Fund Risks

An investment in a fund is subject to risk, including the risk of possible loss of principal. A fund's shares may be worth less upon their sale than what an investor paid for them. Shares of closed-end funds may trade at a premium or discount to their net asset value. For more information about each fund's investment objective and risks, please see the funds' annual report. A copy of the funds' most recent annual report may be obtained free of charge by contacting "Shareholder Services" as set forth at the end of this press release.
