AUDIT COMMITTEE CHARTER

Reconfirmed March 7, 2013

ROLE AND PURPOSE

The purpose of this Charter is to outline the role of the Audit Committee (the “**Committee**”) and the responsibilities assigned to it by the Board of Directors (the “**Board**”) of the Corporation. The primary function of the Committee is to provide oversight and make recommendations to the Board in fulfilling its oversight responsibilities with respect to the accounting and financial reporting processes of the Corporation and reviewing the financial information to be provided to the Corporation’s shareholders and others.

The Corporation’s external auditor shall be accountable to the Committee and the Board, and the Committee shall have the authority and responsibility to nominate an external auditor, oversee the independence, qualification and performance of the external auditor and the resolution of any issues between the external auditor and management, approve the compensation of, and, where appropriate, replace the external auditor. In the course of fulfilling its specific responsibilities hereunder, the Committee shall strive to maintain open avenues of communication between the Corporation’s external auditor and the Board.

The Committee shall have the power to conduct or authorize investigations into any matters within the Committee’s scope of responsibilities. In connection with such investigations or otherwise in the course of fulfilling its responsibilities under this Charter, the Committee shall have the authority to retain special legal, accounting or other consultants or advisors to advise it, and to authorize the payment of the fees and expenses of such consultants or advisors, and may request any officer or employee of the Corporation, the members of, or consultants or advisors to assist the Committee. The Committee shall also have the authority to direct the funding by the Corporation of ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties. The Committee shall have unrestricted access to personnel and information, and any resources necessary to carry out its responsibilities.

The Audit Committee should primarily fulfill these responsibilities by carrying out the activities enumerated in this Charter. However, it is not the duty of the Committee to prepare financial statements, to plan or conduct audits, to determine whether the financial statements are complete and accurate and are in accordance with Canadian generally accepted accounting principles (“**GAAP**”) or International Financial Reporting Standards (“**IFRS**”), as applicable, to conduct investigations, or to assure compliance with laws and regulations or the Corporation’s internal policies, procedures and controls, as these are the responsibility of management and in certain cases the external auditor, as the case may be.
