base business.

ATM revenues for the nine months ended September 30, 2012 were \$233.4 million, an increase of \$19.9 million, or 9%, as compared to the nine months ended September 30, 2011. The growth in the quarter was primarily due to the revenues derived from the contracts acquired in the MCA asset acquisition and an increase in surcharge revenues. In addition, the ATM segment was impacted by a \$5.5 million decrease in revenue attributable to the recent reduction in interchange reimbursement rates that were implemented by various card associations in the second quarter 2012.

Check services revenues for the nine months ended September 30, 2012 were \$19.7 million, consistent with the nine months ended September 30, 2011.

Other revenues for the nine months ended September 30, 2012 were \$22.7 million, an increase of \$1.7 million, or 8%. This was primarily due to the sales of redemption devices by Western Money.

We provide our cash access products and related services almost exclusively to the gaming establishments for the purpose of enabling gaming patrons to access cash. As a result, our business depends on consumer demand for gaming.

Costs and Expenses

Costs of revenues for the nine months ended September 30, 2012 were \$333.6 million, an increase of \$15.7 million, or 5%, as compared to the nine months ended September 30, 2011. This increase was primarily due to the additional revenues discussed previously; however, the other significant impact on our cost of revenues was a decrease in the interchange costs associated with the implementation of the Durbin Amendment in October of 2011.

Operating expenses for the nine months ended September 30, 2012 were \$55.9 million, an increase of \$4.0 million, or 8%, as compared to the nine months ended September 30, 2011. The increase in operating expenses was primarily due to higher payroll and related costs, ATM processing and direct operating costs, franchise taxes and repairs and maintenance expenses; partially offset by a reduction in professional fees and consulting costs and stock-based compensation expenses.

Depreciation and amortization expenses for the nine months ended September 30, 2012 were \$12.6 million, consistent with the nine months ended September 30, 2011. This was primarily due to a decrease in depreciation related to certain fixed assets being fully depreciated, partially offset by an increase in amortization expenses associated with the MCA asset acquisition and amortization of capitalized internal software costs.

Primarily as a result of the factors described above, operating income for the nine months ended September 30, 2012 was \$46.3 million, an increase of \$22.2 million, or 92%, as compared to the nine months ended September 30, 2011. The operating margin for the Company increased to 10% for the nine months ended September 30, 2012 from 6% for the same period in 2011.

Interest expense, net, was \$12.1 million for the nine months ended September 30, 2012, a decrease of \$3.0 million, or 20%, as compared to same period in 2011. The 2011 nine month figures included approximately \$1.8 million that was associated with the debt refinancing in March of 2011, (\$0.9 million loss on early extinguishment of debt and \$0.8 million of defeasance costs related to the debt), and the remaining savings in 2012 came from a \$2.6 million reduction in interest charges due to the lower outstanding debt balance. This decrease in interest expense was partially offset by a \$0.6 million increase in interest charges related to a higher average outstanding balance on the vault cash supplied by Wells Fargo and a slightly higher average cash usage rate and an interest charge associated with the change in fair value of the interest rate cap acquired during the nine month period of approximately \$0.8 million.

Income tax expense for the nine months ended September 30, 2012 was \$12.9 million, an increase of \$8.5 million, as compared to the nine months ended September 30, 2011. The increase in income tax expense for the nine months ended September 30, 2012 was directly related to the increase in income from operations before income tax expense of \$25.2 million. The provision for income tax reflected an effective income tax rate of 37.7% for the nine months ended September 30, 2012, which was greater than the statutory federal rate of 35.0% due in part to state taxes and the non-deductible, non-cash compensation expenses related to incentive stock options. The provision for income tax reflected an effective income tax rate of 48.7% for the nine months ended September 30, 2011, which was greater than the statutory federal rate of 35.0% due in part to state taxes, the non-deductible, non-cash compensation expenses related to incentive stock options and the cancellation or forfeiture of non-qualified stock options.

Primarily as a result of the foregoing, net income was \$21.3 million, an increase of \$16.7 million, or 364%, for the nine months ended September 30, 2012, as compared to the same period in 2011.

Recently Issued Accounting Pronouncements

In July 2012, the FASB issued ASU 2012-02, which provides amendments stating that an entity has the option first to assess qualitative factors to determine whether the existence of events and circumstances indicates that it is more likely than not that the indefinite-lived intangible asset is impaired. If, after assessing the totality of events and circumstances, an entity concludes that it is not more likely than not that the indefinite-lived intangible asset is impaired, then the entity is not required to take further action. However, if an entity concludes otherwise, then it is required to determine the fair value of the indefinite-lived intangible asset and perform the quantitative impairment test by comparing the fair value with the carrying amount in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 350 - *Goodwill and Other*. An entity also has the option to bypass the qualitative assessment for any indefinite-lived intangible asset in any period and proceed directly to performing the quantitative impairment test. An entity will be able to resume performing the qualitative assessment in any subsequent period. These amendments are intended to reduce cost and complexity by providing an entity with the option to make a qualitative assessment about the likelihood that an indefinite-lived intangible asset is impaired to determine whether it should perform a quantitative test.

The amendments also enhance the consistency of impairment testing guidance among long-lived asset categories by permitting an entity to assess qualitative factors to determine whether it is necessary to calculate the asset's fair value when testing an indefinite-lived intangible asset for impairment, which is equivalent to the impairment testing requirements for other long-lived assets. We will assess the impairment of our intangible assets and determine the most appropriate form of action, whether to perform a qualitative assessment to ascertain the validity of a quantitative measure or to bypass the qualitative assessment and conduct a quantitative impairment test. Adoption of this amended guidance is not expected to have an impact on the Company's financial position, results of operations or cash flows.

LIQUIDITY AND CAPITAL RESOURCES

Overview

Information about our financial position as of September 30, 2012 and December 31, 2011 is presented below:

	<u>September 30,</u> <u>2012</u>	<u>December 31,</u> <u>2011</u>
Balance sheet data (at end of period):		
Cash and cash equivalents	\$ 46,940	\$ 55,535
Total assets	529,355	529,067
Total borrowings	126,500	174,000
Stockholders' equity	191,000	159,858

Cash Resources

Our cash balance, cash flows and credit facilities are expected to be sufficient to meet our recurring operating commitments and to fund our planned capital expenditures. Cash and cash equivalents at September 30, 2012 included cash in non-U.S. jurisdictions of approximately \$5.9 million. Generally, these funds are available for operating and investment purposes within the jurisdiction in which they reside but may be subject to taxation in the U.S. upon repatriation.

We provide cash access and related services to our customers. These services involve the movement of funds between the various parties associated with cash access transactions, and this activity results in a balance due to us at the end of each business day that we recoup over the next few business days. The balances due to us are included in settlement receivables. As of September 30, 2012, approximately \$114.0 million was due to us, and we received these funds in early October 2012. As of September 30, 2012, we had approximately \$158.4 million in settlement liabilities due to our customers for these cash access services that were paid in early October 2012.

Sources and Uses of Cash

The following table sets forth a summary of our cash flow activity for the nine months ended September 30, 2012 and 2011, respectively (in thousands), and should be read in conjunction with our unaudited condensed consolidated statements of cash flows:

	<u>Nine Months Ended September 30,</u>	
	<u>2012</u>	<u>2011</u>
Cash flow data:		
Net cash provided by operating activities	\$ 41,419	\$ 20,174
Net cash used in investing activities	(6,650)	(6,241)
Net cash used in financing activities	(42,421)	(36,414)
Net effect of exchange rates on cash and cash equivalents	(943)	191
Net decrease in cash and cash equivalents	(8,595)	(22,290)
Cash and cash equivalents, beginning of period	55,535	60,636
Cash and cash equivalents, end of period	<u>\$ 46,940</u>	<u>\$ 38,346</u>

Net cash provided by operating activities was approximately \$41.4 million and \$20.2 million for the nine months ended September 30, 2012 and 2011, respectively, an increase of \$21.2 million. This was primarily due to an increase in net income of \$16.7 million and the impact from the change in operating assets and liabilities of \$8.1 million; partially offset by the adjustments to reconcile net income to cash of \$3.6 million.

Net cash used in investing activities was approximately \$6.6 million and \$6.2 million for the nine months ended September 30, 2012 and 2011, respectively, an increase of \$0.4 million. This was primarily due to additional capital expenditures of approximately \$1.1 million, partially offset by a reduction in restricted cash and cash equivalents of \$0.3 million and the proceeds from sale of fixed assets of \$0.4 million.

Net cash used in financing activities was approximately \$42.4 million and \$36.4 million for the nine months ended September 30, 2012 and 2011, respectively, an increase of \$6.0 million. This was primarily due to additional principal payments of \$12.5 million on our existing credit facility, partially offset by an increase of \$5.4 million in proceeds from the exercise of stock options.

Deferred Tax Asset

At September 30, 2012, we had a net deferred income tax asset of \$106.5 million. We recognized a deferred tax asset upon our conversion from a limited liability company to a corporation on May 14, 2004. Prior to that time, all tax attributes flowed through to the members of the limited liability company. The principal component of the deferred tax asset is a difference between our assets for financial accounting and tax purposes. This difference results from a significant balance of acquired goodwill of approximately \$687.4 million that was generated as part of the conversion to a corporation plus approximately \$97.6 million in pre-existing goodwill carried over from periods prior to the conversion. Both of these assets are recorded for tax purposes but not for accounting purposes. This asset is amortized over 15 years for tax purposes, resulting in annual pretax income being \$52.3 million lower for tax purposes than for financial accounting purposes. At an estimated blended domestic effective tax rate of 36.1%, this results in tax payments being approximately \$18.9 million less than the annual provision for income taxes shown on the income statement for financial accounting purposes, or the amount of the annual provision, if less. There is an expected aggregate of \$124.4 million in cash savings over the remaining life of the portion of our deferred tax asset related to the conversion. This deferred tax asset may be subject to certain limitations. We believe that it is more likely than not that we will be able to utilize our deferred tax asset. However, the utilization of this tax asset is subject to many factors beyond our control including our earnings, a change of control of the Company and future estimations of earnings.

Other Liquidity Needs and Resources

The Company's Contract Cash Solutions Agreement with Wells Fargo allows for the Company to utilize funds owned by Wells Fargo to provide the currency needed for normal operating requirements for the Company's ATMs. For the use of these funds, the Company pays Wells Fargo a cash usage fee on the average daily balance of funds utilized multiplied by a contractually defined cash usage rate. Under this agreement, all currency supplied by Wells Fargo remains the sole property of Wells Fargo at all times until it is dispensed, at which time Wells Fargo obtains an interest in the corresponding settlement receivable. As the cash is never an asset of ours, supplied cash is not reflected on our balance sheet.

In June 2012, the Company and Wells Fargo amended the Contract Cash Solutions Agreement to increase the maximum amount of cash to be provided to GCA from \$400.0 million to \$500.0 million, and the initial term of the Contract Cash Solutions Agreement was extended from November 30, 2013 until November 30, 2014.

As of September 30, 2012 and December 31, 2011, the outstanding balances of ATM cash utilized by GCA from Wells Fargo were \$327.2 million and \$467.8 million, respectively.

Under the terms of the Contract Cash Solutions Agreement, we pay a monthly cash usage fee based upon the product of the average daily dollars outstanding in all ATMs multiplied by a contractually defined cash usage rate. This cash usage rate is determined by an applicable LIBOR plus a mutually agreed upon margin.

We are exposed to interest rate risk to the extent that the applicable LIBOR increases, subject to the interest rate cap purchased in January 2012.

For the three and nine months ended September 30, 2012 and 2011, the cash usage fees incurred by the Company were \$0.7 million and \$2.5 million and \$0.6 million and \$1.9 million, respectively, and are reflected as interest expense within the condensed consolidated statements of income.

The Company is responsible for any losses of cash in the ATMs under its agreement with Wells Fargo. The Company is self-insured related to this risk. For the nine months ended September 30, 2012 and 2011, the Company incurred no material losses related to this self-insurance.

We also need supplies of cash to support our foreign operations. For some foreign jurisdictions, such as the United Kingdom, applicable law and cross-border treaties allow us to transfer funds between our domestic and foreign operations efficiently. For other foreign jurisdictions, we must rely on the supply of cash generated by our operations in those foreign jurisdictions, and the cost of repatriation is prohibitive. For example, Global Cash Access (Canada), Inc. ("GCA Canada"), the subsidiary through which we operate in Canada, generates a supply of cash that is sufficient to support its operations, and all cash generated through such operations is expected to be retained by GCA Canada. As we expand our operations into new foreign jurisdictions, we must rely on treaty-favored cross-border transfers of funds, the supply of cash generated by our operations in those foreign jurisdictions or alternate sources of working capital.

On September 24, 2012, the Company entered into an amendment to its Credit Agreement. The amendment modifies certain financial covenants contained in the Credit Agreement with respect to the Company's ability to make capital expenditures, dividends and stock repurchases. Specifically, the Company, together with its subsidiaries, may make an additional \$15.0 million of capital expenditures, as such term is defined in the Credit Agreement, during the remainder of the term of the Credit Agreement, which amount is in addition to any other permitted capital expenditures under the Credit Agreement. In addition, the Credit Agreement provided that the Company could make certain dividends or stock repurchases if, among other things, the Company's total leverage ratio (as calculated under the Credit Agreement) was less than 2.0 to 1. The amendment provides that the Company may now make certain dividends and stock repurchases if, among other things, its total leverage ratio is less than 2.5 to 1.

We believe that borrowings available under the New Senior Credit Facility, together with our anticipated operating cash flows, will be adequate to meet our anticipated future requirements for working capital, capital expenditures and scheduled interest payments. Although no additional financing is currently contemplated, we may seek, if necessary or otherwise advisable and to the extent permitted under the terms of the New Senior Credit Facility, additional financing through bank borrowings or public or private debt or equity financings. We cannot ensure that additional financing, if needed, will be available to us, or that, if available, the financing will be on terms favorable to us. The terms of any additional debt or equity financing that we may obtain in the future could impose additional limitations on our operations and/or management structure. We also cannot ensure that the estimates of our liquidity needs are accurate or that new business developments or other unforeseen events will not occur, resulting in the need to raise additional funds.

Off-Balance Sheet Arrangements

Wells Fargo Contract Cash Solutions Agreement. We obtain currency to meet the normal operating requirements of our domestic ATMs pursuant to the Contract Cash Solutions Agreement with Wells Fargo. Under this agreement, all currency supplied by Wells Fargo remains the sole property of Wells Fargo at all times until it is dispensed, at which time Wells Fargo obtains an interest in the corresponding settlement receivable. Because it is never an asset of ours, supplied cash is not reflected on our balance sheet. At September 30, 2012, the total currency obtained from Wells Fargo pursuant to this agreement was \$327.2 million. Because Wells Fargo obtains an interest in our settlement receivables, there is no liability corresponding to the supplied cash reflected on our balance sheet. The fees that we pay to Wells Fargo for cash usage pursuant to this agreement are reflected as interest expense in our financial statements. Foreign gaming establishments supply the currency needs for the ATMs located on their premises.

Effects of Inflation

Our monetary assets, consisting primarily of cash and receivables, are not significantly affected by inflation. Our non-monetary assets, consisting primarily of our deferred tax asset, goodwill and other intangible assets, are not affected by inflation. We believe that replacement costs of equipment, furniture and leasehold improvements will not materially affect our operations. However, the rate of inflation affects our operating expenses, such as those for salaries and benefits, armored carrier expenses, telecommunications expenses and equipment repair and maintenance services, which may not be readily recoverable in the financial terms under which we provide our cash access products and services to gaming establishments and their patrons.

Critical Accounting Policies

The preparation of our financial statements in conformity with accounting principles generally accepted in the United States of America requires us to make estimates and assumptions that affect our reported amounts of assets and liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities in our consolidated financial statements.

The SEC has defined a company's critical accounting policies as the ones that are most important to the portrayal of the financial condition and results of operations, and which require management to make its most difficult and subjective judgments, often as a result of the need to make estimates about matters that are inherently uncertain.

There were no material changes to the critical accounting policies and estimates discussed in the Company's audited consolidated financial statements for the year ended December 31, 2011, included in the Company's Annual Report on Form 10-K filed on March 12, 2012.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

In the normal course of business, we are exposed to foreign currency exchange risk. We operate and conduct business in foreign countries and, as a result, are exposed to movements in foreign currency exchange rates. Our exposure to foreign currency exchange risk related to our foreign operations is not material to our results of operations, cash flows or financial position. At present, we do not hedge this risk, but continue to evaluate such foreign currency translation risk exposure.

Wells Fargo supplies us with currency needed for normal operating requirements of our domestic ATMs pursuant to the Contract Cash Solutions Agreement. Under the terms of this agreement, we pay a monthly cash usage fee based upon the product of the average daily dollars outstanding in all such ATMs multiplied by a margin that is tied to LIBOR. We are, therefore, exposed to interest rate risk to the extent that the applicable LIBOR increases. As of September 30, 2012, the currency supplied by Wells Fargo pursuant to this agreement was \$327.2 million.

Based upon the average outstanding amount of currency to be supplied by Wells Fargo pursuant to this agreement during the three months ended September 30, 2012, which was \$314.3 million, each 1% increase in the applicable LIBOR would have a \$3.1 million impact on income before taxes over a 12-month period. Foreign gaming establishments' supply the currency needs for the ATMs located on their premises.

Our Credit Facility bears interest at rates that can vary over time. We have the option of having interest on the outstanding amounts under these credit facilities paid based on a base rate or based on LIBOR. We have historically elected to pay interest based on LIBOR, and we expect to continue to pay interest based on LIBOR of various maturities. As of September 30, 2012, the weighted average interest rate, inclusive of the applicable margin of 550 basis points, was 7.0%. Based upon the outstanding balance on the Credit Facility of \$126.5 million on September 30, 2012, each 1% increase in the applicable LIBOR would have a \$1.3 million impact on interest expense over a 12-month period.

In January 2012, we entered into a three year \$150.0 million interest rate cap agreement pursuant to the terms and conditions of the Credit Facility, which partially mitigates our exposure to any increases to LIBOR to the extent LIBOR rises above 1.5% during the term of the interest rate cap agreement.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

As required by Rule 13a-15(b) promulgated under the Exchange Act, our management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the design and operating effectiveness as of September 30, 2012 of our disclosure controls and procedures, as defined in Rule 13a-15(e) promulgated under the Exchange Act. Based on this evaluation our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of September 30, 2012.

We believe the Company's disclosure controls and procedures are designed to provide reasonable assurance that information required to be disclosed by the Company in such reports is accumulated and communicated to the Company's management, including our CEO and CFO, as appropriate, to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

No change in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) occurred during the nine months ended September 30, 2012 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Automated Systems America, Inc.

On July 7, 2010, an action was commenced by Automated Systems America, Inc. in the United States District Court, Central District of California, against Holdings, GCA and certain current employees of GCA. The complaint seeks a declaratory judgment of invalidity, unenforceability and non-infringement of certain patents owned by the Company and alleges antitrust violations of Section 2 of the Sherman Act, unfair competition violations under the Lanham Act and tortious interference and defamation per se. The plaintiff seeks damages in excess of \$2.0 million, punitive damages, and a trebling of damages associated with the allegations under Section 2 of the Sherman Act. On March 3, 2011, the Company filed a motion to dismiss this action. The Company maintains insurance that may provide for reimbursement of some of the expenses associated with this action. In February 2012, the District Court entered an order granting the Company's motion to dismiss this action without prejudice, allowing the plaintiff to file a new complaint if it elected to do so. The plaintiff subsequently filed an amended complaint alleging substantially similar claims to those contained in the original complaint, and the Company has filed a motion to dismiss the amended complaint. The Company has not accrued any amounts related to this matter as the Company does not believe it is probable that a loss has been incurred and has meritorious defenses and will vigorously defend this action.

We are also subject to a variety of other claims and suits that arise from time to time in the ordinary course of business. We do not believe the liabilities, if any, which may ultimately result from the outcome of such matters, individually or in the aggregate, will have a material adverse impact on our financial position, liquidity or results of operations.

ITEM 1A. RISK FACTORS

A small number of investment funds beneficially control a significant percentage of the voting power of our common stock, which may allow them to significantly influence matters requiring stockholder approval and, in certain cases, may raise conflicts of interest issues.

As of March 1, 2012, five investment funds beneficially owned 38.6% of our common stock, including BlackRock, which beneficially owned 8.3% of our common stock. In addition, Patrick Olson, one of the members of our Board of Directors, is a member of the Global Executive Committee of BlackRock. Although we have no voting agreements or arrangements with any of the funds, and, to our knowledge, the funds are not affiliated with one another, each of the funds, individually or collectively, could be in a position to substantially influence the outcome of any corporate actions requiring stockholder approval, including the election of directors and mergers, acquisitions and other significant corporate transactions. These investment funds may delay, or prevent, a change of control from occurring even if the change of control could appear to benefit the stockholders. These investment funds, and Mr. Olson in his role with BlackRock, may also have interests that differ from yours and may vote in a way with which you disagree and which may be adverse to your interests.

There are a number of factors that may affect the Company's business and financial results or stock price. A complete description of these factors is set forth in our Annual Report on Form 10-K for the year ended December 31, 2011. Other than the risk factor stated above, there have been no material changes to those factors in the nine months ended September 30, 2012.

However, there are no limitations on the number of shares of common stock that may be withheld from restricted stock awards to satisfy the minimum applicable tax withholding obligations incident to the vesting of such restricted stock awards.

ITEM 5. OTHER INFORMATION

On November 6, 2012, Scott Betts, Chief Executive Officer of the Company, advised the Board of Directors of the Company of his intention to retire as Chief Executive Officer of the Company effective December 31, 2012. Robert A. Myhre
226 Boone Hollow Drive
Wentzville, Mo 63385

Dear Robert,

Congratulations! We are pleased to confirm your formal offer of employment with Global Cash Access, Inc. (the "Company"). This offer is contingent upon your successfully completing a drug screen and background investigation. In addition, as a condition of employment with the Company, you will be requested to sign a Non-Compete Agreement and an Employee Proprietary Information and Inventions Agreement.

Due to the nature of our business and your position with the Company, you will be required to complete applications required by various gaming regulatory, tribal, state and other international governments in which the Company and its affiliates conduct business, as well as other applications that may be required by such regulatory authorities with jurisdiction over the Company and its affiliates. Such applications are generally in addition to normal credit, reference and background investigation for employment. Such applications will require complete disclosure of personal and financial information, criminal convictions or arrests (expunged or not) and business associations. As a condition of employment, you must be able to satisfy the licensing process and obtain appropriate gaming and other regulatory licenses.

The terms of this offer of employment are as follows:

- Position: Executive Vice President and Chief Information Officer
- Reports to: David B. Lopez, President
- Start date: October 1, 2012
- Compensation:

Salary: \$330,000.06 in base salary paid in bi-weekly installments of \$12,692.31 in accordance with the Company's payroll practices. Normal withholding taxes will apply.

Bonus : In addition to your annual base salary, you will be eligible for a discretionary annual bonus with a target of 50% of your salary. The bonus plan is based half on your organization's performance, measured against goals you agree upon with the President and half, based upon financial goals for the Company, which will be established in the first quarter of each fiscal year. Each of the components could result in a bonus of 150% of the target (75% of salary), depending upon performance. If threshold targets are not met the bonus level could be zero. The bonus for 2012 will be prorated based on your start date.

Equity: Management will recommend to the Board of Directors that you be granted an option to purchase 100,000 shares of common stock of Global Cash Access Holdings, Inc. The authority to grant options is restricted to the Board of Directors and the grant date will be on whatever date the Board approves such grant and the exercise price will be whatever the fair market value of the common stock is on the date of grant. Management will also recommend to the Board of Directors a grant of 20,000 shares of restricted stock of Global Cash Access Holdings, Inc. Both grants are pursuant to the 2005 Stock Incentive Plan. The authority to grant restricted shares (RSUs) is restricted to the Board of Directors and the grant date will be on whatever date the Board approves such grant.

Paid Time Off : Based on your position, you would be eligible to accrue 26 PTO days per year, being 8 PTO hours per pay period. Executive Vice Presidents do not account for PTO and take time as agreed upon with the President. If you are terminated, you would be compensated at the appropriate level for your position as outlined in the Company's Employee Handbook.

Benefits: You will be eligible to participate in the standard Company benefit plans beginning the 1st of the month following 30 days from your hire date. Benefits include medical, dental, vision, Exec-u-Care (medical reimbursement insurance for executives), and life insurance. Short term disability and long term disability are provided the first of the month after one year of service.

Relocation: The Company will reimburse you for the following relocation costs and expenses: a) reasonable and customary closing costs incurred by you for the sale of your home in Wentzville, Mo; provided that the Company will not reimburse you for any loss that you incur on the sale of this home; b) reasonable and customary closing costs incurred by you for the purchase of a home in the Las Vegas, NV area, [exclusive of any loan or financing costs associated with such purchase]; and c) up to 120 days of pre-approved, temporary housing or hotel stay in the Las Vegas, NV area. The Company will also reimburse you for three, pre-approved, round trip flights per month from Las Vegas (or other mutually agreed upon location) to your current home, during such 120 day period. You have twenty four (24) months from your start date to submit the foregoing closing costs for reimbursement. In addition, the Company also will pay for costs with respect to the transportation of House Hold Goods (HHG) from your Wentzville, Mo. home, including packing and unpacking expenses and transportation of two personal vehicles. You will be required to obtain two estimates for this HHG move, pre-approval by the Company and arrange for the carrier to provide the Company with the bill for payment to the vendor by the Company. Reimbursable costs listed in this section of your offer letter that are not tax deductible by you will be reimbursed to you through payroll at a grossed up amount using the incremental tax rate based upon your base salary. You must provide closing statements and receipts for all reimbursement items prior to payment from the Company. If you voluntarily resign or are terminated for cause within one year of your date of hire, you will repay all of the amounts that you received from the Company set forth in this paragraph, including the amounts of any tax gross ups.

Employment at the Company is employment at-will, and may be terminated at the will of either the employer or the employee, with or without cause and with or without notice at any time. The Company reserves the right to amend, modify, or suspend its benefits and compensation plans and terms and conditions of employment at its sole discretion.

We at Global Cash Access, Inc. look forward to working with you. Please indicate your acceptance of this offer of employment by signing and dating this letter and returning it to me. If you have any questions or concerns, please let me know.

Sincerely,

/s/ David B. Lopez

President

I, Robert A. Myhre, have read this offer of employment, understand its terms, and have accepted it as of the date written below:

/s/ Robert A. Myhre

Date: September 11, 2012

September 7, 2012

Dear Robert A. Myhre:

Reference is made to the offer of employment letter (the "Letter"), dated August 31, 2012 (the "Offer Letter"), by and between Global Cash Access, Inc. (together with all entities controlling, controlled by or under common control with Global Cash Access, Inc., the "Company") and you ("Executive"). This letter amends the Letter (the "Amendment") to the extent set forth herein.

Definitions

This Amendment provides Executive with certain benefits in the event that the Company or Executive terminates his employment for Good Reason (as defined below).

For the purposes of this Agreement, termination shall be for "Cause" if (i) Executive refuses or fails to act in accordance with any lawful order or instruction of the Chief Executive Officer or Board of Directors, and such refusal or failure to act has not been cured within five (5) days of written notice from the Chief Executive Officer or Board of Directors of such disobedience; (ii) Executive fails to devote reasonable attention and time during normal business hours to the business affairs of the Company or Executive is determined by the Chief Executive Officer or Board of Directors to have been unfit (e.g., denied any license, permit or qualification required by any gaming regulator or found unsuitable by any gaming regulator) (other than as a result of an Incapacity), unavailable for service (other than as a result of an Incapacity) or grossly negligent in connection with the performance of his duties on behalf of the Company, which unfitness, unavailability or gross negligence has not been cured within five (5) days of written notice from the Chief Executive Officer or Board of Directors of the same; (iii) Executive is determined by the Chief Executive Officer or Board of Directors to have committed a material act of dishonesty or willful misconduct or to have acted in bad faith to the material detriment of the Company in connection with the performance of his duties on behalf of the Company; (iv) Executive is convicted of a felony or other crime involving dishonesty, breach of trust, moral turpitude or physical harm to any person; or (v) Executive materially breaches any agreement with the Company which material breach has not been cured within five (5) days written notice from the Chief Executive Officer or Board of Directors of the same. For purposes of this Agreement, the term "without Cause" shall mean termination of Executive's employment for reasons other than for "Cause."

For the purposes of this Agreement, termination shall be for "Good Reason" if (i) there is a material diminution of Executive's responsibilities with the Company, or a material change in the Executive's reporting responsibilities or title, in each case without Executive's consent; (ii) there is a reduction by the Company in the Executive's annual base salary then in effect without Executive's consent; or (iii) Executive's principal work location is relocated outside of the Las Vegas, Nevada metropolitan area without Executive's consent. Executive agrees that she may be required to travel from time to time as required by the Company's business and that such travel shall not constitute grounds for Executive to terminate his employment for Good Reason.

For the purposes of this Agreement, Executive shall be deemed to have suffered an “Incapacity” if Executive shall, due to illness or mental or physical incapacity, be unable to perform the duties and responsibilities required to be performed by his on behalf of the Company for a period of at least 180 days.

Termination by the Company without Cause or Termination by Executive for Good Reason

In the event that the Company terminates Executive’s employment without Cause or Executive terminates his employment for Good Reason, the Company shall pay Executive all base salary due and owing and all other accrued but unpaid benefits (e.g., accrued vacation) through the last day actually worked, and Executive shall be entitled to receive the following severance payments and benefits set forth below in this Section 2; provided, however, that such severance and benefits are conditioned on Executive’s execution and non-revocation of a release agreement, the form of which is attached hereto as Exhibit A, and thereafter the Company’s obligations under this Agreement shall terminate.

Base Salary Continuation . The Company shall continue to pay to Executive his then-current base annual salary for a period of twelve (12) months (the “Salary Continuation Period”). Such salary continuation shall be subject to standard deductions and withholdings and shall be payable in regular periodic payments in accordance with Company payroll policy. The Company may discontinue such salary continuation in the event that Executive breaches any of the provisions of Sections 3 or 4 or any of the terms of his existing Employee Proprietary Information and Inventions Assignment Agreement with the Company or Noncompete Agreement with the Company.

Target Bonus . The Company shall also pay to Executive, subject to standard deductions and withholdings, a bonus in the amount of fifty percent (50%) of his then-current base salary, payable in equal installments concurrent with the salary continuation payments described above.

Group Medical Coverage . The Company shall, following the Executive’s timely election, provide the Executive with continued coverage for the Salary Continuation Period under the Company’s group health insurance plans in effect upon termination of Executive’s employment without Cause or for Good Reason in accordance with the provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985 (“COBRA”), at no cost to Executive.

Restrictions on Competition after Termination.

Reasons for Restrictions . Executive acknowledges that the nature of the Company’s business is such that it would be extremely difficult for Executive to honor and comply with Executive’s obligation under his or his Employee Proprietary and Inventions Agreement with the Company to keep secret and confidential the Company’s trade secrets if Executive were to become employed by or substantially interested in the business of a competitor of the Company soon following the termination of Executive’s employment with the Company, and it would also

be extremely difficult to determine in any reasonably available forum the extent to which Executive was or was not complying with Executive's obligations under such circumstances.

Duration of Restriction . In consideration for the Company's undertakings and obligations under this Agreement, Executive agrees that during the Noncompete Term (as defined below), Executive will not directly or indirectly engage in (whether as an employee, consultant, proprietor, partner, director or otherwise), or have any ownership interest in, or participate in the financing, operation, management or control of, any person, firm, corporation or business that engages in any line of business in which the Company engages at the time of such termination, in the United States, Canada, the United Kingdom or such other countries in which the Company conducts business at the time of such termination ("Restricted Territory"). For the avoidance of doubt, the foregoing shall not prohibit Executive from engaging in, owning an interest in, or participating in any business that processes credit card, debit card or automated teller machine transactions originated from outside of gaming establishments. For purposes of this Agreement, the "Noncompete Term" shall be the period of two (2) years after the termination of Executive's employment hereunder. The parties agree that ownership of no more than 1% of the outstanding voting stock of a publicly-traded corporation or other entity shall not constitute a violation of this provision. The parties intend that the covenants contained in this section shall be construed as a series of separate covenants, one for each county, city, state and other political subdivision of the Restricted Territory. Except for geographic coverage, each such separate covenant shall be deemed identical in terms to the covenant contained in this section. If, in any judicial proceeding, a court shall refuse to enforce any of the separate covenants (or any part thereof) deemed included in this section, then such unenforceable covenant (or such part) shall be deemed eliminated from this Agreement for the purpose of those proceedings to the extent necessary to permit the remaining separate covenants (or portions thereof) to be enforced by such court. It is the intent of the parties that the covenants set forth herein be enforced to the maximum degree permitted by applicable law. To the extent that the foregoing provisions conflict with any other non-competition covenants between the Company and Executive, the foregoing provisions shall prevail.

Section 4. Restrictions on Solicitation after Termination

For a period of two (2) years following the termination of Executive's employment hereunder for any reason, Executive shall not, without the prior written consent of the Company, directly or indirectly, as a sole proprietor, member of a partnership, stockholder or investor, officer or director of a corporation, or as an executive, associate, consultant, independent contractor or agent of any person, partnership, corporation or other business organization or entity other than the Company solicit or endeavor to entice away from the Company any person or entity who is, or, during the then most recent three-month period, was, employed by, or had served as an agent or key consultant of the Company, provided, however, that Executive shall not be prohibited from receiving and responding to unsolicited requests for employment or career advice from Company's employees.

Miscellaneous

This Amendment and the Letter together contain the entire agreement between the parties pertaining to the subject matter expressly set forth herein and supersedes any and all prior and/or contemporaneous oral or written negotiations, agreements, representations, and understandings

relating to such subject matter. Each party understands that this Amendment and the Letter are made without reliance upon any inducement, statement, promise, or representation other than those contained herein and therein, respectively. Except as expressly set forth herein, the terms and provisions of the Letter shall remain in full force and effect, including without limitation the at-will nature of Executive's employment with the Company, which may be terminated at the will of either the Company or Executive, with or without cause and with or without prior notice at any time.

This Amendment and the Letter are executed voluntarily and without any duress or undue influence on the part or behalf of the parties hereto. Each of the parties hereto acknowledge that (i) it, he or she has read this Agreement; (ii) it, he or she has been represented in the preparation, negotiation, and execution of this Agreement by legal counsel of its, his or his own choice or that it or she has voluntarily declined to seek such counsel; (iii) it, he or she understands the terms and consequences of this Amendment and the Letter and of the releases it contains; and (iv) it or she is fully aware of the legal and binding effect of this Amendment and the Letter.

This Amendment and the Letter shall be construed under and governed by the laws of the State of Nevada without regard to any conflict of laws or choice of law provisions that would result in the application of the laws of any jurisdiction other than the internal laws of the State of Nevada. This Amendment and the Letter shall be deemed to have been entered into in Las Vegas, Nevada. If any legal or equitable action is necessary to enforce the terms of this Amendment and the Letter, such action shall be brought exclusively in the state or federal courts located within Clark County in the State of Nevada.

No supplement, modification, or amendment of this Amendment and the Letter shall be binding unless executed in writing by all of the parties hereto. No waiver of any of the provisions of this Amendment and the Letter shall be binding unless in the form of a writing signed by the party against whom enforcement of the waiver is sought, and no such waiver shall operate as a waiver of any other provisions hereof (whether or not similar), nor shall such waiver constitute a continuing waiver. Except as specifically provided herein, no failure to exercise or any delay in exercising any right or remedy hereunder shall constitute a waiver thereof.

If any provision (or portion thereof) of this Amendment and the Letter shall be held by a court of competent jurisdiction to be invalid, void, or otherwise unenforceable, the remaining provisions shall remain enforceable to the fullest extent permitted by law. Furthermore, to the fullest extent possible, the provisions of Amendment and the Letter (including, without limitation, each portion of Amendment and the Letter containing any provision held to be invalid, void, or otherwise unenforceable, that is not itself invalid, void, or unenforceable) shall be construed so as to give effect to the intent manifested by the provision held invalid, void, or unenforceable.

Amendment and the Letter shall be binding upon and inure to the benefit of and be enforceable by the parties hereto and their respective successors, assigns, heirs, and personal and legal representatives.

Amendment and the Letter may be executed in counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Facsimile counterparts shall be deemed to be originals.

Please indicate your acceptance of and agreement to the terms and conditions of this Amendment by signing where indicated below.

Very truly yours,

GLOBAL CASH ACCESS, INC.

I hereby release, and forever discharge the Company, its officers, directors, agents, employees, stockholders, attorneys, successors, assigns and affiliates, of and from any and all claims, liabilities, demands, causes of action, costs, expenses, attorneys fees, damages, indemnities and obligations of every kind and nature, in law, equity, or otherwise, known and unknown, suspected and unsuspected, disclosed and undisclosed, arising at any time prior to and including the date I sign this Release with respect to any claims relating to my employment and the termination of my employment, including but not limited to: any and all such claims and demands directly or indirectly arising out of or in any way connected with my employment with the Company or the termination of that employment; claims or demands related to salary, bonuses, commissions, stock, stock options, or any other ownership interests in the Company, vacation pay, fringe benefits, expense reimbursements, sabbatical benefits, severance benefits, or any other form of compensation; claims pursuant to any federal, state or local law or cause of action including, but not limited to, the federal Civil Rights Act of 1964, as amended; the federal Age Discrimination Act of 1990; the Delaware Fair Employment Practices Act, as amended; tort law; contract law; wrongful discharge; discrimination; harassment; fraud; emotional distress; and breach of the implied covenant of good faith and fair dealing, provided, however, that this Release shall not apply to claims or causes of action for defamation, libel, or invasion of privacy.

I acknowledge that, among other rights, I am waiving and releasing any rights I may have under ADEA, that this waiver and release is knowing and voluntary, and that the consideration given for this waiver and release is in addition to anything of value to which I was already entitled. I further acknowledge that I have been advised, as required by the Older Workers Benefit Protection Act, that: (a) the waiver and release granted herein does not relate to claims which may arise after this agreement is executed; (b) I have the right to consult with an attorney prior to executing this agreement (although I may choose voluntarily not to do so); (c) I have twenty-one (21) days from the date I receive this agreement, in which to consider this agreement (although I may choose voluntarily to execute this agreement earlier); (d) I have seven (7) days following the execution of this agreement to revoke my consent to the agreement; and (e) this agreement shall not be effective until the seven (7) day revocation period has expired.

If designated in the Notice as an Incentive Stock Option, the Option is intended to qualify as an Incentive Stock Option as defined in Section 422 of the Code. However, notwithstanding such designation, the Option will qualify as an Incentive Stock Option under the Code only to the extent the \$100,000 dollar limitation of Section 422(d) of the Code is not exceeded. The \$100,000 limitation of Section 422(d) of the Code is calculated based on the aggregate Fair Market Value of the Shares subject to options designated as Incentive Stock Options which become exercisable for the first time by the Grantee during any calendar year (under all plans of the Company or any Parent or Subsidiary of the Company). For purposes of this calculation, Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the shares subject to such options shall be determined as of the grant date of the relevant option.

2. Exercise of Option.

(a) Right to Exercise. The Option shall be exercisable during its term in accordance with the Vesting Schedule set out in the Notice and with the applicable provisions of the Plan and this Option Agreement. The Option shall be subject to the provisions of Section 11 of the Plan relating to the exercisability or termination of the Option in the event of a Corporate Transaction or Change in Control. The Grantee shall be subject to reasonable limitations on the number of requested exercises during any monthly or weekly period as determined by the Administrator. In no event shall the Company issue fractional Shares.

(b) Method of Exercise. The Option shall be exercisable by delivery of an exercise notice (a form of which is attached as Exhibit A) or by such other procedure as specified from time to time by the Administrator which shall state the election to exercise the Option, the whole number of Shares in respect of which the Option is being exercised, and such other provisions as may be required by the Administrator. The exercise notice shall be delivered in person, by certified mail, or by such other method (including electronic transmission) as determined from time to time by the Administrator to the Company accompanied by payment of the Exercise Price. The Option shall be deemed to be exercised upon receipt by the Company of such notice accompanied by the Exercise Price, which, to the extent selected, shall be deemed to

be satisfied by use of the broker-dealer sale and remittance procedure to pay the Exercise Price provided in Section 4(d), below.

(c) Taxes. No Shares will be delivered to the Grantee or other person pursuant to the exercise of the Option until the Grantee or other person has made arrangements acceptable to the Administrator for the satisfaction of applicable income tax and employment tax withholding obligations, including, without limitation, such other tax obligations of the Grantee incident to the receipt of Shares. Upon exercise of the Option, the Company or the Grantee's employer may offset or withhold (from any amount owed by the Company or the Grantee's employer to the Grantee) or collect from the Grantee or other person an amount sufficient to satisfy such tax withholding obligations.

3. Grantee's Representations. In the event the Shares purchasable pursuant to the exercise of the Option have not been registered under the Securities Act of 1933, as amended, at the time the Option is exercised, the Grantee shall, if requested by the Company, concurrently with the exercise of all or any portion of the Option, deliver to the Company his or her investor representation statement in a form determined by the Company.

4. Method of Payment. Payment of the Exercise Price shall be made by any of the following, or a combination thereof, at the election of the Grantee; provided, however, that such exercise method does not then violate any Applicable Law, provided further, that the portion of the Exercise Price equal to the par value of the Shares must be paid in cash or other legal consideration permitted by the Delaware General Corporation Law:

(a) cash;

(b) check;

(c) if the exercise occurs on or after the Registration Date, surrender of Shares or delivery of a properly executed form of attestation of ownership of Shares as the Administrator may require which have a Fair Market Value on the date of surrender or attestation equal to the aggregate Exercise Price of the Shares as to which the Option is being exercised, provided, however, that Shares acquired under the Plan or any other equity compensation plan or agreement of the Company must have been held by the Grantee for a period of more than six (6) months (and not used for another Award exercise by attestation during such period); or

(d) if the exercise occurs on or after the Registration Date, payment through a broker-dealer sale and remittance procedure pursuant to which the Grantee (i) shall provide written instructions to a Company-designated brokerage firm to effect the immediate sale of some or all of the purchased Shares and remit to the Company sufficient funds to cover the aggregate exercise price payable for the purchased Shares and (ii) shall provide written directives to the Company to deliver the certificates for the purchased Shares directly to such brokerage firm in order to complete the sale transaction.

5. Termination or Change of Continuous Service. In the event the Grantee's Continuous Service terminates, other than for Cause, the Grantee may, but only during the Post-

Termination Exercise Period, exercise the portion of the Option that was vested at the date of such termination (the "Termination Date"); provided, however, that in the event such termination of Continuous Service, other than for Cause, occurs after the Grantee has both (a) attained age fifty (50), and (b) completed ten (10) years of Continuous Service (such combination of age and Continuous Service, "Retirement Eligibility"), the portion of the Option that was vested on the Termination Date shall remain exercisable until the Expiration Date. The Post-Termination Exercise Period shall commence on the Termination Date. In the event of termination of the Grantee's Continuous Service for Cause, the Grantee's right to exercise the Option shall, except as otherwise determined by the Administrator, terminate concurrently with the termination of the Grantee's Continuous Service (also the "Termination Date"). In no event, however, shall the Option be exercised later than the Expiration Date set forth in the Notice. In the event of the Grantee's change in status from Employee, Director or Consultant to any other status of Employee, Director or Consultant, the Option shall remain in effect and the Option shall continue to vest in accordance with the Vesting Schedule set forth in the Notice; provided, however, with respect to any Incentive Stock Option that shall remain in effect after a change in status from Employee to Director or Consultant, such Incentive Stock Option shall cease to be treated as an Incentive Stock Option and shall be treated as a Non-Qualified Stock Option on the day three (3) months and one (1) day following such change in status. Except as otherwise provided in this Section 5 or in Section 6 or 7 below, to the extent that the Option was unvested on the Termination Date, or if the Grantee does not exercise the vested portion of the Option within the time specified herein, the Option shall terminate.

6. Disability of Grantee. In the event the Grantee's Continuous Service terminates as a result of his or her Disability, the Grantee may, but only within twelve (12) months commencing on the Termination Date (but in no event later than the Expiration Date), exercise the portion of the Option that was vested on the Termination Date; provided, however, that if such Disability is not a "disability" as such term is defined in Section 22(e)(3) of the Code and the Option is an Incentive Stock Option, such Incentive Stock Option shall cease to be treated as an Incentive Stock Option and shall be treated as a Non-Qualified Stock Option on the day three (3) months and one (1) day following the Termination Date; and provided further, that in the event that the Grantee's Continuous Service terminates as a result of his or her Disability after the Grantee achieves Retirement Eligibility, the portion of the Option that was vested on the Termination Date shall remain exercisable until the Expiration Date. To the extent that the Option was unvested on the Termination Date, or if the Grantee does not exercise the vested portion of the Option within the time specified herein, the Option shall terminate. Section 22(e)(3) of the Code provides that an individual is permanently and totally disabled if he or she is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than twelve (12) months.

7. Death of Grantee. In the event of the termination of the Grantee's Continuous Service as a result of his or her death, or in the event of the Grantee's death during the Post-Termination Exercise Period or during the twelve (12) month period following the Grantee's termination of Continuous Service as a result of his or her Disability, the person who acquired the right to exercise the Option pursuant to Section 8 may exercise the portion of the Option that was

vested on the Termination Date within twelve (12) months commencing on the date of death (but in no event later than the Expiration Date); provided, however, that in the event that the Grantee's Continuous Service terminates as a result of his or her death after the Grantee achieves Retirement Eligibility, the portion of the Option that was vested on the Termination Date shall remain exercisable until the Expiration Date. To the extent that the Option was unvested on the date of death, or if the vested portion of the Option is not exercised within the time specified herein, the Option shall terminate.

8. Transferability of Option. The Option, if an Incentive Stock Option, may not be transferred in any manner other than by will or by the laws of descent and distribution and may be exercised during the lifetime of the Grantee only by the Grantee. The Option, if a Non-Qualified Stock Option, may not be transferred in any manner other than by will or by the laws of descent and distribution, provided, however, that a Non-Qualified Stock Option may be transferred during the lifetime of the Grantee to the extent and in the manner authorized by the Administrator. Notwithstanding the foregoing, the Grantee may designate one or more beneficiaries of the Grantee's Incentive Stock Option or Non-Qualified Stock Option in the event of the Grantee's death on a beneficiary designation form provided by the Administrator. Following the death of the Grantee, the Option, to the extent provided in Section 7, may be exercised (a) by the person or persons designated under the deceased Grantee's beneficiary designation or (b) in the absence of an effectively designated beneficiary, by the Grantee's legal representative or by any person empowered to do so under the deceased Grantee's will or under the then applicable laws of descent and distribution. The terms of the Option shall be binding upon the executors, administrators, heirs, successors and transferees of the Grantee.

9. Term of Option. The Option must be exercised no later than the Expiration Date set forth in the Notice or such earlier date as otherwise provided herein. After the Expiration Date or such earlier date, the Option shall be of no further force or effect and may not be exercised.

10. [Intentionally Omitted].

11. [Intentionally Omitted].

12. Stop-Transfer Notices. In order to ensure compliance with the restrictions on transfer set forth in this Option Agreement, the Notice or the Plan, the Company may issue appropriate "stop transfer" instructions to its transfer agent, if any, and, if the Company transfers its own securities, it may make appropriate notations to the same effect in its own records.

13. Refusal to Transfer. The Company shall not be required (i) to transfer on its books any Shares that have been sold or otherwise transferred in violation of any of the provisions of this Option Agreement or (ii) to treat as owner of such Shares or to accord the right to vote or pay dividends to any purchaser or other transferee to whom such Shares shall have been so transferred.

14. Tax Consequences. Set forth below is a brief summary as of the date of this Option Agreement of some of the federal tax consequences of exercise of the Option and disposition of the Shares. THIS SUMMARY IS NECESSARILY INCOMPLETE, AND THE

TAX LAWS AND REGULATIONS ARE SUBJECT TO CHANGE. THE GRANTEE SHOULD CONSULT A TAX ADVISER BEFORE EXERCISING THE OPTION OR DISPOSING OF THE SHARES.

(a) Exercise of Incentive Stock Option. If the Option qualifies as an Incentive Stock Option, there will be no regular federal income tax liability upon the exercise of the Option, although the excess, if any, of the Fair Market Value of the Shares on the date of exercise over the Exercise Price will be treated as income for purposes of the alternative minimum tax for federal tax purposes and may subject the Grantee to the alternative minimum tax in the year of exercise.

(b) Exercise of Incentive Stock Option Following Disability. If the Grantee's Continuous Service terminates as a result of Disability that is not permanent and total disability as such term is defined in Section 22(e)(3) of the Code, to the extent permitted on the date of termination, the Grantee must exercise an Incentive Stock Option within three (3) months of such termination for the Incentive Stock Option to be qualified as an Incentive Stock Option. Section 22(e)(3) of the Code provides that an individual is permanently and totally disabled if he or she is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than twelve (12) months.

(c) Exercise of Non-Qualified Stock Option. On exercise of a Non-Qualified Stock Option, the Grantee will be treated as having received compensation income (taxable at ordinary income tax rates) equal to the excess, if any, of the Fair Market Value of the Shares on the date of exercise over the Exercise Price. If the Grantee is an Employee or a former Employee, the Company will be required to withhold from the Grantee's compensation or collect from the Grantee and pay to the applicable taxing authorities an amount in cash equal to a percentage of this compensation income at the time of exercise, and may refuse to honor the exercise and refuse to deliver Shares if such withholding amounts are not delivered at the time of exercise.

(d) Disposition of Shares. In the case of a Non-Qualified Stock Option, if Shares are held for more than one year, any gain realized on disposition of the Shares will be treated as long-term capital gain for federal income tax purposes. In the case of an Incentive Stock Option, if Shares transferred pursuant to the Option are held for more than one year after receipt of the Shares and are disposed more than two years after the Date of Award, any gain realized on disposition of the Shares also will be treated as capital gain for federal income tax purposes and subject to the same tax rates and holding periods that apply to Shares acquired upon exercise of a Non-Qualified Stock Option. If Shares purchased under an Incentive Stock Option are disposed of prior to the expiration of such one-year or two-year periods, any gain realized on such disposition will be treated as compensation income (taxable at ordinary income rates) to the extent of the difference between the Exercise Price and the lesser of (i) the Fair Market Value of the Shares on the date of exercise, or (ii) the sale price of the Shares.

15. Lock-Up Agreement.

(a) Agreement. The Grantee, if requested by the Company and the lead underwriter of any public offering of the Common Stock (the “Lead Underwriter”), hereby irrevocably agrees not to sell, contract to sell, grant any option to purchase, transfer the economic risk of ownership in, make any short sale of, pledge or otherwise transfer or dispose of any interest in any Common Stock or any securities convertible into or exchangeable or exercisable for or any other rights to purchase or acquire Common Stock (except Common Stock included in such public offering or acquired on the public market after such offering) during the 200-day period following the effective date of a registration statement of the Company filed under the Securities Act of 1933, as amended, or such shorter or longer period of time as the Lead Underwriter shall specify. The Grantee further agrees to sign such documents as may be requested by the Lead Underwriter to effect the foregoing and agrees that the Company may impose stop-transfer instructions with respect to such Common Stock subject to the lock-up period until the end of such period. The Company and the Grantee acknowledge that each Lead Underwriter of a public offering of the Company’s stock, during the period of such offering and for the lock-up period thereafter, is an intended beneficiary of this Section 15.

(b) No Amendment Without Consent of Underwriter. During the period from identification of a Lead Underwriter in connection with any public offering of the Company’s Common Stock until the earlier of (i) the expiration of the lock-up period specified in Section 15(a) in connection with such offering or (ii) the abandonment of such offering by the Company and the Lead Underwriter, the provisions of this Section 15 may not be amended or waived except with the consent of the Lead Underwriter.

16. Entire Agreement: Governing Law. The Notice, the Plan and this Option Agreement constitute the entire agreement of the parties with respect to the subject matter hereof and supersede in their entirety all prior undertakings and agreements of the Company and the Grantee with respect to the subject matter hereof, and may not be modified adversely to the Grantee’s interest except by means of a writing signed by the Company and the Grantee. Nothing in the Notice, the Plan and this Option Agreement (except as expressly provided therein) is intended to confer any rights or remedies on any persons other than the parties. The Notice, the Plan and this Option Agreement are to be construed in accordance with and governed by the internal laws of the State of Nevada without giving effect to any choice of law rule that would cause the application of the laws of any jurisdiction other than the internal laws of the State of Nevada to the rights and duties of the parties. Should any provision of the Notice, the Plan or this Option Agreement be determined to be illegal or unenforceable, such provision shall be enforced to the fullest extent allowed by law and the other provisions shall nevertheless remain effective and shall remain enforceable.

17. Construction. The captions used in the Notice and this Option Agreement are inserted for convenience and shall not be deemed a part of the Option for construction or interpretation. Except when otherwise indicated by the context, the singular shall include the plural and the plural shall include the singular. Use of the term “or” is not intended to be exclusive, unless the context clearly requires otherwise.

18. Administration and Interpretation. Any question or dispute regarding the administration or interpretation of the Notice, the Plan or this Option Agreement shall be

submitted by the Grantee or by the Company to the Administrator. The resolution of such question or dispute by the Administrator shall be final and binding on all persons.

19. Venue and Waiver of Jury Trial. The Company, the Grantee, and the Grantee's assignees pursuant to Section 8 (the "parties") agree that any suit, action, or proceeding arising out of or relating to the Notice, the Plan or this Option Agreement shall be brought in the United States District Court for the District of Nevada (or should such court lack jurisdiction to hear such action, suit or proceeding, in a Nevada state court in the County of Clark) and that the parties shall submit to the jurisdiction of such court. The parties irrevocably waive, to the fullest extent permitted by law, any objection the party may have to the laying of venue for any such suit, action or proceeding brought in such court. **THE PARTIES ALSO EXPRESSLY WAIVE ANY RIGHT THEY HAVE OR MAY HAVE TO A JURY TRIAL OF ANY SUCH SUIT, ACTION OR PROCEEDING.** If any one or more provisions of this Section 19 shall for any reason be held invalid or unenforceable, it is the specific intent of the parties that such provisions shall be modified to the minimum extent necessary to make it or its application valid and enforceable.

20. Notices. Any notice required or permitted hereunder shall be given in writing and shall be deemed effectively given upon personal delivery, upon deposit for delivery by an internationally recognized express mail courier service or upon deposit in the United States mail by certified mail (if the parties are within the United States), with postage and fees prepaid, addressed to the other party at its address as shown in these instruments, or to such other address as such party may designate in writing from time to time to the other party.

6. Taxes. The Grantee agrees to satisfy all applicable federal, state and local income and employment tax withholding obligations and herewith delivers to the Company the full amount of such obligations or has made arrangements acceptable to the Company to satisfy such obligations. In the case of an Incentive Stock Option, the Grantee also agrees, as partial consideration for the designation of the Option as an Incentive Stock Option, to notify the Company in writing within thirty (30) days of any disposition of any shares acquired by exercise of the Option if such disposition occurs within two (2) years from the Date of Award or within one (1) year from the date the Shares were transferred to the Grantee.

7. Restrictive Legends. To the extent the Option or any of the Shares have not been registered under the Securities Act of 1933, as amended, the Grantee understands and agrees that the Company shall cause the legends set forth below or legends substantially equivalent thereto, to be placed upon any certificate(s) evidencing ownership of the Shares together with any other legends that may be required by the Company or by state or federal securities laws:

The Company may assign any of its rights under this Exercise Notice to single or multiple assignees, and this agreement shall inure to the benefit of the successors and assigns of the Company. Subject to the restrictions on transfer herein set forth, this Exercise Notice shall be binding upon the Grantee and his or her heirs, executors, administrators, successors and assigns.

The resolution of such question or dispute by the Administrator shall be final and binding on all persons.

11. Governing Law; Severability. This Exercise Notice is to be construed in accordance with and governed by the internal laws of the State of Nevada without giving effect to any choice of law rule that would cause the application of the laws of any jurisdiction other than the internal laws of the State of Nevada to the rights and duties of the parties. Should any provision of this Exercise Notice be determined by a court of law to be illegal or unenforceable, such provision shall be enforced to the fullest extent allowed by law and the other provisions shall nevertheless remain effective and shall remain enforceable.

GLOBAL CASH ACCESS HOLDINGS, INC. 2005 STOCK INCENTIVE PLAN**NOTICE OF RESTRICTED STOCK BONUS AWARD**

You (the “Grantee”) have been granted shares of Common Stock of the Company (the “Award”), subject to the terms and conditions of this Notice of Restricted Stock Bonus Award (the “Notice”), the Global Cash Access Holdings, Inc. 2005 Stock Incentive Plan (the “Plan”), as amended from time to time, and the Restricted Stock Bonus Award Agreement (the “Agreement”) attached hereto, as follows. Unless otherwise defined herein, the terms defined in the Plan shall have the same defined meanings in this Notice.

Vesting Schedule :

Subject to the Grantee’s Continuous Service and other limitations set forth in this Notice, the Plan and the Agreement, the Shares will “vest” in accordance with the following schedule:

25% of the Shares shall vest twelve months after the Vesting Commencement Date, and 1/36th of the remaining Shares shall vest on each monthly anniversary of the Vesting Commencement Date thereafter.

Notwithstanding the foregoing, in the event of a Corporate Transaction or a Change in Control (as defined in the Plan), the Award automatically shall become fully vested immediately prior to the specified effective date of such Corporate Transaction or Change in Control, for all of the Shares, provided that the Grantee’s Continuous Service has not terminated prior to such date.

During any authorized leave of absence, the vesting of the Shares as provided in this schedule shall be suspended after the leave of absence exceeds a period of ninety (90) days. Vesting of the Shares shall resume upon the Grantee’s termination of the leave of absence and return to service to the Company or a Related Entity. The Vesting Schedule of the Shares shall be extended by the length of the suspension.

For purposes of this Notice and the Agreement, the term “vest” shall mean, with respect to any Shares, that such Shares are no longer subject to forfeiture to the Company. Shares that have not vested are deemed “Restricted Shares.” If the Grantee would become vested in a fraction of a Restricted Share, such Restricted Share shall not vest until the Grantee becomes vested in the entire Share.

Vesting shall cease upon the date of termination of the Grantee’s Continuous Service for any reason, including death or Disability. In the event the Grantee’s Continuous Service is terminated for any reason, including death or Disability, any Restricted Shares held by the Grantee immediately following such termination of Continuous Service shall be deemed reconveyed to the Company and the Company shall thereafter be the legal and beneficial owner of the Restricted Shares and shall have all rights and interest in or related thereto without further action by the Grantee. The foregoing forfeiture provisions set forth in this Notice as to Restricted Shares shall apply to the new capital stock or other property (including cash paid) received in exchange for the Shares in consummation of any transaction described in Section 11 of the Plan and such stock or property shall be deemed Additional Securities (as defined in the

Agreement) for purposes of the Agreement, but only to the extent the Shares are at the time covered by such forfeiture provisions.

The Award shall be subject to the provisions of Section 11 of the Plan in the event of a Corporate Transaction or Change in Control.

IN WITNESS WHEREOF, the Company and the Grantee have executed this Notice and agree that the Award is to be governed by the terms and conditions of this Notice, the Plan and the Agreement.

THE GRANTEE ACKNOWLEDGES AND AGREES THAT THE SHARES SHALL VEST, IF AT ALL, ONLY DURING THE PERIOD OF THE GRANTEE'S CONTINUOUS SERVICE (NOT THROUGH THE ACT OF BEING HIRED, BEING GRANTED THIS AWARD OR ACQUIRING SHARES HEREUNDER). THE GRANTEE FURTHER ACKNOWLEDGES AND AGREES THAT NOTHING IN THIS NOTICE, THE AGREEMENT NOR THE PLAN SHALL CONFER UPON THE GRANTEE ANY RIGHT WITH RESPECT TO CONTINUATION OF THE GRANTEE'S CONTINUOUS SERVICE, NOR SHALL IT INTERFERE IN ANY WAY WITH THE GRANTEE'S RIGHT OR THE COMPANY'S RIGHT TO TERMINATE THE GRANTEE'S CONTINUOUS SERVICE AT ANY TIME, WITH OR WITHOUT CAUSE, AND WITH OR WITHOUT NOTICE. THE GRANTEE ACKNOWLEDGES THAT UNLESS THE GRANTEE HAS A WRITTEN EMPLOYMENT AGREEMENT WITH THE COMPANY TO THE CONTRARY, THE GRANTEE'S STATUS IS AT WILL.

As a condition to receiving the Shares, the Grantee agrees to refrain from making an election pursuant to Section 83(b) of the Code with respect to the Shares.

The Grantee acknowledges receipt of a copy of the Plan and the Agreement and represents that he or she is familiar with the terms and provisions thereof, and hereby accepts the Award subject to all of the terms and provisions hereof and thereof. The Grantee has reviewed this Notice, the Agreement and the Plan in their entirety, has had an opportunity to obtain the advice of counsel prior to executing this Notice and fully understands all provisions of this Notice, the Agreement and the Plan. The Grantee hereby agrees that all questions of interpretation and administration relating to this Notice, the Plan and the Agreement shall be resolved by the Administrator in accordance with Section 11 of the Agreement. The Grantee further agrees to the venue selection and waiver of a jury trial in accordance with Section 12 of the Agreement. The Grantee further agrees to notify the Company upon any change in the residence address indicated in this Notice.

GLOBAL CASH ACCESS HOLDINGS, INC. 2005 STOCK INCENTIVE PLAN

RESTRICTED STOCK BONUS AWARD AGREEMENT

1. Issuance of Shares. Global Cash Access Holdings, Inc., a Delaware corporation (the “Company”), hereby issues to the Grantee (the “Grantee”) named in the Notice of Restricted Stock Bonus Award (the “Notice”), the Total Number of Shares of Common Stock Awarded set forth in the Notice (the “Shares”), subject to the Notice, this Restricted Stock Bonus Award Agreement (the “Agreement”) and the terms and provisions of the Company’s 2005 Stock Incentive Plan (the “Plan”), as amended from time to time, which are incorporated herein by reference. Unless otherwise defined herein, the terms defined in the Plan shall have the same defined meanings in this Agreement. All Shares issued hereunder will be deemed issued to the Grantee as fully paid and nonassessable shares, and the Grantee will have the right to vote the Shares at meetings of the Company’s stockholders. The Company shall pay any applicable stock transfer taxes imposed upon the issuance of the Shares to the Grantee hereunder.

2. Transfer Restrictions. The Shares issued to the Grantee hereunder may not be sold, transferred by gift, pledged, hypothecated, or otherwise transferred or disposed of by the Grantee prior to the date when the Shares become vested pursuant to the Vesting Schedule set forth in the Notice. Any attempt to transfer Restricted Shares in violation of this Section 2 will be null and void and will be disregarded.

3. Escrow of Stock. For purposes of facilitating the enforcement of the provisions of this Agreement, the Grantee agrees, immediately upon receipt of the certificate(s) for the Restricted Shares, to deliver such certificate(s), together with an Assignment Separate from Certificate in the form attached hereto as Exhibit A, executed in blank by the Grantee with respect to each such stock certificate, to the Secretary or Assistant Secretary of the Company, or their designee, to hold in escrow for so long as such Restricted Shares have not vested pursuant to the Vesting Schedule set forth in the Notice, with the authority to take all such actions and to effectuate all such transfers and/or releases as may be necessary or appropriate to accomplish the objectives of this Agreement in accordance with the terms hereof. The Grantee hereby acknowledges that the appointment of the Secretary or Assistant Secretary of the Company (or their designee) as the escrow holder hereunder with the stated authorities is a material inducement to the Company to make this Agreement and that such appointment is coupled with an interest and is accordingly irrevocable. The Grantee agrees that such escrow holder shall not be liable to any party hereto (or to any other party) for any actions or omissions unless such escrow holder is grossly negligent relative thereto. The escrow holder may rely upon any letter, notice or other document executed by any signature purported to be genuine and may resign at any time. Upon the vesting of Restricted Shares, the escrow holder will, without further order or instruction, transmit to the Grantee the certificate evidencing such Shares.

4. Additional Securities and Distributions.

(a) Any securities or cash received as the result of ownership of the Restricted Shares (the “Additional Securities”), including, but not by way of limitation, warrants, options and securities received as a stock split, or as a result of a recapitalization or reorganization or other similar change in the Company’s capital structure, shall be retained in escrow in the same manner and subject to the same conditions and restrictions as the Restricted Shares with respect to which they were issued, including, without limitation, the Vesting Schedule set forth in the Notice. The Grantee shall be entitled to direct the Company to exercise any warrant or option received as Additional Securities upon supplying the funds necessary to do so, in which event the securities so purchased shall constitute Additional Securities, but the Grantee may not direct the Company to sell any such warrant or option. If Additional Securities consist of a convertible security, the Grantee may exercise any conversion right, and any securities so acquired shall constitute Additional Securities. In the event of any change in certificates evidencing the Shares or the Additional Securities by reason of any recapitalization, reorganization or other transaction that results in the creation of Additional Securities, the escrow holder is authorized to deliver to the issuer the certificates evidencing the Shares or the Additional Securities in exchange for the certificates of the replacement securities.

(b) Grantee shall have no voting or dividend rights with respect to any unvested shares. Grantee shall be entitled to receive any regularly scheduled cash or stock dividends that are payable to stockholders of the Company solely with respect to that portion of the Shares and Additional Securities that have vested, less any applicable withholding obligations.

5. Taxes.

(a) No Section 83(b) Election. As a condition to receiving the Shares, the Grantee agrees to refrain from making an election pursuant to Section 83(b) of the Code with respect to the Shares.

(b) Tax Liability. The Grantee is ultimately liable and responsible for all taxes owed by the Grantee in connection with the Award, regardless of any action the Company or any Related Entity takes with respect to any tax withholding obligations that arise in connection with the Award. Neither the Company nor any Related Entity makes any representation or undertaking regarding the treatment of any tax withholding in connection with the grant or vesting of the Award or the subsequent sale of Shares subject to the Award. The Company and its Related Entities do not commit and are under no obligation to structure the Award to reduce or eliminate the Grantee’s tax liability.

(c) Payment of Withholding Taxes. Prior to any event in connection with the Award (e.g., vesting) that the Company determines may result in any tax withholding obligation, whether United States federal, state, local or non-U.S., including any employment tax obligation (the “Tax Withholding Obligation”), the Grantee must arrange for the satisfaction of the minimum amount of such Tax Withholding Obligation in a manner acceptable to the Company.

(i) *By Share Withholding.* The Grantee authorizes the Company to, upon the exercise of its sole discretion, withhold from those Shares issuable to the Grantee the whole number of Shares sufficient to satisfy the minimum applicable Tax Withholding Obligation. The Grantee acknowledges that the withheld Shares may not be sufficient to satisfy

the Grantee's minimum Tax Withholding Obligation. Accordingly, the Grantee agrees to pay to the Company or any Related Entity as soon as practicable, including through additional payroll withholding, any amount of the Tax Withholding Obligation that is not satisfied by the withholding of Shares described above.

(ii) *By Sale of Shares* . Unless the Grantee determines to satisfy the Tax Withholding Obligation by some other means in accordance with clause (iii) below, the Grantee's acceptance of this Award constitutes the Grantee's instruction and authorization to the Company and any brokerage firm determined acceptable to the Company for such purpose to sell on the Grantee's behalf a whole number of Shares from those Shares issuable to the Grantee as the Company determines to be appropriate to generate cash proceeds sufficient to satisfy the minimum applicable Tax Withholding Obligation. Such Shares will be sold on the day such Tax Withholding Obligation arises (e.g., a vesting date) or as soon thereafter as practicable. The Grantee will be responsible for all broker's fees and other costs of sale, and the Grantee agrees to indemnify and hold the Company harmless from any losses, costs, damages, or expenses relating to any such sale. To the extent the proceeds of such sale exceed the Grantee's minimum Tax Withholding Obligation, the Company agrees to pay such excess in cash to the Grantee. The Grantee acknowledges that the Company or its designee is under no obligation to arrange for such sale at any particular price, and that the proceeds of any such sale may not be sufficient to satisfy the Grantee's minimum Tax Withholding Obligation. Accordingly, the Grantee agrees to pay to the Company or any Related Entity as soon as practicable, including through additional payroll withholding, any amount of the Tax Withholding Obligation that is not satisfied by the sale of Shares described above.

(iii) *By Check, Wire Transfer or Other Means* . At any time not less than five (5) business days (or such fewer number of business days as determined by the Administrator) before any Tax Withholding Obligation arises (e.g., a vesting date), the Grantee may elect to satisfy the Grantee's Tax Withholding Obligation by delivering to the Company an amount that the Company determines is sufficient to satisfy the Tax Withholding Obligation by (x) wire transfer to such account as the Company may direct, (y) delivery of a certified check payable to the Company, or (z) such other means as specified from time to time by the Administrator.

6. Stop-Transfer Notices . In order to ensure compliance with the restrictions on transfer set forth in this Agreement, the Notice or the Plan, the Company may issue appropriate "stop transfer" instructions to its transfer agent, if any, and, if the Company transfers its own securities, it may make appropriate notations to the same effect in its own records.

7. Refusal to Transfer . The Company shall not be required (i) to transfer on its books any Shares that have been sold or otherwise transferred in violation of any of the provisions of this Agreement or (ii) to treat as owner of such Shares or to accord the right to vote or pay dividends to any purchaser or other transferee to whom such Shares shall have been so transferred.

8. Restrictive Legends . The Grantee understands and agrees that the Company shall cause the legends set forth below or legends substantially equivalent thereto, to be placed upon

any certificate(s) evidencing ownership of the Shares together with any other legends that may be required by the Company or by state or federal securities laws:

THE SHARES REPRESENTED BY THIS CERTIFICATE ARE RESTRICTED BY THE TERMS OF THAT CERTAIN RESTRICTED STOCK BONUS AWARD AGREEMENT BETWEEN THE COMPANY AND THE NAMED STOCKHOLDER. THE SHARES REPRESENTED BY THIS CERTIFICATE MAY BE TRANSFERRED ONLY IN ACCORDANCE WITH SUCH AGREEMENT, A COPY OF WHICH IS ON FILE WITH THE SECRETARY OF THE COMPANY.

9. Entire Agreement: Governing Law . The Notice, the Plan and this Agreement constitute the entire agreement of the parties with respect to the subject matter hereof and supersede in their entirety all prior undertakings and agreements of the Company and the Grantee with respect to the subject matter hereof, and may not be modified adversely to the Grantee's interest except by means of a writing signed by the Company and the Grantee. These agreements are to be construed in accordance with and governed by the internal laws of the State of Nevada without giving effect to any choice of law rule that would cause the application of the laws of any jurisdiction other than the internal laws of the State of Nevada to the rights and duties of the parties. Should any provision of the Notice or this Agreement be determined to be illegal or unenforceable, the other provisions shall nevertheless remain effective and shall remain enforceable.

10. Construction . The captions used in the Notice and this Agreement are inserted for convenience and shall not be deemed a part of the Award for construction or interpretation. Except when otherwise indicated by the context, the singular shall include the plural and the plural shall include the singular. Use of the term "or" is not intended to be exclusive, unless the context clearly requires otherwise.

11. Administration and Interpretation . Any question or dispute regarding the administration or interpretation of the Notice, the Plan or this Agreement shall be submitted by the Grantee or by the Company to the Administrator. The resolution of such question or dispute by the Administrator shall be final and binding on all persons.

12. Venue and Waiver of Jury Trial . The parties agree that any suit, action, or proceeding arising out of or relating to the Notice, the Plan or this Agreement shall be brought in the United States District Court for the District of Nevada (or should such court lack jurisdiction to hear such action, suit or proceeding, in a Nevada state court in the County of Clark) and that the parties shall submit to the jurisdiction of such court. The parties irrevocably waive, to the fullest extent permitted by law, any objection the party may have to the laying of venue for any such suit, action or proceeding brought in such court. **THE PARTIES ALSO EXPRESSLY WAIVE ANY RIGHT THEY HAVE OR MAY HAVE TO A JURY TRIAL OF ANY SUCH SUIT, ACTION OR PROCEEDING.** If any one or more provisions of this Section 12 shall for any reason be held invalid or unenforceable, it is the specific intent of the parties that

such provisions shall be modified to the minimum extent necessary to make it or its application valid and enforceable.

13. Notices. Any notice required or permitted hereunder shall be given in writing and shall be deemed effectively given upon personal delivery, upon deposit for delivery by an internationally recognized express mail courier service or upon deposit in the United States mail by certified mail (if the parties are within the United States), with postage and fees prepaid, addressed to the other party at its address as shown in these instruments, or to such other address as such party may designate in writing from time to time to the other party.
