

NEWS RELEASE

Everi Holdings Partners With Spin Games to Deliver Interactive Slot Game Content Via the ROC(TM) Remote Gaming Server

7/6/2016

Everi Expands Availability of Proven Game Content on Interactive Channels through Spin Games' Leading Global Social and Real Money Wagering Platforms

LAS VEGAS, July 06, 2016 (GLOBE NEWSWIRE) -- Everi Holdings Inc. (NYSE:EVRI) ("Everi" or the "Company"), the casino gaming industry's single source provider of gaming products and payments solutions, today announced it has entered into a content integration and technology license agreement with Spin Games LLC ("Spin"), the premier provider of innovative content and smart solution HTML5 technology to interactive and social gaming operators. Pursuant to the new partnership, Spin will integrate Everi's gaming content throughout North American and European I-gaming jurisdictions through the ROCTM (Robust Online Client), Spin's best-of-breed HTML5 remote gaming server (RGS).

Everi will leverage Spin Games' leading technology capabilities for social and real money wagering platforms to deliver an extensive portfolio of popular slot gaming titles to mobile devices, desktop platforms, and multiple internet browsers, enabling players to access the games they enjoy at any time.

"Expanding the online availability of our popular slot gaming content is a strategic priority for Everi and this new partnership with Spin Games will provide us with critical advantages in executing on this initiative," said Michael Rumbolz, president and chief executive officer of Everi. "Spin Games' technology is a leading solution for delivering social and real money wagering content to casino operators seeking to create deeper player connections by offering them the slot gaming entertainment they enjoy no matter where they are. Thanks to this new partnership,

our casino operator customers can offer slot players their favorite Everi games through their phones, computers, and other devices, whenever they like. We are excited to have Spin as a strategic partner and look forward to working with them on this important initiative.”

Spin’s state-of-the-art RGS, the ROC, offers widespread real-money gaming and social gaming distribution capabilities and streamlines gaming content for a variety of online interactive markets. Its robust technology allows for rapid integration, giving operators the flexibility and control they need to conveniently reach online players. Operators have the ability to offer their players a wide selection of content and thus maximize their revenue.

“We are excited to partner with Everi and honored to have been chosen as an interactive technology provider that will help them achieve their social and real money wagering goals,” said Kent Young, president of Spin Games. “With this new partnership, Spin continues to expand its footprint to new markets and we look forward to a close relationship with Everi going forward.”

About Everi Holdings

Everi Holdings is dedicated to providing video and mechanical reel gaming content and technology solutions, integrated gaming payments solutions and compliance and efficiency software. The Company’s Games business provides: (a) comprehensive content, electronic gaming units and systems for Native American and commercial casinos, including the award winning TournEvent® slot tournament solution; and (b) the central determinant system for the video lottery terminals installed at racetracks in the State of New York. The Company’s Payments business provides: (a) access to cash at gaming facilities via Automated Teller Machine cash withdrawals, credit card cash access transactions, point of sale debit card transactions, and check verification and warranty services; (b) fully integrated gaming industry kiosks that provide cash access and related services; (c) products and services that improve credit decision making, automate cashier operations and enhance patron marketing activities for gaming establishments; (d) compliance, audit and data solutions; and (e) online payment processing solutions for gaming operators in states that offer intrastate, Internet-based gaming and lottery activities.
