**LINKBANK Team Announcement:
Beulha Sigamony, Client Solutions Specialist II**

(CAMP HILL, PA; June 24th, 2019) The LINKBANK Team is pleased to announce Beulha Sigamony to the role of Client Solutions Specialist II.

Sigamony's responsibilities span much of the Camp Hill Solution Center's daily operations, serving as a primary point of contact for many of the customer-facing functions. Her role includes the continued support for LINKBANK's retail base, while also focusing a portion of her time developing external retail business relationships. With nearly twenty years of industry experience in various customer relationship roles, Sigamony has developed a keen ability in providing solutions appropriate to the needs of each individual client she serves.

Prior to her transition to LINKBANK, Sigamony spent more than a decade with Santander Bank in varying customer relationship roles. It was at Santander where Sigamony refined her skill set with exposure to differing functions, including retail and business account management, retail product development, and retail product sales. Before Santander, Sigamony was at Sovereign Bank and Waypoint Bank for a combined seven years as a Personal Banking Representative.

Sigamony holds a degree from Spicer Memorial College in Secretarial Science, along with a Secretarial Certification from Dewars College of Commerce.
