I am pleased to announce the release of our 2014 Political Activities and Contributions Report (Annual Report). At Voya Financial, Inc. (Voya Financial or the Company) we are committed to operating openly and believe the best way to demonstrate how we do business is to communicate and provide transparency to our shareholders, customers, employees and other important stakeholders.

The decisions made by government have a significant impact on how Voya Financial operates as a public company and competes in the marketplace. Accordingly, it is important that the Company maintain a presence in the public policy arena to express our viewpoints to legislators and regulators on key issues that impact how we do business.

Voya Financial engages in a number of initiatives to help support an active profile in legislative and regulatory processes. Such activities include direct engagements with state and federal lawmakers and regulators, partnerships with trade associations and operation of a federal political action committee (Voya Financial PAC).

This Annual Report provides detailed information on Voya Financial's political contributions and annual trade association dues, assessments and contributions to trade associations, industry groups and other disbursements exceeding \$50,000. Summary of Voya Financial's Policies and Procedures for Political Activity

Voya Financial recognizes the importance of participation in the American democratic process, both by individual employees and by the Company. Voya Financial also values transparency in this process and recognizes the need to disclose its political activity in order to promote strong corporate governance, participation in political processes and confidence in the American democratic systems. Voya Financial's United States political contributions and those of Voya Financial PAC are made in accordance with federal and state campaign finance and other applicable laws without regard for the private political preferences of Voya Financial executives. Internal policies and standards adopted by the Company also govern political activity. The Nominating and Governance Committee of Voya Financial's Board of Directors provides oversight with respect to the political contributions policy and practices of the Company.

Voya Financial respects and encourages the interests its employees may have in supporting the political candidates and issues of their choice. However, it is very important that any employee's participation in the governmental process be undertaken as an individual — not as a representative of Voya Financial. Certain personal, political contributions of employees and family members are prohibited or restricted under the Company's Political Activity Policy in order to comply with federal, state and local "pay-to-play" laws pertaining to contributions involving state and local governments with whom Voya Financial does business.

U.S. federal law and certain state laws prohibit a corporation, such as Voya Financial, from making political contributions in the United States. This includes monetary contributions as well as "in-kind" contributions. Voya Financial has one federal PAC, Voya Financial PAC, which is funded entirely through voluntary, employee contributions from eligible employees and directors. Contributions are strictly voluntary, and the Company and its management will not reward or penalize anyone for electing to participate or not.

In accordance with state and local campaign finance laws, two of Voya Financial's operating companies (ReliaStar Life Insurance Company and ReliaStar Life Insurance Company of New York) each provided a corporate contribution of \$5,000 to the Life Insurance Council of New York (LICONY) PAC. LICONY is the state life insurance trade association in New York. These contributions are included in this annual report.

Voya Financial PAC does not contribute to any super PACs nor does it contribute to any political 501(c)(4) organizations. Voya Financial PAC is not authorized to make any contributions to support or oppose any candidate for state or local office or any state or local official running for federal office, and is not authorized to make any contributions to any state or local party committee or state or local political committee. All solicitations, contributions, and expenditures by Voya Financial PAC are made in accordance with applicable laws and regulations and shall not trigger a ban on business for the Company.

Political contributions made by Voya Financial PAC provide a voice for Voya Financial and its employees so that they may participate in the American democratic process. Voya Financial PAC supports candidates from both major political parties and Independents who understand the importance of helping people responsibly save for retirement and manage their financial assets. PAC disbursement decisions are made by the officers of the PAC consistent with the PAC's Bylaws and based upon a candidate's State or Congressional District, committee assignment, legislative and work experience, expertise and other factors. Prior to any disbursement decisions, candidates are vetted by Corporate Communications for public statements inconsistent with our corporate values. Voya Financial PAC relies on outside legal expertise to address new or emerging issues and an outside vendor for administration of the PAC.
