# Juniper is (becoming) a software company

01

DIFFERENTIATED  
CUSTOMER  
OUTCOMES

02

DEEPER ONGOING  
CUSTOMER  
RELATIONSHIPS

03

SUSTAINABLE, RECURRING  
& PROFITABLE REVENUE  
GROWTH

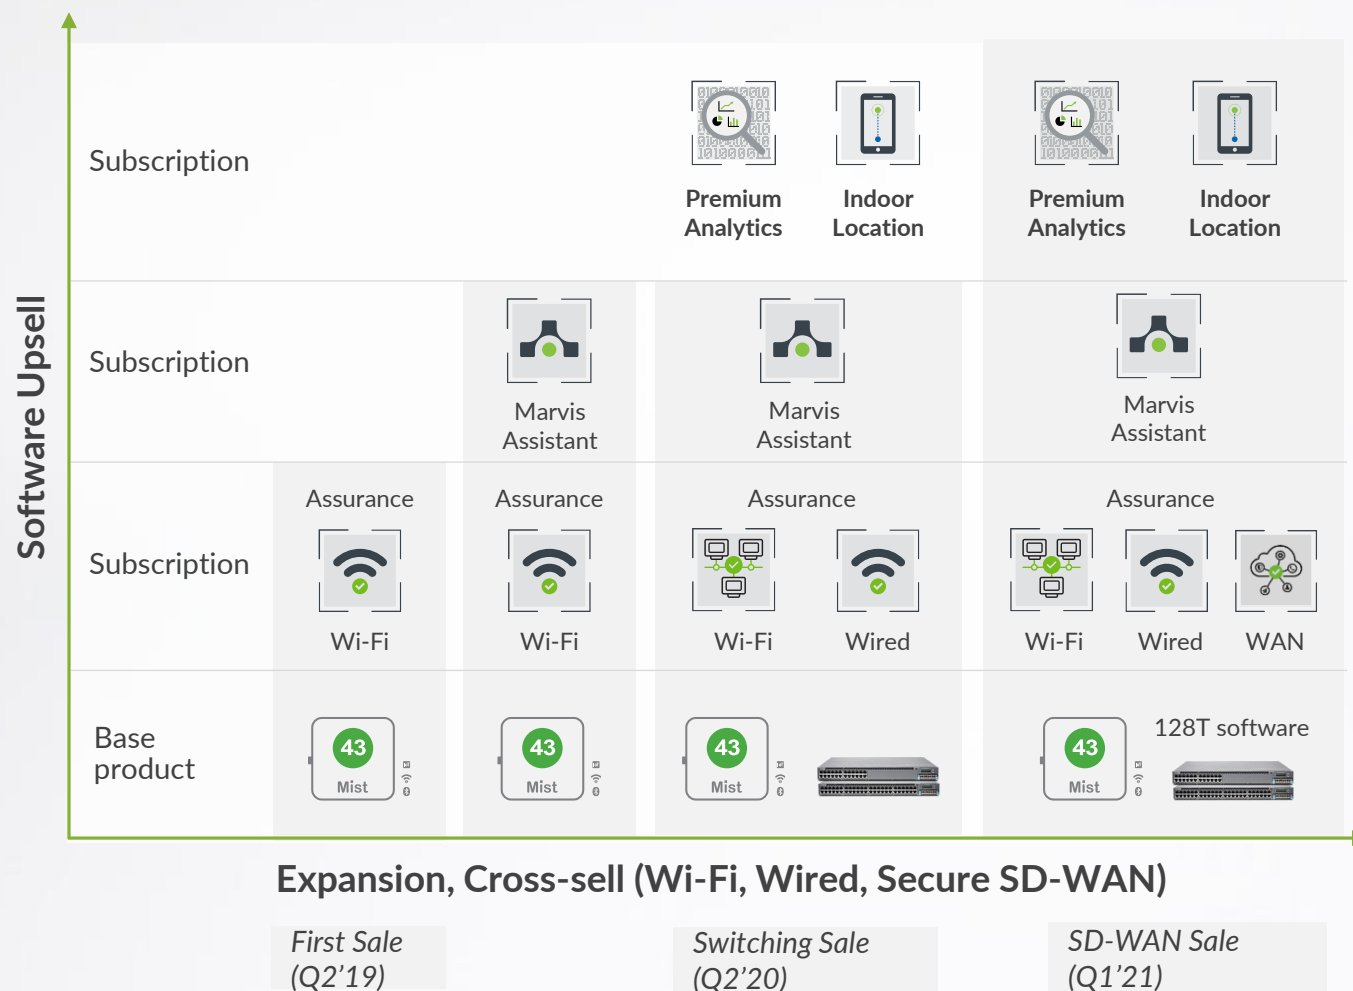

# Software enables us to deliver real value to our customers...

 <p><b>Automated WAN Solutions</b></p>	<p>“By automating our service assurance process, our engineering and operation organizations can guarantee that scheduled changes in our core and access networks do not impact customer experience.”</p> 
 <p><b>Cloud-Ready Data Center</b></p>	<p>“Enabled us to gain the day-2 operations efficiency needed to manage and sustain the complex network infrastructure in our cutting-edge facility.”</p> <p><b>Bloomberg</b></p>
 <p><b>AI-Driven Enterprise</b></p>	<p>Reduced trouble tickets in their corporate network by 90%, saving the IT department time &amp; money while optimizing end user experience.</p> <p><b>servicenow</b></p>

# Lifetime value to date from a Fortune 10 customer

## The Control Point Effect\*

- 1,500+ Mist customers
- 50% EX customers or trials
- \$1 Wi-Fi = \$2-\$3 Switching + \$0.5 WAN

\*as of December 31<sup>st</sup> 2020

# Software is a significant and growing business

	SOFTWARE & RELATED SERVICES <sup>1</sup>	2020 REVENUE	'20-23 GROWTH RATE*
 <b>Automated WAN Solutions</b>	<b>Automation and Orchestration</b>   	~\$200M	Low double-digit CAGR Mostly perpetual
 <b>Cloud-Ready Data Center</b>	<b>Intent-based Fabric Management</b>    	~\$200M	Low double-digit CAGR Mostly Subscription
 <b>AI-Driven Enterprise</b>	<b>AI-driven Support &amp; Operations</b>    	~\$130M	Doubling in 3 years Mostly ratable

\*Expected growth rate; range within forecasted mid-point.

<sup>1</sup> - Represents all software related revenue including software license revenue, software support and maintenance revenue and software-as-a-service (SaaS) revenue recognized from contracts with customers during the periods presented.

# Software and Annual Recurring Revenue

## SOFTWARE & RELATED SERVICES<sup>1</sup>

- Ratable, term and perpetual software
- Related maintenance services
- **Excluded:** Professional services

## ANNUAL RECURRING REVENUE (ARR)<sup>2</sup>

- Ratable
- Ability to deliver and charge for new services at advantageous margins

### Products

- Mist subscriptions
- Security software subscriptions
- As-a-Service components of recent acquisitions
- Cloudification of existing products

### Services

- Upgrades and fixes related to all software products

**Our definition of ARR is reliable, repeatable and robust**

1 - Represents all software related revenue including software license revenue, software support and maintenance revenue and software-as-a-service (SaaS) revenue recognized from contracts with customers during the periods presented.

2 - ARR Represents recurring revenue from renewable contracts with customers for software licenses, software support and maintenance, and software-as-a service (SaaS) expected to be recognized over an annual period of time. This metric includes the implied annualized billing value of contracts with a duration of one year or greater that are active as of the end of the periods presented. This metric excludes software licenses recognized as revenue at a point in time.

# Driving profitable growth

By increasing software and related services<sup>1</sup>

## Acceleration across all businesses driven by:

- FLEX model
- Targeted acquired assets
- Cloud connected capabilities across portfolio
- Margin >80%

Progress toward goal to be shared quarterly

\*Expected growth

1- Represents all software related revenue including software license revenue, software support and maintenance revenue and software-as-a-service (SaaS) revenue recognized from contracts with customers during the periods presented.

# Driving predictable growth

With recurring revenue

## ~100% ARR<sup>1</sup> growth driven by:

- Continued momentum from AI-driven Enterprise
  - Wired, Wireless, 128T & WAN Assurance
  - Advanced and premium subscriptions
- Security Subscriptions
- Cloudification of other Applications
  - Apstra & Paragon
- Cloudification of support capabilities
- Margin >80%

Progress to be reported periodically

\*Expected growth

<sup>1</sup> - ARR Represents recurring revenue from renewable contracts with customers for software licenses, software support and maintenance, and software-as-a service (SaaS) expected to be recognized over an annual period of time. This metric includes the implied annualized billing value of contracts with a duration of one year or greater that are active as of the end of the periods presented. This metric excludes software licenses recognized as revenue at a point in time.

# We have already built the capabilities to succeed

## PRODUCT

- Flexification to maximize software revenue
- Cloudification of AIDE portfolio & support offerings to maximize cross-sell offerings
- Enterprise Agreements (EA) and Capacity Activation Licensing (PAYG) offers

## GTM

- Identified partners to drive recurring business
- Ensuring pricing/incentive models attractive to GTM ecosystem

## OPERATIONS

- Continue investing in customer success function
- Updating IT stack to match needs of SW business

# Summary: Juniper's Software Journey

Significant and profitable: \$536M Rev, \$158M recurring, >80% Gross Margin

Critical for high-growth markets: Allowing us to compete and win where growth is

Leading products in each segment: Real customer advantage and differentiation

Portfolio selling: Low customer acquisition cost and expanded relationships

1.5X growth in software revenue and ~2X ARR growth over next 3 years

A low-angle, black and white photograph of several modern skyscrapers with glass facades, reaching towards the sky. The perspective creates a sense of height and architectural grandeur. A large, semi-transparent green rectangle is overlaid in the center of the image, serving as a background for the text.

# Thank you
