# Duff & Phelps Utility and Infrastructure Fund Inc. Announces Renewal of Share Repurchase Program and Monthly Distributions

2025-06-16

CHICAGO--(BUSINESS WIRE)-- The Board of Directors of **Duff & Phelps Utility and Infrastructure Fund Inc.** (NYSE: DPG), a closed-end fund advised by Duff & Phelps Investment Management Co. (the “Adviser”), announced today the renewal of its open market share repurchase program. Under the Fund’s current repurchase program the Fund is authorized to purchase, on a discretionary basis through June 30, 2025, up to 5% of its outstanding common shares on the open market at a discount to net asset value (“NAV”). Pursuant to the renewed share repurchase program, commencing July 1, 2025, the Fund may repurchase up to 5% of its outstanding common shares (based on common shares outstanding on June 30, 2025) on the open market at a discount to NAV through June 30, 2026.

The repurchase program seeks to enhance shareholder value by purchasing shares of the Fund in the open market at a discount to NAV, which could result in incremental accretion to the Fund’s NAV. Under the program, the amount and timing of repurchases will be at the discretion of the Adviser and subject to market conditions and investment considerations. There is no assurance that the Fund will purchase shares at any particular discount levels or in any particular amounts. Any repurchases made under the program will be subject to New York Stock Exchange requirements and volume, timing, and other limitations under federal securities laws. The Fund’s share repurchase activity will be disclosed in the annual and semi-annual reports to shareholders.

The Board has authorized the payment of dividends on its common stock as follows:

Per Share Amount	Ex-Date	Record Date	Payable Date
\$0.07	July 31, 2025	July 31, 2025	August 11, 2025
\$0.07	August 29, 2025	August 29, 2025	September 10, 2025
\$0.07	September 30, 2025	September 30, 2025	October 10, 2025

The Fund adopted a managed distribution plan (the “Plan”) in 2015. Under the Plan, the Fund will distribute all available investment income to its shareholders, consistent with the Fund’s investment objective. If and when sufficient investment income is not available on a monthly basis, the Fund will distribute realized capital gains and/or return of capital to its shareholders in order to maintain the monthly \$0.07 per share distribution level.

The following table sets forth the estimated amounts of the Fund's May 2025 distribution to shareholders of record at the close of business on May 30, 2025 (ex-date May 30, 2025), payable June 10, 2025, together with the cumulative distributions paid from the first day of the fiscal year to this month end from the following sources. All amounts are expressed per share of common stock based on U.S. generally accepted accounting principles which may differ from federal income tax regulations.

The Fund will issue a separate 19(a) notice at the time of each distribution using the most current financial information available. You should not draw any conclusions about the Fund's investment performance from the amount of these distributions or from the terms of the Plan.

The amounts and sources of distributions reported in this notice are only estimates and are not being provided for tax reporting purposes. The actual amounts and sources of the amounts for tax reporting purposes will depend upon the Fund's investment experience during the remainder of the fiscal year and may be subject to changes based on tax regulations. The Fund or your broker will send you a Form 1099-DIV for the calendar year that will tell you how to report these distributions for federal income tax purposes.

## About the Fund

Duff & Phelps Utility and Infrastructure Fund Inc. is a closed-end investment management company whose investment objective is to seek total return, resulting primarily from (i) a high level of current income, with an emphasis on providing tax-advantaged dividend income and (ii) growth in current income, and secondarily from capital appreciation. The Fund seeks to achieve these objectives by investing primarily in equities of domestic and foreign utilities and infrastructure providers. Under normal market conditions, the Fund will invest at least 80% of its total assets in dividend-paying equity securities of companies in the utility industry and the infrastructure industry. The utility industry is defined to include the following sectors: electric, gas, water, telecommunications,

and midstream energy. The infrastructure industry is defined as companies owning or operating essential transportation assets, such as toll roads, bridges, tunnels, airports, seaports, and railroads.
