

# **RR Donnelley Expands Legal Support Services Footprint and Establishes Alliance With Encore Discovery Solutions**

Feb 01, 2010

CHICAGO, Feb 01, 2010 (BUSINESS WIRE) -- **R.R. Donnelley & Sons Company (NASDAQ:RRD)** today announced the expansion of its global legal support services footprint with the establishment of a new facility in Charlotte, North Carolina. RR Donnelley supports in-house legal departments and law firms with an offering that includes document review, e-discovery, hosting, translations, contract management and legal word processing and proofreading services. RR Donnelley's new Charlotte center complements the company's existing network of 45 near-shore production facilities located in major cities throughout the world and its offshore operations centers in India and The Philippines.

The company also announced an alliance through which Encore Discovery Solutions will provide expanded document review capabilities worldwide. Encore will leverage RR Donnelley's multi-shore legal process outsourcing expertise and foreign language translations capabilities in 40 countries. Encore Discovery Solutions is a leading provider of electronic data discovery and related services, including Web hosting, data forensics and collections, imaging, coding and reprographics.

Jason Brennan, Vice President of RR Donnelley's Legal Services offering stated, "Our advancements in infrastructure and technology further enhance our legal professionals' ability to serve clients throughout the world. In conjunction with our in-country linguists with competency in 140 languages, RR Donnelley is able to support complex litigation and legal matters on a truly global basis."

## **About RR Donnelley**

RR Donnelley (NASDAQ: RRD) is a global provider of integrated communications. Founded more than 145 years ago, the company works collaboratively with more than 60,000 customers worldwide to develop custom communications solutions that reduce costs, enhance ROI and ensure compliance. Drawing on a range of proprietary and commercially available digital and conventional technologies deployed across four continents, the company employs a suite of leading Internet based capabilities and other resources to provide premedia, printing, logistics and business process outsourcing products and services to leading clients in virtually every private and public sector.
