1. NATURE OF OPERATIONS AND GOING CONCERN

Aldridge Minerals Inc. (the "Company") is listed on the TSX Venture Exchange (TSX-V: AGM). The Company's principal business activities are the exploration and development of mineral properties owned by its wholly-owned subsidiary Aldridge Mineral Madencilik Ltd. Sti. ('Aldridge Turkey') in Turkey. The Company is incorporated under the Canadian Business Corporations Act, and its head office is located at 10 King Street East, Suite 300, Toronto, Ontario, M5C 1C3.

The economic recoverability of the mineral properties is dependent upon prevailing market conditions and metal prices, successful acquisition of the land in which the minerals are located and the ability of the Company to obtain necessary financing to bring the property to commercial production.

These unaudited condensed consolidated interim financial statements have been prepared on the basis of accounting principles applicable to a going concern, which assume that the Company will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities in the normal course of operations as they come due. The Company has incurred a net loss of $1,190,248 in the current six months period (six months ended June 30, 2016 - $1,688,792) and has an accumulated deficit of $75,415,900 (December 31, 2016 - $74,225,652). On June 20, 2017, the Company closed its non-brokered $5,000,000 private placement (the "Private Placement") less issuance cost of $253,970 (net proceeds - $4,746,030) to provide additional short term financing. In addition, the Company needs to secure additional financing to repay its borrowings, which become due as at September 16, 2018 and it requires long term project financing to advance the mine towards production, meet its obligations and keep its mineral claims in good standing. Although the Company has been successful in these activities in the past, there can be no assurance on the success and sufficiency of these initiatives in order to realize the economic value of the Yenipazar Project. These circumstances may cast significant doubt as to the Company's ability to continue as a going concern and the ultimate appropriateness of the use of accounting principles applicable to a going concern.

These unaudited condensed consolidated interim financial statements do not reflect the adjustments to the carrying values of assets and liabilities and the reported expenses and condensed consolidated interim statement of financial position classifications that would be necessary if the Company were unable to realize its assets and settle its liabilities as a going concern in the normal course of operations. Such adjustments could be material.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of preparation

These unaudited condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standard (IAS) 34, Interim Financial Reporting. The unaudited condensed consolidated interim financial statements do not include all disclosures required by International Financial Reporting Standards ("IFRS") for annual consolidated financial statements and accordingly, should be read in conjunction with the Company's annual financial statements for the year ended December 31, 2016, which have been prepared in accordance with IFRS. The Board of Directors approved the unaudited condensed consolidated interim financial statements for issuance on August 09, 2017.

A summary of significant accounting policies is included in Note 2 of the Company's annual financial statements for the year ended December 31, 2016. The accounting policies adopted are consistent with those of the previous financial year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(b) *Accounting standards and amendments issued and adopted*

The Company identified no significant Accounting standards and amendments to be adapted for the six months ended June 30, 2017.

(c) *Accounting standards and amendments issued but not yet adopted*

i) IFRS 9 - The final version of IFRS 9, Financial Instruments, was issued by the IASB in July 2014 and will replace IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 introduces a model for classification and measurement, a single, forward-looking 'expected loss' impairment model and a substantially reformed approach to hedge accounting. The new single, principle based approach for determining the classification of financial assets is driven by cash flow characteristics and the business model in which an asset is held. The new model also results in a single impairment model being applied to all financial instruments, which will require more timely recognition of expected credit losses. It also includes changes in respect of own credit risk in measuring liabilities elected to be measured at fair value, so that gains caused by the deterioration of an entity's own credit risk on such liabilities are no longer recognized in profit or loss. IFRS 9 is effective for annual periods beginning on or after January 1, 2018, but is available for early adoption. In addition, the own credit risk changes can be early applied in isolation without otherwise changing the accounting for financial instruments. The Company is in the process of assessing the impact of IFRS 9 and has not yet determined when it will adopt the new standard.

ii) IFRS 15, issued in May 2014, establishes the principles that an entity shall apply to report the nature, amount, timing, and uncertainty of revenue and cash flows arising from a contract with a customer. IFRS 15 replaces IAS 11, Construction contracts, IAS 18, Revenue, IFRIC 13, Customer Loyalty Programs, IFRIC 15, Agreements for the Construction of Real Estate, IFRIC 18, Transfers of Assets from Customers and Standard Interpretations Committee interpretation 31, Revenue – Barter Transactions Involving Advertising Services. IFRS 15 will also result in enhanced disclosures about revenue, provide guidance for transactions that were not previously addressed comprehensively and improve guidance for multiple-element arrangements. In September 2015, an amendment to IFRS 15 was issued to defer the effective date to annual periods beginning on or after January 1, 2018. The Company is currently assessing the impact of this standard. In April 2016, the IASB issued amendments to IFRS 15, clarifying the application of certain of its underlying principles, including the identification of a performance obligation, and the determination of whether a company is a principal or is acting as an agent in the provision of a good or service. The amendments will become effective concurrent with the effective date of IFRS 15 on January 1, 2018. The Company is currently assessing the impact of this standard.

iii) In January 2016, the IASB issued IFRS 16, replacing IAS17, "Leases". IFRS 16 provides a single lessee accounting model and requires the lessee to recognize assets and liabilities for all leases on its balance sheet providing the reader with greater transparency of an entity's lease obligations. IFRS 16 is effective for annual periods beginning on or after January 1, 2019 with early adoption provided. The Company has not evaluated the impact of this standard.

iv) In June 2016, the IASB issued amendments to IFRS 2, clarifying how to account for certain types of share-based payment transactions, including the accounting for the effects of vesting and non-vesting conditions on the measurement of cash-settled share-based payments, accounting for share-based payment transactions with a net settlement feature for withholding tax obligations, and accounting for modifications to the terms and conditions of a share-based payment that changes the classification of the share-based payment transaction from cash-settled to equity-settled. The IFRS 2 amendments are effective for annual periods beginning on or after January 1, 2018. The Company has not evaluated the impact of adopting these amendments to its unaudited condensed consolidated interim financial statements.

3. CAPITAL MANAGEMENT

The Company's capital management objectives, policies and processes have remained unchanged during the three and six months ended June 30, 2017.

4. BORROWINGS

	As at June 30, 2017	As at December 31, 2016
Carrying value of borrowings	**$ 35,080,146**	$ 33,209,792

On September 16, 2016, the Company entered into a Loan Agreement with Banka Kombetare Tregtare sh.a. ("BKT") pursuant to which BKT agreed to make available to the Company a secured credit facility (the "Credit Facility") in the amount of up to $40,000,000 including interest to be capitalized over the 24-month term of the Credit Facility.

BKT is a bank based in Albania and is headquartered in Tirana, the country's capital. BKT is a wholly-owned subsidiary of Calik Holding A.S., a conglomerate in Turkey.

The $40,000,000 Borrowings including interest carries an interest rate of 6% per annum plus twelve months USD LIBOR, subject to a minimum aggregate interest rate of 9%. The financing costs will be amortized over the term of the borrowings using the effective interest rate method. Total interest recognized during the six months ended June 30, 2017 before interest capitalization was $1,872,094 (June 30, 2016 - $1,525,725).

Aldridge Turkey holds an Operational License for the Yenipazar Project. On May 21, 2014, the Company's Operational License and related mining permits for the Yenipazar Project were renewed for 5 years.

While the Company advances the Yenipazar Project towards development and production, the Company is operating under a temporary shutdown permit. The temporary shutdown permit is renewed annually, with the current temporary shutdown permit valid until February 22, 2018.

During the three and six months ended June 30, 2017, additions to the mineral property under development mainly related to the employee expenses, engineering consulting and interest capitalization for the Yenipazar project.

The additional expenditures on the mineral property during the three and six months ended June 30, 2017 and June 30, 2016 in Yenipazar were as follows:
