The Company does not, by its reference above or distribution, imply its endorsement of or concurrence with such information, conclusions, or recommendations.

This package was prepared to provide supplemental operating, financing, and development information of the Company and the Operating Partnership for the first quarter of 2015. The information herein contains terms, captions, and other content for which definitions and additional background can be found in the Company's regular filings with the Securities and Exchange Commission, including its most recent Annual Report on Form 10-K and Quarterly Report on 10-Q. Refer to http://www.taubman.com for the latest available version of this package, which will incorporate any revisions to the information.

Use of Non-GAAP Measures

Within this supplemental information package, the Company uses certain non-GAAP operating measures, including Beneficial Interest in EBITDA, Net Operating Income, and Funds from Operations. These measures are reconciled to the most comparable GAAP measures. Additional information as to the use of these measures follows.

Beneficial Interest in EBITDA represents the Operating Partnership's share of the earnings before interest, income taxes, and depreciation and amortization of its consolidated and unconsolidated businesses. The Company believes Beneficial Interest in EBITDA provides a useful indicator of operating performance, as it is customary in the real estate and shopping center business to evaluate the performance of properties on a basis unaffected by capital structure.

The Company uses Net Operating Income (NOI) as an alternative measure to evaluate the operating performance of centers, both on individual and stabilized portfolio bases. The Company defines NOI as property-level operating revenues (includes rental income excluding straight-line adjustments of minimum rent) less maintenance, taxes, utilities, promotion, ground rent (including straight-line adjustments), and other property operating expenses. Since NOI excludes general and administrative expenses, pre-development charges, interest income and expense, depreciation and amortization, impairment charges, restructuring charges, and gains from peripheral land and property dispositions, it provides a performance measure that, when compared period over period, reflects the revenues and expenses most directly associated with owning and operating rental properties, as well as the impact on their operations from trends in tenant sales, occupancy and rental rates, and operating costs. The Company also uses NOI excluding lease cancellation income as an alternative measure because this income may vary significantly from period to period, which can affect comparability and trend analysis. The Company generally provides separate projections for expected comparable center NOI growth and lease cancellation income. Comparable centers are generally defined as centers that were owned and open for the entire current and preceding period presented.

The National Association of Real Estate Investment Trusts (NAREIT) defines Funds from Operations (FFO) as net income (computed in accordance with Generally Accepted Accounting Principles (GAAP)), excluding gains (or losses) from extraordinary items and sales of properties and impairment write-downs of depreciable real estate, plus real estate related depreciation and after adjustments for unconsolidated partnerships and joint ventures. The Company believes that FFO is a useful supplemental measure of operating performance for REITs. Historical cost accounting for real estate assets implicitly assumes that the value of real estate assets diminishes predictably over time. Since real estate values instead have historically risen or fallen with market conditions, the Company and most industry investors and analysts have considered presentations of operating results that exclude historical cost depreciation to be useful in evaluating the operating performance of REITs. The Company primarily uses FFO in measuring performance and in formulating corporate goals and compensation.

The Company may also present adjusted versions of NOI, Beneficial Interest in EBITDA, and FFO when used by management to evaluate operating performance when certain significant items have impacted results that affect comparability with prior or future periods due to the nature or amounts of these items. The Company believes the disclosure of the adjusted items is similarly useful to investors and others to understand management's view on comparability of such measures between periods. For the three month period ended March 31, 2014, EBITDA was adjusted for the gain on dispositions of interests in International Plaza, Arizona Mills, and land in Syosset, New York related to the former Oyster Bay project.

These non-GAAP measures as presented by the Company are not necessarily comparable to similarly titled measures used by other REITs due to the fact that not all REITs use the same definitions. These measures should not be considered alternatives to net income or as an indicator of the Company's operating performance. Additionally, these measures do not represent cash flows from operating, investing, or financing activities as defined by GAAP.

(1) Earnings no longer reflect the results of the centers sold to the Starwood Capital Group (Starwood) for periods after the October 2014 disposition date.

(2) During the three month period ended March 31, 2014, the Company recognized a gain (net of tax) of $476.4 million from dispositions of interests in International Plaza, Arizona Mills, and land in Syosset, New York related to the former Oyster Bay project. The effect of the gain on dispositions from the International Plaza, Arizona Mills, and Oyster Bay dispositions on diluted earnings per common share (EPS) was $5.30 per share.

(3) The tax status of the total 2015 common dividends declared and to be declared, assuming continuation of a $0.565 per common share quarterly dividend, is estimated to be 100% of ordinary income. The tax status of total 2015 dividends to be paid on Series J and Series K Preferred Stock is estimated to be 100% ordinary income. These are forward-looking statements and certain significant factors could cause the actual results to differ materially.

(4) Interest coverage ratio is calculated by dividing beneficial interest in EBITDA or adjusted beneficial interest in EBITDA by beneficial interest expense. Fixed charges coverage ratio is calculated by dividing beneficial interest in EBITDA or adjusted beneficial interest in EBITDA by beneficial interest expense and the sum of preferred dividends, distributions, and debt payments. For the three month period ended March 31, 2014, EBITDA was adjusted for the gain on dispositions of interests in International Plaza, Arizona Mills, and land in Syosset, New York related to the former Oyster Bay project.

The Unconsolidated Joint Ventures are presented at 100% in order to allow for measurement of their performance as a whole, without regard to the Company's ownership interest. In its consolidated financial statements, the Company accounts for its investments in the Unconsolidated Joint Ventures under the equity method. International Plaza's operations were consolidated through the January 2014 disposition. Subsequent to the disposition, the Company's remaining 50.1% interest is accounted for under the equity method of accounting within Unconsolidated Joint Ventures. In addition, Arizona Mills' operations were accounted for under equity method accounting through the disposition in January 2014. The results of the centers sold to Starwood were consolidated through the October 2014 disposition.

(2) During the three months ended March 31, 2014, the gain on dispositions of interests in International Plaza, Arizona Mills, and land in Syosset, New York related to the former Oyster Bay project is net of income tax expense of $10.2 million recognized.

(3) For the three months ended March 31, 2014, EBITDA includes the Company's $486.6 million (before tax) gain from the dispositions of interests in International Plaza, Arizona Mills, and land in Syosset, New York related to the former Oyster Bay project.

(a) All debt is secured and non-recourse to TRG unless otherwise indicated.

(b) Includes the impact of interest rate swaps that qualify for hedge accounting, if any, but does not include effect of amortization of debt issuance costs, losses on settlement of derivatives used to hedge the refinancing of certain fixed rate debt or interest rate cap premiums.

(c) Debt includes $0.1 million of purchase accounting premium from acquisition which reduces the stated rate on the debt of 4.42% to an effective rate of 3.88%.

(d) Debt includes $1.3 million of purchase accounting premium from acquisition which reduces the stated rate on the debt of 6.10% to an effective rate of 4.63%.

(e) In April 2015, the Company increased its ownership in The Mall of San Juan to 95%.

(f) $320 million construction facility which bears interest at LIBOR + 2.0% and decreases to LIBOR + 1.75% upon achieving certain performance measures. Two one-year extension options are available. TRG has provided an unconditional guarantee of the principal balance and all accrued but unpaid interest during the term of the loan.

(g) Rate floats daily at LIBOR plus spread. Letters of credit totaling $4.9 million are also outstanding on facility. The facility is recourse to TRG and secured by an indirect interest in 40% of The Mall at Short Hills. The facility matures in 2016.

(h) The unsecured facility bears interest at a range of LIBOR + 1.15% to 1.70% with a facility fee ranging from 0.20% to 0.30% based on the Company's total leverage ratio. A one-year extension option is available. The facility matures in 2019.

(i) The unsecured loan bears interest at a range of LIBOR + 1.35% to 1.90% based on the Company's leverage ratio. The LIBOR rate is swapped until maturity to a fixed rate of 1.65%, which results in an effective interest rate in the range of 3.0% to 3.55%.

(j) Debt is swapped to an effective rate of 3.49% until maturity.

(k) Beneficial interest in debt includes $1.6 million of purchase accounting premium from acquisition of an additional 25% investment in Waterside Shops which reduces the stated rate on the debt of 5.54% to an effective rate of 4.19% on total beneficial interest in debt.

(l) $225 million construction facility which bears interest at LIBOR + 1.70% and decreases to LIBOR + 1.60% upon achieving certain performance measures. Four one-year extension options are available. TRG has provided an unconditional guarantee of 25% of the principal balance of the facility and 50% of the interest. The principal guarantee may be reduced to 12.5% of the outstanding principal balance upon achievement of certain performance measures. Upon stabilization, the unconditional guarantee may be released.

(m) Debt is swapped to an effective rate of 3.58% until maturity. TRG has provided a several guarantee of 50.1% of the swap obligations.

(n) Debt is swapped to an effective rate of 4.10% until 2.5 months prior to maturity.

(o) Principal amortization includes amortization of purchase accounting adjustments.

(p) A one-year extension option is available.

(q) The loan on The Mall at Millenia is interest only until November 2016 and then amortizes principal based on 30 years. The interest only period may be extended until the maturity date provided that the net income available for debt service equals or exceeds a certain amount for the calendar year 2015.
