**LINKBANK Leadership Team Announcement:
Melissa Hoffman, Head of Operations**

(CAMP HILL, PA; June 17th, 2019) LINKBANK is pleased to announce a new addition to its Leadership Team; Melissa Hoffman, Head of Operations.

Hoffman comes to LINKBANK decorated with a myriad of operational expertise spanning nearly three decades. Most recently, Hoffman spent time with Jack Henry working as a Customer Relationship Manager engaged with banks in the Mid-Atlantic and Midwest in operational project management. Prior to Jack Henry, she spent more than 16 years of her career with BB&T as Senior Vice President, Director, Product Support and Service Delivery. Hoffman was responsible for all loan and deposit operations and the digital banking arm of the organization. It was in this role where Hoffman gleaned much of the background required to provide a well-rounded view of a bank's back office.

Hoffman holds a Bachelor of Arts in Economics from Dickinson College and is currently finishing a Master of Divinity at the United Lutheran Seminary in Gettysburg/Philadelphia. She currently serves as Chairperson of several church committees and has served as a board member with the Lutheran Social Services organization and was the Chairman of the Finance Committee for the Lower Susquehanna Synod, ELCA.
