TVI Pacific Inc. Completes 24th Shipment of Copper Concentrate

CALGARY, ALBERTA--(Marketwire – September 28, 2011) - TVI Pacific Inc. (TSX:TVI) (OTCQX:TVIPF) ("TVI" or the "Company") announced today that its Philippine operating affiliate, TVI Resource Development (Phils.), Inc. ("TVIRD"), completed its 24th shipment of copper concentrate produced at the Canatuan mine on September 26, 2011.

- **5,369 dry metric tonnes ("dmt") of concentrate was shipped containing 23.7% copper;**
- **Gross revenue of US\$14.8 million will be received for the shipment; and**
- **Inventory of 1,255 dmt of copper concentrate is currently in storage.**

The Company's 24th shipment of 5,369 dmt of copper concentrate left the port of Santa Maria in Siocon, Zamboanga del Norte, in accordance with the off-take arrangement between TVIRD and MRI Trading AG ("MRI") on September 26, 2011. TVIRD expects to earn gross revenues of approximately US\$14.8 million from MRI for this shipment (pending final assay and price adjustments). Approximately 1,255 dmt of copper concentrate remains in inventory.

Copper production remains steady at the Canatuan mine, achieving copper concentrate grade levels between 23 and 25 percent. It is anticipated that future shipments of copper concentrate will continue every six to eight weeks.

About TVI Pacific Inc. (TSX: TVI) (OTCQX: TVIPF)

TVI Pacific Inc. is a publicly-traded resource company focused on the production, development, exploration and acquisition of resource projects in the Philippines. TVI produces copper and zinc concentrates from its Canatuan mine, is developing its Balabag gold-silver property for anticipated production in the second half of 2012 and is carrying out an exploration program at its Tamarok copper-gold property. TVI also has oil interests in various stages of discovery, drilling and exploration in Alaska, Niger and off-shore Philippines.

IMPORTANT INFORMATION REGARDING FORWARD-LOOKING STATEMENTS

Certain information set out in this news release constitutes forward-looking information. Forward-looking statements are often, but not always, identified by the use of words such as "seek", "anticipate", "plan", "continue", "estimate", "expect", "may", "will", "intend", "could", "might", "should", "believe", "schedule" and similar expressions.

Forward-looking statements are based upon the opinions and expectations of management of the Company as at the effective date of such statements and, in certain cases, information received from or disseminated by third parties. Although the Company believes that the expectations reflected in such forward-looking statements are based upon reasonable assumptions and that information received from or disseminated by third parties is reliable, it can give no assurance that those expectations will prove to have been correct. Forward-looking statements are subject to certain risks and uncertainties (known and unknown) that could cause actual outcomes to differ materially from those anticipated or implied by such forward-looking statements. These factors include, but are not limited to, such things as general economic conditions in Canada, the United States, Niger, Alaska, the Philippines and elsewhere; volatility of prices for precious metals, base metals, oil and gas; commodity supply and demand; fluctuations in currency and interest rates; inherent risks associated with the exploration and development of mining properties; inherent risks associated with the exploration of oil and gas properties (including mechanical problems); ultimate recoverability of reserves; production, timing, results and costs of exploration and development activities; political or civil unrest; availability of equipment and personnel; availability of financial resources or third-party financing; new laws (domestic or foreign); changes in administrative practices; changes in exploration plans or budgets; and availability of equipment and personnel. Accordingly, readers should not place undue reliance upon the forward-looking statements contained in this news release and such forward-looking statements should not be interpreted or regarded as guarantees of future outcomes. .

Forward-looking statements respecting the copper concentrate shipping schedule are based on the Company's previous experience with concentrate shipments, current mining and processing activities, prior experiences of management with mining and processing activities, discussions held to date with MRI, the current development and operating plan, and the Company's current budget and overall strategy for Canatuan (which are all subject to change).

The forward-looking statements of the Company contained in this news release are expressly qualified, in their entirety, by this cautionary statement. Various risks to which the Company and its affiliates are exposed in the conduct of their business (including mining activities) are described in detail in the Company's Annual Information Form for the year ended December 31, 2010, which was filed on SEDAR on March 30, 2011, and is available under the Company's profile at www.SEDAR.com. Subject to applicable securities laws, the Company does not undertake any obligation to publicly revise the forward-looking statements included in this news release to reflect subsequent events or circumstances, except as required by law.
