IMPORTANT DISCLOSURES

This presentation contains statements that are, or may be considered to be, forward-looking statements. All statements that are not historical facts, including statements about our beliefs or expectations, are “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, as amended. These statements may be identified by such forward-looking terminology as “expect,” “estimate,” “intent,” “plan,” “intend,” “believe,” “anticipate,” “may,” “will,” “should,” “could,” “continue,” “project,” “opportunity,” “predict,” “would,” “potential,” “future,” “forecast,” “guarantee,” “assume,” “likely,” “target” or similar statements or variations of such terms.

Our forward-looking statements are based on a series of expectations, assumptions and projections about the company and the markets in which we operate, are not guarantees of future results or performance, and involve substantial risks and uncertainty, including assumptions and projections concerning our assets under management, net asset inflows and outflows, operating cash flows, business plans and ability to borrow, for all future periods. All of our forward-looking statements are as of the date of this presentation only. The company can give no assurance that such expectations or forward-looking statements will prove to be correct. Actual results may differ materially.

Our business and our forward- looking statements involve substantial known and unknown risks and uncertainties, including those discussed under "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our 2020 Annual Report on Form 10-K, as supplemented by our periodic filings with the Securities and Exchange Commission (the "SEC"), as well as the following risks and uncertainties resulting from: (i) any reduction in our assets under management; (ii) general domestic and global economic, political and pandemic conditions; (iii) inability to achieve the expected benefits of our strategic transactions; (iv) the on-going effects of the COVID-19 pandemic and associated global economic disruption; (v) withdrawal, renegotiation or termination of investment advisory agreements; (vi) damage to our reputation; (vii) inability to satisfy financial covenants and payments related to our indebtedness; (viii) inability to attract and retain key personnel; (ix) challenges from the competition we face in our business; (x) adverse developments related to unaffiliated subadvisers; (xi) negative changes in key distribution relationships; (xii) interruptions in or failure to provide critical technological service by us or third parties; (xiii) risk of loss on our investments; (xiv) lack of sufficient capital on satisfactory terms; (xv) adverse regulatory and legal developments; (xvi) failure to comply with investment guidelines or other contractual requirements; (xvii) adverse civil litigation and government investigations or proceedings; (xviii) unfavorable changes in tax laws or limitations; (xix) volatility associated with our common stock; (xx) inability to make quarterly common stock dividends; (xxi) certain corporate governance provisions in our charter and bylaws; (xxii) losses or costs not covered by insurance; (xxiii) impairment of goodwill or intangible assets; and other risks and uncertainties. Any occurrence of, or any material adverse change in, one or more risk factors or risks and uncertainties referred to above, in our 2020 Annual Report on Form 10-K and our other periodic reports filed with the SEC could materially and adversely affect our operations, financial results, cash flows, prospects and liquidity.

Certain other factors that may impact our continuing operations, prospects, financial results and liquidity, or that may cause actual results to differ from such forward-looking statements, are discussed or included in the company's periodic reports filed with the SEC and are available on our website at www.virtus.com under “Investor Relations.” You are urged to carefully consider all such factors.

The company does not undertake or plan to update or revise any such forward-looking statements to reflect actual results, changes in plans, assumptions, estimates or projections, or other circumstances occurring after the date of this presentation, even if such results, changes or circumstances make it clear that any forward-looking information will not be realized. If there are any future public statements or disclosures by us that modify or impact any of the forward-looking statements contained in or accompanying this presentation, such statements or disclosures will be deemed to modify or supersede such statements in this presentation.

GROWTH OPPORTUNITIES

CURRENT M&A FOCUS AREAS

Selective acquisition strategy targeting differentiated, institutional quality managers, as well as opportunities that expand our product offering or enhance our scale and/or distribution capabilities

- While our long-term growth strategy is not contingent upon M&A, our business model is effectively built to support and maintain the addition of new affiliated managers
- We evaluate inorganic growth opportunities selectively, and only consider opportunities that make both financial and strategic sense
- Any opportunity considered must represent our highest and best use of capital
- Our track record demonstrates a disciplined approach to M&A evaluation, and successful execution of acquisitions

Agreement with Westchester Capital Management

Virtus has entered into an agreement to acquire Westchester Capital Management

About Westchester Capital

- Premier manager of event-driven investment strategies
 - Merger arbitrage, multi-event, opportunistic credit
- \$5.0 billion in AUM, including the 30-year-old Merger Fund®
 - First mutual fund devoted exclusively to merger arbitrage

Strategic Rationale

- Expands product offerings with distinctive non-correlated capabilities
- Adds funds currently available on top retail platforms
- Provides opportunity to leverage strategies into other product structures

Structure and Alignment

- Strong alignment of interests with leadership through profit participation, employment agreements, and investment in funds
- Westchester will continue to manage funds as a Virtus affiliate

Financial Considerations

- Acquiring full ownership for \$135 million at closing; potential future payments based on revenues and growth
- Existing resources sufficient to fund closing payment
- Expected to be immediately accretive to EPS, as adjusted, by approximately 7%¹

Approvals and Timing

- Requires approval of fund board and shareholders
- Expected to close near the end of 3Q21

Agreement with Stone Harbor Investment Partners

About Stone Harbor

- Manager of \$15.3 billion¹ of emerging markets debt, multi-asset credit, and other credit strategies
 - Clients include global institutions, including some of the largest sovereign wealth funds, pension plans, foundations, and endowments
-

Strategic Rationale

- Adds highly regarded emerging markets debt strategy
 - Enhances presence in the institutional channel
 - Expands global distribution presence and resources
-

Financial Considerations

- Acquiring 100% of equity of Stone Harbor at close
 - Strong alignment of interests through potential future payments based on revenue retention and growth
 - Estimated to be modestly accretive to EPS, as adjusted, upon closing²
 - Existing balance sheet resources sufficient to fund closing payment
-

Approvals and Timing

- Subject to customary client consents, including approval of fund boards and fund shareholders, as well as approval of foreign regulators
 - Expected to close near the end of 2021

Non-GAAP financial information differs from financial information determined in accordance with U.S. GAAP as a result of the reclassification of certain income statement items, as well as the exclusion of certain expenses and other items that are not reflective of the earnings generated from providing investment management and related services. Non-GAAP financial information has material limitations and should not be viewed in isolation or as a substitute for U.S. GAAP measures.

Reclassifications:

1. Consolidated investment products - Revenues and expenses generated by operating activities of mutual funds and CLOs that are consolidated in the financial statements. Management believes that excluding these operating activities to reflect net revenues and expenses of the company prior to the consolidation of these products is consistent with the approach of reflecting its operating results from managing third-party client assets.

Revenue related adjustments:

2. Investment management fees/Distribution and service fees - Each of these revenue line items is reduced to exclude fees passed-through to third-party client intermediaries who own the retail client relationship and are responsible for distributing the product and servicing the client. The amount of fees fluctuate each period, based on a predetermined percentage of the value of assets under management, and vary based on the type of investment product. The specific adjustments are as follows:

Investment management fees - Based on specific agreements, the portion of investment management fees passed-through to third-party intermediaries for services to investors in sponsored investment products.

Distribution and service fees - Based on distinct arrangements, fees collected by the Company then passed-through to third-party client intermediaries for services to investors in sponsored investment products. Adjustment represents all of the Company's distribution and service fees which are recorded as a separate line item on the condensed consolidated statements of operations.

Management believes that making these adjustments aids in comparing the company's operating results with other asset management firms that do not utilize third-party client intermediaries.

Other adjustments:

3. Distribution and other asset-based expenses - Primarily payments to third-party client intermediaries for providing services to investors in sponsored investment products. Management believes that making this adjustment aids in comparing the company's operating results with other asset management firms that do not utilize third-party client intermediaries.
4. Amortization of intangible assets - Non-cash amortization expense or impairment expense, if any, attributable to acquisition-related intangible assets, including any portion that is allocated to noncontrolling interests. Management believes that making this adjustment aids in comparing the company's operating results with other asset management firms that have not engaged in acquisitions.
5. Restructuring and severance - Certain expenses associated with restructuring the business, including lease abandonment-related expenses and severance costs associated with staff reductions, that are not reflective of the ongoing earnings generation of the business. Management believes that making this adjustment aids in comparing the company's operating results with prior periods.
6. Acquisition and integration expenses - Expenses that are directly related to acquisition and integration activities. Acquisition expenses include transaction closing costs, certain professional fees, and financing fees. Integration expenses include costs incurred that are directly attributable to combining businesses, including compensation, restructuring and severance charges, professional fees, consulting fees, and other expenses. Management believes that making these adjustments aids in comparing the company's operating results with other asset management firms that have not engaged in acquisitions.
7. Other - Certain expenses that are not reflective of the ongoing earnings generation of the business. Employment expenses and noncontrolling interests are adjusted for fair value measurements of affiliate minority interests. Interest expense is adjusted to remove gains on early extinguishment of debt. Income tax expense (benefit) items are adjusted, for uncertain tax positions, changes in tax law, valuation allowances, and other unusual or infrequent items not related to current operating results to reflect a normalized effective rate. Preferred dividends are adjusted as preferred shares were mandatorily converted into common shares on February 1, 2020 and the non-GAAP weighted average shares are adjusted to reflect the conversion. Management believes that making these adjustments aids in comparing the company's operating results with prior periods.
8. Seed capital and CLO investments (gains) losses - Gains and losses (realized and unrealized) of seed capital and CLO investments. Gains and losses (realized and unrealized) generated by investments in seed capital and CLO investments can vary significantly from period to period and do not reflect the Company's operating results from providing investment management and related services. Management believes that making this adjustment aids in comparing the Company's operating results with prior periods and with other asset management firms that do not have meaningful seed capital and CLO investments
