Varonis Selected as SC Media 2018 Excellence Award Finalist in Three Categories

NEW YORK, Feb. 26, 2018 (GLOBE NEWSWIRE) -- [Varonis Systems, Inc.](#) (NASDAQ:VRNS), a pioneer in data security and analytics, announced its selection as an Excellence Award finalist in three categories -- Best Customer Service, Best Enterprise Security Solution, and Best Regulatory Compliance Solution -- for the 2018 SC Magazine Awards. Finalists are recognized for outstanding leadership and providing superior security products to the cybersecurity industry. Winners will be announced at the SC Awards ceremony on April 17, 2018 in San Francisco.

"In an age where threats are ever-evolving, it is reassuring to know that one true constant is the commitment of dedicated information security professionals, as best exemplified by our SC Media Awards finalists," said Illena Armstrong, VP, editorial, SC Media. "These inspiring innovators have set a high bar for their industry peers, as they continue to protect the world from attacks and vulnerabilities that imperil our security, privacy, and digital infrastructure. The year 2017 brought us WannaCry ransomware infections, the rise of cryptominers, and bugs like Broadpwn and BlueBorne that affected billions of devices. Whatever threats rear their ugly heads in 2018 and beyond, our finalists will be ready to act."

Now in its 21st year, SC Awards is recognized as the industry gold standard of accomplishment for cybersecurity professionals, products and services. Winners in each category are determined by an expert panel of judges with extensive knowledge and experience in the cybersecurity industry.

"In such a competitive market, we are honored to be highlighted as a finalist in three categories for this year's SC Awards," said Varonis CMO David Gibson. "With 80% of our [customers](#) detecting critical security issues and thousands of prevented breaches, this nomination is further recognition of our vision and continued efforts that are helping thousands of organizations around the world to discover, monitor and lock down their enterprise data. We look forward to seeing everyone at the SC Awards gala this April."

The SC Awards gala honoring the winners attracts top professionals in the cybersecurity community and provides an invaluable opportunity for networking. To register for the 2018 SC Awards gala, please visit <http://www.scmagazine.com/awards/>.

About Varonis

Varonis is a pioneer in data security and analytics, fighting a different battle than conventional cybersecurity companies. Varonis focuses on protecting enterprise data: sensitive files and emails; confidential customer, patient and employee data; financial records; strategic and product plans; and other intellectual property. The Varonis Data Security Platform detects insider threats and cyberattacks by analyzing data, account activity and user behavior; prevents and limits disaster by locking down sensitive and stale data; and efficiently sustains a secure state with automation. With a focus on data security, Varonis serves a variety of use cases, including governance, compliance, classification and threat analytics. Varonis started operations in 2005 and, as of December 31, 2017, had approximately 6,250 customers worldwide - comprised of industry leaders in many sectors including financial services, healthcare, public, industrial, insurance, energy and utilities, consumer and retail, education, media and entertainment and technology.
