Forward-looking statements

This presentation and other written or oral statements made from time to time by representatives of Broadridge may contain “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Statements that are not historical in nature, and which may be identified by the use of words like “expects,” “assumes,” “projects,” “anticipates,” “estimates,” “we believe,” “could be” and other words of similar meaning, are forward-looking statements. In particular, information appearing in the “Fiscal Year 2012 Financial Guidance” section and statements about our future financial performance are forward-looking statements. These statements are based on management’s expectations and assumptions and are subject to risks and uncertainties that may cause actual results to differ materially from those expressed. These risks and uncertainties include those risk factors discussed in Part I, “Item 1A. Risk Factors” of our Annual Report on Form 10-K for the fiscal year ended June 30, 2011 (the “2011 Annual Report”), as they may be updated in any future reports filed with the Securities and Exchange Commission. All forward-looking statements speak only as of the date of this presentation and are expressly qualified in their entirety by reference to the factors discussed in the 2011 Annual Report. These risks include: the success of Broadridge in retaining and selling additional services to its existing clients and in obtaining new clients; Broadridge’s reliance on a relatively small number of clients, the continued financial health of those clients, and the continued use by such clients of Broadridge’s services with favorable pricing terms; changes in laws and regulations affecting the investor communication services provided by Broadridge; declines in participation and activity in the securities markets; overall market and economic conditions and their impact on the securities markets; any material breach of Broadridge security affecting its clients’ customer information; the failure of Broadridge’s outsourced data center services provider to provide the anticipated levels of service; any significant slowdown or failure of Broadridge’s systems or error in the performance of Broadridge’s services; Broadridge’s failure to keep pace with changes in technology and demands of its clients; Broadridge’s ability to attract and retain key personnel; the impact of new acquisitions and divestitures; and competitive conditions. Broadridge disclaims any obligation to update or revise forward-looking statements that may be made to reflect events or circumstances that arise after the date made or to reflect the occurrence of unanticipated events, other than as required by law.

Use of non-GAAP financial measures

This presentation may include certain Non-GAAP (generally accepted accounting principles) financial measures in describing Broadridge’s performance. Management believes that such Non-GAAP measures, when presented in conjunction with comparable GAAP measures provide investors a more complete understanding of Broadridge’s underlying operational results. These Non-GAAP measures are indicators that management uses to provide additional meaningful comparisons between current results and prior reported results, and as a basis for planning and forecasting for future periods. These measures should be considered in addition to and not a substitute for the measures of financial performance prepared in accordance with GAAP. The reconciliations of such measures to the comparable GAAP figures are included in this presentation.

Pre-Spin financial information

Financial information presented for periods prior to the March 30, 2007 spin-off of Broadridge from Automatic Data Processing, Inc. (“ADP”) represents the operations of the brokerage services business which were operated as part of ADP. Broadridge’s financial results for periods before the spin-off from ADP may not be indicative of our future performance and do not necessarily reflect what our results would have been had Broadridge operated as a separate, stand-alone entity during the periods presented, including changes in our operations and capitalization as a result of the spin-off from ADP.

Broadridge Strategy Statement

- **Our vision is to be the leading provider of Investor Communications and Technology and Operations Solutions to Bank/Broker-Dealers, Mutual Funds, and Corporate Issuers globally**
 - We have strong positions in large and attractive markets with opportunities to grow
 - We have a balanced and diverse portfolio across four related businesses: broker-dealer communications, mutual funds, issuer services, and broker-dealer technology and operations
 - We will grow all four businesses by leveraging our unique network, our market position, and our brand/service reputation
 - We will do so with a combination of organic growth and M&A
 - We anticipate that this approach will drive 6-9% revenue growth, low-to-mid teens earnings growth, and including a target 2-3% dividend yield and buybacks, top-quartile total shareholder returns through FY14

Our financial strategy is a key part of our value creation strategy

Priority

- **35% dividend payout, but expect no less than 64 cents per share**
- **Organic growth with limited financial risk**
 - Avoid significant balance sheet risk
 - Invest in projects delivering at least 20% IRR
- **Tuck-in acquisitions with clear growth profile and returns**
 - Accretive to growth, margins, and earnings
 - >20% IRR in conservative business case
- **Long-term investment-grade debt rating**
 - Adjusted Debt/EBITDAR ratio¹ target is 2:1
- **Excess cash used opportunistically to offset dilution and reduce share count through buybacks**

1. Adjusted Debt/EBITDAR ratio calculated as (Debt + 5x Rent Expense) / (EBITDA + Rent Expense)

Broadridge's investment thesis

- **ICS is a highly defensible, scalable business with new growth opportunities**
- **SPS is a market share leader in mission-critical services with high client retention and emerging growth opportunities**
- **Industry trends becoming tailwinds instead of headwinds**
- **Broadridge is an emerging growth story with mid-to-high single digit revenue growth and expanding margins over the next several years**
- **Results-driven, deeply-experienced management and associate team aligned with shareholders and focused on delivering TSR through the Service Profit Chain**
- **Strong free cash flow generation**
