

# RR Donnelley Operation Repeats as Best Buy's Top Performing Print Facility

May 16, 2010

CHICAGO, May 17, 2010 (BUSINESS WIRE) -- R.R. Donnelley & Sons Company (NASDAQ:RRD) today announced that its Lancaster, Pennsylvania operation has been named Best Buy's top performing printing facility for the retailer's 2010 fiscal year. This is the second year in a row that RR Donnelley's Lancaster platform has been so recognized.

Best Buy is a multinational retailer of technology and entertainment products and services with a commitment to growth and innovation and operations in the United States, Canada, Europe, China and Mexico.

"Every week throughout our fiscal year we evaluate our printers' performance," said Mark Walston, Best Buy's Senior Manager - GNFR Procurement. "These evaluations measure a number of factors related to our challenging quality and service goals, including color reproduction, registration, and the precision of folds and trims. RR Donnelley again achieved the best score, reflecting their important role in helping to promote the Best Buy brand."

"We are again honored to receive this important recognition of our employees' dedication and craftsmanship," said John Paloian, RR Donnelley's Chief Operating Officer. "As a collaborative provider of integrated communication services we welcome the opportunity to work even more closely with our customers, to understand their objectives and to use our unmatched resources to meet and exceed their expectations."

## About RR Donnelley

RR Donnelley (NASDAQ:RRD) is a global provider of integrated communications. Founded more than 145 years ago, the company works collaboratively with more than 60,000 customers worldwide to develop custom communications solutions that reduce costs, enhance ROI and ensure compliance. Drawing on a range of proprietary and commercially available digital and conventional technologies deployed across four continents, the company employs a suite of leading Internet based capabilities and other resources to provide premedia, printing, logistics and business process outsourcing products and services to leading clients in virtually every private and public sector.
