

# **Important Information**

FORWARD-LOOKING STATEMENTS: This presentation contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include statements relating to our 2025 outlook and all underlying assumptions; our expected acquisition, development, and redevelopment activity; supply and demand for our self-storage facilities; information relating to operating trends in our management sexpectations regarding operating expenses, including property tax changes; expectations regarding the impacts from inflation and changes in macroeconomic conditions; our strategic priorities; expectations with respect to financing activities, rental rates, cap rates, and yields; leasing expenses, including property tax changes; expectations; our credit ratings; and all other statements other than statements of historical fact. Such statements are based on management and may be identified by the use of the words "outlook," "guidance," "expects," "should," "estimates," and similar expressions. These forward-looking statements involve known and unknown risks and uncertainties, which may cause our actual results and performance to be materially different from those expressed or implied in the forward-looking statements. Risks and uncertainties that may impact future results and performance include, but are not limited to those described in Part 1, Item 1A, "Risk Factors" in our most recent Annual Report on Form 10-K filed with the Securities and Exchange Commission (the "SEC") on February 24, 2025 and in our other filings with the SEC. These include changes in demand for our facilities; changes in macroeconomic conditions; changes in national self-storage facility development activity; impacts of natural disasters; adverse changes in laws and regulations including governing property tax, evictions, rental rates, minimum wage levels, and insurance; adverse economic effects from public health emergencies, international military conflicts, or similar events impacting public health an

**NON-GAAP MEASURES:** This presentation contains non-GAAP measures, including FFO, NOI, and EBITDA. Non-GAAP measures should not be considered as an alternative to, or more meaningful than, net income (determined in accordance with GAAP) or other GAAP financial measures, as an indicator of financial performance and are not an alternative to, or more meaningful than, cash flow from operating activities (determined in accordance with GAAP) as a measure of liquidity. Non-GAAP measures have limitations as they do not include all items of income and expense that affect operations and, accordingly, should always be considered as supplemental financial results to those presented in accordance with GAAP. In addition, other REITs may compute these measures differently, so comparisons among REITs may not be helpful. Please refer to our SEC periodic reports and the reconciliations attached to this presentation for definitions of our non-GAAP measures and reconciliations to the nearest GAAP measures.

# Public Storage Tutted controlls and art

# **Company Highlights**

# I. An Exceptional Industry

- Favorable demand dynamics
- Declining new competitive supply
- Fragmentation leads to portfolio growth
- A superior cash flow profile
- Operational improvement occurring

# II. Public Storage: Leading the Industry

- Unique competitive advantages
- Powerful compounding-returns platform
- Margin-enhancing transformation advancing
- Leading operations & external growth
- Growth-oriented balance sheet
- Attractive valuation

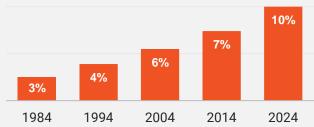

# **Favorable Fundamentals With Embedded Growth**

### **Growing Secular Demand**

- Needs-based, multi-faceted demand from individuals and business
- Net pro-cyclical, but with strong recession resilience
- The affordable option among space alternatives

### **Rising Utilization** % of U.S. Population Using Self Storage

### **Supply Constraints**

- Primarily small regional developers that are highly subject to pressures including:
  - Economic cycles
- Municipal processes
- Interest rates
- Underwriting complexity
- Construction costs
- Operational intensity
- Pressures create acquisition and thirdparty management opportunity

### **Declining Competitive New Supply** New Supply Growth<sup>1</sup>

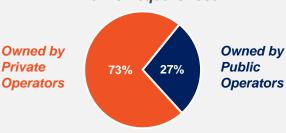

### 2018 2019 2020 2021 2022 2023 2024 2025E

### **Fragmentation Leads to Growth**

- Majority of properties are owned by smaller, less-sophisticated operators
- Institutional ownership with defined hold periods increasing over the past decade
- Strong operational upside potential on more-sophisticated owner platforms

### **Fragmented Ownership**

~2.1 billion square feet<sup>2</sup>

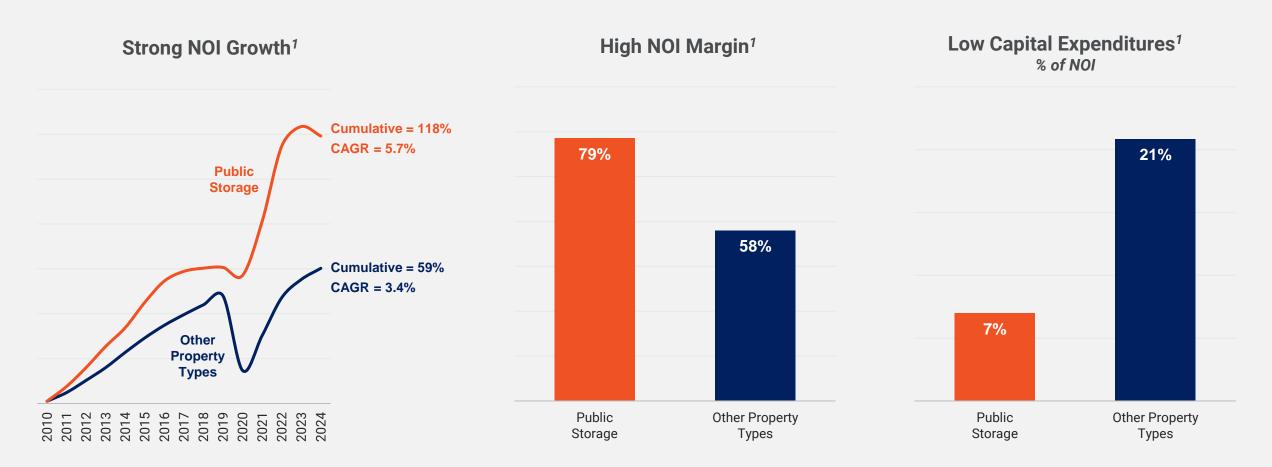

A fundamentally strong industry with benefits accruing to the larger and more-sophisticated operators

<sup>1.</sup> Reflects estimated annual expansion of total self storage net rentable square footage in the United States

<sup>2.</sup> Public owners include Public Storage, CubeSmart, Extra Space, National Storage Affiliates, and U-Haul

# **A Superior Cash Flow Profile**

Public Storage's competitive advantages combine with industry dynamics to drive robust cash flows and returns

# **Operations Stabilizing From Extraordinary Times**

### **Quarterly Same Store Revenue Growth**

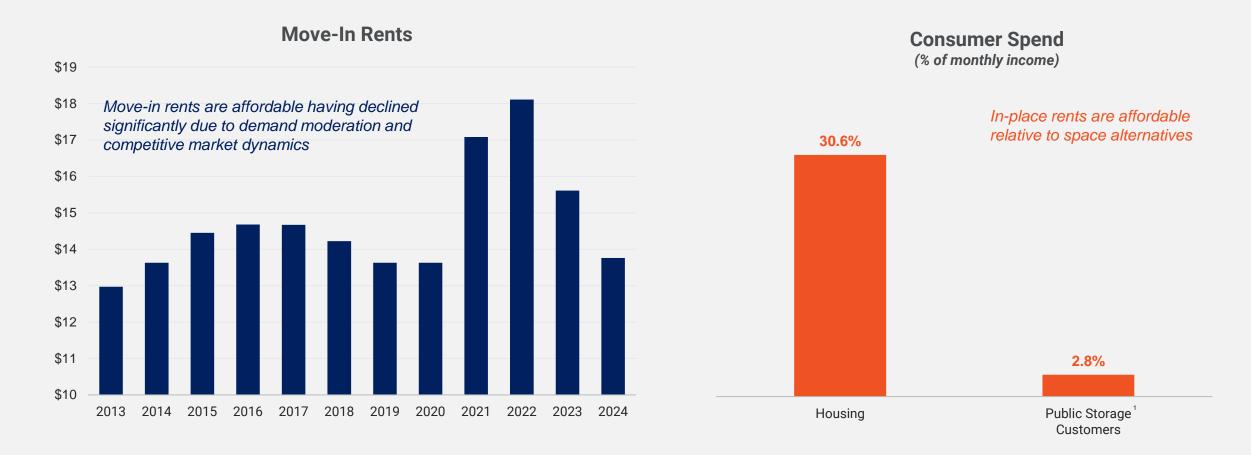

### **Stabilization Considerations**

- Broad-based improvement occurring across markets
- Versus the past, a more gradual total same store acceleration expected due to:
  - Impact of pricing restrictions in Los Angeles<sup>1</sup>
  - Competitive customer move-in environment
  - Muted housing market activity

Improvement following tough comparisons, demand moderation, and competitive market move-in rent dynamics

# The Affordable Space Alternative

Self storage rents are affordable on a nominal basis and relative to space alternatives including housing

# Public Storage: Leading the Industry
