# FORWARD-LOOKING STATEMENTS AND GAAP TO NON-GAAP RECONCILIATION NOTES 

*Note: These preliminary results for the three months ended December 31, 2023 are subject to adjustments, including subsequent events that may occur through the date of filing of our Quarterly Report on Form 10-Q.

## Forward Looking Statements

This presentation includes forward-looking statements within the meaning of the U.S. federal securities laws, including, without limitation, statements regarding our preliminary financial results for the three and nine months ended December 31, 2023; Fiscal Year 2024 outlook for sales and non-GAAP operating income; our expectations for Fiscal Year 2025; long-term growth expectations; channel inventory, net sales comparison, non-GAAP gross margin and non-GAAP operating expenses expectations for Q4 of Fiscal Year 2024; business strategy and opportunities, including but not limited to product innovation and new product introductions, Al; trends in our business; and related assumptions.

These statements are subject to risks and uncertainties that may cause actual results and events to differ materially, including without limitation: macroeconomic and geopolitical conditions and other factors and their impact, for example changes in inflation levels and monetary policies; our expectations regarding our expense reduction efforts, including the timing thereof; changes in secular trends that impact our business; if our product offerings, marketing activities and investment prioritization decisions do not result in the sales, profitability or profitability growth we expect, or when we expect it; if we fail to innovate and develop new products in a timely and cost-effective manner for our new and existing product categories; if we do not successfully execute on our growth opportunities or our growth opportunities are more limited than we expect; the effect of demand variability, supply shortages and other supply chain challenges; the effect of logistics challenges, including disruptions in transportation lines; the effect of pricing, product, marketing and other initiatives by our competitors, and our reaction to them, on our sales, gross margins and profitability; if we are not able to maintain and enhance our brands; if our products and marketing strategies fail to separate our products from competitors' products; if we do not efficiently manage our spending; our expectations regarding our restructuring efforts, including the timing thereof; if there is a deterioration of business and economic conditions in one or more of our sales regions or product categories, or significant fluctuations in exchange rates; changes in trade regulations, policies and agreements and the imposition of tariffs that affect our products or operations and our ability to mitigate; if we do not successfully execute on strategic acquisitions and investments; risks associated with acquisitions; and the effect of changes to our effective income tax rates.

A detailed discussion of these and other risks and uncertainties that could cause actual results and events to differ materially from such forward-looking statements is included in Logitech's periodic filings with the Securities and Exchange Commission ("SEC"), including our Annual Report on Form 10-K for the fiscal year ended March 31, 2023, our Quarterly Report on Form 10-Q for the quarter ended September 30, 2023, and other reports filed with the SEC, available at www.sec, gov, under the caption Risk Factors and elsewhere. Logitech does not undertake any obligation to update any forward-looking statements to refilect new information or events or circumstances occurring after the date of this presentation.

## Non-GAAP Financial Measures

To supplement our condensed consolidated financial results prepared in accordance with GAAP, we use a number of financial measures, both GAAP and non-GAAP, in analyzing and assessing our overall business performance, for making operating decisions and for forecasting and planning future periods. We consider the use of non-GAAP financial measures helpful in assessing our current financial performance, ongoing operations and prospects for the future as well as understanding financial and business trends relating to our financial condition and results of operations.

We have included non-GAAP adjusted measures in this presentation, which exclude share-based compensation expense, amortization of intangible assets, acquisition-related costs, restructuring charges, net, loss on investments, non-GAAP income tax adjustment, and other items detailed under "Supplemental Financial Information" in our earnings press release posted to our website under "Quarterly Results" at http://ir.logitech.com.

We also present percentage sales growth in constant currency ("CC"), a non-GAAP measure, to show performance unaffected by fluctuations in currency exchange rates. Percentage sales growth in constant currency is calculated by translating prior period sales in each local currency at the current period's average exchange rate for that currency and comparing that to current period sales. Logitech believes this information will help investors to evaluate its current period performance, outlook and trends in its business. With respect to our outlook for non-GAAP operating income, most of the excluded amounts pertain to events that have not yet occurred and are not currently possible to estimate with a reasonable degree of accuracy. Therefore, no reconciliation to the GAAP amounts has been provided for the Fiscal Year 2024 non-GAAP operating income outlook.

[^0]:    Note: These preliminary results for the three months ended December 31, 2023 are subject to adjustments, including subsequent events that may occur through the date of filing of our Quarterly Report on Form 10-Q.

    1. Gaming includes streaming services revenue generated by Streamlabs.
    2. Other primarily consists of mobile speakers and PC speakers.
    3. Individual amounts may not add up to the total Net Sales due to rounding.
