Disclaimer

No Offer or Solicitation

This communication is not intended to and shall not constitute an offer to purchase or the solicitation of an offer to buy or sell any securities, nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. No offer of securities shall be made, except by means of a prospectus meeting the requirements of Section 10 of the Securities Act of 1933, as amended.

Forward-looking Statements

This presentation contains “forward-looking statements”, within the meaning of the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995, as amended, that are based on management’s expectations, estimates, projections and assumptions. Words such as “expects,” “anticipates,” “plans,” “believes,” “scheduled,” “estimates” and variations of these words and similar expressions are intended to identify forward-looking statements. Forward-looking statements include, but are not limited to, those regarding anticipated growth and trends in our businesses and markets, industry outlooks and demand drivers, including trends related to artificial intelligence and high-performance computing, statements regarding the pending merger with Axcelis, the timing of shipments, deliveries and revenue recognition, statements regarding shipments currently being held by U.S. Customers, our investment and growth strategies, our development of new products and technologies, our business outlook for current and future periods, our ongoing transformation initiative and the effects thereof on our operations and financial results, the timing, completion and expected benefits of the proposed transaction and other statements that are not historical facts. These statements and their underlying assumptions are subject to risks and uncertainties and are not guarantees of future performance. Factors that could cause actual results to differ materially from those expressed or implied by such statements include, without limitation: the level of demand for our products; global economic and industry conditions; global trade issues, including the effects of foreign and domestic tariffs and the ongoing trade disputes between the U.S. and China, and changes in trade and export license policies; our dependency on third-party suppliers and outsourcing partners; the timing of customer orders; our ability to develop, deliver and support new products and technologies; our ability to expand our current markets, increase market share and develop new markets; the concentrated nature of our customer base; cybersecurity attacks and our ability to safeguard sensitive information and protect our intellectual property rights in key technologies; the effects of regional or global health epidemics; delays in or failure to complete the proposed transaction, whether due to an inability by either party to satisfy one or more conditions to closing, including an inability to obtain regulatory approval in China, the occurrence of events or changes in circumstances that give rise to the termination of the applicable merger agreement by either party, or otherwise; risks related to the pendency of the proposed transaction and its effect on our business, financial condition, results of operations, cash flows and stock price; our ability to achieve the objectives of operational and strategic initiatives and attract, motivate and retain key employees, including as a result of the proposed transaction; diversion of management time and attention from ordinary course business operations to the proposed transaction and other potential disruptions to our business relating thereto; the variability of results among products and end-markets, and our ability to accurately forecast future results, market conditions, and customer requirements; the impact of our indebtedness, including our convertible senior notes and our capped call transactions; and other risks and uncertainties described in our SEC filings on Forms 10-K, 10-Q and 8-K, and from time-to-time in our other SEC reports. All forward-looking statements speak only to management’s expectations, estimates, projections and assumptions as of the date of this presentation. The Company does not undertake any obligation to update or publicly revise any forward-looking statements to reflect events, circumstances or changes in expectations after the date of this presentation.

Non-GAAP Financial Measures

This presentation also includes references to financial measures that are calculated and presented on the basis of methodologies other than in accordance with generally accepted accounting principles in the United States of America (“GAAP”). These non-GAAP measures include, but are not limited to, non-GAAP gross profit, non-GAAP gross margin, non-GAAP operating expenses, non-GAAP operating income, non-GAAP net income and non-GAAP diluted earnings per share. Any non-GAAP financial measures used in this presentation are in addition to, and should not be considered superior to, or a substitute for, financial statements prepared in accordance with GAAP. Non-GAAP financial measures should not be considered in isolation or as an alternative to financial statements prepared in accordance with GAAP and are subject to significant inherent limitations. We believe these non-GAAP measures of financial results provide useful information to management and investors regarding certain financial and business trends relating to Veeco's financial condition and results of operations. The non-GAAP measures presented herein should not be comparable to similar non-GAAP measures presented by other companies. These non-GAAP financial measures are subject to inherent limitations as they reflect the exercise of judgments by management about which expense and income are excluded or included in determining these non-GAAP financial measures. A reconciliation of non-GAAP financial measures used in this presentation to the most directly comparable GAAP financial measures is included in the Appendix.

Note on Reconciliation Tables

These tables include financial measures adjusted for the impact of certain items; these financial measures are therefore not calculated in accordance with U.S. generally accepted accounting principles (“GAAP”). These Non-GAAP financial measures exclude items such as: share-based compensation expense; charges relating to restructuring initiatives; non-cash asset impairments; certain other non-operating gains and losses; and acquisition-related items such as transaction costs, non-cash amortization of acquired intangible assets, incremental transaction-related compensation, and certain integration costs.

These Non-GAAP financial measures may be different from Non-GAAP financial measures used by other companies. Non-GAAP financial measures should not be considered a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP. By excluding these items, Non-GAAP financial measures are intended to facilitate meaningful comparisons to historical operating results, competitors' operating results, and estimates made by securities analysts. Management is evaluated on key performance metrics including Non-GAAP Operating Income, which is used to determine management incentive compensation as well as to forecast future periods.

These Non-GAAP financial measures may be useful to investors in allowing for greater transparency of supplemental information used by management in its financial and operational decision-making. In addition, similar Non-GAAP financial measures have historically been reported to investors; the inclusion of comparable numbers provides consistency in financial reporting. Investors are encouraged to review the reconciliation of the Non-GAAP financial measures used in this news release to their most directly comparable GAAP financial measures.
