**Summary:** CPUC PG&E Electrical Incident ? EI220125A ? On January 25, 2022 a residential structure near Sonoma Highway and Acacia Lane in Santa Rosa was damaged in a residential structure fire. The damaged structure is service by the Rincon 1102 12kV Overhead Primary Distribution Circuit. The insurance company for the property is allegedly attributing PG&E for the cause of the fire, noting the fire involved the service meter and breaker box. The damage to the property is expected to exceed \$50,000. This incident is being reported under the property damage criterion. This information is preliminary.
