Our Businesses:

Retirement is a leading provider of retirement products and services in the U.S. serving more than 47,000 institutional clients and nearly 4.5 million individual retirement plan investors. Voya also has 2,100 financial advisors serving the retail market. Voya’s Retirement business is focused on guiding Americans to greater retirement readiness through employer-sponsored savings plans and holistic retirement and income guidance.

Investment Management is a leading, active asset management firm serving both affiliated and external institutions as well as individual investors. Drawing on over 40 years of history in investment

management, the firm has the experience and resources to provide clients with investment solutions with an emphasis on equities, fixed income, and multi-asset strategies and solutions.

Employee Benefits is a top provider of stop loss coverage in the U.S. In addition, Voya provides a comprehensive and highly flexible portfolio of life, disability, and voluntary insurance products to businesses covering 6.2 million individuals.

Individual Life is a top-tier provider of cash-value life insurance and provides wealth protection and transfer opportunities through universal, variable and index products.
