**LINKBANK Leadership Team Announcement:
Carl Lundblad, Chief Risk Officer & General Counsel**

(CAMP HILL, PA; June 10th, 2019) The LINKBANK Leadership Team is pleased to announce the addition of Carl Lundblad as LINKBANK's Chief Risk Officer and General Counsel.

Mr. Lundblad brings to the bank an impressive tenure within the industry, having worked in similar roles with many of LINKBANK's current Leadership Team members. Most notably, Lundblad served as Chief Legal and Administrative Officer with Susquehanna Bank (now BB&T), and prior to that held the role of General Counsel for Graystone Bank.

More recently, Lundblad served as Chief Executive Officer of Ten Thousand Villages, the pioneering national retailer of ethically sourced and artisan crafted products, where he successfully shepherded the not-for-profit organization through a period of transformation to advance its mission, culture and sustainability.

When asked about his transition to LINKBANK, Lundblad remarked, "I'm excited to be part of an organization that is squarely focused on the opportunity to use the business of banking to positively impact families and businesses in our community." Understanding the LINKBANK mission to positively impact lives, Lundblad brings an energy to advance the bank and all those who connect with it.

"I returned to banking because I have seen the power of investing in the dreams and talents of skilled entrepreneurs," said Lundblad. "When a bank invests in individuals and businesses, we help to provide resources that enable growth, so that business thrives and families and communities flourish."

LINKBANK is extremely proud and excited to have such an asset joining the team. Brent Smith, President, commented, "Carl is an amazing individual who brings a tremendous wealth of knowledge to the table. We are excited and fortunate to have him."
