The Zweig Fund, Inc. Declares Distribution And Discloses Sources Of Distribution - Section 19(a) Notice

HARTFORD, Conn., Dec. 2, 2016 /PRNewswire/ -- The Zweig Fund, Inc. (NYSE: ZF) announced the following quarterly distribution:

Amount of Distribution	Ex-Date	Record Date	Payable Date
$0.361	January 5, 2017	December 29, 2016	January 10, 2017

Under the terms of its managed distribution plan, the fund will seek to maintain a consistent distribution level that may be paid in part or in full from net investment income and realized capital gains, or a combination thereof. Shareholders should note, however, that if the fund's aggregate net investment income and net realized capital gains are less than the amount of the distribution level, the difference will be distributed from the fund's assets and will constitute a return of the shareholder's capital. You should not draw any conclusions about the fund's investment performance from the amount of this distribution or from the terms of the fund's managed distribution plan.

The fund provided this estimate of the sources of the distributions:

About the Fund

The Zweig Fund is a diversified closed-end fund whose investment objective is capital appreciation, with current income as a secondary objective. It currently targets an allocation of 60 percent of its assets in equity securities and 40 percent fixed income. The equity allocation invests globally in owners/operators of infrastructure in the communications, utility, energy, and transportation industries. The fixed income portion utilizes a time-tested approach of active sector rotation, extensive credit research and disciplined risk management designed to capitalize on opportunities across undervalued areas of the fixed income markets. The fund also pursues an options income strategy whereby it purchases and sells out-of-the money puts and calls, creating an options spread.

Virtus Investment Advisers has been the investment adviser to the fund and Duff & Phelps Investment Management Co. and Newfleet Asset Management have been subadvisers since September 7, 2016. Performance and characteristics prior to that date were attained by the previous adviser using a different investment strategy.

Fund Risks

An investment in the fund is subject to risk. The fund's shares may be worth less than what an investor paid for them when they are sold. The options strategy may not be successful in its objective of increasing distributable income while limiting the risk of loss and could result in increased losses for investors.
