The following functions shall be the common recurring activities of the Committee in carrying out its responsibilities outlined in Section I of this Charter. These functions should serve as a guide with the understanding that the Committee may carry out additional functions and adopt additional policies and procedures as may be appropriate in light of changing business, legislative, regulatory, legal or other conditions. These functions are the sole responsibility of the Committee and may not be allocated to a different Committee, other than a sub-committee of the Committee. The Committee shall also carry out any other responsibilities delegated to it by the Board of Directors from time to time related to the purposes of the Committee outlined in Section I of this Charter.

Review of Financial and Other Information

1. Review and discuss with management and the independent auditors prior to public dissemination the Company's annual audited financial statements and quarterly financial statements, including the Company's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations," any comments or recommendations of the independent auditor and any reports of the independent auditor with respect to interim financial reviews as required by Statement on Auditing Standards No. 100 (any and all references to "Statements on Auditing Standards" or "Independent Standards Board" in this Charter shall include any amendments or supplements to such applicable standards).
2. Discuss with the independent auditors the matters required to be discussed by the applicable auditing standards adopted by the Public Company Accounting Oversight Board (the "PCAOB") and approved by the SEC from time to time.
3. Review and discuss with management prior to dissemination: (i) the Company's earnings press releases (paying particular attention to the use of any non-GAAP financial measures) and (ii) financial information and earnings guidance, if any, provided to analysts and rating agencies. The Committee's discussion in this regard may be general in nature (*i.e.*, discussion of the types of information to be disclosed and the type of presentation to be made) and need not take place in advance of each earnings press release or each instance in which the Company may provide earnings guidance.
4. Perform any functions required to be performed by it or otherwise appropriate under applicable law, rules or regulations, the certificate of incorporation and bylaws of the Company and the resolutions or other directives of the Board of Directors, including review of any certification required to be reviewed in accordance with applicable law or regulations of the SEC by the Committee. Review the Company's disclosure controls and procedures and internal control over financial reporting. The review of internal control over financial reporting shall include whether there are any significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to affect the Company's ability to record, process, summarize and report financial information and any fraud involving management or other employees with a significant role in internal control over financial reporting.

Independent Auditors

5. Directly appoint, retain, review and terminate independent auditors and approve all audit engagement fees and terms.
6. Inform the Company's independent auditors that such auditing firm shall report directly to the Committee.
7. Review and approve the scope and staffing of the independent auditor's annual audit plans.
8. Review, at least annually, the qualifications, performance and independence of the independent auditors including a review of the lead partner of the independent audit team. In conducting its review and evaluation, the Committee should:
 - (i) obtain and review a report by the Company's independent auditors describing:
 - (a) the auditing firm's internal quality-control procedures;
 - (b) any material issues raised by the most recent internal quality-control review, or peer review, of the auditing firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the auditing firm, and any steps taken to deal with any such issues; and
 - (c) all relationships between the independent auditors and the Company in order to assess the auditors' objectivity or independence;
 - (ii) ensure that all auditing personnel are rotated in accordance with, and to the extent required by, applicable laws and regulations;
 - (iii) confirm with the independent auditor that the audit partners do not earn or receive any compensation based on selling engagements to the Company to provide any services to the extent such compensation would compromise the independence of accountant or auditor under the rules promulgated by the SEC; and
 - (iv) take into account the opinions of management and the Internal Audit Group.
9. Oversee the work of the Company's independent auditors, including the resolution of any disagreement between management and the auditors regarding financial reporting, for the purpose of preparing or issuing an audit report or related work.
10. Review and discuss with the Company's independent auditor a draft of the auditor's report, including any critical audit matters.

Pre-Approval of Auditor Engagements

11. Approve in advance any audit or non-audit engagement or relationship between the Company and the independent auditors, other than "prohibited non-auditing services," as determined from time to time by the SEC, the PCAOB or the NYSE through regulation or listing requirements.

The Committee may:

(i) pre-approve audit and non-audit services based on policies and procedures adopted by the Committee, provided: (a) the policies and procedures are detailed as to the particular service, (b) the Committee is informed of each service on a timely basis, (c) such policies and procedures do not include delegation of the Committee's responsibilities to management and (d) such policies and procedures are disclosed in the Company's annual reports; and/or

(ii) delegate to one or more of its members the authority to approve in advance all audit or non-audit services to be provided by the independent auditors so long as decisions made by such member or members are presented to the full Committee at the immediately subsequent scheduled meeting.

Notwithstanding the foregoing, pre-approval is not necessary for minor non-audit services if:

(i) the aggregate amount of all such non-audit services provided to the Company constitutes not more than five percent of the total amount of revenues paid by the Company to its auditors during the fiscal year in which the non-audit services are provided;

(ii) such services were not recognized by the Company at the time of the engagement to be non-audit services; and

(iii) such services are promptly brought to the attention of the Committee and approved prior to the completion of the audit by the Committee or by one or more members of the Committee who are members of the Board of Directors to whom authority to grant such approvals has been delegated by the Committee.

Financial Reporting Process

12. In consultation with the independent auditors, management and the Internal Audit Group, review the integrity of the Company's financial reporting processes, both internal and external. In that connection, the Committee shall, prior to the filing by the Company of its annual report and at such other times that the Committee deems appropriate, obtain and discuss with management and the independent auditors reports from management and the independent auditors regarding:

(i) all critical accounting policies and practices to be used by the Company;

(ii) analyses prepared by management and/or the independent auditors setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including all alternative treatments of financial information within generally accepted accounting principles related to material items that have been discussed with the Company's management, the ramifications of the use of the alternative disclosures and treatments, and the treatment preferred by the independent auditors;

(iii) major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles;

(iv) major issues as to the adequacy of the Company's internal controls and any specific audit steps adopted in light of any material control deficiencies; and

(v) any other material written communications between the independent auditors and the Company's management.

13. Review periodically the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Company.

14. Review with the independent auditors any audit problems or other difficulties encountered by the auditors in the course of the review or audit work, including any restrictions on the scope of the independent auditors' activities or on access to requested information, and any significant disagreements with management and management's responses to such matters. Without excluding other possibilities, the Committee may wish to review with the independent auditors:

(i) any accounting adjustments that were noted or proposed by the auditor but were "passed" (as immaterial or otherwise);

(ii) any communications between the audit team and the audit firm's national office respecting auditing or accounting issues presented by the engagement; and

(iii) any "management" or "internal control" letter issued, or proposed to be issued, by the independent auditors to the Company.

15. At least annually, the Audit Committee shall evaluate the performance, responsibilities, budget and staffing of the Internal Audit Group and review the internal audit plan. Such evaluation shall include a review of the responsibilities, budget and staffing of the Internal Audit Group with the independent auditor.

16. To the extent applicable, review and discuss with management and the independent auditors the policies and procedures in place to ensure the quality and integrity of the financial statements of the Company's unconsolidated subsidiaries and investments that are accounted for under the equity method of accounting are properly reflected and accounted for in the Company's financial statements.

17. Discuss with management and the independent auditor any correspondence with regulators or governmental agencies and any published reports which raise material issues regarding the Company's financial statements or accounting policies.

18. Discuss with the Company's Chief Legal Officer legal matters that may have a material impact on the Company's financial statements or compliance policies.

General

19. Set clear hiring policies for employees and former employees of the independent auditors. At a minimum, these policies must prohibit:

(i) the hiring of members of the Company's audit engagement team in a position at the Company which would cause the auditing firm to no longer qualify as independent under the rules promulgated by the SEC; and

(ii) the hiring of any employee or former employee of the Company's independent auditor or any firm providing the Company with internal auditing services without the prior approval of the Committee.

20. Review with management, the independent auditors and the persons responsible for the

23. Report regularly to the Board of Directors:

(i) with respect to any issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the Company's independent auditors or the performance of the Internal Audit Group;

(ii) with respect to such other matters as are relevant to the Committee's discharge of its responsibilities; and

(iii) with respect to such recommendations as the Committee may deem appropriate.

The report to the Board of Directors may be written or take the form of an oral report by the Chairman or any other member of the Committee designated by the Committee to make such report.

24. Maintain minutes or other records of meetings and activities of the Committee.

In this regard, the Committee shall have the authority to retain outside legal, accounting or other advisors as it reasonably deems necessary to carry out its duties, including the authority to approve the fees payable to such advisors and any other terms of retention. The Committee shall be provided with funds necessary to engage outside advisors and to fund its ordinary administrative expenses that are necessary or appropriate to carry out its duties, in each case, as determined by the Committee in its sole discretion.

The Committee, in discharging its oversight role, shall be given full access to all of the following:

In addition, the Committee shall review and reassess, at least annually, the adequacy of this Charter and recommend to the Board of Directors any improvements to this Charter that the Committee considers necessary or valuable. The Committee shall conduct such evaluations and reviews in such manner as it deems appropriate.

VI. LIMITATION OF RESPONSIBILITY
