Virtus Global Multi-Sector Income Fund Discloses Sources of Distribution - Section 19(a) Notice

6/3/2021

HARTFORD, Conn., June 3, 2021 /PRNewswire/ -- **Virtus Global Multi-Sector Income Fund** (NYSE: VGI) previously announced the following monthly distribution on May 20, 2021:

Amount of Distribution	Ex-Date	Record Date	Payable Date
\$0.08	June 10, 2021	June 11, 2021	June 18, 2021

This distribution represents a per annum distribution rate of approximately 7.64% based on the market price of the Fund's shares of \$12.56 as of the close of the New York Stock Exchange on May 19, 2021 and approximately 7.91% based on the Fund's net asset value (NAV) of \$12.13 as of the same date.

As was announced on May 20, 2021, the Fund's monthly distribution rate has been reduced by \$0.02 per share in order to provide a distribution rate that is more sustainable in the current environment of historically low interest rates.

Under the terms of its Managed Distribution Plan, the Fund will seek to maintain a consistent distribution level that may be paid in part or in full from net investment income and realized capital gains, or a combination thereof. Shareholders should note, however, that if the Fund's aggregate net investment income and net realized capital gains are less than the amount of the distribution level, the difference will be distributed from the Fund's assets and will constitute a return of the shareholder's capital. You should not draw any conclusions about the Fund's investment performance from the amount of this distribution or from the terms of the Fund's Managed Distribution Plan.

The Fund estimates that it has distributed more than its income and capital gains; therefore, a portion of your distribution may be a return of capital. A return of capital may occur, for example, when some or all of the money that you invested in the Fund is paid back to you. A return of capital distribution does not necessarily reflect the Fund's investment performance and should not be confused with 'yield' or 'income'.

The Fund provided this estimate of the sources of the distributions:

Distribution Estimates (Sources)	May 2021 (MTD)		Fiscal Year-to-Date (YTD)(1)
