ITEM 1. BUSINESS

Overview

FedEx Corporation (“FedEx”) was incorporated in Delaware on October 2, 1997 to serve as the parent holding company and provide strategic direction to the FedEx portfolio of companies. FedEx provides a broad portfolio of transportation, e-commerce and business services through companies competing collectively, operating independently and managed collaboratively, under the respected FedEx brand. These companies are included in the following reportable business segments:

- **FedEx Express:** Federal Express Corporation (“FedEx Express”), including TNT Express B.V. (“TNT Express”), is the world’s largest express transportation company, offering time-definite delivery to more than 220 countries and territories, connecting markets that comprise more than 99% of the world’s gross domestic product.

- **FedEx Ground:** FedEx Ground Package System, Inc. (“FedEx Ground”) is a leading North American provider of small-package ground delivery services. FedEx Ground provides low-cost, day-certain service to any business address in the U.S. and Canada, as well as residential delivery to 100% of U.S. residences through its FedEx Home Delivery service. FedEx SmartPost is a FedEx Ground service that specializes in the consolidation and delivery of high volumes of low-weight, less time-sensitive business-to-consumer packages.

- **FedEx Freight:** FedEx Freight Corporation (“FedEx Freight”) is a leading North American provider of less-than-truckload (“LTL”) freight services across all lengths of haul, offering: FedEx Freight Priority, when speed is critical to meet a customer’s supply chain needs; and FedEx Freight Economy, when a customer can trade time for cost savings. FedEx Freight also offers freight delivery service to most points in Puerto Rico and the U.S. Virgin Islands.

- **FedEx Services:** FedEx Corporate Services, Inc. (“FedEx Services”) provides sales, marketing, information technology, communications, customer service, technical support, billing and collection services, and certain back-office functions that support our transportation segments.

The FedEx Office and Print Services, Inc. (“FedEx Office”) operating segment provides document and business services and retail access to our package transportation businesses. Additionally, the FedEx Logistics, Inc. (“FedEx Logistics”) operating segment provides customs brokerage and global ocean and air freight forwarding through FedEx Trade Networks Transport & Brokerage, Inc. (“FedEx Trade Networks Transport & Brokerage”); integrated supply chain management solutions through FedEx Supply Chain Distribution System, Inc. (“FedEx Supply Chain”); and critical inventory and service parts logistics and technology repair through FedEx Forward Depots, Inc. (“FedEx Forward Depots”). FedEx Office and FedEx Logistics are included in “Corporate, other and eliminations” in our segment reporting. COVID-19 Pandemic

During 2020, an outbreak of a new strain of coronavirus ("COVID-19") was declared a pandemic by the World Health Organization. We began to experience business impacts from the COVID-19 pandemic as early as January 2020 when transpacific traffic was affected by the shutdowns in China and curtailment of commercial air flights. While commercial volumes were down due to business closures across the world, FedEx Ground residential delivery volumes increased to seasonal peak levels during the fourth quarter of 2020 due to stay-at-home orders and other pandemic responsive measures. Additionally, we experienced a surge in transpacific and charter flight demand at FedEx Express in the fourth quarter of 2020, as airfreight capacity was limited due to restrictions on commercial activities.

Due to the crucial role we play in moving supply chains and delivering critical relief, FedEx is considered an essential business and is continuing to operate under state-of-emergency and stay-at-home orders issued in the U.S. and globally. FedEx remains committed to assisting our customers as they work to manage their supply chains and inventories. We are flexing our networks and making adjustments as needed to align with volumes and operating conditions, such as:

- Launching the Air Operations Coordination Center to effectively match capacity to demand at FedEx Express. Through this coordinated approach, we reduced U.S. domestic flight hours in the fourth quarter of 2020 and redeployed flight hours to international regions.
- Repurposing FedEx SmartPost facilities for small or large package sortation to keep pace with demand for residential services, and adding new, low-cost regional FedEx Ground sort facilities designed to handle shorter zone residential volumes into certain key markets.
- Implementing temporary surcharges on FedEx Express international package and airfreight shipments, effective April 6, 2020, and on all oversized and residential U.S. domestic packages at FedEx Express and FedEx Ground, effective June 8, 2020.
- Temporarily suspending money-back guarantees for all FedEx Express, FedEx Ground, FedEx Freight and same-day FedEx Office services.
- Increasing hiring at FedEx Ground, and making temporary reductions in certain other workforces.

As we focus on managing our business and operations in response to the COVID-19 pandemic, the safety of our team members, our customers and the communities in which we operate is our top priority. We are taking measures to adhere to all regulations and guidelines from government authorities related to the containment of COVID-19 and to protect and promote health and safety, including:

- Providing gloves, masks and other personal protective equipment ("PPE"), as well as hand sanitizer and disinfectant wipes, to our team members.
- Suspending signature requirements for most deliveries to help team members and customers maintain a safe social distance.
- Working with customers to accommodate special requests around modified store hours, closings, and delivery alternatives to comply with applicable government restrictions and safety guidance.
- Diverting traffic away from hubs and stations in severely affected locations to decrease the number of people in our facilities.
- Promoting social distancing on the job, including measures on employee shuttles and in common areas.
- Increasing the frequency and intensity of janitorial cleaning.
- Educating team members about prevention, including hygiene and cleaning.
- Launching symptom screening processes, including temperature testing, and implementing free voluntary COVID-19 testing for eligible employees and vendors in Memphis, Tennessee and the surrounding areas at the FedEx Express World Headquarters.
- Devoting extensive resources to assisting employees diagnosed with COVID-19, and providing paid leave to employees who are diagnosed with COVID-19 or have been quarantined due to being in close contact with a diagnosed individual.
Additionally, by focusing on the following five key areas, we believe we will continue to uniquely position FedEx for long-term success:

- **E-commerce**: Residential e-commerce is the fastest growing area of our business, as the internet is increasingly being used to purchase goods and services. Through our global transportation and technology networks, we contribute to and benefit from the growth of e-commerce. We are investing in new technologies, optimizing deliveries and using innovative solutions to make delivery to consumers more flexible, convenient, efficient and cost-effective. The COVID-19 pandemic has accelerated e-commerce adoption globally and forced us to accelerate many of these enhancements, which has made us more competitive and positions us for future success.

- **Business-to-business shipping**: Business-to-business shipping accounts for the majority of FedEx revenues. As the global economy recovers from the effects of the COVID-19 pandemic, we will continue to help our business customers obtain more visibility into their supply chains and near real-time information to manage inventory in motion, and refine our unique menu of services to fit virtually all shipping needs of high-tech and high-value-added industries.

We are committing transportation and logistics support to humanitarian relief agencies as they respond to the COVID-19 pandemic. For example, we have contracted with the U.S. Department of Health and Human Services (“HHS”) to provide expedited shipping of PPE and other supplies critical to COVID-19 relief efforts from manufacturers around the world to the United States. The operation aims to accelerate delivery of PPE and other medical supplies, moving them via air instead of ocean. We have also provided shipping support in a collaborative effort among retailers and healthcare companies led by the White House, the HHS and the Federal Emergency Management Agency to enable quick processing of COVID-19 test specimens to help prevent spread of the virus.

For more information about the COVID-19 pandemic and its effect on FedEx’s business, results of operations and financial condition, see Item 1A (“Risk Factors”) and Item 7 (“Management’s Discussion and Analysis of Results of Operations and Financial Condition”) of this Annual Report.

**Strategy**

FedEx has developed a unique business strategy whereby our companies compete collectively, operate independently and manage collaboratively, which allows us to provide a broad portfolio of transportation, e-commerce and business services to our customers. Our companies compete collectively by standing as one brand worldwide and speaking with one voice; they operate independently by focusing on our independent networks to meet distinct customer needs; and they manage collaboratively by working together to sustain loyal relationships with our workforce, customers and investors.

Our “compete collectively, operate independently, manage collaboratively” strategy allows us to manage our business as a portfolio, in the long-term best interest of the enterprise, not a particular operating company. As a result, we base decisions on capital investment, expansion of delivery, information technology and retail networks, and service additions or enhancements upon achieving the highest overall long-term return on capital for our business as a whole. For each FedEx company, we focus on making appropriate investments in the technology and assets necessary to optimize our long-term earnings performance and cash flow. Our business strategy also provides flexibility in sizing our operating companies to align with varying macroeconomic conditions and customer demand for the market segments in which they operate, allowing us to leverage and manage change. Volatility, uncertainty and evolution have become the norms in the global transportation market, and we are able to use our flexibility to accommodate changing conditions in the global economy, including the continued growth of e-commerce. To that end, we continue to modernize our aircraft fleet with more fuel efficient and lower-emission aircraft, expand our operations at FedEx Ground where we continue to see growing package volumes, realign our systems and develop innovative service offerings.

We believe that operating independent networks, each focused on its own respective markets, enhances service quality and reliability from each business unit. Each FedEx company focuses on the market sectors in which it has the most expertise and can be independently enhanced and managed to provide outstanding service to our customers. Each company’s operations, cost structure and culture are designed to serve the unique customer demands of a particular market segment and as a result, we are able to adapt our networks in response to changing needs. While our companies operate independently, we continually look for ways to leverage our unique strengths in key areas across the FedEx enterprise. For example, in 2020 we began directing certain U.S. day-definite, residential FedEx Express shipments into the FedEx Ground network in order to optimize the cost of last-mile residential deliveries. We expect last-mile optimization will allow us to increase efficiency and lower our cost-to-serve as e-commerce growth continues. FedEx Ground and FedEx Freight are also collaborating to handle the significant increases in e-commerce and large package volume caused by the COVID-19 pandemic.

Additionally, by focusing on the following five key areas, we believe we will continue to uniquely position FedEx for long-term success:

- **Residential** e-commerce is the fastest growing area of our business, as the internet is increasingly being used to purchase goods and services. Through our global transportation and technology networks, we contribute to and benefit from the growth of e-commerce. We are investing in new technologies, optimizing deliveries and using innovative solutions to make delivery to consumers more flexible, convenient, efficient and cost-effective. The COVID-19 pandemic has accelerated e-commerce adoption globally and forced us to accelerate many of these enhancements, which has made us more competitive and positions us for future success.

- **Business-to-business shipping**: Business-to-business shipping accounts for the majority of FedEx revenues. As the global economy recovers from the effects of the COVID-19 pandemic, we will continue to help our business customers obtain more visibility into their supply chains and near real-time information to manage inventory in motion, and refine our unique menu of services to fit virtually all shipping needs of high-tech and high-value-added industries.
• **Operational Excellence:** Our business strategy allows us to respond to our current and potential customers’ evolving needs in a cost-effective manner. Operational excellence in today’s world must be enabled by best-in-class technology, which we are using in a number of ways to increase efficiency across FedEx.

• **International Profitability:** With customers in more than 220 countries and territories, we are establishing a foundation for increased international profitability through our aircraft fleet modernization program, integration of TNT Express and streamlined regional organizational structure at FedEx Express. Despite the recent trade tensions, we continue to believe that globalization will drive international volume growth over the long term.

• **Revenue Quality:** We are working to improve revenue quality by renewing focus on small and medium-sized businesses and strategically managing our large business-to-business customer portfolio so that yields are compensatory for the comprehensive services we provide.

Through our global transportation, information technology and retail networks, we help to facilitate an ongoing and unprecedented expansion of customer access — to goods, services and information. We believe it would be extremely difficult, costly and time-consuming to replicate our global network, which includes the world’s largest all-cargo air fleet and connects more than 99% of the world’s gross domestic product. We continue to position our companies to facilitate and capitalize on this access and to achieve stronger long-term growth, productivity and profitability.

During 2020 and early 2021, we have introduced a number of innovative solutions, advanced important long-term business initiatives and made other important investments that benefit our customers, employees and communities, including:

• Expanding FedEx Ground residential delivery operations to seven days per week year-round for the majority of the U.S. population.

• Optimizing last-mile residential deliveries by beginning to use the FedEx Ground network for the transport and delivery of certain U.S. day-definite, residential FedEx Express shipments.

• Committing transportation and logistics support to humanitarian relief agencies as they respond to the COVID-19 pandemic. For example, we have contracted with the HHS to provide expedited shipping of PPE and other supplies critical to COVID-19 relief efforts from manufacturers around the world to the United States.

• Investing in technology to further enhance our networks and reduce costs. For example, in 2020 FedEx Ground began offering dynamic route optimization technology, near real-time data that can be used by service providers to plan efficient delivery routes and make decisions about vehicle mix and workforce to accommodate the volume associated with e-commerce growth.

• Announcing a new, multi-year collaboration with Microsoft to transform commerce and enhance FedEx’s global supply chain and logistics network.

• Progressing the FedEx Express/TNT Express integration by substantially completing projects that allow for European ground network interoperability.

• Continuing the integration of FedEx SmartPost packages given to the U.S. Postal Service (“USPS”) into FedEx Ground standard operations, which allows us to increase the efficiency and density of our last-mile residential deliveries.

• Addressing the needs of the growing e-commerce market for delivery of heavy, bulky products to residences and businesses by continuing to make operational changes at FedEx Ground and introducing FedEx Freight Direct, the first standardized FedEx service to make deliveries through the door and into homes.

• Beginning testing of Roxo, the FedEx SameDay Bot, in select markets and collaborating with two business partners to launch a pilot drone delivery service to explore methods of enhancing last-mile residential delivery.

• Advancing our multi-year investments to significantly expand the FedEx Express hub in Indianapolis and modernize the FedEx Express World Hub in Memphis.

• Continuing our successful aircraft fleet modernization strategy by replacing our oldest and least efficient aircraft with Boeing 777 Freighter (“B777F”) aircraft and Boeing 767-300 Freighter (“B767F”) aircraft, which has helped us improve fuel efficiency and fleet reliability in recent years.

• Progressing the nationwide expansion of the FedEx retail channel with companies such as Walgreens, Dollar General, Walmart, Albertsons and Kroger, and expanding FedEx Returns Technology to the Walgreens retail network.
• Launching FedEx Cares 50 by 50, the next stage of our global community engagement program, with the goal of positively impacting 50 million people around the world by our 50th anniversary in 2023.

Reputation and Responsibility

By competing collectively under the FedEx brand, our operating companies benefit from one of the world’s most recognized brands. FedEx is one of the most trusted and respected companies in the world, and the FedEx brand name is a powerful sales and marketing tool. Among the many reputation awards we received during 2020, FedEx ranked 14th in FORTUNE magazine’s “World’s Most Admired Companies” list — the 20th consecutive year FedEx has ranked among the top 20 in the FORTUNE Most Admired Companies list, with 15 of those years ranking among the top 10. FedEx was also named one of “America’s Most Responsible Companies” by Newsweek in 2020, ranking higher than any other “Travel, Transport & Logistics” company included on the list. Additionally, FedEx was included on the Forbes/Reputation Institute 2019 “World’s Most Reputable Companies” list, which measures the reputations of thousands of the world’s most prestigious companies, and was named to Forbes 2019 list of the “World’s Most Valuable Brands.”

FedEx is well recognized as a leader, not only in the transportation industry and for technological innovation, but also in global citizenship. We understand that a sustainable global business is tied to our global citizenship, and we are committed to connecting the world responsibly and resourcefully. Our latest published update to our global citizenship report is available at sustainability.fedex.com. This report describes how we think about our responsibilities in the area of global citizenship and includes important goals and metrics that demonstrate our commitment to fulfilling these responsibilities.

Our People

Along with a strong reputation among customers and the general public, FedEx is widely acknowledged as a great place to work. For example, FedEx was named to FORTUNE magazine’s list of the “100 Best Companies to Work For” in the U.S. and listed as one of the “World’s Best Employers” by Forbes in 2019.

At FedEx, it is our people — our greatest asset — that give us our strong reputation. In addition to superior physical and information networks, FedEx has an exemplary human network, with more than 500,000 team members united by our People-Service-Profit corporate principles. We are committed to providing a safe, healthy and alcohol- and drug-free workplace consistent with our longstanding “Safety Above All” philosophy, which is backed by strict policies, robust team member education and safety recognition awards, along with continued investments in technology. Our retirement plan strategy continues to evolve to remain competitive while continuing to provide employees an opportunity to plan for their future. Additionally, we support the physical and behavioral health and well-being of our team members and their families by providing an array of programs that help our people and their loved ones stay at their best level of health.

The FedEx workforce is as diverse as the world we serve, and we believe that everyone deserves respect. We are committed to the education, recruitment, development and advancement of diverse team members worldwide, and are recognized for our commitment to those efforts. For instance, in 2020 FedEx was named one of the “Best Workplaces for Diversity” by global research and consulting firm Great Place to Work and FORTUNE magazine, and one of the “Best Employers for Diversity” in the U.S. by Forbes. Additionally, in 2019 FedEx was named a “Best-of-the-Best Corporation for Inclusion” by the National Gay and Lesbian Chamber of Commerce and the National Business Inclusion Consortium, one of Black Enterprise magazine’s “50 Best Companies for Diversity” and one of “America’s Top Corporations for Women’s Business Enterprises” by the Women’s Business Enterprise National Council. FedEx was also included on FORTUNE magazine’s “100 Best Workplaces for Millennials” list for 2018.

Fostering acceptance, promoting anti-biases and encouraging a more inclusive society are core values to who we are and how we operate. A key driver of our commitment to diversity and inclusion is the FedEx Corporate Diversity Council, in which members collaborate across the enterprise to motivate and inspire each other, share best practices and support multicultural programs within the company and communities we serve. We are also proud of our long-standing history of supporting and fostering relationships with organizations that are working to make our society more equitable and just, such as the National Association for the Advancement of Colored People and the National Civil Rights Museum. For additional information on our diversity and inclusion initiatives, see sustainability.fedex.com.

FedEx Express has created Purple Runway—A FedEx Pathways Program, an industry-leading pilot-development program, as well as a related aviation scholarship program. FedEx Express has also partnered with the University of Memphis to provide FedEx Express team members in Memphis, Indianapolis, Oakland, Los Angeles and Newark the chance to earn a tuition-free online degree. Additionally, through our internal Purple Promise and Humanitarian Award programs, we recognize and reward employees who enhance customer service and promote human welfare. For additional information on our people-first philosophy and workplace initiatives, see sustainability.fedex.com.
Our Community

FedEx is committed to actively supporting the communities we serve worldwide through the strategic investment of our people, resources and network. FedEx Cares, our global community engagement program, is one way we work to connect people and possibilities. We provide financial contributions, in-kind charitable shipping services and team member volunteering to help non-profit organizations achieve their goals and make a measurable impact on the world. We focus our effort in the following three focus areas:

- **Global Entrepreneurship**: Providing women and minority entrepreneurs everywhere with the tools they need to succeed.
- **Delivering for Good**: Lending our global network and our unparalleled logistics expertise to organizations with mission-critical needs, especially in times of disaster, and to help communities heal, learn and thrive.
- **Sustainable Logistics**: Sharing our global logistics expertise to improve urban mobility and accelerate progress toward more sustainable fleets in order to restore and protect the natural environment.

After exceeding our goal to invest $200 million in 200 global communities by 2020 six months early, we launched FedEx Cares 50 by 50 with the goal of positively impacting 50 million people around the world by our 50th anniversary in 2023. FedEx also supports communities throughout the U.S. with its annual FedEx Cares United Way giving campaign. Additionally, FedEx team members provided over 105,000 volunteer hours during 2019.

For additional information on our community involvement and our FedEx Cares strategy, visit [fedexcares.com](http://fedexcares.com).

Additionally, we help to lift economies by investing in people and communities where we live and work. This includes seeking diverse suppliers and strengthening our supply chain by sourcing from small, minority- and women-owned businesses. See [sustainability.fedex.com](http://sustainability.fedex.com) for more information.

The Environment

Our “Reduce, Replace, Revolutionize” approach guides environmental efforts to drive the responsible and efficient use of resources, optimize our business, lower costs and deliver value in four key areas: aircraft efficiency, vehicle efficiency, sustainable facilities and sustainable manufacturing and recycling. Collectively, our sustainability efforts have contributed to an approximately 40% reduction in CO₂ emissions intensity (on a revenue basis) at FedEx from 2009 to 2019.

We continue to work towards our goal to reduce aircraft emissions intensity by 30% from a 2005 baseline by calendar 2020. In 2019, we achieved a 24% reduction in aircraft emissions intensity since 2005 through a combination of our aircraft fleet modernization and operational programs. We have also established a goal of obtaining 30% of our jet fuel from alternative fuels by calendar 2030. To reduce the cost of fuel use and associated greenhouse gas (“GHG”) emissions, we are replacing many of our older airplanes with more fuel-efficient models, and we have implemented efficiencies in flight operations through our global FedEx Fuel Sense program. These two initiatives saved more than 250 million gallons of jet fuel and avoided more than 2.4 million metric tons of CO₂e emissions in 2019. Additionally, our first delivery of alternative jet fuel is anticipated in the second half of fiscal 2021.

FedEx has also established a goal to increase vehicle fuel efficiency by 50% from a 2005 baseline by 2025. Through 2019, our efforts collectively resulted in a 41% improvement in FedEx Express vehicle fuel efficiency from our 2005 baseline. Additionally, FedEx Ground has recently achieved several ambitious sustainability goals focused on renewable energy, alternative fuels, energy efficiency and waste diversion.

We are committed to revolutionizing our vehicle fleet with alternative fuels and innovative technologies. We have an impressive global alternative fuel fleet with more than 4,000 alternative fuel vehicles, including hybrid, electric, compressed or liquefied natural gas, liquefied petroleum gas and hydrogen fuel cell vehicles. In 2018 we placed a reservation for 20 fully electric semi trucks which will be operated by FedEx Freight, and FedEx Express is adding 1,000 Chanje V8100 electric delivery vehicles to its fleet. We are developing innovative charging infrastructures to support the continued rollout of our electric vehicle fleet. Further, innovative approaches such as vehicle platooning offer the potential to increase truck fuel efficiency while improving safety.

Our zero-emission FedEx SameDay Bot and pilot drone delivery service, which are discussed in more detail below under “FedEx Services Segment — Customer-Driven Technology,” have potential to serve as environmentally friendly alternatives for last-mile residential package deliveries. We also continue to leverage the efficiency of intermodal rail transport for long-haul shipping at FedEx Ground and FedEx Freight, and promote the use of electric vehicles and alternative fuels by independent service providers in our shipping network.
The efficient operation of our air and ground hubs, local stations, freight service centers and retail locations is critical to achieving our business and sustainability goals. At 26 FedEx facilities around the world, renewable and alternative energy systems, including on- and off-site solar, as well as fuel cell technologies, generated over 36 million kilowatt-hours of clean energy in 2019. In addition, 22 FedEx Express facilities in the U.S. have received certification in Leadership in Energy and Environmental Design (LEED®), the U.S. Green Building Council’s system for rating the environmental performance of buildings. FedEx Express has made LEED certification the standard for newly built U.S. facilities. In addition, FedEx Express also has three LEED-certified facilities outside the U.S., while FedEx Ground has six LEED-certified facilities and FedEx Freight and FedEx Office each have one, all of which are in the U.S. Over 600 FedEx facilities are certified to the ISO 14001 environmental management system standard.

We also continue to evaluate the environmental impacts of our packaging and copy and print services, and minimize waste generation through efforts that include recycling, the use of copy paper with recycled content and working with customers to optimize package size and design, among other environmentally responsible available choices. We purchase the vast majority of our paper from suppliers who are certified by sustainable forest programs, such as the Forest Stewardship Council. During 2019, 99.8% of all paper purchased by FedEx Office was third-party certified. We also use FedEx-branded cardboard packaging at FedEx Express and FedEx Ground, which is 100% recyclable and made from 45% recycled content. The longstanding paper shredding and recycling service at FedEx Office allows customers to bring any documents, including sensitive items such as tax returns, to a FedEx Office location and have them securely and confidentially shredded, then recycled. During 2019, almost ten million pounds of paper were shredded and recycled through the service.

As our business grows to meet the accelerating demands of e-commerce and other shipping needs, our waste management strategies help ensure we recycle more of our own waste and encourage customers to recycle our packaging. In 2019, 59% of the waste generated in our operations was sent to recyclers. One example of our environmentally responsible activities is the Sustainable Purchasing Leadership Council, a U.S. nonprofit organization that supports and recognizes sustainable procurement of which we are a founding member. We continue to support the Council by participating in technical advisory groups and applying best practice guidance to our own supply chain sustainability initiatives. For additional information on the ways we are minimizing our impact on the environment, see sustainability.fedex.com.

Governance

The FedEx Board of Directors is comprised of a majority of independent directors and is committed to the highest quality corporate governance and accountability to stockholders. Our Board of Directors periodically reviews all aspects of our governance policies and practices, including our Corporate Governance Guidelines and our Code of Conduct, in light of best practices and makes whatever changes it deems appropriate to further our longstanding commitment to the highest standards of corporate governance. The Guidelines and the Code of Conduct, which apply to all of our directors, officers and employees, including our principal executive officer and senior financial officers, are available on the Governance & Citizenship page of the Investor Relations section of our website at investors.fedex.com. We will post on the Governance & Citizenship page of the Investor Relations section of our website information regarding any amendment to, or waiver from, the provisions of the Code of Conduct to the extent such disclosure is required.

Business Segments

The following describes in more detail the operations of each of our principal operating segments:

FedEx Express Segment

FedEx Express and TNT Express

Overview

FedEx Express invented express distribution over 45 years ago in 1973 and remains the industry leader, providing rapid, reliable, time-definite delivery of packages and freight to more than 220 countries and territories through an integrated global network. In 2016, we acquired TNT Express, a leading international express transportation, small-package ground delivery and freight transportation company.
FedEx Express offers a wide range of U.S. domestic and international shipping services for delivery of packages and freight, connecting markets that generate more than 99% of the world’s gross domestic product through door-to-door, customs-cleared service, historically with a money-back guarantee. In response to the COVID-19 pandemic, in March 2020 we temporarily suspended our money-back guarantee for all FedEx Express services. FedEx Express’s unmatched air route authorities and extensive transportation infrastructure, combined with leading-edge information technologies, make it the world’s largest express transportation company. As of May 31, 2020, FedEx Express employed approximately 245,000 employees (including approximately 43,000 employees at TNT Express) and had approximately 98,000 drop-off locations (including FedEx Office stores and FedEx OnSite locations, such as approximately 14,000 Walgreens, Dollar General, Albertsons and Kroger stores), 679 aircraft and approximately 79,000 vehicles (including approximately 11,000 owner-operated vehicles that support TNT Express) in its global network.

FedEx Express also provides time-critical shipment services through FedEx Custom Critical, Inc. (“FedEx Custom Critical”) and, effective June 1, 2020, cross-border enablement and technology solutions and e-commerce transportation solutions through FedEx Cross Border Holdings, Inc. (“FedEx Cross Border”) and its subsidiary P2P Mailing Limited.

**Services**

FedEx Express offers a wide range of U.S. domestic and international shipping services for delivery of packages and freight. FedEx Express offers three U.S. domestic overnight package delivery services: FedEx First Overnight, FedEx Priority Overnight and FedEx Standard Overnight. FedEx SameDay service is available 365 days a year throughout all 50 states for urgent shipments up to 150 pounds. FedEx Express also offers U.S. express overnight and deferred freight services to handle the needs of the time-definite freight market.

International express and deferred package delivery is available to more than 220 countries and territories, with a variety of time-definite services to meet distinct customer needs. FedEx International Priority provides time-definite delivery typically in one, two or three business days. FedEx International Economy provides time-definite delivery typically in two to five business days. FedEx International First provides time-definite delivery to select postal codes in more than 25 countries and territories, with delivery to select U.S. ZIP Codes as early as 8:00 a.m. from nearly 200 countries and territories in one or two business days, delivery by 10:00 a.m. in one business day from the U.S. to Canada and by 11:00 a.m. in one business day from the U.S. to Mexico. FedEx Express also offers domestic pickup-and-delivery services within certain non-U.S. countries, including France, the United Kingdom, Australia, Brazil, Italy, Canada, Mexico, Poland, India, China and South Africa. In addition, FedEx Express offers comprehensive international express and deferred freight services, real-time tracking and advanced customs clearance.

We also provide FedEx Delivery Manager, which allows our U.S. residential customers to customize home deliveries to fit their schedule by providing a range of options to schedule dates, locations and times of delivery. By signing up at fedex.com, customers can receive notification of FedEx Express packages en route to their homes, and can choose various delivery options.

For information regarding FedEx Express e-shipping tools and solutions, see “FedEx Services Segment — Customer-Driven Technology.”

TNT Express provides two types of express services — Express and Economy Express. The Express services are day-definite and delivered next-day or fastest-by-air for distances for which next-day is not possible. The Economy Express services are also day-definite and are delivered fastest-by-road, except for intercontinental deliveries which depend on air. For both Express and Economy Express services, TNT Express has time-definite options for customers requiring delivery before a certain time. TNT Express also provides specialized or extremely urgent deliveries which include products such as same-day, value-added and non-standard freight services.

**International Expansion**

Over the years, acquisitions have given us more robust global transportation networks and added capabilities in important international markets. In 2016 we acquired TNT Express, which is the largest acquisition in FedEx history. This acquisition rapidly accelerates our European and global growth, substantially enhances our global footprint through TNT Express’s lower-cost road networks in Europe, the Middle East and Asia, and expands our capabilities and solutions for our customers. The integration of FedEx Express and TNT Express is complex as it spans over 200 countries and territories and involves combining our pickup-and-delivery operations at a local level, our global and regional air and ground networks, and our extensive operations, customs clearance, sales and back-office information technology systems.
In the fourth quarter of 2020, we substantially completed projects across our European hub and station locations that allow interoperability between the ground networks for both FedEx Express and TNT Express packages. The integration of European customs clearance and brokerage services was also substantially completed during 2020. The next key integration milestones include completing the integration of the FedEx Express and TNT Express linehaul and pickup-and-delivery operations and beginning to offer an enhanced portfolio of international services during 2021. While we expect to make significant progress on integration activities in 2021, particularly in Europe, integration work will continue after 2021. Due to delays caused by the COVID-19 pandemic, we now expect to complete the final phase of international air network interoperability in early calendar 2022. For more information about the integration, see Item 1A (“Risk Factors”) and Item 7 (“Management’s Discussion and Analysis of Results of Operations and Financial Condition”) of this Annual Report.

We also have expanded our capabilities in the Asia-Pacific markets, including through the establishment of: our Asia-Pacific hub at the Guangzhou Baiyun International Airport in southern China, which began operations in 2009; our North Pacific regional hub at the Kansai International Airport in Osaka, Japan, which opened in 2014 and serves as a consolidation point for shipments from northern Asia to the U.S.; and our International Express and Cargo Hub in Shanghai, which opened in 2018 at Shanghai’s Pudong International Airport. During 2020, we added 14 new Asia-Pacific origin markets for FedEx International First service to the U.S. and Canada. These developments allow us to continue to better serve our global customers doing business in the Asia-Pacific markets.

To facilitate the use of our growing international network, we offer a full range of international trade consulting services and a variety of online tools that enable customers to more easily determine and comply with international shipping requirements.

U.S. Postal Service Agreement

In 2013, FedEx Express entered into a new seven-year agreement with the USPS under which FedEx Express provides airport-to-airport transportation of USPS First Class Mail, Priority Mail Express and Priority Mail within the United States. In 2017, the parties entered into an amendment to the agreement whereby the initial renewal period provided in the agreement was exercised in part and the agreement’s period of performance was extended through September 29, 2024. FedEx Express also provides transportation and delivery for the USPS’s international delivery service called Global Express Guaranteed under a separate agreement. For more information about our relationship with the USPS, see Item 1A (“Risk Factors”) of this Annual Report.

Pricing

FedEx Express periodically publishes updates to the list prices for the majority of its services in its Service Guides. In general, shipping rates are based on the service selected, origin, destination, weight, size, any ancillary service charge and whether the customer charged the shipment to a FedEx account. On January 6, 2020, FedEx Express implemented a 4.9% average list price increase for U.S. domestic, U.S. export and U.S. import services. FedEx Express also applied peak holiday season surcharges from November 18, 2019 through January 5, 2020 for shipments that required additional handling and from October 21, 2019 through January 5, 2020 for shipments that were oversized. Effective January 20, 2020, FedEx Express made general changes to surcharge criteria for certain packages that require additional handling or are oversized. Additionally, in order to manage demand and capacity constraints in connection with the COVID-19 pandemic, on April 6, 2020 FedEx Express and TNT Express implemented temporary surcharges on all international package and airfreight shipments, and on June 8, 2020 FedEx Express implemented temporary surcharges on oversized and residential U.S. domestic package shipments.

FedEx Express has an indexed fuel surcharge for U.S. domestic and U.S. outbound shipments and for shipments originating internationally, where legally and contractually possible. FedEx Express fuel surcharges are adjusted on a weekly basis. The fuel surcharge is based on a weekly fuel price from two weeks prior to the week in which it is assessed. Some FedEx Express international fuel surcharges incorporate a timing lag of approximately six to eight weeks. On March 2, 2020, we updated the tables used to determine our fuel surcharges at FedEx Express. The weighted-average U.S. domestic and outbound fuel surcharges for the past three years were: 2020 — 6.3%; 2019 — 7.5%; and 2018 — 4.8%. See the “Results of Operations and Outlook — Consolidated Results — Fuel” section of Item 7 (“Management’s Discussion and Analysis of Results of Operations and Financial Condition”) of this Annual Report for a description and discussion of the net impact of fuel on our operating results.

TNT Express periodically updates list prices for the majority of its services. In general, shipping rates are based on the selected service, destination zone, (volumetric) weight, and any ancillary service charge. TNT Express offers its customers discounted prices generally based on actual or potential volumes and/or revenue. TNT Express has an indexed fuel surcharge that varies by region or country and by product. The fuel surcharge percentage is subject to monthly adjustment based upon the price of a designated fuel type.

If a customer has requirements that fall outside of TNT Express’s standard service levels, but are acceptable under its standard operating procedures, TNT Express will provide the service with an additional charge to cover the additional costs incurred. For instance, collections and deliveries in certain remote and less accessible locations will incur an out-of-area charge.
FedEx Express’s primary sorting facility, located in Memphis, serves as the center of the company’s multiple hub-and-spoke system. A second national hub facility is located in Indianapolis. We are making investments over multiple years in our facilities of approximately $1.5 billion to significantly expand the Indianapolis hub and approximately $1.5 billion to modernize the Memphis World Hub. In addition to these national hubs, FedEx Express operates regional hubs in Fort Worth, Newark, Oakland and Greensboro and major metropolitan sorting facilities in Chicago and Los Angeles.

Facilities in Anchorage, Paris, Cologne, Guangzhou and Osaka serve as sorting facilities for express package and freight traffic moving to and from Asia, Europe and North America. Additional major sorting and freight handling facilities are located at Narita Airport in Tokyo and Stansted Airport outside London. The facilities in Paris, Cologne, Guangzhou and Osaka are also designed to serve as regional hubs for their respective market areas. A facility in Miami — the Miami Gateway Hub — serves our South Florida, Latin American and Caribbean markets.

Throughout its worldwide network, FedEx Express operates city stations and employs a staff of customer service agents, cargo handlers and couriers who pick up and deliver shipments in the station’s service area. In some international areas, independent agents (“Global Service Participants”) have been selected to complete deliveries and to pick up packages. TNT Express also relies upon subcontractors and agents to conduct certain of its pickup-and-delivery and linehaul operations. For more information about our sorting and handling facilities, see Part I, Item 2 (“Properties”) of this Annual Report under the caption “FedEx Express Segment.”

FedEx Office offers retail access to FedEx Express shipping services at all of its retail locations. FedEx Express also has alliances with certain other retailers to provide in-store drop-off sites, including at more than 14,000 Walgreens, Dollar General, Walmart, Albertsons and Kroger stores. Our unmanned FedEx Drop Boxes provide customers the opportunity to drop off packages in office buildings, shopping centers and corporate or industrial parks.

Services are delivered by TNT Express through a combination of physical infrastructures such as hubs, depots and vehicles, and electronic infrastructures such as track-and-trace systems. TNT Express operates road networks in Europe, the Middle East, Asia, Australia and South America. TNT Express’s unique European road network connects more than 40 countries through 34 road hubs and over 540 depots.

Fuel Supplies and Costs

During 2020, FedEx Express purchased jet fuel from various suppliers under contracts that vary in length and which provide for estimated amounts of fuel to be delivered. The fuel represented by these contracts is purchased at market prices. We do not have any jet fuel hedging contracts. See “Pricing” above.

The following table sets forth FedEx Express’s costs for jet fuel and its percentage of FedEx Corporation consolidated revenues for the last five fiscal years (amounts for 2017 to 2020 include TNT Express):

Most of FedEx Express’s vehicle fuel needs are satisfied by retail purchases with various discounts.

Competition

As described in Item 1A (“Risk Factors”) of this Annual Report, the express package and freight markets are both highly competitive and sensitive to price and service, especially in periods of little or no macroeconomic growth. The ability to compete effectively depends upon price, frequency, capacity and speed of scheduled service, ability to track packages, extent of geographic coverage, reliability, innovative service offerings and the fit within the customer’s overall supply chain.
Competitors within the U.S. include other package delivery concerns, principally United Parcel Service, Inc. (“UPS”), passenger airlines offering express package services, regional delivery companies, air freight forwarders and the USPS. FedEx Express’s and TNT Express’s principal international competitors are DHL, UPS, DPD (a subsidiary of France’s La Poste’s GeoPost), General Logistics Systems (a Royal Mail-owned parcel delivery group), foreign postal authorities, passenger airlines, air freight forwarders, regional carriers, and all-cargo airlines. We also compete with startup companies that combine technology with crowdsourcing to focus on local market needs. In addition, some high volume package shippers, such as Amazon.com, are developing and implementing in-house delivery capabilities and utilizing independent contractors for deliveries, and may be considered competitors. For example, Amazon.com is investing significant capital to establish a network of hubs, aircraft and vehicles. Many of FedEx Express’s international competitors are government-owned, -controlled or -subsidized carriers, which may have greater resources, lower costs, less profit sensitivity and more favorable operating conditions than FedEx Express.

Employees

Donald F. Colleran is the President and Chief Executive Officer of FedEx Express, which is headquartered in Memphis, Tennessee. As of May 31, 2020, FedEx Express employed approximately 183,000 permanent full-time and approximately 62,000 permanent part-time employees (including approximately 35,000 permanent full-time employees and approximately 8,000 permanent part-time employees at TNT Express).

The pilots of FedEx Express, who are a small number of its total employees, are represented by the Air Line Pilots Association, International (“ALPA”) and are employed under a collective bargaining agreement that took effect in 2015. The collective bargaining agreement is scheduled to become amendable in November 2021. In addition to our pilots at FedEx Express, certain of FedEx Express’s non-U.S. employees are unionized.

Attempts by other labor organizations to organize certain other groups of FedEx Express employees occur from time to time. Although these organizing attempts have not resulted in any certification of a U.S. domestic collective bargaining representative of FedEx Express employees (other than ALPA), we cannot predict the outcome of these labor activities or their effect, if any, on FedEx Express or its employees. For more information, see Item 1A (“Risk Factors”) of this Annual Report. FedEx Express believes its employee relations are excellent.

FedEx Custom Critical

Effective March 1, 2020, FedEx Custom Critical is included in the FedEx Express segment. FedEx Custom Critical provides a range of expedited, time-specific freight-shipping services throughout the U.S., Canada and Mexico. Among its services are Surface Expedite, providing exclusive-use shipping and time-definite services; Air Expedite, offering an array of expedited air solutions to meet customers’ critical delivery times; and White Glove Services, for shipments that require extra care in handling, temperature control or specialized security. Service from FedEx Custom Critical is available 24 hours a day, 365 days a year. FedEx Custom Critical continuously monitors shipments through an integrated proprietary shipment-control system, including two-way satellite communications on exclusive-use shipments.

FedEx Cross Border

Effective June 1, 2020, FedEx Cross Border is included in the FedEx Express segment. FedEx Cross Border is an e-commerce enabler that provides international cross-border enablement and technology solutions such as duty calculations, package tracking, international shipping costs and currency conversion calculations. Additionally, FedEx Cross Border publishes customs duty and tax information for approximately 200 customs areas worldwide through WorldTariff. The offerings of FedEx Cross Border strategically fit into our global portfolio by allowing us to help retailers and e-tailers reach international e-commerce customers.

FedEx Ground Segment

Overview

By leveraging the FedEx brand, maintaining a low cost structure and efficiently using information technology and advanced automation systems, FedEx Ground continues to enhance its competitive position as a leading provider of business and residential money-back guaranteed ground package delivery services. In response to the COVID-19 pandemic, in March 2020 we temporarily suspended our money-back guarantee for all FedEx Ground services. FedEx Ground serves customers in the North American small-package market, focusing on business and residential delivery of packages weighing up to 150 pounds. Ground service is provided to 100% of the continental U.S. population and overnight service of up to 400 miles to nearly 100% of the continental U.S. population. Service is also provided to nearly 100% of the Canadian population. In addition, FedEx Ground offers service to Alaska and Hawaii through a ground and air network operation coordinated with other transportation providers.
After expanding operations throughout the FedEx Ground U.S. network to six days per week year-round in 2019, in January 2020, FedEx Ground expanded residential delivery operations to seven days per week year-round for the majority of the U.S. population. In 2021 FedEx Ground will expand seven-day residential delivery coverage to more than 95 percent of the U.S. population.

FedEx Ground continues to improve the speed, reach and service capabilities of its network, by reducing transit time for many of its lanes and introducing and expanding overnight ground service in many metropolitan areas. FedEx Ground’s network expansion has substantially increased the company’s daily pickup capacity through the addition of new hubs featuring the latest automated sorting technology and the expansion or relocation of existing hubs and other facilities. FedEx Ground is also making significant operational enhancements to ensure safe and reliable handling of large and heavy items. These changes include designing new facilities, adding equipment to certain facilities and making other operational adjustments. Additionally, FedEx Ground is repurposing FedEx SmartPost facilities for standard or large package sortation, and adding capacity through new regional sort facilities designed to handle shorter zone volumes into certain markets.

The company offers our FedEx Home Delivery service, which reaches 100% of U.S. residences. FedEx Home Delivery is dedicated to meeting the delivery needs of residential customers and provides routine Saturday and evening delivery and premium options such as day-specific, appointment and signature delivery. Sunday delivery is also provided for the majority of the U.S. population. FedEx Home Delivery brings unmatched services to residential shippers and their customers and is the first residential ground package delivery service to have offered a money-back guarantee. The FedEx SmartPost service specializes in the consolidation and delivery of high volumes of low-weight, less time-sensitive business-to-consumer packages to any residential address or PO Box in the U.S. Significant progress was made in the integration of FedEx SmartPost packages into the standard FedEx Ground operations in 2020. This transition will be completed in the first half of 2021, generating last mile efficiency through increased delivery density.

FedEx Delivery Manager allows our U.S. residential customers to customize home deliveries to fit their schedule by providing a range of options to schedule dates, locations and times of delivery. By signing up at fedex.com, customers can receive notification of FedEx Ground packages en route to their homes and can choose various delivery options.

Pricing
FedEx Ground periodically publishes updates to the list prices for the majority of its services in its Service Guide. In general, U.S. shipping rates are based on the service selected, origin, destination, weight, size, any ancillary service charge and whether the customer charged the shipment to a FedEx account. On January 6, 2020, FedEx Ground and FedEx Home Delivery implemented a 4.9% average list price increase. FedEx SmartPost average list prices also increased. FedEx Ground applied peak holiday season surcharges from November 18, 2019 through January 5, 2020 for shipments that required additional handling and from October 21, 2019 through January 5, 2020 for shipments that were oversized or unauthorized. Effective January 20, 2020, FedEx Ground made general changes to surcharge criteria for certain packages that require additional handling. Additionally, in order to manage demand and capacity constraints in connection with the COVID-19 pandemic, on June 8, 2020, FedEx Ground implemented temporary surcharges on FedEx SmartPost and oversized and residential package shipments.

FedEx Ground has an indexed fuel surcharge, which is adjusted on a weekly basis. The fuel surcharge is based on a weekly fuel price from two weeks prior to the week in which it is assessed. On March 2, 2020, we updated the tables used to determine our fuel surcharges at FedEx Ground. See the “Results of Operations and Outlook — Consolidated Results — Fuel” section of Item 7 (“Management’s Discussion and Analysis of Results of Operations and Financial Condition”) of this Annual Report for a description and discussion of the net impact of fuel on our operating results.

Operations
FedEx Ground operates a multiple hub-and-spoke sorting and distribution system which consisted of 591 facilities, including 39 hubs, in the U.S. and Canada as of May 31, 2020. FedEx Ground conducts its operations primarily with approximately 77,000 vehicles owned or leased by separate service providers. To provide FedEx Home Delivery service and FedEx SmartPost Service, FedEx Ground leverages its pickup operation and hub and linehaul network.

Advanced automated unloading and sorting technology is used to streamline the handling of millions of packages daily. FedEx Ground yard management systems, which interact with GPS tags on each trailer and create geofences around FedEx Ground facilities, automatically notify the control center when a trailer arrives and departs. Using overhead laser and six-sided camera-based bar code scan technology, hub conveyors electronically guide packages to their appropriate destination chute, where they are loaded for transport to their respective destination stations for local delivery. Autonomous, driverless technologies enable FedEx Ground to handle large, non-conveyable packages. Software systems and internet-based applications are also deployed to offer customers new ways to connect internal package data with external delivery information. FedEx Ground provides shipment tracing and proof-of-delivery signature functionality through the FedEx website, fedex.com. For additional information regarding FedEx Ground e-shipping tools and solutions, see “FedEx Services Segment — Customer-Driven Technology.”
FedEx Office offers retail access to FedEx Ground shipping services at all of its retail locations. FedEx Ground is also available as a service option at all FedEx Authorized ShipCenters and other FedEx OnSite locations, including at approximately 14,000 Walgreens, Dollar General, Albertsons and Kroger stores.

As of May 31, 2020, FedEx Ground employed approximately 40,000 permanent full-time and approximately 114,000 permanent part-time employees. During the second half of 2020 and into 2021, we have increased hiring at FedEx Ground to keep pace with demand for residential services caused by the COVID-19 pandemic. In addition, FedEx Ground relies on independent small businesses to conduct its linehaul and pickup-and-delivery operations, as the use of these service providers is well suited to the needs of the ground delivery business and its customers. During 2020, FedEx Ground completed the previously announced transition to the Independent Service Provider agreement throughout its entire U.S. pickup-and-delivery network.

FedEx Ground is defending lawsuits in which it is alleged that FedEx Ground should be treated as an employer of drivers employed by service providers engaged by FedEx Ground. We continue to believe that FedEx Ground is not an employer or joint employer of the drivers of these independent businesses. For a description of these proceedings, see Item 1A (“Risk Factors”) of this Annual Report and Note 18 of the accompanying consolidated financial statements.

Henry J. Maier is the President and Chief Executive Officer of FedEx Ground. FedEx Ground is headquartered in the Pittsburgh, Pennsylvania area, and its primary competitors are UPS, the USPS and regional delivery carriers. We also compete with startup companies that combine technology with crowdsourcing to focus on local market needs. In addition, some high volume package shippers, such as Amazon.com, are developing and implementing in-house delivery capabilities and utilizing independent contractors for deliveries, and may be considered competitors. For example, Amazon.com is investing significant capital to establish a network of hubs and vehicles.

FedEx Freight Segment

FedEx Freight is a leading North American provider of LTL freight services, offering choice, simplicity and reliability to meet the needs of LTL shippers — FedEx Freight Priority, when speed is critical to meet supply chain needs, and FedEx Freight Economy, when time can be traded for cost savings. Through one comprehensive network of service centers and advanced information systems, FedEx Freight provides service to virtually every U.S. ZIP Code (including Alaska and Hawaii) with industry-leading transit times. FedEx Freight Priority has the fastest published transit times of any nationwide LTL service. Internationally, FedEx Freight Canada offers FedEx Freight Priority service, serving most points in Canada, as well as FedEx Freight Priority and FedEx Freight Economy service between Canada and the U.S. In addition, FedEx Freight serves Mexico, Puerto Rico and the U.S. Virgin Islands via alliances. In response to the COVID-19 pandemic, in March 2020 we temporarily suspended our money-back guarantee for all FedEx Freight services.

Through its many service offerings, FedEx Freight can match customers’ time-critical needs with industry-leading transit times. With the expansion of FedEx electronic solutions, LTL shippers have the convenience of a single shipping and tracking solution for FedEx Freight, FedEx Express and FedEx Ground. These solutions make freight shipping easier and provide customers easy access to their account information. The FedEx Freight Advance Notice feature available on FedEx Freight Priority shipments uses the company’s innovative technology systems to proactively notify FedEx Freight customers via the internet, e-mail or fax when a shipment may be delayed beyond its estimated delivery date, providing customers with greater visibility and control of their LTL freight shipments. Customers can also process cross-border LTL shipments to and from Canada and Mexico, as well as intra-Canada and -Mexico shipments, through FedEx Ship Manager at fedex.com, FedEx Ship Manager Software, FedEx Ship Manager Server and FedEx Web Services. Additionally, FedEx Freight A.M. Delivery offers freight delivery by 10:30 a.m. within and between the U.S. and Canada.

FedEx Freight further simplifies LTL shipping with the FedEx Freight box, which offers improved flexibility, increased security, better shipment integrity and no freight classification. The FedEx Freight box comes in two sizes: a standard freight box that requires a pallet to ship and a smaller freight box with an integrated pallet. The ability to choose between freight boxes makes freight shipping accessible to any business. With a distance-based pricing structure, the FedEx Freight box allows customers to ship LTL with flat rates. FedEx Freight also offers LTL Select, a free cloud-based, multi-carrier transportation management system that provides customers with visibility into all available carriers and their pricing in one location, as well as the ability to book service and make payments.

In 2020, FedEx Freight introduced FedEx Freight Direct, a service to meet the needs of the growing e-commerce market for delivery of heavy, bulky products to or through the door for residences and businesses. FedEx Freight Direct has three service levels to meet speed and budget needs, with the basic service level available to 100 percent of the contiguous U.S. population. Standard and premium service level offerings will be expanded to 90% of the U.S. population in the second half of 2021.
FedEx Freight periodically publishes updates to the list prices for the majority of its services in its 100-S Rules Tariff. In general, shipping rates are based on the service selected, origin, destination, weight, class, any ancillary service charge and whether the customer charged the shipment to a FedEx account. On January 6, 2020, FedEx Freight implemented a 5.9% average list price increase in certain U.S. and other shipping rates. Effective January 20, 2020, FedEx Freight added a surcharge for shipments originating in or destined to California.

FedEx Freight has an indexed fuel surcharge, which is adjusted on a weekly basis. The fuel surcharge is based on a weekly fuel price from two days prior to the day in which it is assessed. On March 4, 2020, we updated the tables used to determine our fuel surcharges at FedEx Freight. See the “Results of Operations and Outlook — Consolidated Results — Fuel” section of Item 7 (“Management’s Discussion and Analysis of Results of Operations and Financial Condition”) of this Annual Report for a description and discussion of the net impact of fuel on our operating results.

As of May 31, 2020, the FedEx Freight segment was operating approximately 30,000 vehicles from a network of 373 service centers and had approximately 44,000 employees. John A. Smith is the President and Chief Executive Officer of FedEx Freight, which is based in Memphis, Tennessee. FedEx Freight’s primary competitors are YRC Worldwide Inc. (which includes YRC Regional Transportation and YRC Freight), XPO Logistics, Inc., UPS Freight, Old Dominion Freight Line, Inc., ABF Freight (an ArcBest company) and SAIA, Inc.

In 2014 and 2015, the International Brotherhood of Teamsters (“Teamsters”) petitioned for National Labor Relations Board (“NLRB”) elections at sixteen FedEx Freight facilities. The Teamsters lost the vote or withdrew the petition prior to the election at twelve facilities and won the vote at four facilities. To date, at three of the four FedEx Freight facilities that originally voted for Teamster representation, the Teamsters have either been decertified by employee vote or voluntarily withdrawn as bargaining representative. We are currently bargaining with the union at the other facility. Additionally, in 2019 a union was certified to represent owner-drivers at a FedEx Freight Canada, Corp. facility, and in 2020 those owner-drivers voted to decertify the union.

FedEx Services Segment

Through FedEx Services, we provide a convenient single point of access for many customer support functions, enabling us to more effectively sell the entire portfolio of transportation services and to help ensure a consistent and outstanding experience for our customers.

Rajesh Subramaniam and Robert B. Carter each serve as the Co-President and Co-Chief Executive Officer of FedEx Services, which is based in Memphis, Tennessee. As of May 31, 2020, the FedEx Services segment had approximately 15,000 employees.

Customer-Driven Technology

FedEx is a world leader in technology, and FedEx founder Frederick W. Smith’s vision that “the information about a package is as important as the delivery of the package itself” remains at the core of our comprehensive technology strategy. Innovation at FedEx is the foundation of our relations with customers. We strive to build technology solutions that will solve our customers’ business problems with simplicity, convenience, speed and reliability. Robert B. Carter, Executive Vice President — FedEx Information Services and Chief Information Officer of FedEx, won the 2019 Forbes CIO Innovation Award for the development of FedEx OnSite, our retail convenience network that utilizes third-party retailers such as Walgreens to receive and hold packages for FedEx customers. Additionally, during 2020 we continued to advance a major information technology transition from traditional mainframe computing to cloud-based systems, which is delivering significant benefits in terms of flexibility, security, speed to market and resiliency.

The focal point of our strategy is our award-winning website, together with our customer integrated solutions. The fedex.com website was launched nearly 25 years ago, and during that time, customers have shipped and tracked billions of packages at fedex.com. The fedex.com website is widely recognized for its speed, ease of use and customer-focused features. The advanced tracking capability within FedEx Tracking provides customers with a consolidated view of inbound and outbound shipments. FedEx Virtual Assistant on fedex.com is an artificial-intelligence-enabled service that provides answers to customer shipping questions, allowing our customer service representatives and sales professionals to focus on higher-value customer interactions. International Shipping Assist on fedex.com uses artificial intelligence to continually improve the process of completing the complicated paperwork required for international shipping. Additionally, our state-of-the-art Packaging Lab designs innovative custom packaging solutions to keep shipments protected through transit, and SenseAware®, a FedEx innovation currently available in 44 markets worldwide, allows customers to stay connected to their critical shipments by providing real-time updates regarding current location, precise temperature, relative humidity, barometric pressure readings, light exposure and shock events.
We stand at the nexus of digital and physical networks, a crucial intersection for the success of e-commerce deliveries. We design our e-commerce tools and solutions to be easily integrated into our customers’ applications, as well as into third-party software developed by leading e-procurement, systems integration and enterprise resource planning companies. In May 2020, we announced a new, multi-year collaboration with Microsoft to transform commerce and enhance FedEx’s global supply chain and logistics network through Microsoft Azure, Microsoft’s intelligent cloud platform. FedEx Surround, the first solution resulting from the collaboration, allows any business to enhance visibility into its supply chain by leveraging data to provide near-real-time analytics into shipment tracking, which will drive more precise logistics and inventory management. FedEx and Microsoft expect to announce additional solutions, including reimagining commerce experiences for businesses to offer consumers more integrated ways to shop, and faster and more efficient deliveries.

Our FedEx Ship Manager suite of solutions offers a wide range of options to help our customers manage their parcel and LTL shipping and associated processes. FedEx Returns Technology, a comprehensive solution for returns management, provides high-volume merchants and e-tailers complete visibility into returns, giving them an easy way to track shipments, manage inventory, analyze returns trends and make more informed decisions based on shoppers’ returns behaviors. In 2020, we expanded FedEx Returns Technology to the Walgreens retail network, which allows for in-store printing of return shipping labels and eliminates the need to include a return label in every package.

In 2019, we expanded e-commerce delivery options for retailers with FedEx Extra Hours, a service that enables participating retailers to fulfill e-commerce orders into the evening and receive late pickups by FedEx Express, with next-day local delivery and two-day shipping to any address in the continental United States. FedEx Extra Hours, which is currently available to select customers, allows retailers to extend evening order cutoff times by five to eight hours, with some as late as midnight, depending on their current order fulfillment process.

In 2019, we also announced the development through a partnership of the FedEx SameDay Bot, an autonomous delivery device designed to help retailers make same-day and last-mile deliveries to their customers. With the SameDay Bot, retailers will be able to accept orders from nearby customers and deliver them directly to homes or businesses the same day. We began testing the SameDay Bot in select markets in 2020 and are collaborating with companies such as AutoZone, Lowe’s, Pizza Hut, Target, Walgreens and Walmart to help assess retailers’ autonomous delivery needs. In 2020, we announced our collaboration with two business partners to launch a pilot drone delivery service to explore methods of enhancing last-mile residential delivery service.

FedEx Mobile is a suite of solutions including the FedEx mobile application, FedEx mobile website and SMS text messaging. The FedEx Mobile app provides convenience for recipients to track packages, get quick rates and estimated delivery times, quickly find the nearest FedEx location and easily access FedEx Delivery Manager to customize home deliveries. It is available on Android™ and Apple devices. The FedEx mobile website has expanded to more than 195 countries and territories and 34 languages. FedEx Mobile allows customers to track packages, create shipping labels, view account-specific rate quotes and access drop-off location information. SMS Notifications allows customers to track or follow a package via text messaging, and it is currently available in five countries.

With the FedEx Office Print Online solution, customers can use their laptops or mobile devices to design their print needs or access their personal cloud accounts, and print directly to any FedEx Office location in the U.S., or have their order delivered right to their door. Customers also have the flexibility of using FedEx Office’s Print & Go solutions to print at self-serve locations from USBs, the cloud or through email. Print & Go solutions allow customers to access files using popular cloud providers Google Drive™, Dropbox, Box, Microsoft OneDrive® and from FedEx Office’s own My Online Documents, making printing easy. Customers can simply email files to printandgo@fedex.com and with the retrieval code they receive they can conveniently print the files at the self-serve kiosks in any FedEx Office location. FedEx Office provides multiple options for customers to choose the best access method they need for quick service or more robust printing projects.

During 2018, we joined the Blockchain in Transportation Alliance to explore this chain-of-custody technology within the logistics sector, which we believe can significantly improve worldwide supply chains and add value to our products, services and processes. By giving more visibility to everyone involved in the logistics process, we believe blockchain technology can reduce customer claims, increase customer satisfaction and reduce our costs.

Additionally, FedEx is the “Official Delivery Service Sponsor” and “Official Office Services Provider” of the NFL, through which we conduct events and other activities to promote the FedEx Brand, such as the “FedEx Air & Ground®” NFL Players of the Week and Players of the Year Awards.

Information Security

FedEx Services has a team of highly qualified professionals dedicated to securing information about our customers’ shipments and protecting our customers’, vendors’ and employees’ privacy, and we strive to provide a safe, secure online environment for our customers. We are committed to compliance with applicable information security laws, regulations and industry standards — including, for example, the Payment Card Industry Data Security Standard, a set of comprehensive requirements for enhancing payment account data security developed by the Payment Card Industry Security Standards Council, as well as compliance with the Health Insurance Portability and Accountability Act of 1996, which enforces the security and confidentiality of employee health information. For a description of risks related to information security, see Item 1A (“Risk Factors”) of this Annual Report.

Global ISO 9001 Certification

FedEx Services provides our customers with a high level of service quality, as evidenced by our ISO 9001 certification for our global express and ground operations. ISO 9001 registration is required by thousands of customers around the world. FedEx’s global certification, encompassing the processes of FedEx Express, FedEx Ground and FedEx Services, enhances our single-point-of-access strategy and solidifies our reputation as the quality leader in the transportation industry. ISO 9001 is the international standard for Quality Management Systems. ISO standards were developed by the International Organization for Standardization in Geneva, Switzerland to promote and facilitate international trade. Approximately 170 countries, including European Union (“EU”) members, the U.S. and Japan, recognize ISO standards.

FedEx Office Operating Segment

As of May 31, 2020, FedEx Office operated approximately 2,200 customer-facing stores, providing convenient access to printing and shipping expertise with reliable service. In response to the COVID-19 pandemic, we have temporarily closed a small number of FedEx Office stores, and are operating other FedEx Office stores at reduced hours. Additionally, in March 2020 we temporarily suspended our money-back guarantee for all same-day FedEx Office services.

The FedEx Office network features retail stores, centralized production centers, corporate on-site print centers, and on-site business centers at colleges and universities, hotels, convention centers, corporate campuses and health care campuses. Many of these locations are open later in the evenings to accommodate urgent printing projects and delivery drop-offs. FedEx Office has designed a suite of printing and shipping management solutions that are flexible and scalable, allowing customers to meet their unique printing and shipping needs. The network provides an adaptable cost model helping to save time, labor and overhead by freeing up resources and avoiding fixed costs associated with large-scale printing and e-commerce parcel volumes. Services include digital printing, professional finishing, document creation, design services, direct mail, signs and graphics, custom-printed boxes, copying, computer rental, free Wi-Fi, corporate print solutions and expedited U.S. passport processing and renewal through a collaboration with a registered U.S. passport agency.

To meet the evolving needs of print customers, FedEx Office has made significant investments in new machines and technology, enhancing capabilities in narrow format color, large format, color management and other technologies. Additional investments in grand format, large format, enhanced finishing and other print capabilities were made in 2020. In June 2020, FedEx Office partnered with a content and creative design platform to form a digital design-to-print marketplace offering millions of images and illustrations, an extensive library of templates and a simple drag-and-drop interface to create custom business materials from fedex.com on any device, with next-day printing on many requests available at FedEx Office stores.
FedEx Office also provides customers convenient access to the full range of FedEx Express and FedEx Ground shipping services. Customers may have their FedEx Express and FedEx Ground packages delivered to any FedEx Office customer-facing location nationwide through the Hold at FedEx Location service, free of charge, and may redirect packages to these locations through Redirect to Hold or AutoRedirect to Hold services. FedEx Office facilitates e-commerce and returns through FedEx Returns Technology, which allows for in-store printing of return shipping labels. Additionally, FedEx SameDay City is available in over 1,900 cities in 34 markets across the U.S., offering door-to-door residential and business delivery of time-sensitive parcels within hours by FedEx Office uniformed team members in branded FedEx Office delivery vehicles. Increasingly, industries such as health care, life sciences, manufacturing, finance, perishables, travel and automotive are relying on same-day services for critical delivery needs.

FedEx Office also offers packing services, and packing supplies and boxes are included in its retail offerings. By allowing customers to have items professionally packed by specially trained FedEx Office team members and then shipped using FedEx Ground day-definite shipping and time-definite global FedEx Express shipping services, FedEx Office offers a complete “pack-and-ship” solution. FedEx Office also offers FedEx Pack Plus, which includes custom box building capabilities and techniques, a robust assortment of specialty boxes and additional packing supplies, equipment and tools to serve our customers’ needs.

Almost all FedEx Office locations provide local pickup-and-delivery service for print jobs completed by FedEx Office. A FedEx courier picks up a customer’s print job at the customer’s location and then returns the finished product to the customer. Options and services vary by location.

During 2018, we entered into an agreement to place up to 500 new FedEx Office locations within select U.S. Walmart stores nationwide. The agreement is part of the nationwide expansion of the FedEx retail channel, and as of May 31, 2020 we operate over 340 FedEx Office locations inside Walmart stores.

Trademarks

The “FedEx” trademark, service mark and trade name are essential to our worldwide business. FedEx, FedEx Express, FedEx Ground, FedEx Freight, FedEx Office, FedEx Services, FedEx Logistics, FedEx Trade Networks Transport & Brokerage, FedEx Cross Border, FedEx Supply Chain, FedEx Custom Critical, FedEx Forward Depots and TNT Express, among others, are trademarks, service marks and trade names of Federal Express Corporation or the respective companies for which registrations, or applications for registration, are on file, as applicable. We have authorized, through licensing arrangements, the use of certain of our trademarks, service marks and trade names by our contractors and Global Service Participants to support our business. In addition, we license the use of certain of our trademarks, service marks and trade names on promotional items for the primary purpose of enhancing brand awareness.

Regulation

Air. Under the Federal Aviation Act of 1958, as amended (the “Federal Aviation Act”), both the U.S. Department of Transportation (“DOT”) and the Federal Aviation Administration (“FAA”) exercise regulatory authority over FedEx Express.

The FAA’s regulatory authority relates primarily to operational aspects of air transportation, including aircraft standards and maintenance, as well as personnel and ground facilities, which may from time to time affect the ability of FedEx Express to operate its aircraft in the most efficient manner. FedEx Express holds an air carrier certificate granted by the FAA pursuant to Part 119 of the federal aviation regulations. This certificate is of unlimited duration and remains in effect so long as FedEx Express maintains its standards of safety and meets the operational requirements of the regulations.

The DOT’s authority relates primarily to economic aspects of air transportation. The DOT’s jurisdiction extends to aviation route authority and to other regulatory matters, including the transfer of route authority between carriers. FedEx Express holds various certificates issued by the DOT, authorizing FedEx Express to engage in U.S. and international air transportation of property and mail on a worldwide basis.

Under the Aviation and Transportation Security Act of 2001, as amended, the Transportation Security Administration (“TSA”), an agency within the Department of Homeland Security, has responsibility for aviation security. The TSA requires FedEx Express to comply with a Full All-Cargo Aircraft Operator Standard Security Plan, which contains evolving and strict security requirements. These requirements are not static, but change periodically as the result of regulatory and legislative requirements, imposing additional security costs and creating a level of uncertainty for our operations. It is reasonably possible that these rules or other future security requirements could impose material costs on us.
FedEx Express participates in the Civil Reserve Air Fleet (“CRAF”) program. Under this program, the U.S. Department of Defense may requisition for military use certain of FedEx Express’s wide-bodied aircraft in the event of a declared need, including a national emergency. FedEx Express is compensated for the operation of any aircraft requisitioned under the CRAF program at standard contract rates established each year in the normal course of awarding contracts. Through its participation in the CRAF program, FedEx Express is entitled to bid on peacetime military cargo charter business. FedEx Express, together with a consortium of other carriers, currently contracts with the U.S. government for such charter flights.

See Item 1A (“Risk Factors”) of this Annual Report for discussion of regulations related to pilots, including the proposed pilot flight and duty time regulations, that could affect our business.

**Ground.** The ground transportation performed by FedEx Express is integral to its air transportation services. The enactment of the Federal Aviation Administration Authorization Act of 1994 abrogated the authority of states to regulate the rates, routes or services of intermodal all-cargo air carriers and most motor carriers. States may now only exercise jurisdiction over safety and insurance. FedEx Express is registered in those states that require registration.

The operations of FedEx Ground, FedEx Freight and FedEx Custom Critical in interstate commerce are currently regulated by the DOT and the Federal Motor Carrier Safety Administration, which retain limited oversight authority over motor carriers. Federal legislation preempts regulation by the states of rates, routes and services in intrastate freight transportation.

Like other interstate motor carriers, our operations, including those at FedEx Express, are subject to certain DOT safety requirements governing interstate operations. In addition, vehicle weight and dimensions remain subject to both federal and state regulations.

**International.** FedEx Express’s international authority permits it to carry cargo and mail from points in its U.S. route system to numerous points throughout the world. The DOT regulates international routes and practices and is authorized to investigate and take action against discriminatory treatment of U.S. air carriers abroad. The right of a U.S. carrier to serve foreign points is subject to the DOT’s approval and generally requires a bilateral agreement between the U.S. and the foreign government. In addition, the carrier must then be granted the permission of such foreign government to provide specific flights and services. The regulatory environment for global aviation rights may from time to time impair the ability of FedEx Express to operate its air network in the most efficient manner, and efficient operations often utilize open skies provisions of aviation agreements. Additionally, global air cargo carriers, such as FedEx Express, are subject to current and potential additional aviation security regulation by U.S. and foreign governments.

Our operations outside of the U.S., such as FedEx Express’s growing international domestic operations, are also subject to current and potential regulations, including certain postal regulations and licensing requirements, that restrict, make difficult and sometimes prohibit, the ability of foreign-owned companies such as FedEx Express to compete effectively in parts of the international domestic transportation and logistics market.

**Communication.** Because of the extensive use of radio and other communication facilities in its aircraft and ground transportation operations, FedEx Express is subject to the Federal Communications Commission Act of 1934, as amended. Additionally, the Federal Communications Commission regulates and licenses FedEx Express’s activities pertaining to satellite communications.

**Environmental.** Pursuant to the Federal Aviation Act, the FAA, with the assistance of the U.S. Environmental Protection Agency (“EPA”), is authorized to establish standards governing aircraft noise. FedEx Express’s aircraft fleet is in compliance with current noise standards of the federal aviation regulations. In addition to federal regulation of aircraft noise, certain airport operators have local noise regulations, which limit aircraft operations by type of aircraft and time of day. These regulations have had a restrictive effect on FedEx Express’s aircraft operations in some of the localities where they apply but do not have a material effect in any of FedEx Express’s significant markets. Congress’s passage of the Airport Noise and Capacity Act of 1990 established a National Noise Policy, which enabled FedEx Express to plan for noise reduction and better respond to local noise constraints. FedEx Express’s international operations are also subject to noise regulations in certain of the countries in which it operates.

Concern over climate change, including the impact of global warming, has led to significant U.S. and international legislative and regulatory efforts to limit GHG emissions, including our aircraft and vehicle engine emissions. Increasingly, state and local governments are also considering GHG regulatory requirements.

Compliance with such regulation and the associated potential cost is complicated by the fact that various countries and regions are following different approaches to the regulation of climate change. For example, the EU has established the Emissions Trading System (“ETS”) to regulate GHG emissions in the EU and adopted a directive in 2008 requiring each EU member state to extend the ETS to aviation operations. Efforts by the EU in 2009 to regulate flights arriving from or departing for airports outside of the EU were postponed. The EU extended its stay on the extra-territorial application of the EU ETS as applied to international flights to and from the European Economic Area (“EEA”) through the end of calendar 2023, contingent on successful implementation of the Carbon Offsetting and Reduction Scheme for International Aviation (“CORSIA”).
In 2016, the International Civil Aviation Organization (“ICAO”) passed a resolution adopting CORSIA, which is a global, market-based measure for purchasing credits to offset carbon dioxide emissions and intended to aid in meeting the ICAO’s goal of carbon-neutral growth starting in calendar 2020 by complementing industry efforts in infrastructure upgrades, technology, operations and sustainable aviation fuel. In June 2018, the ICAO adopted standards pertaining to country-by-country implementation including the collection and reporting of information on international aviation emissions beginning in calendar 2019. In furtherance of these efforts, in March 2019 the FAA issued notice of a CORSIA program permitting U.S. carriers to submit emissions data on a voluntary basis. Data reported will be used to set the initial emissions baseline, and beginning in calendar 2021 carriers subject to the requirements of CORSIA will be responsible for purchasing and retiring carbon credits to offset emissions in excess of the initial baseline. In response to the creation of the CORSIA program, in December 2017, the EU adopted a proposal which indefinitely excludes from the ETS flights operating fully or partly outside the EU and gradually reduces the number of aviation allowances from calendar 2021. The EU has indicated that it will assess CORSIA implementation and determine the future status of the ETS as applied to international aviation to and from the EEA. We expect compliance with CORSIA to increase FedEx operating expenses beginning in calendar 2021. The amount of such increase will ultimately depend on a number of factors, including the number of our flights subject to CORSIA, the fuel efficiency of our fleet, the average growth of the aviation sector, our ability to utilize sustainable aviation fuels in the future and the price of ICAO-eligible emission units or offsets required to be purchased by FedEx.

Additionally, in calendar 2016, the EPA issued a finding that aircraft engine GHG emissions cause or contribute to air pollution that may reasonably be anticipated to endanger public health or welfare. In March 2017, ICAO adopted new carbon dioxide emissions standards that would apply not only to new aircraft types as of calendar 2020, but also to new deliveries of current in-production aircraft types from calendar 2023. Additionally, a cutoff date of calendar 2028 for production of aircraft that do not comply with proposed standards was adopted. These standards are considered to be especially stringent for larger aircraft weighing over 60 tons. The calendar 2016 EPA finding is a regulatory prerequisite to the adoption of the new certification standard for new aircraft emissions. In the past, the U.S. Congress has also considered bills that would regulate GHG emissions, and some form of federal climate change legislation is possible in the future. However, in calendar 2017 the U.S. withdrew from the Paris climate accord, an agreement among 196 countries to reduce GHG emissions, and that withdrawal’s effect on future U.S. policy regarding GHG emissions and on other GHG regulation is uncertain. Nevertheless, the extent to which other countries implement that agreement could have an adverse direct or indirect effect on our business.

We are also subject to federal, state and local environmental laws and regulations relating to, among other things, the shipment of dangerous goods and contingency planning for spills of petroleum products. Additionally, we are subject to numerous regulations dealing with underground fuel storage tanks, hazardous waste handling, vehicle and equipment emissions and noise and the discharge of effluents from our properties and equipment. We have environmental management programs designed to ensure compliance with these regulations.

**Export Controls.** In recent years, the U.S. government has increased the number of companies and persons subject to U.S. export control regulations. Such regulations can restrict the types of items that FedEx customers are permitted to ship to certain entities, and in some instances may prohibit FedEx from serving certain entities altogether. Violations of these regulations can result in significant monetary and other penalties. For example, the Export Control Reform Act of 2018 (the “ECRA”) and its implementing regulations, the Export Administration Regulations (the “EARs”), hold carriers such as FedEx strictly liable for shipments that may violate the EARs without requiring evidence that the carriers had knowledge of any violations. Violations of the ECRA can result in criminal penalties of up to $1 million and civil penalties of $305,000 (or twice the value of the transaction) per individual violation. FedEx is investing in improvements and updates to its export control compliance programs. However, the heightened focus on export controls by the U.S. government increases FedEx’s exposure to potential regulatory penalties and could result in higher compliance costs.

During the first quarter of 2020, FedEx filed suit in U.S. District Court in the District of Columbia seeking to enjoin the U.S. Department of Commerce from enforcing prohibitions contained in the EARs against FedEx. FedEx believes that the EARs violate common carriers’ rights to due process under the Fifth Amendment of the U.S. Constitution as they unreasonably hold common carriers strictly liable for shipments that may violate the EARs without requiring evidence that the carriers had knowledge of any violations. Additionally, the China State Post Bureau is currently conducting an investigation into the operations of FedEx Express regarding its handling of certain packages while attempting to comply with the EARs. FedEx Express has and will continue to fully cooperate with the Chinese authorities on the investigation. For more information, see Item 1A (“Risk Factors”) of this Annual Report.

**Customs.** Our activities, including customs brokerage and freight forwarding, are subject to regulation by U.S. Customs and Border Protection and the TSA within the Department of Homeland Security (customs brokerage and security issues), the U.S. Federal Maritime Commission (ocean freight forwarding) and the DOT (air freight forwarding). Our offshore operations are subject to similar regulation by the regulatory authorities of foreign jurisdictions.
Labor. All U.S. employees at FedEx Express are covered by the Railway Labor Act of 1926, as amended (the “RLA”), while labor relations within the U.S. at our other companies are governed by the National Labor Relations Act of 1935, as amended (the “NLRA”). Under the RLA, groups that wish to unionize must do so across nationwide classes of employees. The RLA also requires mandatory government-led mediation of contract disputes supervised by the National Mediation Board before a union can strike or an employer can replace employees or impose contract terms. This part of the RLA helps minimize the risk of strikes that would shut down large portions of the economy. Under the NLRA, employees can unionize in small localized groups, and government-led mediation is not a required step in the negotiation process.

The RLA was originally passed to govern railroad and express carrier labor negotiations. As transportation systems evolved, the law expanded to cover airlines, which are the dominant national transportation systems of today. As an air express carrier with an integrated air/ground network, FedEx Express and its employees have been covered by the RLA since the founding of the company in 1971. The purpose of the RLA is to offer employees a process by which to unionize (if they choose) and engage in collective bargaining while also protecting global commerce from damaging work stoppages and delays. Specifically, the RLA ensures that an entire transportation system, such as at FedEx Express, cannot be shut down by the actions of a local segment of the network.

The U.S. Congress has, in the past, considered adopting changes in labor laws that would make it easier for unions to organize units of our employees. For example, there is always a possibility that Congress could remove most FedEx Express employees from the jurisdiction of the RLA, thereby exposing the FedEx Express network to sporadic labor disputes and the risk that small groups of employees could disrupt the entire air/ground network. In addition, federal and state governmental agencies, such as the National Mediation Board and the NLRB, have and may continue to take actions that could make it easier for our employees to organize under the RLA or NLRA. For a description of these potential labor law changes, see Item 1A (“Risk Factors”) of this Annual Report.

Data Protection. Recently, there has been heightened regulatory and enforcement focus on data protection in the U.S. (at both the state and federal level) and abroad. For example, the EU’s General Data Protection Regulation (“GDPR”), which became effective in 2018, greatly increases the jurisdictional reach of EU law and adds a broad array of requirements related to personal data, including individual notice and opt-out preferences and the public disclosure of significant data breaches. Additionally, violations of the GDPR can result in fines of as much as 4% of a company’s annual revenue. Other governments have enacted or are enacting similar data protection laws, including data localization laws that require data to stay within their borders. For more information regarding data protection regulation, see Item 1A (“Risk Factors”) of this Annual Report.

Executive officers are elected by, and serve at the discretion of, the Board of Directors. There is no arrangement or understanding between any executive officer or person chosen to become an executive officer and any person, other than a director or executive officer of FedEx or of any of its subsidiaries acting in his or her official capacity, pursuant to which any executive officer or person chosen to become an executive officer was selected. There are no family relationships between any executive officer and any other executive officer or director of FedEx, or any person nominated or chosen to become a director or executive officer.
FedEx’s common stock is listed on the New York Stock Exchange under the symbol “FDX.” As of July 16, 2020, there were 11,643 holders of record of our common stock.

We expect to continue to pay regular quarterly cash dividends, though each quarterly dividend payment is subject to review and approval by our Board of Directors. We evaluate our dividend payment amount on an annual basis.

During the fourth quarter of 2020, we amended our amended and restated $2.0 billion five-year credit agreement and $1.5 billion 364-day credit agreement (together, the “Credit Agreements”) to, among other things, temporarily restrict us from increasing the amount of our quarterly dividend payable per share of common stock from $0.65 per share and repurchasing any shares of our common stock between May 27, 2020 and May 31, 2021. See Note 6 of the accompanying consolidated financial statements for additional information regarding the amendments to the Credit Agreements. There are no other material restrictions on our ability to declare dividends, nor are there any material restrictions on the ability of our subsidiaries to transfer funds to us in the form of cash dividends, loans or advances.

We did not repurchase any shares of FedEx common stock during the fourth quarter of 2020. On January 26, 2016, we announced a stock repurchase program approved by our Board of Directors, through which we are authorized to purchase, in the open market or in privately negotiated transactions, up to an aggregate of 25 million shares of our common stock. As of July 16, 2020, 5.1 million shares remained authorized for purchase under the January 2016 stock repurchase program, which is the only such program that currently exists. The program does not have an expiration date. See Note 1 of the accompanying consolidated financial statements for further discussion.

Changes in Internal Control Over Financial Reporting
In the first quarter of 2020, we adopted Accounting Standards Update 2016-02, Leases (Topic 842), and began implementing new systems and internal controls in conjunction with the new lease standard. In addition, during the second quarter of 2020, we began implementing new internal controls in conjunction with the migration to an enterprise resource planning cloud-based financial system. During the fourth quarter of 2020, the majority of our accounting, finance and legal employees began working remotely due to the COVID-19 pandemic, and the majority of such employees continue to work remotely.

During our fiscal quarter ended May 31, 2020, no change occurred in our internal control over financial reporting, including the new controls and developments described above, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting. OVERVIEW OF FINANCIAL SECTION

The financial section of the FedEx Corporation (“FedEx” or the “Company”) Annual Report on Form 10-K (“Annual Report”) consists of the following: Management’s Discussion and Analysis of Results of Operations and Financial Condition (“MD&A”), the Consolidated Financial Statements and the notes to the Consolidated Financial Statements, and Other Financial Information, all of which include information about our significant accounting policies and practices and the transactions that underlie our financial results. The following MD&A describes the principal factors affecting the results of operations, liquidity, capital resources, contractual cash obligations and critical accounting estimates of FedEx. The discussion in the financial section should be read in conjunction with the other sections of this Annual Report, particularly “Item 1. Business” and our detailed discussion of risk factors included in this MD&A.

ORGANIZATION OF INFORMATION

Our MD&A is composed of three major sections: Results of Operations and Outlook, Financial Condition and Critical Accounting Estimates. These sections include the following information:

• Results of operations includes an overview of our consolidated 2020 results compared to 2019 results. This section also includes a discussion of key actions and events that impacted our results, as well as our outlook for 2021. Discussion and analysis of 2018 results and year-over-year comparisons between 2019 results and 2018 results can be found in “Item 7. Management’s Discussion and Analysis of Results of Operations and Financial Condition” of our Annual Report for the year ended May 31, 2019.
• The overview is followed by a financial summary and analysis (including a discussion of both historical operating results and our outlook for 2021) for each of our transportation segments.
• Our financial condition is reviewed through an analysis of key elements of our liquidity, capital resources and contractual cash obligations, including a discussion of our cash flows, our financial commitments and our liquidity outlook for 2021.
• Critical accounting estimates discusses those financial statement elements that we believe are most important to understanding the material judgments and assumptions incorporated in our financial results.
• We conclude with a discussion of risks and uncertainties that may impact our financial condition and operating results.

DESCRIPTION OF BUSINESS SEGMENTS

We provide a broad portfolio of transportation, e-commerce and business services through companies competing collectively, operating independently and managed collaboratively, under the respected FedEx brand. Our primary operating companies are Federal Express Corporation (“FedEx Express”), including TNT Express B.V. (“TNT Express”), the world’s largest express transportation company; FedEx Ground Package System, Inc. (“FedEx Ground”), a leading North American provider of small-package ground delivery services; and FedEx Freight Corporation (“FedEx Freight”), a leading North American provider of less-than-truckload (“LTL”) freight transportation services. These companies represent our major service lines and, along with FedEx Corporate Services, Inc. (“FedEx Services”), constitute our reportable segments.

Our FedEx Services segment provides sales, marketing, information technology, communications, customer service, technical support, billing and collection services, and certain back-office functions that support our operating segments. The operating costs of the FedEx Services segment are allocated to the business units it serves. See “Reportable Segments” for further discussion and refer to “Item 1. Business” for a more detailed description of each of our operating companies.

- 55 -
The key indicators necessary to understand our operating results include:

- the overall customer demand for our various services based on macroeconomic factors and the global economy;
- the volumes of transportation services provided through our networks, primarily measured by our average daily volume and shipment weight and size;
- the mix of services purchased by our customers;
- the prices we obtain for our services, primarily measured by yield (revenue per package or pound or revenue per shipment or hundredweight for LTL freight shipments);
- our ability to manage our cost structure (capital expenditures and operating expenses) to match shifting volume levels; and
- the timing and amount of fluctuations in fuel prices and our ability to recover incremental fuel costs through our fuel surcharges.

Many of our operating expenses are directly impacted by revenue and volume levels, and we expect these operating expenses to fluctuate on a year-over-year basis consistent with changes in revenue and volumes. Therefore, the discussion of operating expense captions focuses on the key drivers and trends impacting expenses other than those factors strictly related to changes in revenue and volumes. The line item “Other operating expense” includes costs associated with outside service contracts (such as facility services and cargo handling, temporary labor and security), insurance, professional fees and uniforms.

Except as otherwise specified, references to years indicate our fiscal year ended May 31, 2020 or ended May 31 of the year referenced and comparisons are to the corresponding period of the prior year. References to our transportation segments include, collectively, the FedEx Express segment, the FedEx Ground segment and the FedEx Freight segment.

Overview

During 2020, an outbreak of a new strain of coronavirus (“COVID-19”) was declared a pandemic by the World Health Organization. The COVID-19 pandemic had a negative impact on the demand for our commercial services during 2020 due to its disruption of global manufacturing, supply chains and consumer spending. In addition, the COVID-19 pandemic and ongoing trade disputes have significantly increased economic and demand uncertainty. The various stay-at-home orders and shut down of commercial activities in major markets around the world also led to unprecedented demand for residential delivery services, rivaling our peak holiday season traffic. We incurred increased costs associated with this demand and lower composite yields than our typical volume. The length and severity of the impact to our results is currently uncertain, although we are beginning to see some signs of improvement in commercial activity. See “Impact of the COVID-19 Pandemic” below for more information.
Weaker global economic conditions, including the impact of the COVID-19 pandemic, negatively impacted our results in 2020. In addition, our results in 2020 were negatively impacted by the elimination of business from a large customer, higher self-insurance accruals, increased costs to expand services, the continued mix shift to lower-yielding services and a more competitive pricing environment. These factors were partially offset by residential delivery volume growth at FedEx Ground and increased yields at FedEx Freight. Lower variable incentive compensation expenses benefited our results by approximately $320 million in 2020. We recognized $369 million ($366 million, net of tax, or $1.40 per diluted share) of goodwill and other asset impairment charges associated with the FedEx Office and Print Services, Inc. (“FedEx Office”) and FedEx Logistics, Inc. (“FedEx Logistics”) operating segments in the fourth quarter of 2020. Our 2020 results also include $66 million ($50 million, net of tax, or $0.19 per diluted share) of asset impairment charges associated with the decision to permanently retire certain aircraft and related engines at FedEx Express. See the “Goodwill and Other Asset Impairment Charges” section of this MD&A for more information.

Consolidated net income in 2020 includes a pre-tax noncash loss of $794 million ($583 million, net of tax, or $2.22 per diluted share) associated with our fourth quarter MTM retirement plans accounting adjustment. See the “Retirement Plans MTM Adjustment” section of this MD&A and Note 13 of the accompanying consolidated financial statements. Consolidated net income for 2020 also includes a tax benefit of $133 million ($0.51 per diluted share) from the reduction of a valuation allowance on certain foreign tax loss carryforwards, a tax benefit of $71 million ($0.27 per diluted share) related to the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”), which allows tax losses to be offset against income from prior years that was taxed at higher rates. Additionally, consolidated net income for 2020 includes a tax expense of $51 million ($0.19 per diluted share) due to a change in deferred tax balances related to future foreign tax credits from our international structure. See the “Income Taxes” section of this MD&A and Note 12 of the accompanying consolidated financial statements.

We incurred TNT Express integration expenses totaling $270 million ($209 million, net of tax, or $0.80 per diluted share) in 2020, a decrease of $118 million from 2019. The integration expenses are predominantly incremental costs directly associated with the integration of TNT Express (acquired in fiscal year 2016), including professional and legal fees, salaries and wages, travel and advertising expenses. Internal salaries and wages are included only to the extent the individuals are assigned full-time to integration activities. These costs were recognized at FedEx Express and FedEx Corporate. The identification of these costs as integration-related expenditures is subject to our disclosure controls and procedures.

Impact of the COVID-19 Pandemic

Business-to-business demand across all of our businesses was negatively impacted by the COVID-19 pandemic in 2020. We began to experience business impacts from the COVID-19 pandemic as early as January 2020 when transpacific traffic was affected by the shutdowns in China and the curtailment of commercial air flights. While commercial volumes were down due to business closures across the world, FedEx Ground residential delivery volumes increased to seasonal peak levels during the fourth quarter of 2020 due to stay-at-home orders and other pandemic responsive measures. The shift in mix negatively impacted operating margins and operating results. In addition, the COVID-19 pandemic negatively impacted FedEx Office’s operating performance during 2020, and store closures resulting from the pandemic contributed to the FedEx Office goodwill impairment charge recorded in 2020. See the “Goodwill and Other Asset Impairment Charges” section of this MD&A for more information.

During 2020, we incurred approximately $125 million of increased operating expenses related to personal protective equipment and medical/safety supplies, as well as additional security and cleaning services, in order to protect our team members and customers as we continue to provide essential services during the COVID-19 pandemic. Additionally, in response to the COVID-19 pandemic, we (i) increased hiring at FedEx Ground to keep pace with increased demand for residential services and (ii) increased transpacific and charter flight hours to align capacity with demand at FedEx Express. See Part 1, Item 1 of this Annual Report under the caption “COVID-19 Pandemic” for more information.

We remain committed to assisting our customers as they work to manage their supply chains and inventories. Additionally, we are capitalizing on the opportunity to deliver higher-yielding shipments due to the capacity reductions in Asia. We are at the same time seeking to mitigate the impact of the COVID-19 pandemic on our financial position and operations by continuing to implement our transformation initiatives.

We have also taken the following actions to improve liquidity and strengthen our financial position.

- Reduced expected 2021 capital expenditures by approximately $1.0 billion from the prior year, including decreasing spending on vehicles and trailers, delaying facility expansions and postponing certain information technology initiatives.
- Implemented temporary surcharges on all oversized and residential U.S. domestic FedEx Express and FedEx Ground packages, effective June 8, 2020, and on international package and airfreight shipments, effective April 6, 2020, at FedEx Express. We also temporarily suspended money-back guarantees for all FedEx Express, FedEx Ground, FedEx Freight and same-day FedEx Office services.
- Suspended voluntary pension funding in 2021.
Revised the terms of our $2.0 billion five-year credit agreement (the “Five-Year Credit Agreement”) and our $1.5 billion 364-day credit agreement (the “364-Day Credit Agreement” and together with the Five-Year Credit Agreement, the “Credit Agreements”) to further enhance our financial flexibility. Additionally, we issued $3.0 billion of senior unsecured debt under our shelf registration statement in April 2020. See Note 6 of the accompanying consolidated financial statements for additional information.

Deferred payment of the employer portion of social security taxes through December 31, 2020, as provided by the CARES Act, which was enacted on March 27, 2020. This is expected to provide us with approximately $625 million of additional liquidity during 2020 and 2021.

Reduced our aviation excise taxes as provided by the CARES Act, which is expected to benefit 2021 by approximately $110 million to $160 million, depending upon the timing and pace of an economic recovery and return to pre-COVID-19 pandemic shipping volumes. We recognized a $37 million benefit for the two-month period this excise tax holiday was in effect during the fourth quarter of 2020.

Lowered our 2021 cash outflows for income taxes under the CARES Act. See Note 12 of the accompanying consolidated financial statements for more information related to such provisions.
The following graphs for FedEx Express, FedEx Ground and FedEx Freight show selected volume trends (in thousands) for the years ended May 31:

(1) International domestic average daily package volume relates to our international intra-country operations. International export average daily package volume relates to our international priority and economy services.

(2) International average daily freight pounds relate to our international priority, economy and airfreight services.
The following graphs for FedEx Express, FedEx Ground and FedEx Freight show selected yield trends for the years ended May 31:

1. International export revenue per package relates to our international priority and economy services. International domestic revenue per package relates to our international intra-country operations.

2. International freight revenue per pound relates to our international priority, economy and airfreight services.
Revenue

Revenue decreased 1% in 2020 primarily due to the elimination of business from a large customer and the impact from macroeconomic weakness, including the impact of the COVID-19 pandemic. Even though our revenue and operating income comparisons were negatively affected by the elimination of business from a large customer, our customer base is diverse and no one customer comprises more than 3% of our consolidated revenue. In addition, lower fuel surcharges at all transportation segments negatively impacted revenue in 2020. These items were partially offset by residential delivery volume growth at FedEx Ground, including the sharp increase in demand resulting from the stay-at-home orders and other responsive measures caused by the COVID-19 pandemic.

We implemented average list price increases at the beginning of the calendar year at each of our transportation segments. Some customers have contracts that are not subject to these general rate increases. We also implemented temporary surcharges on oversize, residential and international shipments in response to the COVID-19 pandemic.

At FedEx Ground, revenue increased 11% in 2020 due to residential delivery volume growth, partially offset by the decline in commercial delivery volume and the elimination of business from a large customer. Revenue at FedEx Express decreased 5% in 2020 primarily due to lower package revenue as a result of the elimination of business from a large customer and the impact of the COVID-19 pandemic. In addition, unfavorable exchange rates and lower freight revenue negatively impacted revenue in 2020. FedEx Freight revenue decreased 6% in 2020 due to decreased average daily shipments, partially offset by higher revenue per shipment.

Goodwill and Other Asset Impairment Charges

In 2020, we recorded $358 million of goodwill impairment charges, of which $348 million was associated with FedEx Office and the remainder at FedEx Supply Chain Distribution System, Inc. (“FedEx Supply Chain”). As a result, the goodwill attributed to each of these reporting units has been fully impaired. The COVID-19 pandemic resulted in store closures and declining print revenue at FedEx Office during the fourth quarter of 2020 and is expected to continue to negatively impact its near-term operating performance. We also recorded $11 million of other asset impairment charges at the FedEx Logistics operating segment.

In 2020, we made the decision to permanently retire from service 10 Airbus A310-300 aircraft and 12 related engines at FedEx Express to align with the needs of the U.S. domestic network and modernize its aircraft fleet. As a consequence of this decision, noncash impairment charges of $66 million ($50 million, net of tax, or $0.19 per diluted share) were recorded in the FedEx Express segment in 2020. Seven of these aircraft were temporarily idled. For additional information regarding these impairment charges, see the “Critical Accounting Estimates” section of this MD&A and Note 4 of the accompanying consolidated financial statements.

Business Realignment Costs

During 2019, we conducted a program to offer voluntary cash buyouts to eligible U.S.-based employees in certain staff functions. As a result of this program, approximately 1,500 employees left the Company. Costs of the benefits provided under the U.S.-based voluntary employee buyout program were recognized in 2019 when eligible employees accepted their offers. Payments under this program were made at the time of departure and totaled approximately $50 million in 2020 and $220 million in 2019.
Lease Accounting Change

Effective June 1, 2019, we adopted new accounting guidance that had a material impact on our balance sheet but did not materially impact consolidated operating results and had no impact on operating cash flows. In order to properly align the lease and rental expenses to the appropriate line items in accordance with the new standard, a reclassification from other operating expense to rentals and landing fees of approximately $181 million and maintenance and repairs expense to rentals and landing fees of approximately $49 million was made. Such reclassifications are excluded from the year-over-year expense change discussion below and in each transportation segment’s results. See Note 2 of the accompanying consolidated financial statements for a discussion of the adoption of the accounting guidance.

(1) Includes TNT Express integration expenses of $270 million in 2020 and $388 million in 2019.
(2) Includes goodwill and other asset impairment charges in 2020 associated with the FedEx Office, FedEx Express and FedEx Logistics operating segments.
(3) Includes costs associated with our U.S.-based voluntary employee buyout program in 2019.
(4) Other expenses in 2019 include $46 million of costs incurred in connection with the settlement of a legal matter involving FedEx Ground.

Our results declined in 2020 primarily due to weaker global economic conditions, including the impact of the COVID-19 pandemic, the elimination of business from a large customer, higher self-insurance accruals and increased costs to expand services. Self-insurance costs were higher primarily due to increased costs associated with vehicle accidents at FedEx Ground. The rising cost of vehicle accidents is occurring throughout the transportation industry as reflected in the rise of third-party insurance rates. We have prioritized incremental investments in safety technology to address these trends. In addition, continued mix shift to lower-yielding services and a more competitive pricing environment negatively impacted our results during 2020. These factors were partially offset by residential delivery volume growth at FedEx Ground and increased yields at FedEx Freight in 2020. The year-over-year variable incentive compensation expense benefited operating income by approximately $320 million in 2020. We recognized $369 million ($366 million, net of tax, or $1.40 per diluted share) of goodwill and other asset impairment charges associated with the FedEx Office and FedEx Logistics operating segments in the fourth quarter of 2020. Additionally, we recorded asset impairment charges of $66 million ($50 million, net of tax, or $0.19 per diluted share) associated with the decision to permanently retire certain aircraft and related engines at FedEx Express.

Purchased transportation costs increased 5% in 2020 primarily due to higher volumes and increased contractor settlement rates at FedEx Ground, including expanding residential delivery to seven days per week year-round. These items were partially offset by lower volumes, including the impact of the COVID-19 pandemic at FedEx Express and FedEx Freight, favorable exchange rates at FedEx Express and lower utilization of third-party transportation providers at FedEx Freight. Other operating expense increased 4% in 2020 primarily due to higher self-insurance accruals, increased costs associated with the COVID-19 pandemic, higher bad debt expense and higher outside service contract expense. Depreciation and amortization expense increased 8% in 2020 primarily due to continued strategic investment programs at all of our transportation segments.

**Fuel**

The following graph for our transportation segments shows our average cost of jet and vehicle fuel per gallon for the years ended May 31:

![Average Fuel Cost per Gallon Graph]

Fuel expense decreased 19% during 2020 due to decreased fuel prices. Fuel prices represent only one component of the factors we consider meaningful in understanding the impact of fuel on our business. Consideration must also be given to the fuel surcharge revenue we collect. Accordingly, we believe discussion of the net impact of fuel on our results, which is a comparison of the year-over-year change in these two factors, is important to understand the impact of fuel on our business. In order to provide information about the impact of fuel surcharges on the trend in revenue and yield growth, we have included the comparative weighted-average fuel surcharge percentages in effect for 2020 and 2019 in the accompanying discussions of each of our transportation segments.

Most of our fuel surcharges are adjusted on a weekly basis. The fuel surcharge is based on a weekly fuel price from two weeks prior to the week in which it is assessed. Some FedEx Express international fuel surcharges incorporate a timing lag of approximately six to eight weeks.

The manner in which we purchase fuel also influences the net impact of fuel on our results. For example, our contracts for jet fuel purchases at FedEx Express are tied to various indices, including the U.S. Gulf Coast index. While many of these indices are aligned, each index may fluctuate at a different pace, driving variability in the prices paid for jet fuel. Furthermore, under these contractual arrangements, approximately 70% of our jet fuel is purchased based on the index price for the preceding week, with the remainder of our purchases tied primarily to the index price for the preceding month and preceding day, rather than based on daily spot rates. These contractual provisions mitigate the impact of rapidly changing daily spot rates on our jet fuel purchases.

Because of the factors described above, our operating results may be affected should the market price of fuel suddenly change by a significant amount or change by amounts that do not result in an adjustment in our fuel surcharges, which can significantly affect our earnings either positively or negatively in the short-term. For more information, see “Risk Factors” below.

We routinely review our fuel surcharges and periodically update the tables used to determine our fuel surcharges at all of our transportation segments. The net impact of fuel on operating income described below and for each segment below does not include the impact from these ordinary-course table changes.

The net impact of fuel had a slight benefit to operating income in 2020 as decreased fuel prices outpaced lower fuel surcharges.

The net impact of fuel on our operating results does not consider the effects that fuel surcharge levels may have on our business, including changes in demand and shifts in the mix of services purchased by our customers. In addition, our purchased transportation expense may be impacted by fuel costs. While fluctuations in fuel surcharge percentages can be significant from period to period, fuel surcharges represent one of the many individual components of our pricing structure that impact our overall revenue and yield. Additional components include the mix of services sold, the base price and extra service charges we obtain for these services and the level of pricing discounts offered.
**Other Income and Expense**

Interest expense increased $84 million in 2020 primarily due to debt issuances during the year.

**Retirement Plans MTM Adjustment**

We incurred a pre-tax noncash MTM net loss of $794 million in 2020 ($583 million, net of tax, or $2.22 per diluted share) and a net loss of $3.9 billion in 2019 ($3.0 billion, net of tax, or $11.22 per diluted share) from actuarial adjustments to pension and postretirement healthcare plans related to the measurement of plan assets and liabilities. The net loss in 2020 is attributable to a significantly lower discount rate, partially offset by higher than expected asset returns. The net loss in 2019 is attributable to a significantly lower discount rate, changes in actuarial estimates regarding rates of retirement, disability and salary increases and lower than expected asset returns. For more information, see the “Critical Accounting Estimates” section of this MD&A and Note 1 and Note 13 of the accompanying consolidated financial statements.

The 2020 tax rate includes a benefit of $133 million from the reduction of a valuation allowance on certain foreign tax loss carryforwards due to operational changes which impacted the determination of the realizability of the deferred tax asset in that jurisdiction. The 2020 tax rate also includes a deferred income tax expense of $51 million for a change in deferred tax balances related to future foreign tax credits from our international structure as a result of changes in legal entity forecasts during the fourth quarter. The 2020 tax rate was negatively impacted by decreased earnings in certain non-U.S. jurisdictions.

On March 27, 2020, the CARES Act was enacted to address the economic impact of the COVID-19 pandemic in the United States. Among other things, the CARES Act allows a five-year carryback period for tax losses generated in 2019 through 2021. As a result, an income tax benefit of $71 million was recorded in 2020 in connection with a tax loss generated during 2020 that the CARES Act will now allow to be carried back to 2015, a tax year when the U.S. federal income tax rate was 35%.

During the fourth quarter of 2020, we filed a non-automatic Application for Change in Accounting Method with the Internal Revenue Service (“IRS”) to change the method of accounting for depreciation to retroactively apply final tax regulations issued during the year to certain assets placed in service during 2018 and 2019. If the IRS approves our request, we will recognize an income tax benefit in 2021 of approximately $130 million and increase our estimated income tax refund from the carryback to 2015 by approximately $330 million.

We maintain an ongoing process to review our corporate legal entity structure to ensure it is aligned with business operations and regulatory environments in which we operate. A potential outcome of recent reviews could include changing the tax status of certain foreign entities within our structure and favorably impact our effective tax rate in the first half of 2021 primarily through the adjustment of U.S. deferred tax balances related to our foreign operations.
The 2019 tax rate includes a benefit of $90 million from the reduction of a valuation allowance on tax loss carryforwards due to certain business operational changes from the integration of FedEx Express and TNT Express in a local jurisdiction, which impacted our determination of the realizability of the deferred tax asset in that jurisdiction and an expense of $50 million from the impact on our deferred taxes attributable to a lower tax rate in the Netherlands. The 2019 tax rate was favorably impacted by the TCJA, which resulted in benefits of $75 million from accelerated deductions claimed on our 2018 U.S. income tax return filed in 2019.

During 2019, the U.S. Treasury Department issued final regulations covering the one-time transition tax on unrepatriated foreign earnings, which was enacted as part of the TCJA. Certain guidance included in these final regulations is inconsistent with our interpretation that led to the recognition of a $233 million cumulative benefit through 2019. Notwithstanding this inconsistency, we remain confident in our interpretation of the TCJA and intend to defend this position through litigation, if necessary. However, if we are ultimately unsuccessful in defending our position, we may be required to reverse the benefit previously recorded.

During 2019, we completed our accounting for the tax effects of the TCJA within the one-year measurement period allowed under Staff Accounting Bulletin 118. As a result, we recorded an adjustment to tax expense of $4 million recognized in 2019 as a revision of the provisional benefit associated with the remeasurement of our net U.S. deferred tax liability.

For more information on income taxes, see the “Critical Accounting Estimates” section of this MD&A and Note 12 of the accompanying consolidated financial statements.

**Business Acquisitions**

See Note 3 of the accompanying consolidated financial statements for a discussion of business acquisitions.

**Outlook**

The uncertainty over the continuing and ultimate impact the COVID-19 pandemic will have on the global economy generally, and our business in particular, makes any expectations for 2021 inherently less certain. The timing and pace of an economic recovery from the COVID-19 pandemic are currently the most profound uncertainties affecting our business. While we anticipate increased demand for residential services to continue at FedEx Ground in 2021, we expect weak global economic conditions, significant uncertainty concerning the health impacts of COVID-19 and increased supplies and other costs caused by the pandemic to continue to impact our results of operations, cash flows and liquidity in 2021.

While restrictions on commercial air traffic are in place, we expect continued strong demand for international priority shipments and charter flights in 2021. However, our international operations are much more sensitive to changes in global trade than our U.S. domestic operations because of the higher concentration of business-to-business shipments internationally. We will continue to manage network capacity, flexing our network and making adjustments as needed to align with volumes and operating conditions.

During 2021, we will expand FedEx Ground seven-day residential delivery coverage to more than 95 percent of the U.S. population. In addition, we will continue to focus on last-mile residential delivery optimization by directing certain U.S. day-definite residential FedEx Express shipments into the FedEx Ground network to increase efficiency and lower our cost-to-serve. We also are focused on improving revenue quality and lowering costs through investments in technology aimed at improving productivity and safety.

During 2021, we will continue to execute our TNT Express integration plans, and we are scheduled to complete the integration of the FedEx Express and TNT Express linehaul and pickup-and-delivery operations and begin offering an enhanced portfolio of international services. We will leverage the capabilities that TNT Express adds to our portfolio, which are expected to improve our European revenue and profitability. While we expect to make significant progress on integration activities in 2021, particularly in Europe, integration work will continue after 2021. Due to delays caused by the COVID-19 pandemic, we now expect to complete the final phase of international air network interoperability in early calendar 2022 rather than the fall of calendar 2021.

We expect to incur approximately $175 million of integration expenses in 2021 in the form of professional fees, outside service contracts, salaries and wages and other operating expenses. We expect the aggregate integration program expenses to be approximately $1.7 billion through the completion of the physical network integration of TNT Express into FedEx Express in 2022. We may incur additional costs, including investments that will further transform and optimize the combined businesses and FedEx Express’s international business. The timing and amount of integration and other expenses and capital investments may change as we revise and implement our plans.

Our capital expenditures for 2021 are expected to be approximately $4.9 billion, a decrease of $1.0 billion from 2020 due to decreasing spending on vehicles and trailers, delaying facility expansions and postponing certain information technology initiatives. Our 2021 expected capital expenditures include FedEx Express investments in aircraft fleet modernization, strategic investments to improve productivity and safety, and the Indianapolis and Memphis hub modernization and expansion programs at FedEx Express.
Our aircraft fleet modernization and hub modernization and expansion programs at FedEx Express are multi-year programs that will entail significant investments over the next several years. See the “Contractual Cash Obligations and Off-Balance Sheet Arrangements” section of this MD&A for details of our capital commitments for 2021 and beyond. We will continue to evaluate our investments in critical long-term strategic projects to ensure our capital expenditures are expected to generate high returns on investment and are balanced with our outlook for global economic conditions. For additional details on key 2021 capital projects, refer to the “Financial Condition – Capital Resources” and “Financial Condition – Liquidity Outlook” sections of this MD&A.

See “Risk Factors” and “Forward-Looking Statements” for a discussion of these and other potential risks and uncertainties that could materially affect our future performance.

**Seasonality of Business**

Our businesses are cyclical in nature, as seasonal fluctuations affect volumes, revenue and earnings. Historically, the U.S. express package business experiences an increase in volumes in late November and December. International business, particularly in the Asia-to-U.S. market, peaks in October and November in advance of the U.S. holiday sales season. Our first and third fiscal quarters, because they are summer vacation and post winter-holiday seasons, have historically experienced lower volumes relative to other periods. Normally, the fall is the busiest shipping period for FedEx Ground, while late December, June and July are the slowest periods. However, FedEx Ground experienced unplanned peak-level volumes during the fourth quarter of 2020 due to the COVID-19 pandemic. For FedEx Freight, the spring and fall are the busiest periods and the latter part of December through February is the slowest period. Shipment levels, operating costs and earnings for each of our companies can also be adversely affected by inclement weather, particularly the impact of severe winter weather in our third fiscal quarter. See “Risk Factors” below for more information.

**RECENT ACCOUNTING GUIDANCE**

See Note 2 of the accompanying consolidated financial statements for a discussion of recent accounting guidance.

**REPORTABLE SEGMENTS**

FedEx Express, FedEx Ground and FedEx Freight represent our major service lines and, along with FedEx Services, constitute our reportable segments. Our reportable segments include the following businesses:

- **FedEx Express Segment**
  - FedEx Express (express transportation)
  - TNT Express (international express transportation, small-package ground delivery and freight transportation)
  - FedEx Custom Critical, Inc. (“FedEx Custom Critical”) (time-critical transportation)

- **FedEx Ground Segment**
  - FedEx Ground (small-package ground delivery)

- **FedEx Freight Segment**
  - FedEx Freight (LTL freight transportation)

- **FedEx Services Segment**
  - FedEx Services (sales, marketing, information technology, communications, customer service, technical support, billing and collection services and back-office functions)

Effective March 1, 2020, the results of FedEx Custom Critical are included in the FedEx Express segment prospectively as the impact to prior periods was not material. This change was made to reflect our internal management reporting structure.

**FEDEX SERVICES SEGMENT**

The operating expense line item “Intercompany charges” on the accompanying consolidated financial statements of our transportation segments reflects the allocations from the FedEx Services segment to the respective operating segments. The allocations of net operating costs are based on metrics such as relative revenue or estimated services provided.

The FedEx Services segment provides direct and indirect support to our operating segments, and we allocate all of the net operating costs of the FedEx Services segment to reflect the full cost of operating our businesses in the results of those segments. We review and evaluate the performance of our transportation segments based on operating income (inclusive of FedEx Services segment allocations). For the FedEx Services segment, performance is evaluated based on the impact of its total allocated net operating costs on our operating segments. We believe these allocations approximate the net cost of providing these functions. Our allocation methodologies are refined periodically, as necessary, to reflect changes in our businesses.
Corporate and other includes corporate headquarters costs for executive officers and certain legal and finance functions, as well as certain other costs and credits not attributed to our core business. These costs are not allocated to the other business segments. Also, the results of the FedEx Office and FedEx Logistics operating segments are included in corporate and other.

FedEx Office provides an array of document and business services and retail access to our customers for our package transportation businesses. FedEx Logistics provides integrated supply chain management solutions, specialty transportation, customs brokerage and global ocean and air freight forwarding.

In 2020, the decrease in revenue in “Corporate, other and eliminations” was due primarily to weaker economic conditions resulting from the COVID-19 pandemic. The comparison of operating loss between 2020 and 2019 at “Corporate, other and eliminations” is affected by goodwill and other asset impairment charges at the FedEx Office and FedEx Logistics operating segments of $369 million in 2020 and the costs associated with our business realignment activities of $320 million during 2019.

Certain FedEx operating companies provide transportation and related services for other FedEx companies outside their reportable segment. Billings for such services are based on negotiated rates, which we believe approximate fair value, and are reflected as revenue of the billing segment. These rates are adjusted from time to time based on market conditions. Such intersegment revenue and expenses are eliminated in our consolidated results and are not separately identified in the following segment information because the amounts are not material.
FedEx Express offers a wide range of U.S. domestic and international shipping services for delivery of packages and freight including priority, deferred and economy services, which provide delivery on a time-definite or day-definite basis. (1) International domestic statistics relate to our international intra-country operations.

**FedEx Express Segment Revenue**

FedEx Express segment revenue decreased 5% in 2020 primarily due to lower package revenue as a result of the elimination of business from a large customer and the impact of the COVID-19 pandemic. In addition, lower fuel surcharges, unfavorable exchange rates and lower freight revenue negatively impacted revenue in 2020.

U.S. domestic package average daily volumes decreased 3% in 2020 driven by the elimination of business from a large customer and the impact of the COVID-19 pandemic. U.S. domestic package yields decreased 1% in 2020 primarily due to lower fuel surcharges and lower base yields. Average daily freight pounds decreased 5% in 2020 primarily due to lower volume in freight services as a result of macroeconomic weakness, including the impact of the COVID-19 pandemic, and trade uncertainty. International export average daily volumes increased 1% in 2020 due to volume growth in the first three quarters of 2020, partially offset by the impact of the COVID-19 pandemic in the fourth quarter of 2020. International export package yields decreased 5% in 2020 primarily driven by base yield declines, lower fuel surcharges and unfavorable exchange rates. International domestic package average daily volumes decreased 5% in 2020 primarily due to the COVID-19 pandemic. International domestic package yields decreased 2% in 2020 as base yield improvement was more than offset by unfavorable exchange rates.

**FedEx Express Segment Operating Income**

FedEx Express segment operating income decreased 54% in 2020 primarily due to weaker global economic conditions, including the impact of the COVID-19 pandemic, a more competitive pricing environment and the elimination of business from a large customer. During 2020, we recorded asset impairment charges of $66 million associated with the decision to permanently retire certain aircraft and related engines (see “Goodwill and Other Asset Impairment Charges” above for more information).

FedEx Express segment results include approximately $222 million of TNT Express integration expenses in 2020, a decrease of $103 million from 2019.

Purchased transportation expense decreased 7% in 2020 primarily due to lower volumes, including the impact of the COVID-19 pandemic, and favorable exchange rates. Other operating expense increased 3% in 2020 primarily due to increased costs associated with the COVID-19 pandemic, increased bad debt expense and higher outside service contract expense. Depreciation and amortization expense increased 5% in 2020 primarily due to continued investment in aircraft and related equipment.

Fuel expense decreased 20% in 2020 due to decreased fuel prices. The net impact of fuel had a slight benefit to operating income in 2020 as decreased fuel prices outpaced lower fuel surcharges. See the “Results of Operations and Outlook – Consolidated Results – Fuel” section of this MD&A for a description and additional discussion of the net impact of fuel on our operating results.

**FedEx Express Segment Outlook**

We expect the significance of the COVID-19 pandemic, including the extent of its effect on our results, to be dictated by, among other things, its duration, the success of efforts to contain it and the impact of actions taken in response. The timing and pace of an economic recovery from the COVID-19 pandemic are uncertain. While airfreight capacity continues to be limited due to restrictions on commercial activities, we will continue to provide needed services and add flights as necessary to support demand and we are well positioned to adjust to market conditions to assist our customers as they work to manage their supply chain and inventories. We are flexing our network and making adjustments as needed to align capacity with volumes and operating conditions.

We expect the uncertainty in global economic conditions to negatively impact revenue and operating income in 2021. During 2021, FedEx Express will continue to implement actions to reduce costs to serve, improve efficiencies and adjust its air and ground network cost structure. We continue to focus on optimizing the cost of last-mile residential deliveries by directing certain U.S. day-definite, residential FedEx Express shipments into the FedEx Ground network. We expect last-mile optimization will allow us to increase efficiency and lower our cost-to-serve as e-commerce growth continues to impact our service mix. We expect the FedEx Express segment to incur approximately $100 million of TNT Express integration expenses in 2021. See the “Outlook” section of this MD&A for additional information regarding the integration of TNT Express.

Capital expenditures at FedEx Express are expected to significantly decrease in 2021 as we delay facility investments and decrease spending on vehicles and trailers, as well as ground support equipment.
FedEx Ground service offerings include day-certain delivery to businesses in the U.S. and Canada and to 100% of U.S. residences. **FedEx Ground Segment Revenue**

FedEx Ground segment revenue increased 11% in 2020 due to residential delivery volume growth, including the sharp increase in demand resulting from the stay-at-home orders and other responsive measures caused by the COVID-19 pandemic, partially offset by the decline in commercial delivery volume and the elimination of business from a large customer. Average daily volume increased 12% in 2020 primarily due to continued growth in residential services driven by e-commerce. FedEx Ground yields remained flat in 2020 primarily due to lower base yields offset by an increase in extra services.

The FedEx Ground fuel surcharge is based on a rounded average of the national U.S. on-highway average price for a gallon of diesel fuel, as published by the Department of Energy. The fuel surcharge ranged as follows for the years ended May 31:

**FedEx Ground Segment Operating Income**

FedEx Ground segment operating income decreased 24% in 2020 due to increased costs to expand services, higher self-insurance accruals and the elimination of business from a large customer. In addition, continued mix shift to lower-yielding services, as well as a more competitive pricing environment, negatively impacted our results in 2020. These items were partially offset by residential delivery volume growth in 2020. The COVID-19 pandemic had a positive impact on revenue and a negative impact on expenses but did not have a material impact on operating income in 2020.

Purchased transportation expense increased 18% in 2020 due to higher volumes and increased contractor settlement rates, including expanding operations to seven days per week year-round. Salaries and employee benefits expense increased 19% in 2020 due to additional staffing to support volume growth, including expansion to seven-day-per-week year-round operations, and merit increases, partially offset by lower variable incentive compensation expenses. Other operating expense increased 11% in 2020 primarily due to higher self-insurance accruals of approximately $230 million.

The net impact of fuel had a slight benefit to operating income in 2020 as decreased fuel prices outpaced lower fuel surcharges. See the “Results of Operations and Outlook – Consolidated Results – Fuel” section of this MD&A for a description and additional discussion of the net impact of fuel on our operating results.
FedEx Ground Segment Outlook

We anticipate increased demand for residential services to continue at FedEx Ground in 2021. Building on investments made in 2020 to expand the FedEx Ground residential service offering, we will expand seven-day residential delivery coverage to more than 95 percent of the U.S. population by September 2020. We also are adding new regional sort facilities designed to handle shorter-zone residential volumes into certain key markets. Although the timing and pace of an economic recovery from the COVID-19 pandemic are uncertain and the uncertainty is expected to have an impact on commercial volumes in 2021, we remain well positioned to adjust to market conditions to assist our customers as they manage their supply chains and inventories.

To support these operational changes, FedEx Ground is making strategic investments to modernize and optimize its linehaul network and improve scheduling at its hubs and stations, leading to productivity improvement. Significant progress was made in the integration of FedEx SmartPost packages into the standard FedEx Ground operations in 2020 and this transition will be completed in the first half of 2021, generating last-mile efficiency through increased delivery density. Strategic investments made in 2020 for safety technology will remain a critical focus in 2021 to improve the safety throughout the FedEx Ground network.

We believe these initiatives will allow for the more efficient use of our existing assets, which will drive improved performance and enhance our competitive position over the long term. To support these strategic investments, capital expenditures in 2021 at FedEx Ground are expected to increase.

See “Risk Factors” and “Forward-Looking Statements” for a discussion of these and other potential risks and uncertainties that could materially affect our future performance.
FedEx Freight LTL service offerings include priority services when speed is critical and economy services when time can be traded for savings. FedEx Freight Segment Revenue

FedEx Freight segment revenue decreased 6% in 2020 primarily due to decreased average daily shipments, partially offset by higher revenue per shipment. Average daily shipments decreased 9% in 2020 due to lower demand for our service offerings as a result of the COVID-19 pandemic and related supply chain disruptions. Revenue per shipment increased 3% in 2020 primarily due to higher base rates reflecting our ongoing revenue quality initiatives, partially offset by lower weight per shipment.

The weekly indexed fuel surcharge is based on the average of the U.S. on-highway prices for a gallon of diesel fuel, as published by the Department of Energy. The indexed FedEx Freight fuel surcharge ranged as follows for the years ended May 31:

FedEx Freight Segment Operating Income

FedEx Freight segment operating income decreased 6% in 2020 due to the impact of lower volumes as a result of the COVID-19 pandemic and weaker economic conditions. Continued focus on yield management and aligning our cost structure with current and anticipated business levels benefited operating results in 2020.
Purchased transportation decreased 25% in 2020 primarily due to lower utilization of third-party transportation providers and lower volumes. Salaries and employee benefits decreased 5% in 2020 primarily due to lower volumes, partially offset by merit increases.

Fuel expense decreased 15% in 2020 primarily due to decreased fuel prices. The net impact of fuel had a significantly negative impact to operating income in 2020 as lower fuel surcharges outpaced decreased fuel prices. See the “Results of Operations and Outlook – Consolidated Results – Fuel” section of this MD&A for a description and additional discussion of the net impact of fuel on our operating results.

**FedEx Freight Segment Outlook**

Our FedEx Freight business is significantly impacted by changes in industrial production, which has been negatively impacted by the COVID-19 pandemic. In addition, the timing and pace of an economic recovery from the COVID-19 pandemic are uncertain.

In 2021, we will continue to manage our network and cost structure to align with volume levels, maintain our focus on yield management and profitable growth and improve our operational productivity and efficiencies through increased use of technology. We will continue to evaluate new service offerings that will deliver improved customer experiences and set us apart from the competition. Our employee-based, company-branded FedEx Freight Direct standard and premium residential service offerings will be available to 90% of the U.S. population in the second half of 2021. This service offering addresses the large, bulky and hard-to-handle surging e-commerce market and supports on-going collaboration with FedEx Ground.

Given the uncertainty around the COVID-19 pandemic, capital expenditures at FedEx Freight are expected to decrease significantly in 2021 and will consist primarily of vehicle replacement and strategic investments to modernize our operations.

**Cash Provided by Operating Activities.** Cash flows from operating activities decreased $516 million in 2020 primarily due to lower operating earnings and higher accounts receivable resulting from, among other things, the impacts of the COVID-19 pandemic, partially offset by lower variable incentive compensation payments and lower tax payments.

**Cash Used in Investing Activities.** Capital expenditures were 7% higher in 2020 primarily due to higher spending related to facilities at FedEx Express, increased spending on information technology at FedEx Services, FedEx Express and FedEx Freight and increased spending on package handling equipment at FedEx Ground, partially offset by lower spending related to aircraft at FedEx Express. See “Capital Resources” below for a more detailed discussion of capital expenditures during 2020.

**Financing Activities.** We used the net proceeds of our 2020 debt issuances (i) to make voluntary contributions to our tax-qualified U.S. domestic pension plans (“U.S. Pension Plans”), (ii) to redeem the $400 million aggregate principal amount of 2.30% notes due February 1, 2020 and the €500 million aggregate principal amount of 0.50% notes due April 9, 2020, (iii) to repay $1.5 billion of borrowings under our 364-Day Credit Agreement that we drew on March 18, 2020 and $136 million of commercial paper outstanding under our commercial paper program and (iv) for general corporate purposes. We used the net proceeds of our 2019 debt issuances to redeem the $750 million aggregate principal amount of 8.00% notes due January 15, 2019, pay the €500 million aggregate principal amount of floating-rate notes that matured on April 11, 2019 and for general corporate purposes. As of May 31, 2020, no commercial paper was outstanding.

In January 2016, our Board of Directors approved a stock repurchase program of up to 25 million shares. Shares under the current repurchase program may be repurchased from time to time in the open market or in privately negotiated transactions. The timing and volume of repurchases are at the discretion of management, based on the capital needs of the business, the market price of FedEx common stock and general market conditions. No time limit was set for the completion of the program, and the program may be suspended or discontinued at any time. As of May 31, 2020, 5.1 million shares remained under the current stock repurchase authorization.

During the fourth quarter of 2020, our Credit Agreements were amended to increase the ratio of debt to consolidated earnings (excluding noncash retirement plans MTM adjustments, noncash pension service costs and noncash asset impairment charges) before interest, taxes, depreciation and amortization (“adjusted EBITDA”) as follows: 3.75:1.0 at May 31, 2020; 4.75:1.0 at August 31, 2020; 4.9:1.0 at November 30, 2020; 4.75:1.0 at February 28, 2021; and 3.75:1.0 at May 31, 2021, with the ratio reverting to 3.5:1.0 at August 31, 2021 and thereafter. The amendments to the Credit Agreements revised the adjusted EBITDA definition to exclude noncash pension service costs (as noted above) and also temporarily restrict us from repurchasing any shares of our common stock or increasing the amount of our quarterly dividend payable per share of common stock from $0.65 per share between May 27, 2020 and May 31, 2021. See Note 6 of the accompanying consolidated financial statements for additional information regarding the Credit Agreements.

**CAPITAL RESOURCES**

Our operations are capital intensive, characterized by significant investments in aircraft, package handling and sort equipment, vehicles and trailers, technology and facilities. The amount and timing of capital additions depend on various factors, including pre-existing contractual commitments, anticipated volume growth, domestic and international economic conditions, new or enhanced services, geographical expansion of services, availability of satisfactory financing and actions of regulatory authorities.

GUARANTOR FINANCIAL INFORMATION

We are providing the following information in compliance with Rule 13-01 of Regulation S-X, “Financial Disclosures about Guarantors and Issuers of Guaranteed Securities” with respect to our senior unsecured debt securities. As of May 31, 2020, we had outstanding $21.5 billion of senior unsecured debt securities. Substantially all of the senior unsecured notes were issued by FedEx under a shelf registration statement and are guaranteed by certain direct and indirect subsidiaries of FedEx (“Guarantor Subsidiaries”). See Note 6 of the accompanying consolidated financial statements for additional information regarding the terms of the senior unsecured debt securities. FedEx owns, directly or indirectly, 100% of each Guarantor Subsidiary. The guarantees are (1) unsecured obligations of the respective Guarantor Subsidiary, (2) rank equally with all of their other unsecured and unsubordinated indebtedness, and (3) are full and unconditional and joint and several. If we sell, transfer or otherwise dispose of all of the capital stock or all or substantially all of the assets of a Guarantor Subsidiary to any person that is not an affiliate of FedEx, the guarantee of that Guarantor Subsidiary will terminate and holders of debt securities will no longer have a direct claim against such subsidiary under the guarantee.

The following tables present summarized financial information for FedEx (as Parent) and the Guarantor Subsidiaries on a combined basis after transactions and balances within the combined entities have been eliminated.

LIQUIDITY OUTLOOK

The COVID-19 pandemic has negatively impacted the global economy, disrupted global supply chains and created significant volatility and disruption in financial markets. An extended period of global supply chain and economic disruption could materially adversely affect our business, results of operations, access to sources of liquidity and financial condition. In response to current business and economic conditions, we are taking actions to manage our cash flow and improve our liquidity, including review and consideration of opportunities and strategies for capital expenditure reductions and deferrals, as previously discussed, operating expense reductions and consideration of alternative financing sources in addition to our credit facilities and unsecured debt markets. While we have experienced some slowing in the collection of accounts receivable due to the effect of the COVID-19 pandemic on our customers and an increase in credit risk, particularly in the retail industry, our cash flows and overall liquidity have not been materially impacted at this point based on our credit management process and working capital management. We expect to benefit from certain of the relief provisions of recently enacted and any future government programs intended to provide economic relief to U.S. and global businesses in response to the COVID-19 pandemic, including relief from certain income, excise and payroll taxes in the United States pursuant to the CARES Act. See “Impact of the COVID-19 Pandemic” above for more information.

We believe that our cash and cash equivalents, which totaled $4.9 billion at May 31, 2020, cash flow from operations and available financing sources will be adequate to meet our liquidity needs, including working capital, capital expenditure requirements, debt payment obligations, pension contributions, if any, and TNT Express integration expenses. Our cash and cash equivalents balance at May 31, 2020 includes $1.1 billion of cash in foreign jurisdictions associated with our permanent reinvestment strategy. We are able to access the majority of this cash without a material tax cost, as the enactment of the TCJA significantly reduced the cost of repatriating foreign earnings from a U.S. tax perspective. We do not believe that the indefinite reinvestment of these funds impairs our ability to meet our U.S. domestic debt or working capital obligations.

- 78 -
Our capital expenditures are expected to be approximately $4.9 billion in 2021, which will include aircraft modernization at FedEx Express and strategic investments to improve productivity and safety. In addition, we are making investments over multiple years of approximately $1.5 billion to significantly expand the FedEx Express Indianapolis hub and approximately $1.5 billion to modernize the FedEx Express Memphis World Hub. We expect approximately 45% of capital expenditures in 2021 to be designated for growth initiatives. Our expected capital expenditures for 2021 include $1.7 billion for delivery of aircraft and related equipment and progress payments toward future aircraft deliveries at FedEx Express.

We have several aircraft modernization programs underway that are supported by the purchase of Boeing 777 Freighter (“B777F”) and Boeing 767-300 Freighter (“B767F”) aircraft. These aircraft are significantly more fuel-efficient per unit than the aircraft types previously utilized, and these expenditures are necessary to achieve significant long-term operating savings and to replace older aircraft. Our ability to delay the timing of these aircraft-related expenditures is limited without incurring significant costs to modify existing purchase agreements.

During 2020, FedEx Express exercised options to purchase an additional six B767F aircraft for delivery in 2022. Additionally, during 2020, FedEx Express executed two contract amendments rescheduling two B777F aircraft deliveries from 2023 to 2022 and two B767F aircraft deliveries from 2022 to 2023.

In fourth quarter of 2020, we received notice from certain aircraft manufacturers (i) rescheduling four B767F aircraft deliveries from 2020 to 2021, as well as two B767F aircraft deliveries from 2021 to 2022, and (ii) rescheduling certain Cessna SkyCourier 408 and ATR 72-600F aircraft between 2021 and 2026.

On June 25, 2020, FedEx Express executed a contract amendment rescheduling B767F aircraft deliveries as follows: 2021 – 18 aircraft; 2022 – 11 aircraft; 2023 – 13 aircraft; and 2024 – 4 aircraft.

We have a shelf registration statement filed with the Securities and Exchange Commission (“SEC”) that allows us to sell, in one or more future offerings, any combination of our unsecured debt securities and common stock.

During the fourth quarter of 2020, we entered into the Credit Agreements. The Credit Agreements are available to finance our operations and other cash flow needs. The Five-Year Credit Agreement expires in March 2025 and includes a $250 million letter of credit sublimit. The 364-Day Credit Agreement expires in March 2021. See Note 6 of the accompanying consolidated financial statements for a description of the terms and significant covenants of the Credit Agreements, including additional temporary covenants restricting common stock repurchases and dividend increases during 2021.

For 2021, we do not anticipate making voluntary contributions to our U.S. Pension Plans. As noted in our discussion of critical accounting estimates, we do not anticipate contributions to our U.S. Pension Plans will be required for the foreseeable future based on our funded status and the fact we have a credit balance related to our cumulative excess voluntary pension contributions over those required that exceeds $3 billion. The credit balance is subtracted from plan assets to determine the minimum funding requirements. Therefore, we could eliminate all required contributions to our principal U.S. Pension Plans for several years if we were to choose to waive part of that credit balance in any given year. Our U.S. Pension Plans have ample funds to meet expected benefit payments.

On June 15, 2020, our Board of Directors declared a quarterly dividend of $0.65 per share of common stock. The dividend was paid on July 13, 2020 to stockholders of record as of the close of business on June 29, 2020. Each quarterly dividend payment is subject to review and approval by our Board of Directors, and we evaluate our dividend payment amount on an annual basis.

Standard & Poor’s has assigned us a senior unsecured debt credit rating of BBB, a commercial paper rating of A-2 and a ratings outlook of “negative.” Moody’s Investors Service has assigned us an unsecured debt credit rating of Baa2, a commercial paper rating of P-2 and a ratings outlook of “negative.” If our credit ratings drop, our interest expense may increase. If our commercial paper ratings drop below current levels, we may have difficulty utilizing the commercial paper market. If our senior unsecured debt credit ratings drop below investment grade, our access to financing may become limited.
The following table sets forth a summary of our contractual cash obligations as of May 31, 2020. Certain of these obligations are reflected in our balance sheet, while others are disclosed as future obligations. We have certain contingent liabilities that are not accrued in our balance sheet in accordance with accounting principles generally accepted in the United States. These contingent liabilities are not included in the table below. We have other long-term liabilities reflected in our balance sheet, including deferred income taxes, qualified and nonqualified pension and postretirement healthcare plan liabilities and other self-insurance accruals. Unless statutorily required, the payment obligations associated with these liabilities are not reflected in the table below due to the absence of scheduled maturities. Accordingly, this table is not meant to represent a forecast of our total cash expenditures for any of the periods presented.

Open purchase orders that are cancelable are not considered unconditional purchase obligations for financial reporting purposes and are not included in the table above. Such purchase orders often represent authorizations to purchase rather than binding agreements. See Note 17 of the accompanying consolidated financial statements for more information on such purchase orders.

Operating Activities

The amounts reflected in the table above for operating leases represent undiscounted future minimum lease payments under noncancelable operating leases (principally facilities and aircraft) with an initial or remaining term in excess of one year at May 31, 2020. Under the new lease accounting rules, the majority of these leases are recognized at the net present value on the balance sheet as a liability with an offsetting right-to-use asset effective in 2020. See Note 7 of the accompanying consolidated financial statements for further information. Credit rating agencies routinely use information concerning minimum lease payments required for our operating leases to calculate our debt capacity.

The amounts reflected for purchase obligations represent noncancelable agreements to purchase goods or services that are not capital-related. Such contracts include those for printing and advertising and promotions contracts.

Included in the table above within the caption entitled “Non-capital purchase obligations and other” is our estimate of the current portion of the liability ($80 million) for uncertain tax positions. We cannot reasonably estimate the timing of the long-term payments or the amount by which the liability will increase or decrease over time; therefore, the long-term portion of the liability ($49 million) is excluded from the table. See Note 12 of the accompanying consolidated financial statements for further information.

The amounts reflected in the table above for interest on long-term debt represent future interest payments due on our long-term debt.

Investing Activities

The amounts reflected in the table above for capital purchase obligations represent noncancelable agreements to purchase capital-related equipment. Such contracts include those for certain purchases of aircraft, aircraft modifications, vehicles and trailers, facilities, computers and other equipment.

As of May 31, 2020, we had $633 million in deposits and progress payments on aircraft purchases and other planned aircraft-related transactions.
Financing Activities

We have certain financial instruments representing potential commitments, not reflected in the table above, that were incurred in the normal course of business to support our operations, including standby letters of credit and surety bonds. These instruments are required under certain U.S. self-insurance programs and are also used in the normal course of operations. The underlying liabilities insured by these instruments are reflected in our balance sheets, where applicable. Therefore, no additional liability is reflected for the letters of credit and surety bonds themselves.

The amounts reflected in the table above for long-term debt represent future scheduled principal payments on our long-term debt.

The amounts reflected in the table above for finance leases represent undiscounted future minimum lease payments under noncancelable finance leases with an initial or remaining term in excess of one year at May 31, 2020.

We do not have any guarantees or other off-balance sheet financing arrangements, including variable interest entities, which we believe could have a material impact on our financial condition or liquidity.

OTHER BUSINESS MATTERS

On June 24, 2019, FedEx filed suit in U.S. District Court in the District of Columbia seeking to enjoin the U.S. Department of Commerce from enforcing prohibitions contained in the Export Administration Regulations (the “EARs”) against FedEx. FedEx believes that the EARs violate common carriers’ rights to due process under the Fifth Amendment of the U.S. Constitution as they unreasonably hold common carriers strictly liable for shipments that may violate the EARs without requiring evidence that the carriers had knowledge of any violations.

The China State Post Bureau is currently conducting an investigation into the operations of FedEx Express regarding the handling of certain packages while attempting to comply with the EARs. FedEx Express has and will continue to fully cooperate with the Chinese authorities on the investigation.

CRITICAL ACCOUNTING ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make significant judgments and estimates to develop amounts reflected and disclosed in the financial statements. In many cases, there are alternative policies or estimation techniques that could be used. We maintain a thorough process to review the application of our accounting policies and to evaluate the appropriateness of the many estimates that are required to prepare the financial statements of a complex, global corporation. However, even under optimal circumstances, estimates routinely require adjustment based on changing circumstances and new or better information.

The estimates discussed below include the financial statement elements that are either the most judgmental or involve the selection or application of alternative accounting policies and are material to our financial statements. Management has discussed the development and selection of these critical accounting estimates with the Audit Committee of our Board of Directors and with our independent registered public accounting firm.

RETIREMENT PLANS

OVERVIEW. We sponsor programs that provide retirement benefits to most of our employees. These programs include defined benefit pension plans, defined contribution plans and postretirement healthcare plans and are described in Note 13 of the accompanying consolidated financial statements. The rules for pension accounting are complex and can produce volatility in our earnings, financial condition and liquidity.

We are required to record annual year-end adjustments to our financial statements for the net funded status of our defined benefit pension and postretirement healthcare plans. The funded status of our plans also impacts our liquidity; however, the cash funding rules operate under a completely different set of assumptions and standards than those used for financial reporting purposes. As a result, our actual cash funding requirements can differ materially from our reported funded status.
Over the past several years, we have taken numerous actions to reduce pension-related risk and expense, including the introduction of our portable pension account benefit, freezing our traditional pension benefit, employing a liability-driven investment strategy and permitting certain former employees with a traditional pension benefit to make a one-time, irrevocable election to receive their benefits in a lump-sum distribution. In May 2018, we entered into an agreement with Metropolitan Life Insurance Company to purchase a group annuity contract representing the transfer of approximately $6 billion of our U.S. Pension Plan obligations. The transaction transferred responsibility for pension benefits to Metropolitan Life Insurance Company for approximately 41,000 of our retirees and beneficiaries who satisfied certain conditions and were receiving a monthly benefit from participating U.S. Pension Plans. There was no change to the pension benefits for any plan participants as a result of this transaction. The purchase of the group annuity contract was funded directly by assets of the U.S. Pension Plans. The group annuity contract reduced the size of our U.S. Pension Plans, reduced our exposure to market risk and associated balance sheet volatility and eliminated the investment, administrative and Pension Benefit Guaranty Corporation premium expenses for approximately 41,000 retirees. We recognized a $210 million one-time settlement loss in connection with this transaction, which was included in our 2018 year-end MTM retirement plans accounting adjustment.

In November 2019, we announced the closing of our U.S.-based defined benefit pension plans to new non-union employees hired on or after January 1, 2020. We will introduce an all-401(k) plan retirement benefit structure for eligible employees with a higher company match of up to 8% across all U.S.-based operating companies. During 2021, current eligible employees under the Portable Pension Account (PPA) pension formula will be given a one-time option to continue to be eligible for pension compensation credits under the existing PPA formula and remain in the existing 401(k) plan with its company match of up to 3.5%, or to cease receiving compensation credits under the PPA and move to the new 401(k) plan with the higher match of up to 8%. Changes to the new 401(k) plan structure become effective beginning January 1, 2022. While this new program will provide employees greater flexibility and reduce our long-term pension costs, it will not have a material impact on current or near-term financial results.

The “Salaries and employee benefits” caption of our accompanying consolidated income statements includes retirement plan expense associated with service costs. The “Other retirement plans (expense) income” caption of our accompanying consolidated income statements includes our fourth quarter MTM adjustment, expense associated with prior service and interest costs, the expected return on assets (“EROA”) and settlements. Service cost for our defined benefits and postretirement healthcare plans was $906 million in 2020 and $818 million in 2019 and is expected to be approximately $985 million in 2021.
2020

The weighted-average discount rate for all our pension and postretirement healthcare plans decreased 64 basis points from 3.69% at May 31, 2019 to 3.05% at May 31, 2020. The demographic experience in 2020 reflects an update to our mortality assumption and a current-year actuarial loss due to unfavorable experience compared to various demographic assumptions. The actual rate of return, which is net of all fees and expenses, on our U.S. Pension Plan assets of 15.00% was higher than our expected return of 6.75%, as return seeking assets, primarily equities, were positive despite equity market volatility. Additionally, fixed income assets performed as expected as interest rates declined.

2019

The demographic experience in 2019 reflected updates to several forward-looking assumptions, including retirement rates, disability incidence rates and salary increase assumptions, and a current-year actuarial loss due to unfavorable experience compared to various demographic assumptions. The actual rate of return, which is net of all fees and expenses, on our U.S. Pension Plan assets of 4.05% was lower than our expected return of 6.75%, as lower than expected equity returns negatively impacted return-seeking assets while fixed-income assets performed as expected due to declining interest rates.

**DISCOUNT RATE.** The discount rate is the interest rate used to discount the estimated future benefit payments that have been accrued to date (the projected benefit obligation or “PBO”) to their net present value and to determine the succeeding year’s ongoing pension expense (prior to any year-end MTM adjustment). The discount rate is determined each year at the plan measurement date. The discount rate for our U.S. Pension Plans at each measurement date was as follows:

<table>
<thead>
<tr>

<th>Discount Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>5/31/2020</td>

<tr>
<td>5/31/2018</td>
<td>4.27%</td>
</tr>
</tbody>
</table>

We determine the discount rate with the assistance of actuaries, who calculate the yield on a theoretical portfolio of high-grade corporate bonds (rated Aa or better). In developing this theoretical portfolio, we select bonds that match cash flows to benefit payments, limit our concentration by industry and issuer, and apply screening criteria to ensure bonds with a call feature have a low probability of being called. To the extent scheduled bond proceeds exceed the estimated benefit payments in a given period, the calculation assumes those excess proceeds are reinvested at one-year forward rates.

The measurement of our PBO and the related impact on our annual MTM adjustment is highly sensitive to the discount rate assumption. For our largest pension plan, a 50-basis-point increase in the discount rate would have decreased our 2020 PBO by approximately $1.8 billion and a 50-basis-point decrease in the discount rate would have increased our 2020 PBO by approximately $2.0 billion. However, our annual net pension expense is less sensitive to changes in the discount rate. For example, a one-basis-point increase in the discount rate for our largest pension plan would have a $42 million effect on the fourth quarter MTM adjustment but only a net $100,000 impact on net pension expense.

**PLAN ASSETS.** The expected average rate of return on plan assets is a long-term, forward-looking assumption. It is required to be the expected future long-term rate of earnings on plan assets. Our pension plan assets are invested primarily in publicly tradable securities, and our pension plans hold only a minimal investment in FedEx common stock that is entirely at the discretion of third-party pension fund investment managers. As part of our strategy to manage pension costs and funded status volatility, we follow a liability-driven investment strategy to better align plan assets with liabilities.

Establishing the expected future rate of investment return on our pension assets is a judgmental matter, which we review on an annual basis and revise as appropriate. Management considers the following factors in determining this assumption:

- the duration of our pension plan liabilities, which drives the investment strategy we can employ with our pension plan assets;
- the types of investment classes in which we invest our pension plan assets and the expected compound geometric return we can reasonably expect those investment classes to earn over time, net of all fees and expenses; and
- the investment returns we can reasonably expect our investment management program to achieve in excess of the returns we could expect if investments were made strictly in indexed funds.

For consolidated pension expense, we assumed a 6.75% expected long-term rate of return on our U.S. Pension Plan assets in 2020 and 2019. The historical annual return on our U.S. Pension Plan assets, calculated on a compound geometric basis, was 7.7%, net of all fees and expenses, for the 15-year period ended May 31, 2020. For our U.S. Pension Plans, a one-basis-point change in our EROA would impact our 2021 pension expense by $2.5 million.
**FUNDED STATUS.** The following is information concerning the funded status of our pension plans as of May 31 on a financial reporting basis (in millions):

**Cash Amounts:**

| Benefit payments during the year                 | $987       | $806       |

**FUNDING.** The funding requirements for our U.S. Pension Plans are governed by the Pension Protection Act of 2006, which has aggressive funding requirements in order to avoid benefit payment restrictions that become effective if the funded status determined under IRS rules falls below 80% at the beginning of a plan year. All of our U.S. Pension Plans have funded status levels in excess of 80% and our plans are fully funded under the Employee Retirement Income Security Act. Additionally, current benefit payments do not materially impact our total plan assets (benefit payments for our U.S. Pension Plans for 2020 were approximately $873 million, or 3.2% of plan assets).

Over the past several years, we have made voluntary contributions to our U.S. Pension Plans in excess of the minimum required contributions. For 2021, no pension contributions are required for our U.S. Pension Plans, as they are fully funded under the Employee Retirement Income Security Act, and no voluntary contributions are anticipated.

See Note 13 of the accompanying consolidated financial statements for further information about our retirement plans.

**INCOME TAXES**

We are subject to income taxes in the U.S. and numerous foreign jurisdictions. Our income taxes are a function of our income, statutory tax rates and tax planning opportunities available to us in the various jurisdictions in which we operate. The acquisition of TNT Express in 2016 expanded our foreign operations significantly and increased the complexity of our global operations from an income tax perspective. The tax laws in the various jurisdictions are complex and subject to different interpretations by us and the respective governmental taxing authorities. As a result, significant judgment is required in determining our tax expense and in evaluating our tax positions, including evaluating uncertainties. Also, our effective tax rate is significantly affected by the earnings generated in each jurisdiction, so unexpected fluctuations in the geographic mix of earnings could significantly impact our tax rate. Our intercompany transactions are based on globally accepted transfer pricing principles, which align profits with the business operations and functions of the various legal entities in our international business.

We evaluate our tax positions quarterly and adjust the balances as new information becomes available. These evaluations are based on factors including, but not limited to, changes in facts or circumstances, changes in tax laws or their interpretations, audit activity and changes in our business. In addition, management considers the advice of third parties in making conclusions regarding tax consequences.

Tax contingencies arise from uncertainty in the application of tax rules throughout the many jurisdictions in which we operate. Despite our belief that our tax return positions are consistent with applicable tax laws, taxing authorities could challenge certain positions. We record tax benefits for uncertain tax positions based upon management’s evaluation of the information available at the reporting date. To be recognized in the financial statements, a tax benefit must be at least more likely than not of being sustained based on the technical merits. The benefit for positions meeting the recognition threshold is measured as the largest benefit more likely than not of being realized upon ultimate settlement with a taxing authority that has full knowledge of all relevant information. Significant judgment is required in making these determinations and adjustments to unrecognized tax benefits may be necessary to reflect actual taxes payable upon settlement.

Deferred income tax assets represent amounts available to reduce income taxes payable on taxable income in future years. Such assets arise because of temporary differences between the financial reporting and tax bases of assets and liabilities, as well as from net operating loss and tax credit carryforwards. We evaluate the recoverability of these future tax deductions and credits by assessing the adequacy of future expected taxable income from all sources, including reversal of taxable temporary differences, forecasted operating earnings and available tax planning strategies. These sources of income rely heavily on estimates to make this determination so there is a risk that these estimates will have to be revised as new information is received. To the extent we do not consider it more likely than not that a deferred tax asset will be recovered, a valuation allowance is established. We believe we will generate sufficient future taxable income to realize the tax benefits related to the remaining net deferred tax assets in our consolidated balance sheets that are not subject to valuation allowances. We record the taxes for global intangible low-taxed income as a period cost.
Our income tax positions are based on currently enacted tax laws, including the TCJA and the CARES Act. As further guidance is issued by the U.S. Treasury Department, the IRS and other standard-setting bodies, any resulting changes to our estimates will be treated in accordance with the relevant accounting guidance.

For more information, including impacts from the TCJA and the CARES Act, see the “Income Taxes” section of this MD&A and Note 12 of the accompanying consolidated financial statements.

**SELF-INSURANCE ACCRUALS**

We are self-insured up to certain limits for costs associated with workers’ compensation claims, vehicle accidents and general business liabilities, and benefits paid under employee healthcare and disability programs. Our reserves are established for estimates of loss on reported claims, including incurred-but-not-reported claims. Self-insurance accruals reflected in our balance sheet were $3.3 billion at May 31, 2020 and $3.0 billion at May 31, 2019. Approximately 36% of these accruals were classified as current liabilities.

Our self-insurance accruals are primarily based on the actuarially estimated cost of claims incurred as of the balance sheet date. These estimates include consideration of factors such as severity of claims, frequency and volume of claims, healthcare inflation, seasonality and plan designs. Cost trends on material accruals are updated each quarter. We self-insure up to certain limits that vary by type of risk. Periodically, we evaluate the level of insurance coverage and adjust insurance levels based on risk tolerance and premium expense. Where estimable, losses covered by insurance are recognized on a gross basis with a corresponding insurance receivable.

We believe the use of actuarial methods to account for these liabilities provides a consistent and effective way to measure these highly judgmental accruals. However, the use of any estimation technique in this area is inherently sensitive given the magnitude of claims involved and the length of time until the ultimate cost is known. We believe our recorded obligations for these expenses are consistently measured on a conservative basis. Nevertheless, changes in healthcare costs, accident frequency and severity, insurance retention levels and other factors can materially affect the estimates for these liabilities.

**LONG-LIVED ASSETS**

**USEFUL LIVES AND SALVAGE VALUES.** Our business is capital intensive, with approximately 56% of our owned assets invested in our transportation and information systems infrastructures.

The depreciation or amortization of our capital assets over their estimated useful lives, and the determination of any salvage values, requires management to make judgments about future events. Because we utilize many of our capital assets over relatively long periods (the majority of aircraft costs are depreciated over 15 to 30 years), we periodically evaluate whether adjustments to our estimated service lives or salvage values are necessary to ensure these estimates properly match the economic use of the asset. This evaluation may result in changes in the estimated lives and residual values used to depreciate our aircraft and other equipment. For our aircraft, we typically assign no residual value due to the utilization of these assets in cargo configuration, which results in little to no value at the end of their useful life. These estimates affect the amount of depreciation expense recognized in a period and, ultimately, the gain or loss on the disposal of the asset. Changes in the estimated lives of assets will result in an increase or decrease in the amount of depreciation recognized in future periods and could have a material impact on our results of operations (as described below). Historically, gains and losses on disposals of operating equipment have not been material. However, such amounts may differ materially in the future due to changes in business levels, technological obsolescence, accident frequency, regulatory changes and other factors beyond our control.

**IMPAIRMENT.** As of May 31, 2020, the FedEx Express global air network included a fleet of 679 aircraft (including approximately 300 supplemental aircraft) that provide delivery of packages and freight to more than 220 countries and territories through a wide range of U.S. and international shipping services. While certain aircraft are utilized in primary geographic areas (U.S. versus international), we operate an integrated global network, and utilize our aircraft and other modes of transportation to achieve the lowest cost of delivery while maintaining our service commitments to our customers. Because of the integrated nature of our global network, our aircraft are interchangeable across routes and geographies, giving us flexibility with our fleet planning to meet changing global economic conditions and maintain and modify aircraft as needed.

Because of the lengthy lead times for aircraft manufacture and modifications, we must anticipate volume levels and plan our fleet requirements years in advance, and make commitments for aircraft based on those projections. Furthermore, the timing and availability of certain used aircraft types (particularly those with better fuel efficiency) may create limited opportunities to acquire these aircraft at favorable prices in advance of our capacity needs. These activities create risks that asset capacity may exceed demand. At May 31, 2020, all of our purchased aircraft were placed into service.
The accounting test for whether an asset held for use is impaired involves first comparing the carrying value of the asset with its estimated future undiscounted cash flows. If the cash flows do not exceed the carrying value, the asset must be adjusted to its current fair value. We operate integrated transportation networks, and accordingly, cash flows for most of our operating assets are assessed at a network level, not at an individual asset level for our analysis of impairment. Further, decisions about capital investments are evaluated based on the impact to the overall network rather than the return on an individual asset. We make decisions to remove certain long-lived assets from service based on projections of reduced capacity needs or lower operating costs of newer aircraft types, and those decisions may result in an impairment charge. Assets held for disposal must be adjusted to their estimated fair values less costs to sell when the decision is made to dispose of the asset and certain other criteria are met. The fair value determinations for such aircraft may require management estimates, as there may not be active markets for some of these aircraft. Such estimates are subject to revision from period to period.

In the normal management of our aircraft fleet, we routinely idle aircraft and engines temporarily due to maintenance cycles and adjustments of our network capacity to match seasonality and overall customer demand levels. Temporarily idled assets are classified as available-for-use, and we continue to record depreciation expense associated with these assets. These temporarily idled assets are assessed for impairment on a quarterly basis. The criteria for determining whether an asset has been permanently removed from service (and, as a result, is potentially impaired) include, but are not limited to, our global economic outlook and the impact of our outlook on our current and projected volume levels, including capacity needs during our peak shipping seasons; the introduction of new fleet types or decisions to permanently retire an aircraft fleet from operations; and changes to planned service expansion activities. At May 31, 2020, we had 14 aircraft temporarily idled. These aircraft have been idle for an average of five months and are expected to return to revenue service in order to meet expected demand.

During 2020, we made the decision to permanently retire from service 10 Airbus A310-300 aircraft and 12 related engines at FedEx Express to align with the needs of the U.S. domestic network and modernize its aircraft fleet. As a consequence of this decision, noncash impairment charges of $66 million ($50 million, net of tax, or $0.19 per diluted share) were recorded in the FedEx Express segment in the second quarter. Seven of these aircraft were temporarily idled.

During the fourth quarter of 2020, in consideration of the impact of the COVID-19 pandemic on certain of our businesses, we reviewed long-lived assets in our retail and logistics business units for impairment. Based on our reviews, we recognized immaterial asset impairment charges related to the FedEx Logistics operating segment.

LEASES. We utilize operating leases to finance certain of our aircraft, facilities and equipment. Such arrangements typically shift the risk of loss on the residual value of the assets at the end of the lease period to the lessor. In accordance with the new lease accounting standard adopted June 1, 2019, we had approximately $14 billion in operating lease liabilities and related right-of-use assets on the balance sheet as of May 31, 2020. The weighted-average remaining lease term of all operating leases outstanding at May 31, 2020 was approximately ten years.

Our leases generally contain options to extend or terminate the lease. We reevaluate our leases on a regular basis to consider the economic and strategic incentives of exercising the renewal options, and how they align with our operating strategy. Therefore, substantially all the renewal option periods are not included within the lease term and the associated payments are not included in the measurement of the right-of-use asset and lease liability as the options to extend are not reasonably certain at lease commencement.

The lease liabilities are measured at the lease commencement date and determined using the present value of the minimum lease payments not paid and our incremental borrowing rate, which approximates the rate at which we would borrow, on a collateralized basis, over the term of a lease in the applicable currency environment. The interest rate implicit in the lease is generally not determinable in transactions where we are the lessee.

The determination of whether a lease is accounted for as a finance lease or an operating lease requires management to make estimates primarily about the fair value of the asset and its estimated economic useful life. In addition, our evaluation includes ensuring we properly account for build-to-suit lease arrangements and making judgments about whether various forms of lessee involvement during the construction period allow the lessee to control the underlying leased asset during the construction period. We believe we have well-defined and controlled processes for making these evaluations, including obtaining third-party appraisals for material transactions to assist us in making these evaluations.

GOODWILL. As of May 31, 2020, we had $6.4 billion of recorded goodwill from our business acquisitions, representing the excess of the purchase price over the fair value of the net assets acquired. As of May 31, 2019, we had $6.9 billion of recorded goodwill from our business acquisitions, representing the excess of the aggregate purchase price over the fair value of the net assets acquired. Several factors give rise to goodwill in our acquisitions, such as the expected benefit from synergies of the combination and the existing workforce of the acquired business.
Goodwill is reviewed at least annually for impairment. In our evaluation of goodwill impairment, we perform a qualitative assessment that requires management judgment and the use of estimates to determine if it is more likely than not that the fair value of a reporting unit is less than its carrying amount. An entity has an unconditional option to bypass the qualitative assessment for any reporting unit and proceed directly to performing the quantitative goodwill impairment test. An entity may resume performing the qualitative assessment in any subsequent period. We performed both qualitative and quantitative assessments of goodwill in the fourth quarter of 2020 and 2019. This included comparing the fair value of the reporting unit to its carrying value (including attributable goodwill). Fair value is estimated using standard valuation methodologies (principally the income or market approach classified as Level 3 within the fair value hierarchy) incorporating market participant considerations and management’s assumptions on revenue growth rates, operating margins, discount rates and expected capital expenditures. Estimates used by management can significantly affect the outcome of the impairment test. Changes in forecasted operating results and other assumptions could materially affect these estimates. Due to the level of uncertainty from the COVID-19 pandemic, we adjusted our procedures for testing goodwill in 2020 by incorporating sensitivities in our valuations performed using the income approach.

We recorded an impairment charge of $358 million attributable to our FedEx Office and FedEx Supply Chain reporting units in the fourth quarter of 2020. The COVID-19 pandemic resulted in store closures and declining print revenue at FedEx Office during the fourth quarter of 2020 and is expected to continue to negatively impact its near-term operating performance. Based on these factors, our outlook for the FedEx Office business and retail industry changed in the fourth quarter of 2020, which contributed $348 million to the goodwill impairment charge.

While there are several factors negatively impacting near-term results at FedEx Express, including weak global economic conditions and the timing and amount of TNT Express integration program expenses, FedEx Express continues to be an established profitable business with a fair value that exceeds its carrying value based on our valuation performed during the fourth quarter of 2020. In addition, our other reporting units with significant recorded goodwill include FedEx Ground and FedEx Freight. We evaluated these reporting units during the fourth quarters of 2020 and 2019. The estimated fair value of each of these reporting units significantly exceeded their carrying values as of the end of 2020 and 2019; therefore, we do not believe that any of these reporting units were impaired as of the balance sheet dates.

**LEGAL AND OTHER CONTINGENCIES**

We are subject to various loss contingencies in connection with our operations. Contingent liabilities are difficult to measure, as their measurement is subject to multiple factors that are not easily predicted or projected. Further, additional complexity in measuring these liabilities arises due to the various jurisdictions in which these matters occur, which makes our ability to predict their outcome highly uncertain. Moreover, different accounting rules must be employed to account for these items based on the nature of the contingency. Accordingly, significant management judgment is required to assess these matters and to make determinations about the measurement of a liability, if any. Certain pending loss contingencies are described in Note 18 of the accompanying consolidated financial statements. In the opinion of management, the aggregate liability, if any, of individual matters or groups of related matters not specifically described in Note 18 is not expected to be material to our financial position, results of operations or cash flows. The following describes our methods and associated processes for evaluating these matters.

Because of the complex environment in which we operate, we are subject to numerous legal proceedings and claims, including those relating to general commercial matters, governmental enforcement actions, employment-related claims and FedEx Ground’s service providers. Accounting guidance for contingencies requires an accrual of estimated loss from a contingency, such as a non-income tax or other legal proceeding or claim, when it is probable (i.e., the future event or events are likely to occur) that a loss has been incurred and the amount of the loss can be reasonably estimated. This guidance also requires disclosure of a loss contingency matter when, in management’s judgment, a material loss is reasonably possible or probable.

During the preparation of our financial statements, we evaluate our contingencies to determine whether it is probable, reasonably possible or remote that a liability has been incurred. A loss is recognized for all contingencies deemed probable and estimable, regardless of amount. For unresolved contingencies with potentially material exposure that are deemed reasonably possible, we evaluate whether a potential loss or range of loss can be reasonably estimated.

Our evaluation of these matters is the result of a comprehensive process designed to ensure that accounting recognition of a loss or disclosure of these contingencies is made in a timely manner and involves our legal and accounting personnel, as well as external counsel where applicable. The process includes regular communications during each quarter and scheduled meetings shortly before the completion of our financial statements to evaluate any new legal proceedings and the status of existing matters.

In determining whether a loss should be accrued or a loss contingency disclosed, we evaluate, among other factors:

- the current status of each matter within the scope and context of the entire lawsuit or proceeding (e.g., the lengthy and complex nature of class-action matters);
• the procedural status of each matter;
• any opportunities to dispose of a lawsuit on its merits before trial (i.e., motion to dismiss or for summary judgment);
• the amount of time remaining before a trial date;
• the status of discovery;
• the status of settlement, arbitration or mediation proceedings; and
• our judgment regarding the likelihood of success prior to or at trial.

In reaching our conclusions with respect to accrual of a loss or loss contingency disclosure, we take a holistic view of each matter based on these factors and the information available prior to the issuance of our financial statements. Uncertainty with respect to an individual factor or combination of these factors may impact our decisions related to accrual or disclosure of a loss contingency, including a conclusion that we are unable to establish an estimate of possible loss or a meaningful range of possible loss. We update our disclosures to reflect our most current understanding of the contingencies at the time we issue our financial statements. However, events may arise that were not anticipated and the outcome of a contingency may result in a loss to us that differs materially from our previously estimated liability or range of possible loss.

Despite the inherent complexity in the accounting and disclosure of contingencies, we believe that our processes are robust and thorough and provide a consistent framework for management in evaluating the potential outcome of contingencies for proper accounting recognition and disclosure.

RISK FACTORS

A wide range of factors could materially adversely affect our business, results of operations, financial condition, access to sources of liquidity and the price of our common stock. The most significant of these factors include the following:

The COVID-19 pandemic has adversely affected, and we expect will continue to adversely affect, our business, results of operations and financial condition.
The COVID-19 pandemic has negatively impacted the global economy, disrupted global supply chains and created significant volatility and disruption of financial markets. Due to the crucial role we play in moving supply chains and delivering critical relief, we are considered an essential business and we continue to operate under and respond to evolving state-of-emergency and stay-at-home orders issued in the U.S. and globally. The disruption of global supply chains and the global economy has materially affected our business, results of operations and financial condition. We expect the full impact of the COVID-19 pandemic, including the extent of its effect on our financial condition and results of operations, to be dictated by future developments which remain uncertain and cannot be predicted, such as its duration and spread, the success of efforts to contain it, the possibility of subsequent widespread outbreaks, and the impact of actions taken in response. The COVID-19 pandemic has had, and we expect will continue to have, certain negative impacts on our business, including, but not limited to, the following:

- The COVID-19 pandemic has had a rapid and significant negative impact on the global economy. The disruption of global supply chains, interruption in economic activity, preventative measures taken to alleviate the pandemic (such as stay-at-home orders and other responsive measures), and increased economic uncertainty caused by the pandemic have resulted in increased global economic weakness of an unknown duration. Deteriorating global economic conditions have reduced business-to-business demand across all of our transportation businesses. The various stay-at-home orders and shut down of commercial activities in major markets around the world has also led to unprecedented demand for residential delivery services, rivaling our peak holiday season traffic. We incurred increased costs associated with this demand and lower composite yields than our typical service mix, which negatively impacted our results of operations during 2020. Prolonged economic weakness, including an extended period of elevated levels of unemployment in the U.S., could further reduce discretionary consumer spending and consumer confidence, which could have a further adverse effect on our results of operations.

- We have made significant operational adjustments to align our services with shipping volumes and operating conditions and to comply with evolving governmental orders, rules and regulations. As a result, we are incurring additional operating expenses as we adjust to dramatically changed and continuously evolving market dynamics and operating conditions, and we may continue to incur similar expenses in the future. Additionally, we have reduced planned 2021 capital expenditures by decreasing planned spending on vehicles and trailers, delaying facility expansions and postponing certain information technology initiatives. The COVID-19 pandemic has also delayed completion of capital improvements and certain other initiatives in Europe related to the integration of TNT Express. If we are unable to remain agile and continue to flex our networks to align with shipping volumes, customer needs, market demands and operating conditions, or are unable to continuously respond to evolving governmental policies for the duration of a prolonged period of economic recovery, our business operations could be negatively impacted, which could have a further adverse effect on our results of operations.
We rely on a global workforce and our business demands we take measures to protect the health and safety of our team members, customers and others with whom we do business, while continuing to effectively manage our employees and maintain business operations. We have taken additional measures and incurred additional expenses to protect the health and safety of our team members and the public, and continue to work with customers to accommodate special requests around modified store hours, closings, and delivery alternatives to comply with applicable government restrictions and safety guidance. Due to the size, scope and geographically dispersed nature of our operations, the expenses we incur to protect the health and safety of certain of our employees may be higher than similar expenses incurred by companies in other industries. Additionally, our business operations may be disrupted if a significant portion of our workforce is unable to work safely and effectively due to illness, quarantines, government actions, or other restrictions or measures responsive to the pandemic, or if members of senior management or our Board of Directors are unable to perform their duties for an extended period of time. Measures taken across our business operations to address health and safety may not be sufficient to prevent the spread of COVID-19 among our team members, customers and others. Therefore, we could face operational disruptions and incur additional expenses, including devoting additional resources to assisting employees diagnosed with COVID-19 and further changing health and safety protocols and processes, that could adversely affect our business and results of operations.

A significant number of our employees as well as customers and others with whom we do business continue to work remotely in response to the COVID-19 pandemic. Our business operations may be disrupted, and we may experience increased risk of adverse effects to our business, if a significant portion of our workforce or certain business operations are negatively impacted as a result of remote work arrangements, including due to cyber risks or other disruption to our technology infrastructure. Further, if our FedEx Express Memphis World Hub or another key operating facility experiences closures or worker shortages as a result of COVID-19, whether temporary or sustained, our business operations would be significantly disrupted.

Cost management and various cost-containment actions implemented across our business in response to the COVID-19 pandemic could hinder execution of our business strategy, including deferral of planned capital projects. These actions could result in increased costs to successfully implement our business strategy and effectively respond to changes in market dynamics, and could adversely affect our business and results of operations. For additional discussion, see Part 1, Item 1 of this Annual Report under the caption “Strategy.”

We cannot be certain that loss or delay in the collection of accounts receivable will not have a material adverse effect on our results of operations and financial condition. For additional discussion, see “Management’s Discussion and Analysis of Results of Operations and Financial Condition—Financial Condition—Liquidity Outlook.”

To the extent the COVID-19 pandemic adversely affects our business and financial results, it may also have the effect of heightening many other risks described in this section, any of which could materially and adversely affect our business, results of operations and financial condition. Such risks include, but are not limited to, additional changes in international trade policies and relations; our ability to successfully integrate the businesses and operations of FedEx Express and TNT Express in the expected time frame and at the expected cost; our strong reputation and the value of the FedEx brand; our ability to manage our capital intensive businesses; changes to the business and financial soundness of the U.S. Postal Service (“USPS”); workforce availability; employee healthcare benefit costs; constraints, volatility or disruption in the capital markets and our ability to access sources of financing and liquidity; and the impact of litigation or claims from customers, team members, suppliers, regulators or other third parties relating to the COVID-19 pandemic or our actions in response to the pandemic.

We are directly affected by the state of the economy and anti-trade measures. While macroeconomic risks apply to most companies, we are particularly vulnerable. The transportation industry is highly cyclical and especially susceptible to trends in economic activity. Our primary business is to transport goods, so our business levels are directly tied to the purchase and production of goods — key macroeconomic measurements. When individuals and companies purchase and produce fewer goods, we transport fewer goods, and as companies expand the number of distribution centers and move manufacturing closer to consumer markets, we transport goods shorter distances. In addition, we have a relatively high fixed-cost structure, which is difficult to quickly adjust to match shifting volume levels. Moreover, as we continue to grow our international business, we are increasingly affected by the health of the global economy, the rate of growth of global trade, world trade policies, international taxes, government-to-government relations and the typically more volatile economies of emerging markets. For instance, anti-trade and protectionist measures adopted by the U.S. or other countries in which we do business, such as trade controls, tariffs, quotas, embargoes, sanctions, or retaliation by another country against such measures, could result in economic uncertainty and instability, resulting in fewer goods being transported globally. In 2020, we saw a customer preference for slower, less costly shipping services. Additionally, during 2020 weakness in the global economy adversely affected our results of operations, and we expect such weakness to continue to be present during 2021.

A significant data breach or other disruption to our technology infrastructure could disrupt our operations and result in the loss of critical confidential information, adversely impacting our reputation, business or results of operations. Our ability to attract and retain customers, to efficiently operate our businesses, and to compete effectively depends in part upon the sophistication, security and reliability of our technology network, including our ability to provide features of service that are important to our customers, to protect our confidential business information and the information provided by our customers, and to maintain customer confidence in our ability to protect our systems and to provide services consistent with their expectations. For example, we rely on information technology to receive package level information in advance of physical receipt of packages, to track items that move through our delivery systems, to efficiently plan deliveries, to execute billing processes, and to track and report financial and operational data. We are subject to risks imposed by data breaches and operational disruptions, including through cyberattack or cyber-intrusion, including by computer hackers, foreign governments, cyber terrorists, cyber criminals and malicious employees or other insiders. Data breaches of companies and governments have increased in recent years as the number, intensity and sophistication of attempted attacks and intrusions from around the world have increased and we, our customers and third parties increasingly store and transmit data by means of connected information technology systems. Additionally, risks such as code anomalies, “Acts of God,” transitional challenges in migrating operating company functionality to our FedEx enterprise automation platforms, data leakage, cyber-fraud and human error pose a direct threat to our products, services, systems and data and could result in unauthorized or block legitimate access to sensitive or confidential data regarding our operations, customers, employees, and suppliers, including personal information. The technology infrastructure of acquired businesses, as well as their practices related to the use and maintenance of data, could also present issues that we were not able to identify prior to the acquisition.

We also depend on and interact with the technology and systems of third parties, including our customers and third-party service providers such as cloud service providers and delivery services. Such third parties may host, process or have access to information we maintain about our company, customers, employees and vendors or operate systems that are critical to our business operations and services. Like us, these third parties are subject to risks imposed by data breaches, cyberattacks and other events or actions that could damage, disrupt or close down their networks or systems. We have security processes, protocols and standards in place, including contractual provisions requiring such security measures, that are applicable to such third parties and are designed to protect information that is held by them, or to which they have access, as a result of their engagements with us. Nevertheless, a cyberattack could defeat one or more of such third parties’ security measures, allowing an attacker to obtain information about our company, customers, employees and vendors or disrupt our operations. These third parties may also experience operational disruptions or human error that could result in unauthorized access to sensitive or confidential data regarding our operations, customers, employees and suppliers, including personal information.

A disruption to our complex, global technology infrastructure, including those impacting our computer systems and websites, could result in the loss of confidential business or customer information, require substantial repairs or replacements, resulting in significant costs, and lead to the temporary or permanent transfer by customers of some or all of their business to our competitors. The foregoing could harm our reputation and adversely impact our operations, customer service and results of operations. Additionally, a security breach could require us to devote significant management resources to address the problems created. These types of adverse impacts could also occur in the event the confidentiality, integrity or availability of company and customer information was compromised due to a data loss by FedEx or a trusted third party. We or the third parties with which we share information may not discover any security breach and loss of information for a significant period of time after the security breach occurs.

Recently, there has also been heightened regulatory and enforcement focus on data protection in the U.S. (at both the state and federal level) and abroad, and an actual or alleged failure to comply with applicable U.S. or foreign data protection regulations or other data protection standards may expose us to litigation (including, in some instances, class action litigation), fines, sanctions or other penalties, which could harm our reputation and adversely impact our business, results of operations and financial condition. This regulatory environment is increasingly challenging and may present material obligations and risks to our business, including significantly expanded compliance burdens, costs and enforcement risks. For example, the European Union’s (“EU”) General Data Protection Regulation (“GDPR”), which became effective in May 2018, greatly increases the jurisdictional reach of EU law and adds a broad array of requirements related to personal data, including individual notice and opt-out preferences and the public disclosure of significant data breaches. Additionally, violations of the GDPR can result in fines of as much as 4% of a company’s annual revenue. Other governments have enacted or are enacting similar data protection laws, including data localization laws that require data to stay within their borders. All of these evolving compliance and operational requirements, as well as the uncertain interpretation and enforcement of laws, impose significant costs and regulatory risks that are likely to increase over time.
We have invested and continue to invest in technology security initiatives, information-technology risk management, business continuity and disaster recovery plans, including investments to retire and replace end-of-life systems. The development and maintenance of these measures is costly and requires ongoing monitoring and updating as technologies change and efforts to overcome security measures become increasingly more frequent, intense and sophisticated. Despite our efforts, we are not fully insulated from data breaches, technology disruptions, data loss and cyber-fraud, which could adversely impact our competitiveness and results of operations. For instance, in June 2017 TNT Express worldwide operations were significantly affected due to the infiltration of an information-technology virus known as NotPetya. In May 2017 FedEx was one of many companies attacked by the rapidly spreading ransomware described as WannaCry that exploited vulnerability in a third-party software program and infected computers using that program, encrypting files and holding them for ransom. During the third quarter of 2018, we discovered an unsecured server hosted by one of our third-party cloud service providers, which exposed some archived account information related to a service discontinued after our 2015 acquisition of Bongo International, LLC. The server has been secured, and we have found no indication that any information has been misappropriated in connection with the incident. Additionally, during 2020, we experienced continual attempts by cyber criminals, some of which were successful, to gain access to customer accounts for the purposes of fraudulently diverting and misappropriating items being transported in our network. None of the WannaCry ransomware attack, unsecured server or 2020 fraudulent cyber activities caused a material disruption to our systems or resulted in any material costs to FedEx.

While we have significant security processes and initiatives in place, we may be unable to detect or prevent a breach or disruption in the future. Additionally, while we have insurance coverage designed to address certain aspects of cyber risks in place, such insurance coverage may be insufficient to cover all losses or all types of claims that may arise.

Additional changes in international trade policies and relations could significantly reduce the volume of goods transported globally and adversely affect our business and results of operations. The U.S. government has made significant changes in U.S. trade policy and has taken certain actions that have negatively impacted U.S. trade, including imposing tariffs on certain goods imported into the United States. To date, several governments, including the EU, China and India, have imposed tariffs on certain goods imported from the United States. These actions contributed to weakness in the global economy that adversely affected our results of operations during fiscal 2019 and fiscal 2020, and we expect such weakness to continue to be present during fiscal 2021. Any further changes in U.S. or international trade policy could trigger additional retaliatory actions by affected countries, resulting in “trade wars” and further increased costs for goods transported globally, which may reduce customer demand for these products if the parties having to pay those tariffs increase their prices, or in trading partners limiting their trade with countries that impose anti-trade measures. Political uncertainty surrounding international trade and other disputes could also have a negative effect on business and consumer confidence and spending. Such conditions could have an adverse effect on our business, results of operations and financial condition, as well as on the price of our common stock.

Additionally, the U.S. government has taken action to limit the ability of domestic companies to engage in commerce with certain foreign entities under certain circumstances, and foreign governments may investigate our compliance with these restrictions. For example, the China State Post Bureau is currently conducting an investigation into the operations of FedEx Express regarding its handling of certain packages while attempting to comply with the EARs. Furthermore, given the nature of our business and our global recognizability, foreign governments may target FedEx by limiting the ability of foreign entities to do business with us in certain instances, imposing monetary or other penalties or taking other retaliatory action, which could have an adverse effect on our business, results of operations and financial condition, as well as on the price of our common stock. For additional discussion, see “Management’s Discussion and Analysis of Results of Operations and Financial Condition—Other Business Matters.”

The failure to successfully integrate the businesses and operations of FedEx Express and TNT Express in the expected time frame and at the expected cost may adversely affect our future results. Prior to FedEx’s acquisition of TNT Express in 2016, FedEx Express and TNT Express operated as independent companies. There can be no assurances that these businesses can be integrated successfully. Expected integration costs have increased significantly since the acquisition was completed, and parts of the integration have taken longer than initially expected. It is possible that the integration process could result in higher than currently expected integration costs, the loss of customers, the disruption of ongoing businesses, unexpected integration issues, or the loss of key historical FedEx Express or TNT Express employees. It is also possible that the overall integration process will take longer than currently anticipated.
Specifically, the following issues, among others, must be addressed as we integrate the operations of FedEx Express and TNT Express in order to realize the anticipated benefits of the transaction:

- combining the companies’ physical networks and operations, including integration of the companies’ linehaul and pickup-and-delivery operations and air networks, and corporate functions;
- combining the businesses of FedEx Express and TNT Express and meeting the capital requirements of the combination in a manner that permits us to achieve the operating and financial results we anticipated from the acquisition, the failure of which could result in the anticipated benefits of the transaction not being realized in the time frame currently anticipated, or at all;
- integrating and consolidating the companies’ administrative and information-technology infrastructure and computer systems, and modernizing certain TNT Express systems which suffered from underinvestment prior to the acquisition;
- integrating and restructuring the corporate entities;
- integrating workforces and consulting with works councils and employee representatives while continuing to provide consistent, high-quality service to customers;
- integrating and unifying the offerings and services available to historical FedEx Express and TNT Express customers;
- harmonizing the companies’ operating practices, employee development and compensation programs, integrity and compliance programs, terms and conditions of contracts of carriage, internal controls and other policies, procedures and processes;
- integrating the companies’ financial reporting and internal control systems;
- maintaining existing agreements with customers and service providers and avoiding delays in entering into new agreements with prospective customers and service providers;
- addressing possible differences in business backgrounds, corporate cultures and management philosophies;
- addressing employee social issues so as to maintain efficient and effective labor and employee relations;
- coordinating rebranding and marketing efforts;
- managing the movement of certain positions to different locations;
- managing potential unknown and unidentified liabilities, including liabilities that are significantly larger than currently anticipated, and unforeseen increased expenses or delays associated with the integration process; and
- managing the expanded operations of a significantly larger, more complex company.

All of these factors could adversely affect FedEx’s results of operations, delay or decrease the expected accretive effect of the acquisition and negatively impact the price of our common stock. The expected financial benefits of the acquisition may also be delayed or decreased by reductions in our base business levels due to the continued impact of the COVID-19 pandemic and economic weakness in Europe or other factors. In addition, at times the attention of certain members of our management may be focused on the integration of the businesses of FedEx Express and TNT Express and diverted from day-to-day business operations, which may disrupt our business. Further, we may not achieve the expected financial benefits from any costs incurred in addition to our integration program expenses related to investments to further transform and optimize the combined businesses and FedEx Express’s international business.

Failure to successfully implement our business strategy and effectively respond to changes in market dynamics will cause our future financial results to suffer. We are making significant investments and other decisions in connection with our long-term business strategy which includes our ability to meet the demands of e-commerce, such as aircraft fleet modernization and hub modernization and expansion at FedEx Express, expansion of FedEx Ground residential delivery operations to seven days per week year-round, the integration of FedEx SmartPost packages into the standard FedEx Ground operations, last-mile residential delivery optimization and autonomous delivery. We are also implementing various cost-containment actions, including limited hiring and discretionary spending. Such initiatives and enhancements may require us to make significant capital expenditures. We have also incurred, and may continue to incur, increased operating expenses in connection with certain changes to our business strategy. Additionally, in developing our business strategy, we make certain assumptions including, but not limited to, those related to customer demand and the mix of services to be purchased by our customers, competition and the global economy; and actual market, economic and other conditions may be different from our assumptions. As technology, customer behavior and market conditions continue to evolve, it is important that we maintain the relevance of our brand and service offerings to our customers. If we are not able to successfully implement our business strategy and effectively respond to changes in market dynamics, our future financial results will suffer. For additional discussion, see Part I, Item 1 of this Annual Report under the caption “Strategy.”

Our businesses depend on our strong reputation and the value of the FedEx brand. The FedEx brand name symbolizes high-quality service, reliability and speed. FedEx is one of the most widely recognized, trusted and respected brands in the world, and the FedEx brand is one of our most important and valuable assets. In addition, we have a strong reputation among customers and the general public for high standards of social and environmental responsibility and corporate governance and ethics. The FedEx brand name and our corporate reputation are powerful sales and marketing tools, and we devote significant resources to promoting and protecting them. Adverse publicity (whether or not justified) relating to activities by our team members or others with whom we do business, such as customer service mishaps, accidents, catastrophes or incidents involving aircraft or vehicles operated by us, data breaches or technology infrastructure disruptions, noncompliance with laws or the shipment of certain items pursuant to our obligation as a common carrier operating under federal law, could tarnish our reputation and reduce the value of our brand. With the increase in the use of social media outlets such as Facebook, YouTube, Instagram and Twitter, adverse publicity can be disseminated quickly and broadly, making it increasingly difficult for us to effectively respond. Damage to our reputation and loss of brand equity could reduce demand for our services and thus have an adverse effect on our financial condition, liquidity and results of operations, as well as require additional resources to rebuild our reputation and restore the value of our brand.

Our failure to retain or attract employee talent or maintain our company culture could adversely impact our business. Our success depends upon the efforts and abilities of our high-quality employees, many of whom are longstanding FedEx team members. Difficulties in motivating, rewarding, retaining and recruiting employee talent, including successors to members of senior management, or the unexpected loss of such individuals resulting in the depletion of our institutional knowledge base, could have an adverse impact on our business, results of operations, reputation and the price of our common stock. Additionally, our company culture is important to providing high-quality customer service and having a productive workforce and could be adversely affected by our growing operations and other factors. If we fail to maintain the strength of our company culture, our competitive ability and our business may be harmed.

The United Kingdom’s withdrawal from the EU could adversely impact our business, results of operations and financial condition. On January 31, 2020, the United Kingdom left the EU (“Brexit”). The United Kingdom and EU are now in a transitional period during which the United Kingdom will maintain access to the EU single market and to the global trade deals negotiated by the EU on behalf of its members, and remain subject to EU law, until December 31, 2020.

The uncertainty regarding the status of Brexit has negatively impacted the United Kingdom’s and the EU’s economies. This negative impact will likely continue until the United Kingdom and EU reach and implement a definitive resolution on their future trading relationship. Any additional impact of Brexit will depend on the terms of such resolution. Even if the United Kingdom maintains access to the EU single market and trade deals following the transition period, Brexit could result in further economic downturn globally. If the United Kingdom ultimately loses access to the EU single market and trade deals, significant market and economic disruption would likely occur, our customer experience, service quality and international operations would likely be negatively impacted, and the demand for our services could be depressed.

Additionally, we may face new regulations regarding trade, aviation, tax, security and employees, among others, in the United Kingdom. Compliance with such regulations could be costly, negatively impacting our business, results of operations and financial condition. Brexit could also adversely affect European and worldwide economic and market conditions and could contribute to instability in global financial and foreign exchange markets, including volatility in the value of the euro and the British pound.
Our transportation businesses are impacted by the price and availability of jet and vehicle fuel. We must purchase large quantities of fuel to operate our aircraft and vehicles, and the price and availability of fuel is beyond our control and can be highly volatile. In addition, our purchased transportation expense may be impacted by fuel costs. To date, we have been mostly successful in mitigating over time the expense impact of higher fuel costs through our indexed fuel surcharges, as the amount of the surcharges is closely linked to the market prices for fuel. If we are unable to maintain or increase our fuel surcharges because of competitive pricing pressures or some other reason, fuel costs could adversely impact our operating results. As of May 31, 2020, we had no derivative financial instruments to reduce our exposure to fuel price fluctuations. Even if we are able to offset the cost of fuel with our surcharges, high fuel surcharges could move our customers away from our higher-yielding express services to our lower-yielding deferred or ground services or even reduce customer demand for our services altogether. In addition, disruptions in the supply of fuel could have a negative impact on our ability to operate our transportation networks. Weather-related events, natural disasters, political disruptions or wars involving oil-producing countries, economic sanctions imposed against oil-producing countries or specific industry participants, changes in governmental policy concerning fuel production, transportation, taxes or marketing, changes in refining capacity, environmental concerns and other unpredictable events may impact fuel supply and could result in shortages in the future.

Our businesses are capital intensive, and we must make capital decisions based upon projected volume levels. We make significant investments in aircraft, package handling facilities, vehicles, technology, sort equipment and other assets to support our transportation and business networks. We also make significant investments to rebrand, integrate and grow the companies that we acquire. The amount and timing of capital investments depend on various factors, including our anticipated volume growth. We must make commitments to purchase or modify aircraft years before the aircraft are actually needed. We must predict volume levels and fleet requirements and make commitments for aircraft based on those projections. Missing our projections could result in too much or too little capacity relative to our shipping volumes. Overcapacity could lead to below-market asset dispositions or write-downs, as well as negatively impact operating margins, and undercapacity could negatively impact service levels.

We face intense competition. The transportation and business services markets are both highly competitive and sensitive to price and service, especially in periods of little or no macroeconomic growth. Some of our competitors have more financial resources and competitive advantages than we do, appear willing to operate at little or no margin to gain market share, or they are owned, controlled or subsidized by foreign governments, which enables them to raise capital more easily. We also compete with regional transportation providers that operate smaller and less capital-intensive transportation networks and startup companies that combine technology with crowdsourcing to focus on local market needs. In addition, some high-volume package shippers are developing and implementing in-house delivery capabilities and utilizing independent contractors for deliveries, which could in turn reduce our revenues and market share. For example, Amazon.com is investing significant capital to establish a network of hubs, aircraft and vehicles.

We believe we compete effectively with these companies — for example, by providing more reliable service at compensatory prices. However, the existence of an irrational pricing environment could limit our ability not only to maintain or increase our prices (including our fuel surcharges in response to rising fuel costs), but also to maintain or grow our revenues and market share. While we believe we compete effectively through our current and planned service offerings, if our current competitors or potential future competitors offer a broader range of services, more effectively bundle their services, or offer services at lower prices, it could impede our ability to maintain or grow our market share. Moreover, if high-volume package shippers further develop or expand internal capabilities for the services we provide, it may reduce our revenue and could negatively impact our financial condition and results of operations. News regarding such developments or expansions could also negatively impact the price of our common stock. Additionally, advancements in technology, such as advanced safety systems; automated package sorting, handling and delivery; autonomous delivery; vehicle platooning; alternative fuel vehicles; and digitization of freight services, may necessitate that we increase investments in order to remain competitive, and our customers may not be willing to accept higher rates to cover the cost of these investments.

Government regulation and enforcement are evolving and unfavorable changes could harm our business. We are subject to regulation under a wide variety of U.S. federal and state and non-U.S. regulations, laws, and policies. There can be no assurance that such regulations, laws and policies will not be changed in ways that will decrease the demand for our services, subject us to escalating costs or require us to modify our business models and objectives, harming our financial results. In particular, legislative, regulatory or other actions that U.S. and non-U.S. governments have undertaken or are considering in areas such as data privacy and sovereignty, taxes, foreign exchange intervention in response to currency volatility, currency controls that could restrict the movement of liquidity from particular jurisdictions, trade controls, tariffs, quotas, embargoes or sanctions in the U.S. or other countries, complex economic sanctions, export controls, additional security requirements, additional requirements on employees (including our pilots) and benefits, environmental standards, tax reform and accounting may have an adverse effect on our operations, liquidity, capital requirements, effective tax rate and performance. For additional discussion, see Part I, Item 1 of this Annual Report under the caption “Regulation.”

- 94 -
We could be subject to adverse changes in regulations and interpretations or challenges to our tax positions. We are subject to taxation in the U.S. and numerous foreign jurisdictions. From time to time, changes in tax laws or regulations may be enacted that could significantly affect our overall tax liability. Such changes may require new and complex computations to be performed, significant judgments, estimates and calculations to be made, and the preparation and analysis of information not previously relevant or regularly produced.

Standard-setting bodies could interpret or issue guidance on how provisions of certain tax laws and regulations will be applied or otherwise administered that is different from our interpretation and we may be required to make adjustments to amounts that we have recorded that may adversely impact our results of operations and financial condition. For example, in January 2019, the U.S. Treasury Department issued final regulations covering the one-time transition tax on unrepatriated foreign earnings, which was enacted as part of the TCJA. Certain guidance included in these final regulations is inconsistent with our interpretation that led to the recognition of benefits of $233 million. If we are ultimately unsuccessful in defending our position with respect to our interpretation of the TCJA, we may be required to reverse these benefits.

If we do not successfully execute or effectively operate, integrate, leverage and grow acquired businesses, our financial results and reputation may suffer. Our strategy for long-term growth, productivity and profitability depends in part on our ability to make prudent strategic acquisitions and to realize the benefits we expect when we make those acquisitions. In furtherance of this strategy, in addition to TNT Express, we have acquired businesses in Europe, Latin America, Africa, the U.S., Asia and Australia over the past several years. Acquisitions involve special accounting, regulatory, compliance, information technology, human resources, cultural and other risks. While we expect our past and future acquisitions to enhance our value proposition to customers and improve our long-term profitability, there can be no assurance that we will realize our expectations within the timeframe we have established, if at all, or that we can continue to support the value we allocate to these acquired businesses, including their goodwill or other intangible assets. For example, in 2020 we incurred a goodwill impairment charge of $358 million related to FedEx Office and FedEx Supply Chain, eliminating all of the goodwill attributable to these reporting units. For additional information, see “Management’s Discussion and Analysis of Results of Operations and Financial Condition—Results of Operations and Outlook—Consolidated Results—Goodwill and Other Asset Impairment Charges.”

Labor organizations attempt to organize groups of our employees from time to time, and potential changes in labor laws could make it easier for them to do so. If we are unable to continue to maintain good relationships with our employees and avoid having labor organizations organize groups of our employees, our operating costs could significantly increase and our operational flexibility could be significantly reduced. Despite continual organizing attempts by labor unions, other than the pilots at FedEx Express and drivers at one FedEx Freight, Inc. facility, our U.S. employees have thus far chosen not to unionize (we acquired FedEx Supply Chain in 2015, which already had a small number of employees who are members of unions). Additionally, certain of FedEx Express’s non-U.S. employees are unionized.

The U.S. Congress has, in the past, considered adopting changes in labor laws, however, that would make it easier for unions to organize units of our employees. For example, there is always a possibility that Congress could remove most FedEx Express employees from the jurisdiction of the Railway Labor Act of 1926, as amended (the “RLA”). For additional discussion of the RLA, see Part I, Item 1 of this Annual Report under the caption “Regulation.” Such legislation could expose our customers to the type of service disruptions that the RLA was designed to prevent — local work stoppages in key areas that interrupt the timely flow of shipments of time-sensitive, high-value goods throughout our global network. Such disruptions could threaten our ability to provide competitively priced shipping options and ready access to global markets.

There is also the possibility that Congress could pass other labor legislation that could adversely affect our companies, such as FedEx Ground and FedEx Freight, whose employees are governed by the National Labor Relations Act of 1935, as amended (“NLRA”). In addition, federal and state governmental agencies, such as the National Mediation Board and the National Labor Relations Board, have and may continue to take actions that could make it easier for our employees to organize under the RLA or NLRA. Finally, changes to federal or state laws governing employee classification could impact the status of FedEx Ground’s service providers as independent employers of drivers. In FedEx Ground is deemed to be an employer or joint employer of the drivers of these service providers, labor organizations could more easily organize these individuals, our operating costs could increase materially and we could incur significant capital outlays.

FedEx Ground relies on service providers to conduct its linehaul and pickup-and-delivery operations, and the status of these service providers as direct employers of drivers providing these services is being challenged. We are defending joint-employer cases where it is alleged that FedEx Ground should be treated as an employer of the drivers employed by service providers engaged by FedEx Ground. We incur certain costs, including legal fees, in defending the status of service providers engaged by FedEx Ground as direct employers of their drivers. We continue to believe that FedEx Ground is not an employer or joint employer of the drivers of these independent businesses. However, adverse determinations in these matters could, among other things, entitle service providers’ drivers to certain wage payments from the service providers and FedEx Ground, and result in employment and withholding tax and benefit liability for FedEx Ground.

- 95 -
We are self-insured for certain costs associated with our operations, and insurance and claims expenses could have a material adverse effect on us. We are self-insured up to certain limits that vary by type of risk for costs associated with workers’ compensation claims, vehicle accidents and general business liabilities, and benefits paid under employee healthcare and disability programs. Our reserves are established for estimates of loss on reported claims, including incurred-but-not-reported claims. Our self-insurance accruals are primarily based on estimated costs determined by actuarial methods. Estimated costs include consideration of a variety of factors and related assumptions such as the severity of claims, frequency and volume of claims, healthcare inflation, seasonality and plan designs, which may be subject to a high degree of variability. Periodically, we evaluate the level of insurance coverage and adjust insurance levels based on risk tolerance and premium expense. However, the use of any estimation technique in this area is inherently sensitive. Material increases in the magnitude of claims, changes to healthcare costs, accident frequency and severity, insurance retention levels, judgment and settlement amounts, associated legal expenses and other factors could result in unfavorable differences between actual self-insurance costs and our reserve estimates. As a result, our insurance costs could increase materially which could adversely affect our results of operations and financial condition.

Disruptions or modifications in service by the USPS or changes in its business or financial soundness could have an adverse effect on our operations and financial results. The USPS is a vendor and significant customer of FedEx. In particular, the USPS is the largest customer of FedEx Express, which provides domestic air transportation services for the USPS’s First Class Mail, Priority Mail Express and Priority Mail and transportation and delivery for the USPS’s international delivery service. FedEx Express’s contract with the USPS for domestic services expires in September 2024. The COVID-19 pandemic has negatively impacted mail volumes and mix resulting in a further decrease in revenues and negative financial impact for the USPS. Additionally, the USPS continues to experience budgetary uncertainty as well as increased political debate regarding potential privatization or restructuring of its operations. Disruptions or modifications in service by the USPS as a result of financial difficulties or changes in its business, including the ability to access capital, any structural changes to its operations, network, service offerings or pricing, could adversely affect our operations, negatively impacting our revenue, results of operations and financial condition.

Proposed pilot flight and duty time regulations could impair our operations and impose substantial costs on us. In September 2010, the Federal Aviation Administration (“FAA”) proposed regulations that would change the flight and duty time rules applicable to all-cargo air carriers. When the FAA issued final regulations in December 2011 (the “2011 regulations”), all-cargo carriers, including FedEx Express, were exempt from these new requirements. Instead, all-cargo carriers were required to continue complying with previously enacted flight and duty time rules and allowed to pursue the development of fatigue risk management systems to develop fatigue mitigations unique to each operation. In December 2012, the FAA reaffirmed the exclusion of all-cargo carriers from the 2011 regulations, and litigation in the U.S. Court of Appeals for the District of Columbia affirmed the FAA’s decision. However, legislation has recently been introduced in the U.S. Senate and U.S. House of Representatives that, if adopted, would require all-cargo carriers to comply with the 2011 regulations. Required compliance with the 2011 regulations would make it more difficult to avoid pilot fatigue and could impose substantial costs on us in order to maintain operational reliability.

The transportation infrastructure continues to be a target of terrorist activities. Because transportation assets continue to be a target of terrorist activities, governments around the world are adopting or are considering adopting stricter security requirements that will increase operating costs and potentially slow service for businesses, including those in the transportation industry. For example, the U.S. Transportation Security Administration (“TSA”) requires FedEx Express to comply with a Full All-Cargo Aircraft Operator Standard Security Plan, which contains evolving and strict security requirements. Additionally, the International Civil Aviation Organization currently allows a member state to permit carriers and other entities to determine, without government oversight, which shippers and shipments are secure for purposes of putting those shipments on all-cargo aircraft. This allowance will be removed by July 2021 and may require us to undergo additional screening and oversight by the TSA and similar government agencies internationally. Security requirements such as these are not static, but change periodically as the result of regulatory and legislative requirements, imposing additional security costs and creating a level of uncertainty for our operations. Thus, it is reasonably possible that these rules or other future security requirements could impose material costs on us or slow our service to our customers. The impact on our operations of avoiding areas of the world, including airspace, in which there are geopolitical conflicts and the targeting of aircraft by parties to those conflicts can also be significant. Moreover, a terrorist attack directed at FedEx or other aspects of the transportation infrastructure could disrupt our operations and adversely impact demand for our services.
The regulatory environment for global aviation or other transportation rights may impact our operations and increase our operating costs. Our extensive air network is critical to our success. Our right to serve foreign points is subject to the approval of the Department of Transportation and generally requires a bilateral agreement between the U.S. and foreign governments. In addition, we must obtain the permission of foreign governments to provide specific flights and services. Our operations outside of the U.S., such as FedEx Express’s growing international domestic operations, are also subject to current and potential regulations, including certain postal regulations and licensing requirements, that restrict, make difficult and sometimes prohibit, the ability of foreign-owned companies such as FedEx Express to compete effectively in parts of the international domestic transportation and logistics market. Regulatory or executive actions affecting global aviation or transportation rights or a failure to obtain or maintain aviation or other transportation rights in important international markets could impair our ability to operate our networks. Further, our ability to obtain or maintain aviation or other transportation rights internationally may be adversely affected by changes in international trade policies and relations.

We are subject to other extensive regulatory and legal compliance requirements that may result in significant costs. For instance, the FAA from time to time issues directives and other regulations relating to the maintenance and operation of aircraft that require significant expenditures in order to comply. High-profile accidents, catastrophes or incidents involving aircraft may trigger increased regulatory and legal compliance requirements. These requirements can be issued with little or no notice, or can otherwise impact our ability to efficiently or fully utilize our aircraft, and in some instances have resulted in the temporary grounding of aircraft types altogether. Further, our business may be adversely impacted when government agencies cease to operate as expected, including due to partial shutdowns, sequestrations or similar events, which may result in, among other things, disruption in the ability of government agencies to grant required regulatory approvals. For additional discussion, see Part I, Item 1 of this Annual Report under the caption “Regulation.”

We may be affected by global climate change or by legal, regulatory or market responses to such change. Concern over climate change, including the impact of global warming, has led to significant U.S. and international legislative and regulatory efforts to limit greenhouse gas (“GHG”) emissions, including our aircraft and vehicle engine emissions. Increasingly, state and local governments are also considering GHG regulatory requirements. Compliance with such regulation and the associated potential cost is complicated by the fact that various countries and regions are following different approaches to the regulation of climate change. Increased regulation regarding GHG emissions, especially aircraft or vehicle engine emissions, could impose substantial costs on us, especially at FedEx Express. These costs include an increase in the cost of the fuel and other energy we purchase and capital costs associated with updating or replacing our aircraft or vehicles prematurely. Until the timing, scope and extent of such possible regulation becomes known, we cannot predict its effect on our cost structure or our operating results. It is reasonably possible, however, that it could materially increase our operating expenses and have an adverse direct or indirect effect on our business, if instituted. For additional discussion of regulatory responses to climate change, including the Carbon Offsetting and Reduction Scheme for International Aviation and the Paris climate accord, see Part I, Item 1 of this Annual Report under the caption “Regulation.”

Moreover, even without such regulation, increased awareness and any adverse publicity in the global marketplace about the GHGs emitted by companies in the airline and transportation industries could harm our reputation and reduce customer demand for our services, especially our air express services. Finally, given the broad and global scope of our operations and our susceptibility to global macroeconomic trends, we are particularly vulnerable to the physical risks of climate change that could affect all of humankind, such as shifts in weather patterns and world ecosystems.

Increasing costs, the volatility of costs and funding requirements and other legal mandates for employee benefits, especially pension and healthcare benefits, could adversely impact our results of operations, financial condition and liquidity. We sponsor programs that provide retirement benefits to most of our employees. These programs include defined benefit pension plans, defined contribution plans and postretirement healthcare plans. The costs of providing pension and other retirement benefit plans are dependent on numerous assumptions, such as discount rates, expected long-term investment returns on plan assets, future salary increases, employee turnover, mortality, retirement ages, government regulations, and the frequency and amount of our required or voluntary contributions made to the plans. Changes in actuarial assumptions and differences between the assumptions and actual values, as well as significant declines in the value of investments that fund our pension and other postretirement plans, if not offset or mitigated by a decline in plan liabilities, could increase pension and other postretirement expense, and we could be required from time to time to fund the pension plans with significant amounts of cash. Such cash funding obligations could adversely affect our results of operations and liquidity. Additionally, the rules for pension and retirement benefit plan accounting are complex, involve numerous assumptions and can produce volatility in our results of operations, financial condition and liquidity. For example, our fourth quarter 2020 MTM retirement plans accounting adjustment resulted in a pre-tax noncash $794 million loss ($583 million, net of tax, or $2.22 per diluted share). For additional information on our MTM retirement plans accounting adjustment, see “Management’s Discussion and Analysis of Results of Operations and Financial Condition—Results of Operations and Outlook—Consolidated Results—Retirement Plans MTM Adjustments” and Note 13 of the accompanying consolidated financial statements.
Our inability to quickly and effectively restore operations following adverse weather or a localized disaster or disturbance in a key geography could adversely impact our business and results of operations. While we operate several integrated networks with assets distributed throughout the world, there are concentrations of key assets within our networks that are exposed to adverse weather conditions or localized risks from natural or manmade disasters such as earthquakes, volcanoes, wildfires, hurricanes, conflicts or unrest, terrorist attacks or other disturbances, actual or threatened. Additionally, shifts in weather patterns caused by climate change could increase the frequency, severity or duration of certain adverse weather conditions. Prolonged interruptions or disruptions at a key location such as our FedEx Express Memphis World Hub or one of our information-technology centers could adversely impact our business and results of operations. We also may incur significant costs to reestablish or relocate these functions. Moreover, resulting economic dislocations, including supply chain and fuel disruptions, could adversely impact demand for our services resulting in an adverse effect on our business and results of operations.

Our autonomous delivery strategy is dependent upon our ability to successfully mitigate unique technological, operational and regulatory risks. In 2019, we announced the development through a partnership of an autonomous delivery device designed to help retailers make same-day and last-mile deliveries to their customers, and in 2020, we announced our collaboration with two business partners to launch a pilot drone delivery service to explore methods of enhancing last-mile residential delivery service. Autonomous delivery is a new and evolving market, which makes it difficult to predict its acceptance, growth, the magnitude and timing of necessary investments and other trends. This aspect of our business strategy is subject to a variety of risks inherent with the development of new technologies, including: the ability to continue to develop autonomous delivery software and hardware; access to sufficient capital; our ability to develop and maintain necessary partnerships; risks related to the manufacture of autonomous devices; and significant competition from other companies, some of which may have more resources and capital to devote to autonomous technologies than we do.

In addition, we face risks related to the commercial deployment of autonomous delivery devices on our targeted timeline or at all, including consumer acceptance, achievement of adequate safety and other performance standards and compliance with uncertain, evolving and potentially conflicting federal and state regulations. To the extent accidents, cybersecurity breaches or other adverse events associated with our autonomous delivery devices occur, we could be subject to liability, government scrutiny, further regulation and reputational damage. Any of the foregoing could adversely impact our results of operations, financial condition and growth prospects.

Constraints, volatility or disruption in the capital markets, our failure to maintain our current credit ratings, commercial paper ratings and senior unsecured debt credit ratings, or our inability to meet credit agreement financial covenants could adversely affect our liquidity, increase our interest expense and limit our financing options. Our ability to obtain financing depends on a variety of factors, such as economic and market conditions, the regulatory environment for banks and other financial institutions, the availability of credit, our credit ratings and our reputation with potential lenders. Historically, we have relied on the public debt capital markets to fund portions of our capital investments and other expenditures and access to the commercial paper market as part of our working capital management strategy. Our continued access to these markets, and the terms of such access, depend on multiple factors including the condition of the debt capital markets, our operating performance and our credit ratings. Standard & Poor’s has assigned us a senior unsecured debt credit rating of BBB, a commercial paper rating of A-2 and a ratings outlook of “negative.” Moody’s Investors Service has assigned us an unsecured debt credit rating of Baa2, a commercial paper rating of P-2 and a ratings outlook of “negative.” These ratings are based on a number of factors, including assessments of our financial strength and financial policies. If our credit ratings drop, our interest expense may increase and our access to financing may become limited. If our commercial paper ratings drop below current levels, we may have difficulty utilizing the commercial paper market. If our senior unsecured debt credit ratings drop below investment grade, our access to financing may become limited.

Further, if we are unable to maintain the ratio of debt to adjusted EBITDA required by our Credit Agreements, our access to financing could become limited. In addition, increased volatility or disruption in the debt capital markets could adversely affect our ability to refinance existing debt. See Note 6 of the accompanying consolidated financial statements for additional information regarding recent amendments to the Credit Agreements, including with respect to the debt to adjusted EBITDA covenant. A change in our access to one or more of these sources of capital may reduce our ability to access other sources of capital and financing, adversely affecting our business operations and liquidity. Without sufficient sources of liquidity, we could be required to take actions that limit our business operations or experience limitations in our ability to pursue business opportunities.
We are also subject to other risks and uncertainties, including:

- widespread outbreak of an illness or any other communicable disease, or any other public health crisis;
- human capital management risks, including changes in our ability to attract and retain drivers, package and freight handlers, commercial pilots and other employees, as well as health and safety issues;
- the increasing costs of compliance with federal, state and foreign governmental agency mandates (including the Foreign Corrupt Practices Act and the U.K. Bribery Act) and defending against inappropriate or unjustified enforcement or other actions by such agencies;
- changes in foreign currency exchange rates, especially in the euro, Chinese yuan, British pound, Canadian dollar, Australian dollar and Mexican peso, which can affect our sales levels and foreign currency sales prices;
- any liability resulting from and the costs of defending against class-action, derivative and other litigation, such as wage-and-hour, joint employment, securities and discrimination and retaliation claims, and any other legal or governmental proceedings, including the matters discussed in Note 18 of the accompanying consolidated financial statements;
- the outcome of future negotiations to reach new collective bargaining agreements — including with the union that represents the pilots of FedEx Express (the current pilot agreement is scheduled to become amendable in November 2021) and with the union elected in 2015 to represent drivers at a FedEx Freight, Inc. facility in the U.S.;
- the impact of technology developments on our operations and on demand for our services, and our ability to continue to identify and eliminate unnecessary information-technology redundancy and complexity throughout the organization;
- governmental underinvestment in transportation infrastructure, which could increase our costs and adversely impact our service levels due to traffic congestion or sub-optimal routing of our vehicles and aircraft;
- stockholder activism, which could divert the attention of management and our board of directors from our business, hinder execution of our business strategy, give rise to perceived uncertainties as to our future and cause the price of our common stock to fluctuate significantly; and
- the alternative interest rates we are able to negotiate with counterparties pursuant to the relevant provisions of our Credit Agreements in the event the London Interbank Offered Rate or the euro interbank offered rate cease to exist and we make borrowings under the agreements.

Report of Independent Registered Public Accounting Firm

To the Stockholders and Board of Directors of

FedEx Corporation

Opinion on Internal Control Over Financial Reporting

We have audited FedEx Corporation’s internal control over financial reporting as of May 31, 2020, based on criteria established in Internal Control — Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework) (the COSO criteria). In our opinion, FedEx Corporation (the Company) maintained, in all material respects, effective internal control over financial reporting as of May 31, 2020, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated balance sheets of the Company as of May 31, 2020 and 2019, the related consolidated statements of income, comprehensive income, cash flows and changes in common stockholders’ investment for each of the three years in the period ended May 31, 2020, and the related notes and our report dated July 20, 2020 expressed an unqualified opinion thereon.

Basis for Opinion

The Company’s management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management’s Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the Company’s internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects.

Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Definition and Limitations of Internal Control Over Financial Reporting

A company’s internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Pension Projected Benefit Obligation**

**Description of the Matter**
At May 31, 2020, the Company’s aggregated U.S. pension plans’ projected benefit obligation was $30.2 billion and exceeded the fair value of the U.S. pension plans’ assets of $27.0 billion, resulting in an unfunded pension obligation of $3.2 billion. The U.S. pension plans’ net periodic benefit cost for the year ended May 31, 2020 was $950 million. As explained in Note 13 to the consolidated financial statements, the Company sponsors defined benefit pension plans that provide retirement benefits to certain U.S. employees. The Company’s U.S. pension plans’ projected benefit obligations are measured using actuarial techniques that reflect management’s assumptions for discount rate, salary increases, expected retirement, mortality, and employee turnover.

Auditing the U.S. pension plans’ projected benefit obligation was complex due to the highly judgmental nature of the discount rate used in the measurement process. The discount rate is developed by utilizing the yield on a theoretical portfolio of high-grade corporate bonds that match cash flows to benefit payments, limit the concentration by industry and issuer, and apply screening criteria to exclude bonds with a call feature unless they have a low probability of being called. The discount rate had a significant effect on the pension projected benefit obligation.

**How We Addressed the Matter in Our Audit**
We obtained an understanding, evaluated the design and tested the operating effectiveness of controls over management’s process for estimating the pension plans’ projected benefit obligation, including management’s review of the significant assumptions and assessment of the data inputs provided to the actuary.

To test the U.S. pension plans’ projected benefit obligation, our audit procedures included, among others, evaluating the methodologies used, the significant actuarial assumptions described above, and the underlying data used by the Company. We compared the actuarial assumptions used by management to historical trends and evaluated the change in the pension plans’ projected benefit obligation from the prior year due to the change in service cost, interest cost, actuarial gains and losses, benefit payments, contributions and other activities. In addition, we involved our actuarial specialists to assist in evaluating management’s methodology for determining the discount rate. As part of this assessment, we compared management’s selected discount rate to an independently developed range of reasonable discount rates. Additionally, we compared the pension plans’ projected future cash flows to the prior year projections and compared the current year benefits paid to the prior year projected cash flows. We also tested the completeness and accuracy of the underlying data, including the participant data provided to management’s actuarial specialists.
Valuation of Self-Insurance Accruals

Description of the Matter

At May 31, 2020, the Company’s self-insurance accruals reflected in the balance sheet were $3.3 billion. As explained in Note 1 to the consolidated financial statements, self-insurance accruals include costs associated with workers’ compensation claims, vehicle accidents and general business liabilities, and benefits paid under employee healthcare and disability programs. These accrued liabilities are primarily based on the actuarial estimation of the cost of claims, including incurred-but-not-reported (IBNR) claims.

Auditing the Company’s self-insurance accruals is complex and required us to use our actuarial specialists due to the significant measurement uncertainty associated with the estimate, the application of management judgment, and the use of various actuarial methods. In addition, the accruals are sensitive due to the volume of claims and the amount of time that can pass before the final cost is known.

How We Addressed the Matter in Our Audit

We obtained an understanding, evaluated the design and tested the operating effectiveness of controls over the Company’s process of estimating self-insurance accruals, including management's review of the assumptions used, results of calculations and assessment of data underlying the accruals.

To evaluate the self-insurance accruals, our audit procedures included, among others, testing the completeness and accuracy of the underlying claims data used by the Company. We involved our actuarial specialists to assist in our evaluation of the methodologies applied by management in determining the actuarially determined accrual and in reviewing the Company's reinsurance contracts by policy year to assess the Company's self-insured retentions, deductibles, and coverage limits. We compared the Company's accrued amounts to a range developed by our actuarial specialists.

NOTE 1: DESCRIPTION OF BUSINESS SEGMENTS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

DESCRIPTION OF BUSINESS SEGMENTS. FedEx Corporation (“FedEx”) provides a broad portfolio of transportation, e-commerce and business services through companies competing collectively, operating independently and managed collaboratively, under the respected FedEx brand. Our primary operating companies are Federal Express Corporation (“FedEx Express”), the world’s largest express transportation company; FedEx Ground Package System, Inc. (“FedEx Ground”), a leading North American provider of small-package ground delivery services; and FedEx Freight Corporation (“FedEx Freight”), a leading North American provider of less-than-truckload (“LTL”) freight transportation. These companies represent our major service lines and, along with FedEx Corporate Services, Inc. (“FedEx Services”), constitute our reportable segments. Our FedEx Services segment provides sales, marketing, information technology, communications, customer service, technical support, billing and collection services, and certain back-office functions that support our transportation segments (FedEx Express, FedEx Ground and FedEx Freight) and other business units.

FISCAL YEARS. Except as otherwise specified, references to years indicate our fiscal year ended May 31, 2020 or ended May 31 of the year referenced.

RECLASSIFICATIONS. Certain reclassifications have been made to the prior years’ consolidated financial statements to conform to the current year’s presentation.

PRINCIPLES OF CONSOLIDATION. The consolidated financial statements include the accounts of FedEx and its subsidiaries, substantially all of which are wholly owned. All significant intercompany accounts and transactions have been eliminated in consolidation.

REVENUE RECOGNITION.

Satisfaction of Performance Obligation

A performance obligation is a promise in a contract to transfer a distinct good or service to the customer, and is the basis of revenue recognition in accordance with U.S. generally accepted accounting principles (“GAAP”). To determine the proper revenue recognition method for contracts, we evaluate whether two or more contracts should be combined and accounted for as one single contract and whether the combined or single contract should be accounted for as more than one performance obligation. For most of our contracts, the customer contracts with us to provide distinct services within a single contract, primarily transportation services. Substantially all of our contracts with customers for transportation services include only one performance obligation, the transportation services themselves. However, if a contract is separated into more than one performance obligation, we allocate the total transaction price to each performance obligation in an amount based on the estimated relative standalone selling prices of the promised goods or services underlying each performance obligation. We frequently sell standard transportation services with observable standalone sales prices. In these instances, the observable standalone sales are used to determine the standalone selling price.

For transportation services, revenue is recognized over time as we perform the services in the contract because of the continuous transfer of control to the customer. Our customers receive the benefit of our services as the goods are transported from one location to another. If we were unable to complete delivery to the final location, another entity would not need to reperform the transportation service already performed. As control transfers over time, revenue is recognized based on the extent of progress towards completion of the performance obligation. The selection of the method to measure progress towards completion requires judgment and is based on the nature of the products or services to be provided. We use the cost-to-cost measure of progress for our package delivery contracts because it best depicts the transfer of control to the customer which occurs as we incur costs on our contracts. Under the cost-to-cost measure of progress, the extent of progress towards completion is measured based on the ratio of costs incurred to date to the total estimated costs at completion of the performance obligation. Revenue, including ancillary or accessorial fees and reductions for estimated customer incentives, is recorded proportionally as costs are incurred. Costs to fulfill include labor and other direct costs and an allocation of indirect costs. For our freight and freight forwarding contracts, an output method of progress based on time-in-transit is utilized as the timing of costs incurred does not best depict the transfer of control to the customer.

We also provide customized customer-specific solutions, such as supply chain management solutions and inventory and service parts logistics, through which we provide the service of integrating a complex set of tasks and components into a single capability. For these arrangements, the majority of which are conducted by our FedEx Logistics, Inc. (“FedEx Logistics”) operating segment, the entire contract is accounted for as one performance obligation. For these performance obligations, we typically have a right to consideration from customers in an amount that corresponds directly with the value to the customers of our performance completed to date, and as such we recognize revenue in the amount to which we have a right to invoice the customer.
Contract Modification

Contracts are often modified to account for changes in the rates we charge our customers or to add additional distinct services. We consider contract modifications to exist when the modification either creates new enforceable rights and obligations or alters the existing arrangement. Contract modifications that add distinct goods or services are treated as separate contracts. Contract modifications that do not add distinct goods or services typically change the price of existing services. These contract modifications are accounted for prospectively as the remaining performance obligations are distinct.

Variable Consideration

Certain contracts contain customer incentives, guaranteed service refunds and other provisions that can either increase or decrease the transaction price. These incentives are generally awarded based upon achieving certain performance metrics. We estimate variable consideration as the most likely amount to which we expect to be entitled. We include estimated amounts of revenue, which may be reduced by incentives or other contract provisions, in the transaction price to the extent it is probable that a significant reversal of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is resolved. Our estimates of variable consideration and determination of whether to include estimated amounts in the transaction price are based on an assessment of anticipated customer spending and all information (historical, current and forecasted) that is reasonably available to us.

Principal vs. Agent Considerations

Transportation services are provided with the use of employees and independent businesses that contract with FedEx. GAAP requires us to evaluate whether our businesses themselves promise to transfer services to the customer (as the principal) or to arrange for services to be provided by another party (as the agent) using a control model. Based on our evaluation of the control model, we determined that FedEx is the principal to the transaction for most of these services and revenue is recognized on a gross basis based on the transfer of control to the customer. Costs associated with independent businesses providing transportation services are recognized as incurred and included in the caption “Purchased transportation” in the accompanying consolidated statements of income.

Our contract logistics, global trade services and certain transportation businesses engage in certain transactions wherein they act as agents. Revenue from these transactions is recorded on a net basis. Net revenue includes billings to customers less third-party charges, including transportation or handling costs, fees, commissions and taxes and duties.

Contract Assets and Liabilities

Contract assets include billed and unbilled amounts resulting from in-transit shipments, as we have an unconditional right to payment only once all performance obligations have been completed (e.g., packages have been delivered). Contract assets are generally classified as current and the full balance is converted each quarter based on the short-term nature of the transactions. Our contract liabilities consist of advance payments and billings in excess of revenue. The full balance of deferred revenue is converted each quarter based on the short-term nature of the transactions.

Gross contract assets related to in-transit shipments totaled $563 million and $533 million at May 31, 2020 and May 31, 2019, respectively. Contract assets, net of deferred unearned revenue were $456 million and $364 million at May 31, 2020 and May 31, 2019, respectively. Contract assets are included within current assets in the accompanying consolidated balance sheets. Contract liabilities related to advance payments from customers were $10 million and $11 million at May 31, 2020 and May 31, 2019, respectively. Contract liabilities are included within current liabilities in the accompanying consolidated balance sheets.

Payment terms

Certain of our revenue-producing transactions are subject to taxes, such as sales tax, assessed by governmental authorities. We present these revenues net of tax. Under the typical payment terms of our customer contracts, the customer pays at periodic intervals (e.g., every 15 days, 30 days, 45 days, etc.) for shipments included on invoices received. It is not customary business practice to extend payment terms past 90 days, and as such, we do not have a practice of including a significant financing component within our revenue contracts with customers.

Disaggregation of Revenue

See Note 14 for disclosure of disaggregated revenue for the periods ended May 31. This presentation is consistent with how we organize our segments internally for making operating decisions and measuring performance.
CREDIT RISK. We routinely grant credit to many of our customers for transportation and business services without collateral. The risk of credit loss in our trade receivables is substantially mitigated by our credit evaluation process, short collection terms and sales to a large number of customers, as well as the low revenue per transaction for most of our services. Allowances for potential credit losses are determined based on historical experience and the impact of current economic conditions. Historically, credit losses have been within management’s expectations.

ADVERTISING. Advertising and promotion costs are expensed as incurred and are classified in other operating expenses. Advertising and promotion expenses were $427 million in 2020, $468 million in 2019 and $442 million in 2018.

CASH EQUIVALENTS. Cash in excess of current operating requirements is invested in short-term, interest-bearing instruments with maturities of three months or less at the date of purchase and is stated at cost, which approximates market value.

SPARE PARTS, SUPPLIES AND FUEL. Spare parts (principally aircraft-related) are reported at weighted-average cost. Allowances for obsolescence are provided for spare parts currently identified as excess or obsolete as well as expected to be on hand at the date the aircraft are retired from service. These allowances are provided over the estimated useful life of the related aircraft and engines. The majority of our supplies and fuel are reported at weighted-average cost.

PROPERTY AND EQUIPMENT. Expenditures for major additions, improvements and flight equipment modifications are capitalized when such costs are determined to extend the useful life of the asset or are part of the cost of acquiring the asset. Expenditures for equipment overhaul costs of engines or airframes prior to their operational use are capitalized as part of the cost of such assets as they are costs required to ready the asset for its intended use. Maintenance and repairs costs are charged to expense as incurred, except for certain aircraft engine maintenance costs incurred under third-party service agreements. These agreements result in costs being expensed based on cycles or hours flown and are subject to annual escalation. These service contracts transfer risk to third-party service providers and generally fix the amount we pay for maintenance to the service provider as a rate per cycle or flight hour, in exchange for maintenance and repairs under a predefined maintenance program. We capitalize certain direct internal and external costs associated with the development of internal-use software. Gains and losses on sales of property used in operations are classified within operating expenses and historically have been nominal.

For financial reporting purposes, we record depreciation and amortization of property and equipment on a straight-line basis over the asset’s service life or related lease term, if shorter. For income tax purposes, depreciation is computed using accelerated methods when applicable.

The depreciable lives and net book value of our property and equipment are as follows (dollars in millions):

Substantially all property and equipment have no material residual values. The majority of aircraft costs are depreciated on a straight-line basis over 15 to 30 years. We periodically evaluate the estimated service lives and residual values used to depreciate our property and equipment.

Depreciation and amortization expense, excluding gains and losses on sales of property and equipment used in operations, was $3.6 billion in 2020, $3.4 billion in 2019 and $3.1 billion in 2018. Depreciation and amortization expense includes amortization of assets under finance lease.

CAPITALIZED INTEREST. Interest on funds used to finance the acquisition and modification of aircraft, including purchase deposits, construction of certain facilities, and development of certain software up to the date the asset is ready for its intended use, is capitalized and included in the cost of the asset if the asset is actively under construction. Capitalized interest was $54 million in 2020, $64 million in 2019 and $61 million in 2018.
IMPAIRMENT OF LONG-LIVED ASSETS. Long-lived assets are reviewed for impairment when circumstances indicate the carrying value of an asset may not be recoverable. For assets that are to be held and used, an impairment is recognized when the estimated undiscounted cash flows associated with the asset or group of assets is less than their carrying value. If impairment exists, an adjustment is made to write the asset down to its fair value, and a loss is recorded as the difference between the carrying value and fair value. Fair values are determined based on quoted market values, discounted cash flows or internal and external appraisals, as applicable. Assets to be disposed of are carried at the lower of carrying value or estimated net realizable value.

We operate integrated transportation networks so cash flows for most of our operating assets to be held and used are assessed at a network level, not at an individual asset level, for our analysis of impairment.

In the second quarter of 2020, we made the decision to permanently retire from service 10 Airbus A310-300 aircraft and 12 related engines at FedEx Express to align with the needs of the U.S. domestic network and modernize its aircraft fleet. As a consequence of this decision, we recognized noncash impairment charges of $66 million ($50 million, net of tax, or $0.19 per diluted share) in the FedEx Express segment in the second quarter of 2020. Seven of these aircraft had been temporarily idled.

In the normal management of our aircraft fleet, we routinely idle aircraft and engines temporarily due to maintenance cycles and adjustments of our network capacity to match seasonality and overall customer demand levels. Temporarily idled assets are classified as available-for-use, and we continue to record depreciation expense associated with these assets. These temporarily idled assets are assessed for impairment and remaining life on a quarterly basis. The criteria for determining whether an asset has been permanently removed from service (and, as a result, is potentially impaired) include, but are not limited to, our global economic outlook and the impact of our outlook on our current and projected volume levels, including capacity needs during our peak shipping seasons; the introduction of new fleet types or decisions to permanently retire an aircraft fleet from operations; and changes to planned service expansion activities. At May 31, 2020, we had 14 aircraft temporarily idled. These aircraft have been idled for an average of five months and are expected to return to revenue service.

SALE OF BUSINESS. During 2018, we sold a non-core business of TNT Express B.V. (“TNT Express”) and recorded a gain of $85 million in the FedEx Express segment.

GOODWILL. Goodwill is recognized for the excess of the purchase price over the fair value of tangible and identifiable intangible net assets of businesses acquired. Several factors give rise to goodwill in our acquisitions, such as the expected benefits from synergies of the combination and the existing workforce of the acquired business. Goodwill is reviewed at least annually for impairment. In our evaluation of goodwill impairment, we perform a qualitative assessment to determine if it is more likely than not that the fair value of a reporting unit is less than its carrying amount. If the qualitative assessment is not conclusive, we proceed to test goodwill for impairment, including comparing the fair value of the reporting unit to its carrying value (including attributable goodwill). Fair value for our reporting units is determined using an income or market approach incorporating market participant considerations and management’s assumptions on revenue growth rates, operating margins, discount rates and expected capital expenditures. Fair value determinations may include both internal and third-party valuations. Unless circumstances otherwise dictate, we perform our annual impairment testing in the fourth quarter.

See Note 4 for additional information.

INTANGIBLE ASSETS. Intangible assets primarily include customer relationships, technology assets and trademarks acquired in business combinations. Intangible assets are amortized over periods ranging from 3 to 15 years, either on a straight-line basis or on a basis consistent with the pattern in which the economic benefits are realized.

PENSION AND POSTRETIREMENT HEALTHCARE PLANS. Our defined benefit pension and other postretirement benefit plans are measured using actuarial techniques that reflect management’s assumptions for discount rate, investment returns on plan assets, salary increases, expected retirement, mortality, employee turnover and future increases in healthcare costs. We determine the discount rate (which is required to be the rate at which the projected benefit obligation (“PBO”) could be effectively settled as of the measurement date) with the assistance of actuaries, who calculate the yield on a theoretical portfolio of high-grade corporate bonds (rated Aa or better) with cash flows that are designed to match our expected benefit payments in future years. We use the fair value of plan assets to calculate the expected return on assets (“EROA”) for interim and segment reporting purposes. Our EROA is a judgmental estimate which is reviewed on an annual basis and revised as appropriate.
The accounting guidance related to employers’ accounting for defined benefit pension and other postretirement plans requires recognition in the balance sheet of the funded status of these plans. We use “mark-to-market” or MTM accounting and immediately recognize changes in the fair value of plan assets and actuarial gains or losses in our results annually in the fourth quarter each year. The annual MTM adjustment is recognized at the corporate level and does not impact segment results. The remaining components of pension and postretirement healthcare expense, primarily service and interest costs and the EROA, are recorded on a quarterly basis. Only service cost is recognized in segment level operating results.

**INCOME TAXES.** Deferred income taxes are provided for the tax effect of temporary differences between the tax basis of assets and liabilities and their reported amounts in the financial statements. The liability method is used to account for income taxes, which requires deferred taxes to be recorded at the statutory rate expected to be in effect when the taxes are paid.

Deferred income tax assets represent amounts available to reduce income taxes payable on taxable income in future years. Such assets arise because of temporary differences between the financial reporting and tax bases of assets and liabilities, as well as from net operating loss and tax credit carryforwards. We evaluate the recoverability of these future tax deductions and credits by assessing the adequacy of future expected taxable income from all sources, including reversal of taxable temporary differences, forecasted operating earnings and available tax planning strategies. These sources of income rely heavily on estimates to make this determination and, thus, there is a risk that these estimates will have to be revised as new information is received. To the extent we do not consider it more likely than not that a deferred tax asset will be recovered, a valuation allowance is established. We believe we will generate sufficient future taxable income to realize the tax benefits related to the remaining net deferred tax assets in our consolidated balance sheets that are not subject to valuation allowances. We record the taxes for global intangible low-taxed income as a period cost.

We recognize liabilities for uncertain income tax positions based on a two-step process. The first step is to evaluate the tax position for recognition by determining if the weight of available evidence indicates that it is more likely than not that the position will be sustained on audit, including resolution of related appeals or litigation processes, if any. The second step requires us to estimate and measure the tax benefit as the largest amount that is more than 50% likely to be realized upon ultimate settlement. It is inherently difficult and subjective to estimate such amounts, as we must determine the probability of various possible outcomes. We reevaluate these uncertain tax positions on a quarterly basis or when new information becomes available to management. These reevaluations are based on factors including, but not limited to, changes in facts or circumstances, changes in tax law, successfully settled issues under audit and new audit activity. Such a change in recognition or measurement could result in the recognition of a tax benefit or an increase to the related provision.

We classify interest related to income tax liabilities as interest expense, and if applicable, penalties are recognized as a component of income tax expense. The income tax liabilities and accrued interest and penalties that are due within one year of the balance sheet date are presented as current liabilities. The noncurrent portion of our income tax liabilities and accrued interest and penalties are recorded in the caption “Other liabilities” in the accompanying consolidated balance sheets.

**SELF-INSURANCE ACCRUALS.** We are self-insured for costs associated with workers’ compensation claims, vehicle accidents and general business liabilities, and benefits paid under employee healthcare and disability programs. Accruals are primarily based on the actuarially estimated cost of claims, which includes incurred-but-not-reported claims. Current workers’ compensation claims, vehicle and general liability, employee healthcare claims and long-term disability are included in accrued expenses. We self-insure up to certain limits that vary by operating company and type of risk. Periodically, we evaluate the level of insurance coverage and adjust insurance levels based on risk tolerance and premium expense.

**LEASES.** We lease certain facilities, aircraft, equipment and vehicles under operating and finance leases. A determination of whether a contract contains a lease is made at the inception of the arrangement. Our leased facilities include national, regional and metropolitan sorting facilities, retail facilities and administrative buildings.

Our leases generally contain options to extend or terminate the lease. We reevaluate our leases on a regular basis to consider the economic and strategic incentives of exercising the renewal options, and how they align with our operating strategy. Therefore, substantially all the renewal option periods are not included within the lease term and the associated payments are not included in the measurement of the right-of-use asset and lease liability as the options to extend are not reasonably certain at lease commencement.

The lease liabilities are measured at the lease commencement date and determined using the present value of the minimum lease payments not yet paid and our incremental borrowing rate, which approximates the rate at which we would borrow, on a collateralized basis, over the term of a lease in the applicable currency environment. The interest rate implicit in the lease is generally not determinable in transactions where we are the lessee.
For real estate leases, we account for lease components and non-lease components (such as common area maintenance) as a single lease component. Certain real estate leases require additional payments based on sales volume and index-based rate increases, as well as reimbursement for real estate taxes, common area maintenance and insurance, which are expensed as incurred as variable lease costs. Certain leases contain fixed lease payments for items such as real estate taxes, common area maintenance and insurance. These fixed payments are considered part of the lease payment and included in the right-of-use assets and lease liabilities.

See Note 7 for additional information.

**DEFERRED GAINS.** Prior to the adoption of ASU 2016-02 on June 1, 2019, gains on the sale and leaseback of aircraft and other property and equipment were deferred and amortized ratably over the life of the lease as a reduction of rent expense. Substantially all of these deferred gains, which are included in other non-current liabilities, related to aircraft transactions.

**DERIVATIVE FINANCIAL INSTRUMENTS.** Our risk management strategy includes the select use of derivative instruments to reduce the effects of volatility in foreign currency exchange exposure on operating results and cash flows. In accordance with our risk management policies, we do not hold or issue derivative instruments for trading or speculative purposes. All derivative instruments are recognized in the financial statements at fair value, regardless of the purpose or intent for holding them.

When we become a party to a derivative instrument and intend to apply hedge accounting, we formally document the hedge relationship and the risk management objective for undertaking the hedge, which includes designating the instrument for financial reporting purposes as a fair value hedge, a cash flow hedge, or a net investment hedge.

If a derivative is designated as a cash flow hedge, the entire change in the fair value of the hedging instrument included in the assessment of hedge effectiveness is recorded in other comprehensive income. For net investment hedges, the entire change in the fair value is recorded in other comprehensive income. Any portion of a change in the fair value of a derivative that is considered to be ineffective, along with the change in fair value of any derivatives not designated in a hedging relationship, is immediately recognized in the income statement. We do not have any derivatives designated as a cash flow hedge for any period presented. During 2020, we designated €392 million of debt as a net investment hedge to reduce the volatility of the U.S. dollar value of a portion of our net investment in a euro-denominated consolidated subsidiary. As of May 31, 2020, the hedge remains effective.

**FOREIGN CURRENCY TRANSLATION.** Translation gains and losses of foreign operations that use local currencies as the functional currency are accumulated and reported, net of applicable deferred income taxes, as a component of Accumulated Other Comprehensive Income (“AOCI”) within common stockholders’ investment. Transaction gains and losses that arise from exchange rate fluctuations on transactions denominated in a currency other than the local currency are included in the caption “Other, net” in the accompanying consolidated statements of income and were immaterial for each period presented.

**EMPLOYEES UNDER COLLECTIVE BARGAINING ARRANGEMENTS.** The pilots of FedEx Express, who are a small number of its total employees, are employed under a collective bargaining agreement that took effect on November 2, 2015. The collective bargaining agreement is scheduled to become amendable in November 2021. Other than the pilots at FedEx Express, a small number of our employees are members of unions.

**STOCK-BASED COMPENSATION.** The accounting guidance related to share-based payments requires recognition of compensation expense for stock-based awards using a fair value method. We use the Black-Scholes option pricing model to calculate the fair value of stock options. The value of restricted stock awards is based on the stock price of the award on the grant date. We record stock-based compensation expense in the “Salaries and employee benefits” caption in the accompanying consolidated statements of income. We issue new shares or treasury shares from stock repurchases to cover employee stock option exercises and restricted stock grants.

**TREASURY SHARES.** In January 2016, our Board of Directors authorized a stock repurchase program of up to 25 million shares. During 2020, we repurchased 0.02 million shares of FedEx common stock at an average price of $156.90 per share for a total of $3 million. As of May 31, 2020, 5.1 million shares remained under the stock repurchase authorization. Shares under the current repurchase program may be repurchased from time to time in the open market or in privately negotiated transactions. The timing and volume of repurchases are at the discretion of management, based on the capital needs of the business, the market price of FedEx common stock and general market conditions. No time limit was set for the completion of the program, and the program may be suspended or discontinued at any time.

In 2019, we repurchased 6.6 million shares of FedEx common stock at an average price of $222.94 per share for a total of $1.5 billion. In 2018, we repurchased 4.3 million shares of FedEx common stock at an average price of $237.45 per share for a total of $1.0 billion.
During the fourth quarter of 2020, we amended our amended and restated $2.0 billion five-year credit agreement (the “Five-Year Credit Agreement”) and our $1.5 billion 364-day credit agreement (the “364-Day Credit Agreement” and together with the Five-Year Credit Agreement, the “Credit Agreements”). The amendments to the Credit Agreements, among other things, temporarily restrict us from repurchasing any shares of our common stock between May 27, 2020 and May 31, 2021. See Note 6 for more information on the amendments to the Credit Agreements.

DIVIDENDS DECLARED PER COMMON SHARE. On June 15, 2020, our Board of Directors declared a quarterly dividend of $0.65 per share of common stock. The dividend was paid on July 13, 2020 to stockholders of record as of the close of business on June 29, 2020. Each quarterly dividend payment is subject to review and approval by our Board of Directors, and we evaluate our dividend payment amount on an annual basis. The amendments to the Credit Agreements discussed above under “Treasury Shares” temporarily restrict us from increasing the amount of our quarterly dividend payable per share of common stock from $0.65 per share between May 27, 2020 and May 31, 2021. There are no other material restrictions on our ability to declare dividends, nor are there any material restrictions on the ability of our subsidiaries to transfer funds to us in the form of cash dividends, loans or advances.

BUSINESS REALIGNMENT COSTS. During 2019, we conducted a program to offer voluntary cash buyouts to eligible U.S.-based employees in certain staff functions. As a result of this program, approximately 1,500 employees left the Company. Costs of the benefits provided under the U.S.-based voluntary employee buyout program were recognized in 2019 when eligible employees accepted their offers. Payments under this program were made at the time of departure and totaled approximately $50 million in 2020 and $220 million in 2019.

USE OF ESTIMATES. The preparation of our consolidated financial statements requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities, the reported amounts of revenue and expenses and the disclosure of contingent liabilities. Management makes its best estimate of the ultimate outcome for these items based on historical trends and other information available when the financial statements are prepared. Changes in estimates are recognized in accordance with the accounting rules for the estimate, which is typically in the period when new information becomes available to management. Areas where the nature of the estimate makes it reasonably possible that actual results could materially differ from amounts estimated include: self-insurance accruals; retirement plan obligations; long-term incentive accruals; tax liabilities; loss contingencies; litigation claims; impairment assessments on long-lived assets (including goodwill); and that rely on projections of future cash flows and purchase price allocations.

The new strain of coronavirus (“COVID-19”) in 2020 and the efforts to contain it have negatively impacted the global economy, disrupted manufacturing operations and global supply chains and created significant volatility and disruption of financial markets. In addition, the COVID-19 pandemic has significantly increased economic and demand uncertainty. See Item 7 (“Management’s Discussion and Analysis of Results of Operations and Financial Condition”) of this Annual Report on Form 10-K for more information about the COVID-19 pandemic and its effects on the Company’s business, results of operations and financial condition. The Company believes the estimates and assumptions underlying our financial statements are reasonable and supportable based on the information available at the time the financial statements were prepared. However, uncertainty over the impact COVID-19 will have on the global economy and our business in particular makes many of the estimates and assumptions reflected in our 2020 consolidated financial statements inherently less certain. Therefore, actual results may ultimately differ from those estimates to a greater degree than historically.

NOTE 2: RECENT ACCOUNTING GUIDANCE

New accounting rules and disclosure requirements can significantly impact our reported results and the comparability of our financial statements. We believe the following new accounting guidance is relevant to the readers of our financial statements.

Recently Adopted Accounting Standards

In 2016, the Financial Accounting Standards Board (“FASB”) issued a new lease accounting standard, which requires lessees to put most leases on their balance sheets but recognize the expenses in their income statements in a manner similar to current practice. Lessees are required to recognize a lease liability for the obligation to make lease payments and a right-of-use asset for the right to use the underlying asset for the lease term. Expenses related to leases determined to be operating leases are recognized on a straight-line basis, while those determined to be finance leases are recognized following a front-loaded expense profile in which interest and amortization are presented separately in the income statement.
We adopted this new standard on June 1, 2019 using a modified retrospective transition method. Under this approach, we did not adjust the balance sheet for comparative periods but recorded a cumulative effect adjustment to retained earnings on June 1, 2019. We have elected the package of practical expedients permitted under the transition guidance within the new standard, which, among other things, allows us to carry forward the historical accounting relating to lease identification and classification for existing leases upon adoption. We also elected the practical expedient to not separate lease and non-lease components for the majority of our classes of assets. For leases in which the lease and non-lease components have been combined, the lease expense includes expenses such as common area maintenance. We have made an accounting policy election not to recognize leases with an initial term of 12 months or less on the consolidated balance sheet.

The adoption of the new lease accounting standard resulted in the recognition of an operating lease liability of $14.2 billion and an operating right-of-use asset of $14.1 billion, with an immaterial impact on our income statement compared to the previous lease accounting model. Existing prepaid asset and net deferred rent liability balances of $154 million and $309 million, respectively, were recorded to the right-of-use asset. The cumulative effect of the adoption to retained earnings was an increase of $57 million ($47 million, net of tax), primarily related to the reclassification of deferred gains related to sale-leasebacks of aircraft. Substantially all of our lease arrangements are operating leases under the new standard. The new standard had a material impact on our balance sheet but did not materially impact consolidated operating results and had no impact on operating cash flows.

See Note 1 “Leases” and Note 7 for additional information.

In February 2018, the FASB issued ASU 2018-02 that permits companies to reclassify the income tax effect of the Tax Cuts and Jobs Act (“TCJA”) on items within AOCI to retained earnings. We adopted this new standard on June 1, 2019.

In March 2020, the Securities and Exchange Commission (“SEC”) amended Rule 3-10 of Regulation S-X regarding financial disclosure requirements for registered debt offerings involving subsidiaries as either issuers or guarantors and affiliates whose securities are pledged as collateral. This new guidance narrows the circumstances that require separate financial statements of subsidiary issuers and guarantors and streamlines the alternative disclosures required in lieu of those statements. This rule is effective January 4, 2021 (fiscal 2021) with earlier adoption permitted. We adopted this new standard in the fourth quarter of 2020. Accordingly, summarized financial information has been presented only for the issuer and guarantors of the Company’s registered debt securities for the most recent fiscal year, and the location of the required disclosures has been moved outside the Notes to Consolidated Financial Statements and is provided in the “Financial Condition—Guarantor Financial Information” section of “Management’s Discussion and Analysis of Results of Operations and Financial Condition.”

New Accounting Standards and Accounting Standards Not Yet Adopted

In June 2016, the FASB issued ASU 2016-13 that changes how entities will measure credit losses for most financial assets and certain other instruments that are not measured at fair value through net income. We adopted this standard effective June 1, 2020 (fiscal 2021). This standard will not have a material impact on our consolidated financial statements and related disclosures.

In August 2018, the FASB issued ASU 2018-15 that reduces the complexity of accounting for costs of implementing a cloud computing service arrangement and aligns the accounting for capitalizing implementation costs of hosting arrangements, regardless of whether they convey a license to the hosted software. We adopted this standard effective June 1, 2020 (fiscal 2021) and applied these changes prospectively. This standard will not have a material impact on our consolidated financial statements and related disclosures.

In December 2019, the FASB issued ASU 2019-12, which is intended to simplify various aspects related to accounting for income taxes. ASU 2019-12 removes certain exceptions to the general principles in Topic 740 and also clarifies and amends existing guidance to improve consistent application. This standard is effective June 1, 2021 (fiscal 2022). We adopted this standard effective June 1, 2020 (fiscal 2021). This new standard will not have a material impact on our consolidated financial statements and related disclosures.

NOTE 3: BUSINESS COMBINATIONS

On May 1, 2019, we acquired the international express division of FC (Flying Cargo) Express Ltd. (“Flying Cargo”) for $67 million in cash from operations. The majority of the purchase price was allocated to goodwill. The financial results of this acquired business are included in the FedEx Express segment from the date of acquisition and were not material to our results of operations. Therefore, pro forma financial information has not been provided.
On October 1, 2018, we acquired the controlling interest in an existing joint venture with Swiss Post, which operates a Swiss-wide transport system with connections to TNT Express’s global network. The controlling interest was acquired through the noncash contribution of a complementary Swiss business into the venture, resulting in the recognition of an immaterial gain. The majority of the purchase price was allocated to goodwill and other intangibles. The financial results of this acquired business are included in the FedEx Express segment from the date of acquisition and were not material to our results of operations. Therefore, pro forma financial information has not been provided.

On March 23, 2018, we acquired P2P Mailing Limited, a leading provider of worldwide, low-cost e-commerce transportation solutions, for £92 million ($135 million) in cash from operations. The majority of the purchase price was allocated to goodwill. The financial results of this acquired business are included in the FedEx Logistics operating segment from the date of acquisition and were not material to our results of operations. Therefore, pro forma financial information has not been provided.

On October 13, 2017, we acquired Northwest Research, Inc., a leader in inventory research and management, for $50 million in cash from operations. The majority of the purchase price was allocated to property and equipment. The financial results of this acquired business are included in the FedEx Services segment from the date of acquisition and were not material to our results of operations. Therefore, pro forma financial information has not been provided.

(1) Goodwill acquired relates to the acquisitions of Flying Cargo and the controlling interest in an existing joint venture with Swiss Post. See Note 3 for more information.

(2) Primarily currency translation adjustments, purchase price allocation-related adjustments, and acquired goodwill related to immaterial acquisitions.

We recorded an impairment charge of $358 million attributable to our FedEx Office and Print Services, Inc. (“FedEx Office”) and FedEx Supply Chain Distribution System, Inc. (“FedEx Supply Chain”) reporting units in the fourth quarter of 2020. The COVID-19 pandemic resulted in store closures and declining print revenue at FedEx Office during the fourth quarter of 2020 and is expected to continue to negatively impact its near-term operating performance. Based on these factors, our outlook for the FedEx Office business and retail industry changed in the fourth quarter of 2020, which contributed $348 million to the goodwill impairment charge.

While there are several factors negatively impacting near-term results at FedEx Express, including weak global economic conditions and the timing and amount of TNT Express integration program expenses, FedEx Express continues to be an established profitable business with a fair value that exceeds its carrying value based on our valuation performed during the fourth quarter of 2020. In addition, our other reporting units with significant recorded goodwill include FedEx Ground and FedEx Freight. We evaluated these reporting units during the fourth quarters of 2020 and 2019. The estimated fair value of each of these reporting units significantly exceeded their carrying values as of the end of 2020 and 2019; therefore, we do not believe that any of these reporting units were impaired as of the balance sheet dates. No impairments of goodwill were recognized in 2019.
In 2018, we incurred a goodwill impairment charge of $374 million related to FedEx Supply Chain, eliminating substantially all of the goodwill attributable to this reporting unit. In our evaluation of the goodwill of this reporting unit, we compared the fair value of the reporting unit to its carrying value (including attributable goodwill). Fair value was estimated using standard valuation methodologies (principally the income and market approach classified as Level 3 within the fair value hierarchy) incorporating market participant considerations and management’s assumptions on revenue growth rates, operating margins, discount rates and expected capital expenditures. The key factors contributing to the goodwill impairment were underperformance of the FedEx Supply Chain business during 2018, including base business erosion, and the failure to attain the level of operating synergies and revenue and profit growth anticipated at the time of the acquisition. Based on these factors, our outlook for the business and industry changed in the fourth quarter of 2018.

Interest on our U.S. dollar fixed-rate notes is paid semi-annually. Interest on our euro fixed-rate notes is paid annually. The weighted average interest rate on long-term debt was 3.6% as of May 31, 2020. Long-term debt, including current maturities and exclusive of finance leases, had estimated fair values of $22.8 billion at May 31, 2020 and $17.8 billion at May 31, 2019. The estimated fair values were determined based on quoted market prices and the current rates offered for debt with similar terms and maturities. The fair value of our long-term debt is classified as Level 2 within the fair value hierarchy. This classification is defined as a fair value determined using market-based inputs other than quoted prices that are observable for the liability, either directly or indirectly.

We have a shelf registration statement filed with the SEC that allows us to sell, in one or more future offerings, any combination of our unsecured debt securities and common stock.
During July 2019, we issued $2.1 billion of senior unsecured debt under our current shelf registration statement, comprised of $1.0 billion of 3.10% fixed-rate notes due in August 2029, €500 million of 0.45% fixed-rate notes due in August 2025 and €500 million of 1.30% fixed-rate notes due in August 2031. We used the net proceeds to make voluntary contributions to our tax-qualified U.S. domestic pension plans (“U.S. Pension Plans”) during the first quarter of 2020 and to redeem the $400 million aggregate principal amount of 2.30% notes due February 1, 2020 and the €500 million aggregate principal amount of 0.50% notes due April 9, 2020. The remaining net proceeds are being used for general corporate purposes.

On March 17, 2020, we entered into an amended and restated $2.0 billion Five-Year Credit Agreement and a $1.5 billion 364-Day Credit Agreement. The Five-Year Credit Agreement expires in March 2025 and includes a $250 million letter of credit sublimit. The 364-Day Credit Agreement expires in March 2021. The Credit Agreements are available to finance our operations and other cash flow needs.

On March 18, 2020, we elected to draw $1.5 billion under the 364-Day Credit Agreement to increase our cash position to preserve financial flexibility in light of disrupted access to commercial paper markets and uncertainty in the global financial markets resulting from the COVID-19 pandemic.

During April 2020, we issued $3.0 billion of senior unsecured debt under our current shelf registration statement, comprised of $1.0 billion of 3.80% fixed-rate notes due in May 2025, $750 million of 4.25% fixed-rate notes due in May 2030 and $1.25 billion of 5.25% fixed-rate notes due in May 2050. We used the net proceeds to repay the $1.5 billion of outstanding borrowings under the 364-Day Credit Agreement, repay $136 million of commercial paper outstanding under our commercial paper program and for general corporate purposes.

The Credit Agreements contain a financial covenant requiring us to maintain a ratio of debt to consolidated earnings (excluding noncash retirement plans MTM adjustments, noncash pension service costs and noncash asset impairment charges) before interest, taxes, depreciation and amortization (“adjusted EBITDA”) of not more than 3.5 to 1.0, calculated as of the end of the applicable quarter on a rolling four-quarters basis. On May 27, 2020, we amended the Credit Agreements to revise the adjusted EBITDA definition to exclude noncash pension service costs (as noted above) and to increase the ratio of debt to adjusted EBITDA as follows: 3.75:1.0 at May 31, 2020; 4.75:1.0 at August 31, 2020; 4.9:1.0 at November 30, 2020; 4.75:1.0 at February 28, 2021; and 3.75:1.0 at May 31, 2021, with the ratio reverting to 3.5:1.0 at August 31, 2021 and thereafter. The amendments to the Credit Agreements also contain temporary covenants restricting us from repurchasing any shares of our common stock or increasing the amount of our quarterly dividend payable per share of common stock from $0.65 per share between May 27, 2020 and May 31, 2021. The ratio of our debt to adjusted EBITDA was 3.0 to 1.0 at May 31, 2020.

We believe the covenants discussed above are the only significant restrictive covenant in the Credit Agreements. The Credit Agreements contain other customary covenants that do not, individually or in the aggregate, materially restrict the conduct of our business. We are in compliance with the financial covenant and all other covenants in the Credit Agreements and do not expect the covenants to affect our operations, including our liquidity or expected funding needs. If we failed to comply with the financial covenant or any other covenants in the Credit Agreements, our access to financing could become limited. We had $250 million of the letter of credit sublimit unused under our revolving credit facility as of May 31, 2020.

As of May 31, 2020, no commercial paper was outstanding.

While certain of our lease agreements contain covenants governing the use of the leased assets or require us to maintain certain levels of insurance, none of our lease agreements include material financial covenants or limitations.

As of May 31, 2020, FedEx has entered into additional leases which have not yet commenced and are therefore not part of the right-of-use asset and liability. These leases are generally for build-to-suit facilities and have undiscounted future payments of approximately $1.6 billion, and will commence when FedEx gains beneficial access to the leased asset. Commencement dates are expected to be from fiscal 2021 to fiscal 2022.

FedEx Express makes payments under certain leveraged operating leases that are sufficient to pay principal and interest on certain pass-through certificates. The pass-through certificates are not direct obligations of, or guaranteed by, FedEx or FedEx Express.

We are the lessee under certain operating leases covering a portion of our leased aircraft in which the lessors are trusts established specifically to purchase, finance and lease these aircraft to us. These leasing entities are variable interest entities. We are not the primary beneficiary of the leasing entities, as the lease terms are at market at the inception of the lease and do not include a residual value guarantee, fixed-price purchase option or similar feature that obligates us to absorb decreases in value or entitles us to participate in increases in the value of the aircraft. Therefore, we are not required to consolidate any of these entities as the primary beneficiary. Our maximum exposure under these leases is included in the summary of future minimum lease payments.

We have two types of equity-based compensation: stock options and restricted stock.
STOCK OPTIONS. Under the provisions of our incentive stock plan, key employees and non-employee directors may be granted options to purchase shares of our common stock at a price not less than its fair market value on the date of grant. Vesting requirements are determined at the discretion of the Compensation Committee of our Board of Directors. Option-vesting periods range from one to four years, with 82% of our options vesting ratably over four years. Compensation expense associated with these awards is recognized on a straight-line basis over the requisite service period of the award.

REstricted STOCK. Under the terms of our incentive stock plan, restricted shares of our common stock are awarded to key employees. All restrictions on the shares expire ratably over a four-year period. Shares are valued at the market price on the date of award. The terms of our restricted stock provide for continued vesting subsequent to the employee’s retirement. Compensation expense associated with these awards is recognized on a straight-line basis over the shorter of the requisite service period or the stated vesting period.

ASSumptions. The key assumptions for the Black-Scholes valuation method include the expected life of the option, stock price volatility, a risk-free interest rate and dividend yield. The following table includes the weighted-average Black-Scholes value of our stock option grants, the intrinsic value of options exercised (in millions) and the key weighted-average assumptions used in the valuation calculations for options granted during the years ended May 31, followed by a discussion of our methodology for developing each of the assumptions used in the valuation model:

</tbody>
</table>

The expected life represents an estimate of the period of time options are expected to remain outstanding, and we examine actual stock option exercises to determine the expected life of the options. Options granted have a maximum term of 10 years. Expected volatilities are based on the actual changes in the market value of our stock and are calculated using daily market value changes from the date of grant over a past period equal to the expected life of the options. The risk-free interest rate is the U.S. Treasury Strip rate posted at the date of grant having a term equal to the expected life of the option. The expected dividend yield is the annual rate of dividends per share over the exercise price of the option.

(1) Primary components in 2018 were a $1.15 billion benefit from the remeasurement of our net U.S. deferred tax liability and a $204 million one-time benefit from a contribution to our U.S. Pension Plans in 2018.

(2) The 2018 net benefit consists of foreign deferred tax benefits of $434 million, which were partially offset by U.S. deferred tax expenses of $179 million.
The 2020 tax rate includes a benefit of $133 million from the reduction of a valuation allowance on certain foreign tax loss carryforwards due to operational changes which impacted the determination of the realizability of the deferred tax asset in that jurisdiction. The 2020 tax rate also includes a deferred income tax expense of $51 million for a change in deferred tax balances related to future foreign tax credits from our international structure as a result of changes in legal entity forecasts during the fourth quarter. The 2020 tax rate was negatively impacted by decreased earnings in certain non-U.S. jurisdictions.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) was enacted to address the economic impact of the COVID-19 pandemic in the United States. Among other things, the CARES Act allows a five-year carryback period for tax losses generated in 2019 through 2021. As a result, an income tax benefit of $71 million was recorded in 2020 in connection with a tax loss generated during 2020 that the CARES Act will now allow to be carried back to 2015, a tax year when the U.S. federal income tax rate was 35%.

The 2019 tax rate includes a benefit of $90 million from the reduction of a valuation allowance on tax loss carryforwards due to certain business operational changes from the integration of FedEx Express and TNT Express in a local jurisdiction, which impacted our determination of the realizability of the deferred tax asset in that jurisdiction and an expense of $50 million from the impact on our deferred taxes attributable to a lower tax rate in the Netherlands. The 2019 tax rate was also favorably impacted by the TCJA, which resulted in benefits of approximately $75 million from accelerated deductions claimed on our 2018 U.S. income tax return filed in 2019 and approximately $40 million from the lower statutory tax rate on fiscal 2019 earnings.

The 2018 tax rate was favorably impacted by the TCJA, which resulted in a provisional benefit of $1.15 billion from the remeasurement of our net U.S. deferred tax liability. In addition, we recognized a one-time benefit of $204 million from a $1.5 billion contribution to our U.S. Pension Plans in 2018. Our 2018 tax rate also included a net benefit of $255 million from corporate structuring transactions as part of the ongoing integration of FedEx Express and TNT Express and a benefit of $225 million from foreign tax credits generated by distributions to the U.S. from our foreign operations. The 2018 tax rate was negatively impacted by an increase in uncertain tax positions for income tax audits.

The TCJA, enacted on December 22, 2017, significantly changed the U.S. corporate income tax system by reducing our U.S. statutory federal income tax rate from 35% to 21% (due to our May 31 fiscal year-end, the lower rate was phased in, resulting in a U.S. statutory federal rate of 29.2% for 2018 and a statutory federal rate of 21% for 2019 and subsequent years).

During 2019, the U.S. Treasury Department issued final regulations covering the one-time transition tax on unrepatriated foreign earnings, which was enacted as part of the TCJA. Certain guidance included in these final regulations is inconsistent with our interpretation that led to the recognition of a $233 million cumulative benefit through 2019. Notwithstanding this inconsistency, we remain confident in our interpretation of the TCJA and intend to defend this position through litigation, if necessary. However, if we are ultimately unsuccessful in defending our position, we may be required to reverse the benefit previously recorded.

In December 2017, the SEC staff issued Staff Accounting Bulletin (“SAB”) 118 to provide guidance to registrants in accounting for income taxes under the TCJA. In accordance with SAB 118, we made reasonable estimates and recorded provisional amounts for the TCJA during 2018. Under the transitional provisions of SAB 118, we had a one-year measurement period to complete the accounting for the initial tax effects of the TCJA. During 2019, we completed our accounting for the tax effects of the TCJA and recorded a $4 million tax expense to adjust the $1.15 billion provisional benefit recorded in 2018.

As provided for in the TCJA, our historical earnings were subject to the one-time transition tax and can now be repatriated to the U.S. with a de minimis tax cost. We continue to assert that both our historical and current earnings in our foreign subsidiaries are permanently reinvested and therefore no deferred taxes or withholding taxes have been provided, including deferred taxes on any additional outside basis difference (e.g., stock basis differences attributable to acquisition or other permanent differences).

$ (1,815) $ (1,481)

(1) Noncurrent deferred tax assets are included in the line item “Other Assets” in our accompanying consolidated balance sheets.

We have approximately $3.6 billion of net operating loss carryovers in various foreign jurisdictions and $1.1 billion of state operating loss carryovers. The valuation allowances primarily represent amounts reserved for operating loss carryforwards, which expire over varying periods starting in 2021. Therefore, we establish valuation allowances if it is more likely than not that deferred income tax assets will not be realized. We believe that we will generate sufficient future taxable income to realize the tax benefits related to the remaining net deferred tax assets in our consolidated balance sheets. See Note 1 above for more information on our policy for assessing the recoverability of deferred tax assets and valuation allowances.

We are subject to taxation in the U.S. and various U.S. state, local and foreign jurisdictions. The Internal Revenue Service (“IRS”) is currently auditing our 2016 and 2017 tax returns. It is reasonably possible that certain income tax return proceedings will be completed during the next 12 months and could result in a change in our balance of unrecognized tax benefits. The expected impact of any changes would not be material to our consolidated financial statements. During 2020, the IRS closed the audit of our 2014 and 2015 income tax returns. The settlement of this audit did not have a material impact to our consolidated financial statements.

Our liabilities recorded for uncertain tax positions include $127 million at May 31, 2020 and $141 million at May 31, 2019 associated with positions that, if favorably resolved, would provide a benefit to our income tax expense. We classify interest related to income tax liabilities as interest expense and, if applicable, penalties are recognized as a component of income tax expense. The balance of accrued interest and penalties was $41 million on May 31, 2020 and $38 million on May 31, 2019. Total interest and penalties included in our consolidated statements of income are immaterial.
It is difficult to predict the ultimate outcome or the timing of resolution for tax positions. Changes may result from the conclusion of ongoing audits, appeals or litigation in state, local, federal and foreign tax jurisdictions, or from the resolution of various proceedings between U.S. and foreign tax authorities. Our liability for uncertain tax positions includes no matters that are individually or collectively material to us. It is reasonably possible that the amount of the benefit with respect to certain of our unrecognized tax positions will increase or decrease within the next 12 months, but an estimate of the range of the reasonably possible changes cannot be made. However, we do not expect that the resolution of any of our uncertain tax positions will have a material effect on us.

NOTE 13: RETIREMENT PLANS

We sponsor programs that provide retirement benefits to most of our employees. These programs include defined benefit pension plans, defined contribution plans and postretirement healthcare plans.

The accounting guidance related to postretirement benefits requires recognition in the balance sheet of the funded status of defined benefit pension and other postretirement benefit plans, and the recognition in either expense or AOCI of unrecognized gains or losses and prior service costs or credits. We use MTM accounting for the recognition of our actuarial gains and losses related to our defined benefit pension and postretirement healthcare plans as described in Note 1. The funded status is measured as the difference between the fair value of the plan’s assets and the PBO of the plan.

2020

The weighted-average discount rate for all our pension and postretirement healthcare plans decreased from 3.69% at May 31, 2019 to 3.05% at May 31, 2020. The demographic experience in 2020 reflects an update to our mortality assumption and a current-year actuarial loss due to unfavorable experience compared to various demographic assumptions. The actual rate of return, which is net of all fees and expenses, on our U.S. Pension Plan assets of 15.00% was higher than our expected return of 6.75%, as return seeking assets, primarily equities, were positive despite equity market volatility. Additionally, fixed income assets performed as expected as interest rates declined.

2019

The weighted-average discount rate for all our pension and postretirement healthcare plans decreased from 4.11% at May 31, 2018 to 3.69% at May 31, 2019. The demographic experience in 2019 reflects updates to several forward-looking assumptions, including retirement rates, disability incidence rates and salary increase assumptions, and a current-year actuarial loss due to unfavorable experience compared to various demographic assumptions. The actual rate of return, which is net of all fees and expenses, on our U.S. Pension Plan assets of 4.05% was lower than our expected return of 6.75%, as lower than expected equity returns negatively impacted return-seeking assets while fixed-income assets performed as expected due to declining interest rates.
The weighted-average discount rate for all of our pension and postretirement healthcare plans increased from 3.98% at May 31, 2017 to 4.11% at May 31, 2018. The demographic experience in 2018 reflects a liability loss due to unfavorable results related to various demographic assumptions. The annuity contract purchase loss relates to the contract with Metropolitan Life Insurance Company as discussed below. The actual rate of return, which is net of all fees and expenses, on our U.S. Pension Plan assets of 6.30% was slightly lower than our expected return of 6.50% primarily due to generally flat returns in the long-duration fixed-income portfolio partially offset by strong returns from global equities.

PENSION PLANS. Our largest pension plan covers certain U.S. employees age 21 and over, with at least one year of service. Pension benefits for most employees are accrued under a cash balance formula we call the Portable Pension Account (“PPA”). Under the PPA, the retirement benefit is expressed as a dollar amount in a notional account that grows with annual credits based on pay, age and years of credited service, and interest on the notional account balance. The PPA benefit is payable as a lump sum or an annuity at retirement at the election of the employee. The plan interest credit rate varies from year to year based on a U.S. Treasury index. Prior to 2009, certain employees earned benefits using a traditional pension formula (based on average earnings and years of service). Benefits under this formula were capped on May 31, 2008 for most employees.

We also sponsor or participate in nonqualified benefit plans covering certain of our U.S. employee groups and other pension plans covering certain of our international employees. The international defined benefit pension plans provide benefits primarily based on earnings and years of service and are funded in compliance with local laws and practices. The majority of our international obligations are for defined benefit pension plans in the Netherlands and the United Kingdom.

In May 2018, we entered into an agreement with Metropolitan Life Insurance Company to purchase a group annuity contract and transfer approximately $6 billion of our U.S. Pension Plan obligations. The transaction transferred responsibility for pension benefits to Metropolitan Life Insurance Company for approximately 41,000 of our retirees and beneficiaries who satisfied certain conditions and were receiving a monthly benefit from participating U.S. Pension Plans. There was no change to the pension benefits for any plan participants as a result of this transaction. The purchase of the group annuity contract was funded directly by assets of the U.S. Pension Plans. We recognized a $210 million one-time settlement loss in connection with this transaction, which was included in our 2018 year-end MTM retirement plans accounting adjustment.

In November 2019, we announced the closing of our U.S.-based defined benefit pension plans to new non-union employees hired on or after January 1, 2020. We will introduce an all-401(k)-plan retirement benefit structure for eligible employees with a higher company match of up to 8% across all U.S.-based operating companies. During 2021, current eligible employees under the PPA pension formula will be given a one-time option to continue to be eligible for pension compensation credits under the existing PPA formula and remain in the existing 401(k) plan with its company match of up to 3.5%, or to cease receiving compensation credits under the PPA and move to the new 401(k) plan with the higher match of up to 8%. Changes to the new 401(k) plan structure become effective beginning January 1, 2022. While this new program will provide employees greater flexibility and reduce our long-term pension costs, it will not have a material impact on current or near-term financial results.

POSTRETIREMENT HEALTHCARE PLANS. Certain of our subsidiaries offer medical, dental and vision coverage to eligible U.S. retirees and their eligible dependents and a small number of international employees. U.S. employees covered by the principal plan become eligible for these benefits at age 55 and older, if they have permanent, continuous service of at least 10 years after attainment of age 45 if hired prior to January 1, 1988, or at least 20 years after attainment of age 35 if hired on or after January 1, 1988. Postretirement healthcare benefits are capped at 150% of the 1993 per capita projected employer cost, which has been reached under most plans, so these benefits are not subject to future inflation.

Effective January 1, 2018, certain of our U.S. postretirement healthcare benefits were converted to a lump-sum benefit in a notional retiree health reimbursement account (HRA) for eligible participants. The HRA is available to reimburse a participant for qualifying healthcare premium costs and limits the company liability to the HRA account balance. The amount of the credit is based on age at January 1, 2018 or upon age at retirement thereafter. In connection with this change, retiree health coverage was closed to most new employees hired on or after January 1, 2018.

PENSION PLAN ASSUMPTIONS. The accounting for pension and postretirement healthcare plans includes numerous assumptions, such as: discount rates; expected long-term investment returns on plan assets; future salary increases; employee turnover; mortality; and retirement ages.
Weighted-average actuarial assumptions used to determine the benefit obligations and net periodic benefit cost of our plans are as follows:

Our U.S. Pension Plan assets are invested primarily in publicly tradable securities, and our pension plans hold only a minimal investment in FedEx common stock that is entirely at the discretion of third-party pension fund investment managers. As part of our strategy to manage pension costs and funded status volatility, we follow a liability-driven investment strategy to better align plan assets with liabilities.

Establishing the expected future rate of investment return on our pension assets is a judgmental matter, which we review on an annual basis and revise as appropriate. Management considers the following factors in determining this assumption:

- the duration of our pension plan liabilities, which drives the investment strategy we can employ with our pension plan assets;
- the types of investment classes in which we invest our pension plan assets and the expected compound geometric return we can reasonably expect those investment classes to earn over time, net of all fees and expenses; and
- the investment returns we can reasonably expect our investment management program to achieve in excess of the returns we could expect if investments were made strictly in indexed funds.

For consolidated pension expense, we assumed a 6.75% expected long-term rate of return on our U.S. Pension Plan assets in 2020 and 2019, and 6.50% in 2018. For the 15-year period ended May 31, 2020, our actual return was 7.70%, net of all fees and expenses.

The investment strategy for our U.S. Pension Plan assets is to utilize a diversified mix of public equities and fixed-income and alternative investments to earn a long-term investment return that meets our pension plan obligations. Our largest asset classes are Corporate Fixed Income Securities and Government Fixed Income Securities (which are largely benchmarked against the Barclays Long Government, Barclays Long Corporate or the Citigroup 20+ STRIPS indices), and U.S. and non-U.S. Equities (which are mainly benchmarked to the S&P 500 Index and MSCI indices). Accordingly, we do not have any significant concentrations of risk. Active management strategies are utilized within the plan in an effort to realize investment returns in excess of market indices. Our investment strategy also includes the limited use of derivative financial instruments on a discretionary basis to improve investment returns and manage portfolio risk.

The following is a description of the valuation methodologies used for investments measured at fair value:

- **Cash and cash equivalents.** Level 1 investments include cash, cash equivalents and foreign currency valued using exchange rates. Level 2 investments include short-term investment funds which are collective funds priced at a constant value by the administrator of the funds.
- **Domestic, international and global equities.** Level 1 investments are valued at the closing price or last trade reported on the major market on which the individual securities are traded.
- **Fixed income.** We determine the fair value of Level 2 corporate bonds, U.S. and non-U.S. government securities and other fixed income securities by using bid evaluation pricing models or quoted prices of securities with similar characteristics.
• *Alternative Investments.* The valuation of Level 3 investments requires significant judgment due to the absence of quoted market prices, the inherent lack of liquidity and the long-term nature of such assets. Investments in private equity, debt, real estate, hedge funds and other private investments are valued at estimated fair value based on quarterly financial information received from the investment advisor and/or general partner. These estimates incorporate factors such as contributions and distributions, market transactions, market comparables and performance multiples.

The fair values of investments by level and asset category and the weighted-average asset allocations for our U.S. Pension Plans and our most significant international pension plans at the measurement date are presented in the following table (in millions):

Future medical benefit claims costs are estimated to increase at an annual rate of 5.70% during 2021, decreasing to an annual growth rate of 4.50% in 2037 and thereafter.
NOTE 14: BUSINESS SEGMENTS AND DISAGGREGATED REVENUE

FedEx Express, FedEx Ground and FedEx Freight represent our major service lines and, along with FedEx Services, constitute our reportable segments. Our reportable segments include the following businesses:

**FedEx Express Segment**
- FedEx Express (express transportation)
- TNT Express (international express transportation, small-package ground delivery and freight transportation)
- FedEx Custom Critical Inc. (“FedEx Custom Critical”) (time-critical transportation)

**FedEx Ground Segment**
- FedEx Ground (small-package ground delivery)

**FedEx Freight Segment**
- FedEx Freight (LTL freight transportation)

**FedEx Services Segment**
- FedEx Services (sales, marketing, information technology, communications, customer service, technical support, billing and collection services and back-office functions)

Effective June 1, 2019, the results of the FedEx Office operating segment are included in “Corporate, other and eliminations.” This change was made to reflect our internal management reporting structure. Prior year amounts have been revised to reflect current year presentation.

Effective March 1, 2020, the results of FedEx Custom Critical are included in the FedEx Express segment prospectively as the impact to prior periods was not material. This change was made to reflect our internal management reporting structure.

**FedEx Services Segment**

The FedEx Services segment operates combined sales, marketing, administrative and information-technology functions in shared services operations that support our transportation businesses and allow us to obtain synergies from the combination of these functions. For the international regions of FedEx Express, some of these functions are performed on a regional basis and reported by FedEx Express in their natural expense line items. The FedEx Services segment includes FedEx Services, which provides sales, marketing, information technology, communications, customer service, technical support, billing and collection services for U.S. customers of our major business units and certain back-office support to our other companies.

The FedEx Services segment provides direct and indirect support to our operating segments, and we allocate all of the net operating costs of the FedEx Services segment to reflect the full cost of operating our transportation businesses in the results of those segments. We review and evaluate the performance of our transportation segments based on operating income (inclusive of FedEx Services segment allocations). For the FedEx Services segment, performance is evaluated based on the impact of its total allocated net operating costs on our operating segments.

Operating expenses for each of our transportation segments include the allocations from the FedEx Services segment to the respective transportation segments. These allocations also include charges and credits for administrative services provided between operating companies. The allocations of net operating costs are based on metrics such as relative revenue or estimated services provided. We believe these allocations approximate the net cost of providing these functions. Our allocation methodologies are refined periodically, as necessary, to reflect changes in our businesses.
Other Intersegment Transactions

Corporate and other includes corporate headquarters costs for executive officers and certain legal and finance functions, as well as certain other costs and credits not attributed to our core business. These costs are not allocated to the other business segments.

Also included in corporate and other is the FedEx Office operating segment, which provides an array of document and business services and retail access to our customers for our package transportation businesses, and the FedEx Logistics operating segment, which provides integrated supply chain management solutions, specialty transportation, customs brokerage and global ocean and air freight forwarding.

Certain FedEx operating companies provide transportation and related services for other FedEx companies outside their reportable segment. Billings for such services are based on negotiated rates, which we believe approximate fair value, and are reflected as revenue of the billing segment. These rates are adjusted from time to time based on market conditions. Such intersegment revenue and expenses are eliminated in our consolidated results and are not separately identified in the following segment information, because the amounts are not material.

NOTE 16: GUARANTEES AND INDEMNIFICATIONS

In conjunction with certain transactions, primarily the lease, sale or purchase of real estate, operating assets or services in the ordinary course of business and in connection with business sales and acquisitions, we may provide routine guarantees or indemnifications (e.g., environmental, fuel, tax and intellectual property infringement), the terms of which range in duration, and often they are not limited and have no specified maximum obligation. As a result of the TNT Express acquisition, we have assumed a guarantee related to the demerger of TNT Express and PostNL Holding B.V., which occurred in 2011, for pension benefits earned prior to the date of the demerger. The risk of making payments associated with this guarantee is remote. The overall maximum potential amount of the obligation under such guarantees and indemnifications cannot be reasonably estimated. Historically, we have not been required to make significant payments under our guarantee or indemnification obligations and no material amounts have been recognized in our financial statements for the underlying fair value of these obligations.

(1) Primarily equipment and advertising contracts.

The amounts reflected in the table above for purchase commitments represent noncancelable agreements to purchase goods or services. As of May 31, 2020, our obligation to purchase one Boeing 767-300 Freighter (“B767F”) aircraft and six Boeing 777 Freighter (“B777F”) aircraft is conditioned upon there being no event that causes FedEx Express or its employees not to be covered by the Railway Labor Act of 1926, as amended. Open purchase orders that are cancelable are not considered unconditional purchase obligations for financial reporting purposes and are not included in the table above.

We have several aircraft modernization programs underway that are supported by the purchase of B777F and B767F aircraft. These aircraft are significantly more fuel-efficient per unit than the aircraft types previously utilized, and these expenditures are necessary to achieve significant long-term operating savings and to replace older aircraft. Our ability to delay the timing of these aircraft-related expenditures is limited without incurring significant costs to modify existing purchase agreements.
As of May 31, 2020, we had $633 million in deposits and progress payments on aircraft purchases and other planned aircraft-related transactions. These deposits are classified in the “Other assets” caption of our accompanying consolidated balance sheets. Aircraft and aircraft-related contracts are subject to price escalations. The following table is a summary of the key aircraft we are committed to purchase as of May 31, 2020, with the year of expected delivery:

During 2020, FedEx Express exercised options to purchase an additional six B767F aircraft for delivery in 2022. Additionally, FedEx Express executed two contract amendments rescheduling two B777F aircraft deliveries from 2023 to 2022 and two B767F aircraft deliveries from 2022 to 2023.

In the fourth quarter of 2020, we received notice from certain aircraft manufacturers (i) rescheduling four B767F aircraft deliveries from 2020 to 2021, as well as two B767F aircraft deliveries from 2021 to 2022, and (ii) rescheduling certain Cessna SkyCourier 408 and ATR 72-600F aircraft between 2021 and 2026.

On June 25, 2020, FedEx Express executed a contract amendment rescheduling B767F aircraft deliveries as follows: 2021 – 18 aircraft; 2022 – 11 aircraft; 2023 – 13 aircraft; and 2024 – 4 aircraft.

**NOTE 18: CONTINGENCIES**

**Service Provider Lawsuits.** FedEx Ground is defending lawsuits in which it is alleged that FedEx Ground should be treated as a joint employer of drivers employed by service providers engaged by FedEx Ground. These cases are in varying stages of litigation, and we are not currently able to estimate an amount or range of potential loss in all of these matters. However, we do not expect to incur, individually or in the aggregate, a material loss in these matters. Nevertheless, adverse determinations in these matters could, among other things, entitle service providers’ drivers to certain wage payments from the service providers and FedEx Ground, and result in employment and withholding tax and benefit liability for FedEx Ground. We continue to believe that FedEx Ground is not an employer or joint employer of the drivers of these independent businesses.

**Federal Securities Litigation and Derivative Lawsuits.** On June 26, 2019 and July 2, 2019, FedEx and certain present and former officers were named as defendants in two putative class action securities lawsuits filed in the U.S. District Court for the Southern District of New York. The complaints, which have been consolidated, allege violations of Sections 10(b) and 20(a) of the Securities Exchange Act of 1934, as amended, and Rule 10b-5 promulgated thereunder relating to alleged misstatements or omissions in FedEx’s public filings with the SEC and other public statements during the period from September 19, 2017 to December 18, 2018. We are not currently able to estimate the probability of loss or the amount or range of potential loss, if any, at this stage of the litigation.

On September 17, 2019 and November 6, 2019, FedEx, its Board of Directors and certain present and former directors and officers were named as defendants in two stockholder derivative lawsuits filed in the U.S. District Court for the District of Delaware. The complaints, which were subsequently consolidated, repeated the allegations in the federal securities litigation complaints, and asserted new claims against the FedEx Board of Directors and certain present and former directors and officers for breach of fiduciary duty, waste of corporate assets, unjust enrichment, insider selling and violations of the federal securities laws. On June 24, 2020, the consolidated lawsuit was dismissed with prejudice. Any appeal of the dismissal must be made by July 24, 2020.
Derivative Lawsuit Related to New York Cigarette Litigation. On October 3, 2019, FedEx and certain present and former FedEx directors and officers were named as defendants in a stockholder derivative lawsuit filed in the Delaware Court of Chancery. The complaint alleges the defendants breached their fiduciary duties in connection with the activities alleged in lawsuits filed by the City of New York and the State of New York against FedEx Ground in December 2013 and November 2014 and against FedEx Ground and FedEx Freight in July 2017. The underlying lawsuits related to the alleged shipment of cigarettes to New York residents in contravention of several statutes, as well as common law nuisance claims, and were dismissed by the court in December 2018 following entry into a final settlement agreement for approximately $35 million. The settlement did not include any admission of liability by FedEx Ground or FedEx Freight. In addition to the settlement amount, we recognized approximately $10 million for certain attorney’s fees in connection with the underlying lawsuits. We are not currently able to estimate the probability of loss or the amount or range of potential loss, if any, at this stage of the lawsuit. On August 14, 2019, a separate stockholder derivative lawsuit alleging similar breaches of fiduciary duty was filed in the Delaware Court of Chancery. The plaintiff voluntarily dismissed this lawsuit on June 25, 2020.

Environmental Matters. SEC regulations require disclosure of certain environmental matters when a governmental authority is a party to the proceedings and the proceedings involve potential monetary sanctions that management reasonably believes could exceed $100,000.

Prior to our acquisition of TNT Express, a lawsuit was filed in Simões Filho, Bahia, Brazil against a subsidiary of TNT Express alleging violations of Brazilian environmental laws. Specifically, the lawsuit alleges that in 2012, certain employees unlawfully discarded non-toxic trash on a highway. We could be subject to monetary sanctions and fines related to such activity that exceed $100,000. We believe that the aggregate amount of any such sanctions and fines will be immaterial.

Other Matters. FedEx and its subsidiaries are subject to other legal proceedings that arise in the ordinary course of business, including certain lawsuits containing various class-action allegations of wage-and-hour violations in which plaintiffs claim, among other things, that they were forced to work “off the clock,” were not paid overtime or were not provided work breaks or other benefits. In the opinion of management, the aggregate liability, if any, with respect to these other actions will not have a material adverse effect on our financial position, results of operations or cash flows.

NOTE 19: RELATED PARTY TRANSACTIONS

Our Chairman and Chief Executive Officer, Frederick W. Smith, currently holds an approximate 10% ownership interest in the Washington, D.C. National Football League professional football team and is a member of its board of directors. FedEx has a multi-year naming rights agreement with Washington Football, Inc. granting us certain marketing rights, including the right to name the stadium where the team plays and other events are held “FedExField.”

1. The fourth quarter, third quarter, second quarter and first quarter of 2020 include $63 million, $72 million, $64 million and $71 million, respectively, of TNT Express integration expenses. The fourth quarter includes $369 million of goodwill and other asset impairment charges associated with the FedEx Office and FedEx Logistics operating segments and a net loss of $794 million related to the annual MTM retirement plans accounting adjustment. The second quarter of 2020 includes asset impairment charges of $66 million related to the permanent retirement of 10 Airbus A310-300 aircraft and 12 related engines at FedEx Express.

2. The fourth quarter of 2020 includes a tax benefit of $71 million in connection with the 2020 U.S. tax loss that can be offset against income in prior years under the CARES Act and a tax expense of $51 million due to a change in deferred tax balances related to foreign tax operations. The second quarter of 2020 includes a tax benefit of $133 million from the reduction of a valuation allowance on certain foreign tax loss carryforwards.

3. The sum of the quarterly earnings per share may not equal annual amounts due to differences in the weighted-average number of shares outstanding during the respective periods.

4. The fourth quarter, third quarter, second quarter and first quarter of 2019 include $84 million, $69 million, $114 million and $121 million, respectively, of TNT Express integration expenses (including any restructuring charges). The fourth quarter and third quarter of 2019 include business realignment costs of $316 million and $4 million, respectively. The fourth quarter includes a net loss of $3.9 billion related to the annual MTM retirement plans accounting adjustment. The second quarter of 2019 includes costs incurred in connection with the settlement of a legal matter involving FedEx Ground of $46 million.

5. The third quarter of 2019 includes a tax benefit of $90 million from the reduction of a valuation allowance on certain tax loss carryforwards and a tax expense of $50 million related to a lower tax rate in the Netherlands applied to our deferred tax balances. The second quarter of 2019 includes a tax benefit of approximately $60 million from accelerated deductions claimed on our 2018 U.S. income tax return. In addition, we recognized a tax expense of $4 million in the second quarter of 2019 as a revision of the provisional benefit associated with the remeasurement of our net U.S. deferred tax liability upon completion of the accounting for the tax effects of the TCJA.
INTEREST RATES. While we currently have market risk sensitive instruments related to interest rates, we have no significant exposure to changing interest rates on our long-term debt. As disclosed in Note 6 to the accompanying consolidated financial statements, we had outstanding fixed-rate long-term debt (exclusive of finance leases) with an estimated fair value of $22.8 billion at May 31, 2020 and outstanding fixed- and floating-rate long-term debt (exclusive of finance leases) with an estimated fair value of $17.8 billion at May 31, 2019. Market risk for long-term debt is estimated as the potential decrease in fair value resulting from a hypothetical 10% increase in interest rates and amounts to approximately $303 million as of May 31, 2020 and approximately $390 million as of May 31, 2019. The underlying fair values of our long-term debt were estimated based on quoted market prices or on the current rates offered for debt with similar terms and maturities.

We have interest rate risk with respect to our pension and postretirement benefit obligations. Changes in interest rates impact our liabilities associated with these retirement plans, as well as the amount of pension and postretirement benefit expense recognized. Declines in the value of plan assets could diminish the funded status of our pension plans and potentially increase our requirement to make contributions to the plans. Substantial investment losses on plan assets would also increase net pension expense.

FOREIGN CURRENCY. While we are a global provider of transportation, e-commerce and business services, the majority of our transactions during the periods presented in this Annual Report on Form 10-K are denominated in U.S. dollars. The principal foreign currency exchange rate risks to which we are exposed are in the euro, Chinese yuan, British pound, Canadian dollar, Australian dollar and Mexican peso. Historically, our exposure to foreign currency fluctuations is more significant with respect to our revenue than our expenses, as a significant portion of our expenses are denominated in U.S. dollars, such as aircraft and fuel expenses. Foreign currency fluctuations had a slightly positive impact on operating income in 2020 and 2019. However, favorable foreign currency fluctuations also may have had an offsetting impact on the price we obtained or the demand for our services, which is not quantifiable. At May 31, 2020, the result of a uniform 10% strengthening in the value of the dollar relative to the currencies in which our transactions are denominated would result in a decrease in operating income of $201 million for 2021, assuming operations were consistent with the prior year. This theoretical calculation assumes that each exchange rate would change in the same direction relative to the U.S. dollar, which is not consistent with our actual experience in foreign currency transactions. In addition to the direct effects of changes in exchange rates, fluctuations in exchange rates also affect the volume of sales or the foreign currency sales price as competitors’ services become more or less attractive. The sensitivity analysis of the effects of changes in foreign currency exchange rates does not factor in a potential change in sales levels or local currency prices.

We maintain derivative financial instruments to manage foreign currency fluctuations related to probable future transactions and cash flows denominated in currencies other than the currency of the transacting entity which impacts our exposure to foreign currency exchange risk. These derivatives are not designated as hedges and are accounted for at fair value with any profit or loss recorded in income, which was immaterial for 2020 and 2019.

COMMODITY. While we have market risk for changes in the price of jet and vehicle fuel, this risk is largely mitigated by our indexed fuel surcharges. For additional discussion of our indexed fuel surcharges, see the “Results of Operations and Outlook — Consolidated Results — Fuel” section of “Management’s Discussion and Analysis of Results of Operations and Financial Condition.”

3. Results include the following: MTM retirement plans accounting adjustments: net loss of $794 million ($583 million, net of tax, or $2.22 per diluted share) in 2020 and net loss of $3.9 billion ($3.0 billion, net of tax, or $11.22 per diluted share) in 2019; net gains of $10 million ($9 million, net of tax, or $0.03 per diluted share) in 2018 and $24 million ($6 million, net of tax, or $0.02 per diluted share) in 2017; and a net loss of $1.5 billion ($946 million, net of tax, or $3.39 per diluted share) in 2016. Results for 2018 include tax benefits of $2.1 billion ($7.71 per diluted share), which includes benefits of $1.6 billion related to the TCJA as follows: a provisional benefit of $1.15 billion ($4.22 per diluted share) for the remeasurement of our net U.S. deferred tax liability for lower tax rates; a benefit of $204 million ($0.75 per diluted share) from an incremental pension contribution made in the third quarter and deductible against prior year taxes at 35%; and a benefit of approximately $265 million ($0.97 per diluted share) for the phase-in of the reduced tax rate applied to 2018 earnings. The remaining 2018 tax benefits include a net benefit of $255 million ($0.94 per diluted share) from corporate structuring transactions as part of the ongoing integration of FedEx Express and TNT Express and a benefit of $225 million ($0.83 per diluted share) from foreign tax credits associated with distributions to the U.S. from foreign operations. In addition, 2018 results include $380 million ($379 million, net of tax, or $1.39 per diluted share) of goodwill and other asset impairment charges related to FedEx Supply Chain and charges of $8 million ($6 million, net of tax, or $0.02 per diluted share) for legal reserves related to certain U.S. Customs and Border Protection (“CBP”) matters involving FedEx Logistics.

Results for 2017 include charges for legal reserves related to certain CBP matters involving FedEx Logistics for $39 million ($24 million, net of tax, or $0.09 per diluted share) and charges in connection with the settlement of and certain expected losses relating to independent contractor litigation matters at FedEx Ground in the amount of $22 million ($13 million, net of tax, or $0.05 per diluted share).

Total transaction, financing and integration-planning expenses related to our TNT Express acquisition, as well as TNT Express’s immaterial financial results from the time of acquisition, were $132 million ($125 million, net of tax, or $0.45 per diluted share) during 2016. In addition, 2016 results include a $76 million ($0.27 per diluted share) favorable tax impact from an internal corporate legal entity restructuring to facilitate the integration of FedEx Express and TNT Express.

Includes reclassifications to conform to the current year presentation of newly adopted pension guidance which requires us to report only the service cost component in the “Salaries and employee benefits” line item. The other components of net benefit cost are required to be presented in the income statement in other income, outside of income from operations.

Includes adjustments in 2016 related to our adoption of an accounting standard that requires us to classify debt issuance costs related to a recognized debt liability as a direct deduction from the carrying amount of that debt liability, rather than as an asset.

It is subject to and qualified in its entirety by reference to the indenture, dated as of October 23, 2015, among FedEx, the subsidiary guarantors named below and Wells Fargo Bank, National Association, as trustee (the “Base Indenture”), as supplemented, in the case of the 2022 Notes, by supplemental indenture no. 8, dated as of January 18, 2019, among FedEx, the subsidiary guarantors named below, the trustee and the paying agent named below, in the case of the 2023 Notes and the 2027 Notes, by supplemental indenture no. 3, dated as of April 11, 2016, among FedEx, the subsidiary guarantors named below, the trustee and the paying agent named below, as supplemented, in the case of the 2025 Notes and the 2031 Notes, by supplemental indenture no. 10, dated as of August 5, 2019, among FedEx, the subsidiary guarantors named below, the trustee and the paying agent named below (collectively, the “Indenture”), which are incorporated by reference as exhibits to the Annual Report on Form 10-K of which this Exhibit 4.1 is a part. We encourage you to read the Indenture for additional information. References in this section to the “Company,” “us,” “we” and “our” are solely to FedEx and not to any of its subsidiaries, unless the context requires otherwise.
The Base Indenture

Merger, Consolidation and Sale of Assets

The Base Indenture provides that we may not consolidate with or merge into any other person, or convey, transfer or lease our properties and assets as, or substantially as, an entirety to any person, unless:

- our successor is a corporation organized and existing under the laws of the United States, any state thereof or the District of Columbia;
- our successor shall expressly assume, by a supplemental indenture, the due and punctual payment of the principal of and any premium and interest on the Notes and the performance of every covenant in the Base Indenture that we would otherwise have to perform;
- immediately after giving effect to such transaction, there will not be any defaults under the Base Indenture; and
- we shall have delivered to the trustee an officers’ certificate and an opinion of counsel, each stating that the transaction and the supplemental indenture comply with the Base Indenture.

Upon the sale or disposition (by merger or otherwise) of any subsidiary guarantor by FedEx or any subsidiary of FedEx to any person that is not an affiliate of FedEx, each such subsidiary guarantor will automatically be released from all obligations under its guarantee.

We have agreed that we will not sell or dispose of any subsidiary guarantor whose assets exceed 10% of our consolidated total assets (determined as of the date of our most recent interim or fiscal year-end balance sheet filed with the Securities and Exchange Commission (“SEC”) prior to the date such guarantee is released) (each, a “10% subsidiary guarantor”) unless at least 75% of the net proceeds of such sale or disposition will consist of any combination of:

- cash (including assumption by the acquirer of any indebtedness of FedEx or its subsidiaries) or readily marketable securities;
- property or assets (other than current assets) of a nature or type similar or related to the nature or type of the property or assets of FedEx and its subsidiaries existing on the date of such sale or disposition; or
- interests in companies or businesses having property or assets or engaged in businesses similar or related to the nature or type of the property or assets or businesses of FedEx and its subsidiaries on the date of such sale or disposition.

Application of Proceeds Upon Release of a 10% Subsidiary Guarantor

In the event that the net proceeds from the sale or disposition of a 10% subsidiary guarantor consist of cash or readily marketable securities, we will apply, within 12 months of such sale or disposition, an amount equal to 100% of the fair market value, as determined in good faith by our board of directors, of such net proceeds to:

- repay unsubordinated indebtedness of FedEx or any subsidiary guarantor, in each case owing to a person other than an affiliate of FedEx (such repayment is not required to be made pro rata among all our unsubordinated indebtedness);
- invest in property or assets (other than current assets) of a nature or type similar or related to the nature or type of the property or assets of FedEx and its subsidiaries existing on the date of such investment; or
- invest in a company or business having property or assets or engaged in a business similar or related to the nature or type of the property or assets or businesses of FedEx and its subsidiaries on the date of such investment.

Modification, Amendment and Waiver

We and the trustee may modify and amend the Base Indenture with the consent of the holders of a majority in principal amount of each series of Notes to be affected (voting as a single class). However, no modification or amendment may, without the consent of the holder of such Notes affected thereby:

- change the stated maturity of the principal of, or any premium or installment of interest on, such Notes;
• reduce the principal amount of, rate of interest on, or premium payable upon the redemption of, such Notes;
• change any place of payment where, or the currency in which, any principal of, or interest or premium on, such Notes is payable;
• impair the right to institute suit for the enforcement of any payment on such Notes on or after the stated maturity, or, in the case of redemption, on or after the redemption date; or
• reduce the percentage in principal amount of such Notes the consent of whose holders is required for modification or amendment of the Base Indenture, for waiver of compliance with certain provisions of the Base Indenture or for waiver of certain defaults.

The holders of a majority in principal amount of the Notes of any series may on behalf of the holders of Notes of that series waive any past default under the Base Indenture and its consequences, except a default in the payment of the principal of or any premium or interest on such Notes or in respect of a covenant or provision that under the Base Indenture cannot be modified or amended without the consent of the holder of such Notes affected.

In addition, we and the trustee can modify and amend the Base Indenture without the consent of any holders in order to, among other things:
• allow a successor to FedEx or a subsidiary guarantor to assume our or its obligations under the Base Indenture;
• add additional events of default or additional covenants of FedEx or a subsidiary guarantor for the benefit of the holders of all or any series of Notes, or to surrender any of our rights or powers;
• establish the form or terms of any series of Notes;
• secure the Notes of any series;
• correct any ambiguity, defect or inconsistency under the Base Indenture, or to make other provisions with respect to matters or questions arising under the Base Indenture, provided that such action does not adversely affect the interests of the holders of any debt securities in any material respect;
• add to, change or eliminate any provision of the Base Indenture applying to one or more series of Notes, provided that if such action adversely affects in any material respect the interests of holders such series of Notes, such addition, change or elimination will become effective with respect to such series only when no such Notes of that series remain outstanding;
• add additional subsidiary guarantors of the Notes;
• evidence and provide for the appointment of a successor trustee or to add to or change any provisions to the extent necessary to appoint a separate trustee for a specific series of Notes; or
• make any other amendment or supplement to the Base Indenture as long as that amendment or supplement does not materially adversely affect the interests of any holders of Notes.

Events of Default

Unless otherwise provided in a supplemental indenture with respect to a series of Notes, an event of default with respect to a series of Notes will occur if:
• we fail to pay interest when due on any Notes of that series for 30 days;
• we fail to pay the principal of or any premium on any Notes of that series when due;
• we fail to perform any covenant in the Base Indenture and this failure continues for 90 days after we receive written notice as provided in the Base Indenture;
• we fail to deposit any sinking fund payment when and as due by the terms of the Notes of that series;
• we or a court takes certain actions relating to our bankruptcy, insolvency or reorganization for the benefit of our creditors; or
• any subsidiary guarantor whose consolidated total assets constitute 60% or more of our consolidated total assets (determined as of the date of our most recent interim or fiscal year-end balance sheet filed with the SEC prior to such determination date) or a court takes certain actions relating to the bankruptcy, insolvency or reorganization of such subsidiary guarantor for the benefit of its creditors.

If an event of default with respect to the Notes of any series occurs and continues, the trustee or the holders of a majority in principal amount of the outstanding Notes of that series may require us to repay immediately the principal amount of the Notes of that series. The holders of a majority in principal amount of the outstanding Notes of that series may rescind and annul such acceleration if all events of default with respect to Notes of that series, other than the nonpayment of accelerated principal, have been cured or waived as provided in the Base Indenture. For information as to waiver of defaults, see “— Modification, Amendment and Waiver” above.

Other than its duties in case of a default, the trustee will not be obligated to exercise any of its rights or powers under the Base Indenture at the request or direction of any of the holders, unless the holders offer to the trustee reasonable indemnity. If the holders provide this reasonable indemnity, the holders of a majority in principal amount of the outstanding Notes of such series will have the right, subject to certain limitations, to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to any series of Notes.

No holder of any Notes of any series will have any right to institute any proceeding with respect to the Base Indenture or for any remedy under the Base Indenture unless:

• the holder has previously given to the trustee written notice of a continuing event of default;
• the holders of a majority in principal amount of the outstanding Notes of that series have made a written request, and offered reasonable indemnity, to the trustee to institute a proceeding as trustee; and
• the trustee has not received from the holders of a majority in principal amount of the outstanding Notes of that series a direction inconsistent with the request, and the trustee has failed to institute such proceeding within 60 days.

However, the holder of any Notes will have an absolute right to receive payment of the principal of and any premium and interest on such Notes as expressed in the Notes, or, in the case of redemption, on the redemption date, and to institute suit for the enforcement of any payment.

We will be required to furnish to the trustee annually a statement as to the absence of certain defaults under the Base Indenture. The trustee may withhold notice to the holders of Notes of any default, except as to payment of principal of (or premium, if any) or interest with respect to the Notes, if the trustee considers such withholding to be in the interest of the holders of the Notes.

Discharge and Defeasance

We may satisfy and discharge obligations with respect to the Notes of a particular series by either delivering to the trustee for cancellation all outstanding Notes of that series, or depositing with the trustee, after the outstanding Notes of that series have become due and payable, or will become due and payable within one year, at maturity or by redemption, sufficient cash or government securities to pay the principal, interest, any premium and any other sums due to the stated maturity date or redemption date of the Notes of that series.

In addition, the Base Indenture provides that at our option we may:

• be discharged from our obligations with respect to Notes of a particular series (“defeasance and discharge”), or
• cease to comply with certain restrictive covenants under the Base Indenture, including those described under “—Merger, Consolidation and Sale of Assets,” and certain events of default will no longer apply to us (“covenant defeasance”),

if we deposit with the trustee sufficient cash or government securities to pay the principal, interest, any premium and any other sums due to the stated maturity date or redemption date of the Notes of that series. Upon defeasance and discharge, the holders of the Notes of the affected series will not be entitled to the benefits of the Base Indenture, except for registration of transfer and exchange of Notes and replacement of lost, stolen or mutilated Notes. Such holders may look only to such deposited funds or obligations for payment.

The defeasance and discharge and covenant defeasance described above are effective only if, among other things, we deliver to the trustee an opinion of counsel to the effect that (i) the holders of such Notes will not recognize income, gain or loss for federal income tax purposes as result of such defeasance and discharge or covenant defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same time as would have been the case if such defeasance and discharge or covenant defeasance had not occurred, and (ii) in the case of defeasance and discharge, the opinion as to tax consequences is based upon an Internal Revenue Service ruling or a change in applicable federal income tax law.

With respect to the Notes, “government securities” shall include (1) securities that are direct obligations of the Federal Republic of Germany for the payment of which its full faith and credit is pledged or (2) obligations of a person controlled or supervised by and acting as an agency or instrumentality of the Federal Republic of Germany, the payment of which is unconditionally guaranteed as a full faith and credit obligation by the Federal Republic of Germany, which, in either case under clauses (1) or (2) are not callable or redeemable at the option of the issuer thereof.

General

We issued €640,000,000 aggregate principal amount of our 2022 Notes on January 18, 2019, €750,000,000 aggregate principal amount of our 2023 Notes and €1,250,000,000 aggregate principal amount of our 2027 Notes on April 11, 2016, and €500,000,000 aggregate principal amount of our 2025 Notes and €500,000,000 aggregate principal amount of our 2031 Notes on August 5, 2019. The 2022 Notes, the 2023 Notes, the 2025 Notes, the 2027 Notes, and the 2031 Notes will mature on May 13, 2022, January 11, 2023, August 5, 2025, January 11, 2027 and August 5, 2031, respectively.

The Notes are our general unsecured obligations and rank equally with all our other unsecured and unsubordinated indebtedness. The Notes are fully and unconditionally guaranteed by Federal Express Corporation, FedEx Ground Package System, Inc., FedEx Freight Corporation, FedEx Freight, Inc., FedEx Office and Print Services, Inc., FedEx Corporate Services, Inc., Federal Express Europe, Inc., Federal Express Holdings S.A., LLC and Federal Express International, Inc. These subsidiaries guarantee our obligations under our outstanding unsecured debt securities and revolving credit facilities. If we sell, transfer or otherwise dispose of all of the capital stock or all or substantially all of the assets of a subsidiary guarantor to any person that is not an affiliate of FedEx, the guarantee of that subsidiary will automatically terminate and holders of the Notes will no longer have a claim against such subsidiary under the guarantee.

We may redeem the Notes in whole or in part at any time at the redemption price described under “—Optional Redemption” below. In addition, we may redeem any series of the Notes in whole but not in part at any time, if certain events occur involving changes in United States taxation, at the applicable redemption price described under “—Redemption for Tax Reasons” below. We may issue additional notes of each series from time to time at any time. The Notes of each series and any additional new notes of such series subsequently issued under the Indenture would be treated as a single series for all purposes under the Indenture, including, without limitation, waivers, amendments and redemptions. If the additional notes of a series, if any, are not fungible with the notes of that series previously offered for U.S. federal income tax purposes, the additional notes will have separate CUSIP, Common Code and ISIN numbers. The Notes do not have the benefit of a sinking fund. If a Change of Control Repurchase Event (as defined below) with respect to the Notes occurs, except to the extent we have exercised our right to redeem the Notes, we will be required to offer to repurchase the Notes, as described under “—Change of Control Repurchase Event” below.
The Indenture does not limit the aggregate amount of debt securities which may be issued under the Indenture. Other than the provisions relating to a Change of Control Repurchase Event, the Indenture does not contain any debt covenants or provisions which would afford the holders of the Notes protection in the event of a highly leveraged transaction. The trustee will not be liable for special, indirect, exemplary, incidental, punitive or consequential or other similar loss or damage of any kind under the Indenture. We and the trustee, and each holder of a note by its acceptance thereof, irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to the Indenture, the notes or any transaction contemplated thereby.

The Notes were issued in fully registered form without coupons in denominations of €100,000 and integral multiples of €1,000 in excess of €100,000. The Notes of each series are represented by one or more permanent global notes that have been deposited with a common depositary and registered in the name of the nominee of the common depositary for the accounts of Clearstream and Euroclear.

**Interest**

The 2022 Notes bear interest at the rate of 0.700% per year. The 2023 Notes bear interest at the rate of 1.000% per year. The 2025 Notes bear interest at the rate of 0.450% per year. The 2031 Notes bear interest at the rate of 1.300% per year. Interest on the 2022 Notes accrued from January 18, 2019, or from the most recent date to which interest on the Notes has been paid. Interest on the 2023 Notes and the 2027 Notes accrued from April 11, 2016, or from the most recent date to which interest on the 2023 Notes and the 2027 Notes has been paid. Interest on the 2025 Notes and the 2031 Notes accrued from August 5, 2019, or from the most recent date to which interest on the 2025 Notes and the 2031 Notes has been paid. Interest is payable annually in arrears on May 13 of each year, commencing on May 13, 2019 in the case of the 2022 Notes, on January 11 of each year, commencing on January 11, 2017 in the case of the 2023 Notes and the 2027 Notes, and on August 5 of each year, commencing on August 5, 2020 in the case of the 2025 Notes and the 2031 Notes, to the persons in whose names the Notes are registered at the close of business on the preceding April 28 in the case of the 2022 Notes, December 25 in the case of the 2023 Notes and the 2027 Notes, and July 21 in the case of the 2025 Notes and the 2031 Notes, or, if the Notes are represented by one or more global notes, the close of business on the business day (for this purpose a day on which Clearstream and Euroclear are open for business) immediately preceding April 28 in the case of the 2022 Notes, December 25 in the case of the 2023 Notes and the 2027 Notes, and July 21 in the case of the 2025 Notes and the 2031 Notes. Interest on the Notes is computed on the basis of the actual number of days in the period for which interest is being calculated and the actual number of days from and including the last date on which interest was paid on the Notes (or January 18, 2019, if no interest has been paid in the case of the 2022 Notes, April 11, 2016, if no interest has been paid in the case of the 2023 Notes and the 2027 Notes, or August 5, 2019, if no interest has been paid in the case of the 2025 Notes and the 2031 Notes) to, but excluding the next scheduled interest payment date. This payment convention is referred to as ACTUAL/ACTUAL (ICMA) as defined in the rulebook of the International Capital Market Association.

If the maturity date or any redemption date of the Notes of a series falls on a day that is not a business day, the related payment of principal, premium and additional amounts, if any, and interest will be made on the next business day as if it were made on the date such payment was due, and no interest will accrue on the amounts so payable for the period from and after such date to the next business day. If any interest payment date would otherwise be a day that is not a business day, that interest payment date will be postponed to the next date that is a business day.

**Optional Redemption**

At our option, we may redeem the 2022 Notes, in whole or in part, at any time, on at least 10 days’ but no more than 60 days’ prior written notice mailed (or otherwise delivered in accordance with the applicable clearing system’s procedures) to the registered holders of the 2022 Notes to be redeemed.

At our option, we may redeem the 2023 Notes or the 2027 Notes, in whole or in part, at any time prior to the applicable Par Call Date (as defined below), on at least 30 days’ but no more than 60 days’ prior written notice mailed (or otherwise delivered in accordance with the applicable clearing system’s procedures) to the registered holders of the series of Notes to be redeemed.
At our option, we may redeem the 2025 Notes or the 2031 Notes, in whole or in part, at any time prior to the applicable Par Call Date (as defined below), on at least 10 days’, but no more than 60 days’, prior written notice mailed (or otherwise delivered in accordance with the applicable clearing system’s procedures) to the registered holders of the series of Notes to be redeemed.

Upon redemption of the Notes, we will pay a redemption price equal to the greater of:

(1) 100% of the principal amount of the Notes to be redeemed; and

(2) the sum of the present values of the Remaining Scheduled Payments (as defined below) of principal and interest on the 2023 Notes, 2025 Notes, 2027 Notes, and 2031 Notes to be redeemed that would be due if such Notes matured on the applicable Par Call Date, or on the 2022 Notes to be redeemed on the maturity date (not including any portion of such payments of interest accrued as of the redemption date), discounted to the redemption date on an ACTUAL/ACTUAL (ICMA) day count basis, at the applicable Comparable Government Bond Rate (as defined below) plus 20 basis points in the case of the 2022 Notes, the 2023 Notes and the 2025 Notes, and 25 basis points in the case of the 2027 Notes and the 2031 Notes;

in each case, plus accrued and unpaid interest to the date of redemption on the principal amount of the Notes being redeemed.

In the case of the 2023 Notes, the 2025 Notes, the 2027 Notes or the 2031 Notes, at any time on or after the applicable Par Call Date, we may redeem such notes in whole or in part, at a redemption price equal to 100% of the principal amount of the Notes to be redeemed plus accrued and unpaid interest to the date of redemption on the principal amount of the Notes being redeemed.

“Comparable Government Bond” means, in relation to any Comparable Government Bond Rate calculation, at the discretion of an independent investment bank selected by us, a bond that is a direct obligation of the Federal Republic of Germany (“German government bond”), whose maturity is closest to the maturity of the Notes to be redeemed, or if such independent investment bank in its discretion determines that such similar bond is not in issue, such other German government bond as such independent investment bank may, with the advice of three brokers of, and/or market makers in, German government bonds selected by us, determine to be appropriate for determining the Comparable Government Bond Rate.

“Comparable Government Bond Rate” means the yield to maturity, expressed as a percentage (rounded to three decimal places, with 0.0005 being rounded upwards), on the third business day prior to the date fixed for redemption, of the Comparable Government Bond (as defined above) on the basis of the middle market price of the Comparable Government Bond prevailing at 11:00 a.m. (London time) on such business day as determined by an independent investment bank selected by us.

“Par Call Date” means October 11, 2022 in the case of the 2023 Notes (the date that is three months prior to the maturity date of the 2023 Notes), May 5, 2025 in the case of the 2025 Notes (the date that is three months prior to the maturity date of the 2025 Notes), October 11, 2026 in the case of the 2027 Notes (the date that is three months prior to the maturity date of the 2027 Notes) and May 5, 2031 in the case of the 2031 Notes (the date that is three months prior to the maturity date of the 2031 Notes).

“Remaining Scheduled Payments” means with respect to each Notes to be redeemed, the remaining scheduled payments of the principal thereof and interest thereon that would be due after the related redemption date but for such redemption; provided, however, that, if such redemption date is not an interest payment date with respect to such Notes, the amount of the next succeeding scheduled interest payment thereon will be deemed to be reduced (solely for the purposes of this calculation) by the amount of interest accrued thereon to such redemption date. Unless we default in payment of the redemption price, on and after the date of redemption, interest will cease to accrue on the Notes or portions of the Notes called for redemption.

If less than all of a series of the Notes are to be redeemed, the Notes to be redeemed shall be selected by the trustee by such method as the trustee deems to be fair and appropriate in accordance with the applicable clearing system’s procedures.
Redemption for Tax Reasons

If, as a result of any change in, or amendment to, the laws (or any regulations or rulings promulgated under the laws) of the United States (or any taxing authority in the United States), or any change in, or amendments to, an official position regarding the application or interpretation of such laws, regulations or rulings, which change or amendment is announced or becomes effective on or after the date of the initial sale of any series of Notes, we become or, based upon a written opinion of independent counsel selected by us, will become obligated to pay additional amounts as described herein under the heading “— Payment of Additional Amounts” with respect to that series of the Notes, then we may at any time at our option redeem, in whole, but not in part, the outstanding Notes of such series on not less than 30 nor more than 60 days’ prior notice, at a redemption price equal to 100% of their principal amount, together with accrued and unpaid interest on those Notes to, but not including, the date fixed for redemption.

Payment of Additional Amounts

We will, subject to the exceptions and limitations set forth below, pay as additional interest on the Notes such additional amounts as are necessary in order that the net payment by us of the principal of and interest on the Notes to a holder who is not a United States person (as defined below), after withholding or deduction for any present or future tax, assessment or other governmental charge imposed by the United States or a taxing authority in the United States (including any withholding or deduction with respect to the payment of such additional amounts), will not be less than the amount provided in the Notes to be then due and payable; provided, however, that the foregoing obligation to pay additional amounts shall not apply:

(1) to any tax, assessment or other governmental charge that is imposed by reason of the holder (or the beneficial owner for whose benefit such holder holds such note), or a fiduciary, settlor, beneficiary, member or shareholder of the holder or beneficial owner if the holder or beneficial owner is an estate, trust, partnership, corporation or other entity, or a person holding a power over an estate or trust administered by a fiduciary holder, being considered as:

(a) being or having been engaged in a trade or business in the United States or having or having had a permanent establishment in the United States;

(b) having a current or former connection with the United States (other than a connection arising solely as a result of the ownership of the Notes, the receipt of any payment thereon or the enforcement of any rights thereunder), including being or having been a citizen or resident of the United States;

(c) being or having been a personal holding company, a passive foreign investment company or a controlled foreign corporation for United States federal income tax purposes or a corporation that has accumulated earnings to avoid United States federal income tax;

(d) being or having been a “10-percent shareholder” of FedEx as defined in Section 871(h)(3) of the United States Internal Revenue Code of 1986, as amended (the “Code”), or any successor provision; or

(e) being a bank receiving payments on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business;

(2) to any holder that is not the sole beneficial owner of the Notes, or a portion of the Notes, or that is a fiduciary, partnership or limited liability company, but only to the extent that a beneficial owner with respect to the holder, a beneficiary or settlor with respect to the fiduciary, or a beneficial owner or member of the partnership or limited liability company would not have been entitled to the payment of such additional amounts had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment;

(3) to any tax, assessment or other governmental charge that would not have been imposed but for the failure of the holder or any other person to comply with certification, identification or information reporting requirements concerning the nationality, residence, identity or connection with the United States of such holder or other person, if compliance is required by statute, by regulation of the United States or any taxing authority therein or by an applicable income tax treaty to which the United States is a party as a precondition to exemption from, or reduction in, such tax, assessment or other governmental charge;

(4) to any tax, assessment or other governmental charge that is imposed otherwise than by withholding by us or a paying agent from payments on the Notes;
(5) to any tax, assessment or other governmental charge that would not have been imposed but for a change in law, regulation, or administrative or judicial interpretation that becomes effective more than 15 days after the payment becomes due or is duly provided for, whichever occurs later;

(6) to any estate, inheritance, gift, sales, excise, transfer, wealth, capital gains or personal property tax or similar tax, assessment or other governmental charge;

(7) in the case of the 2023 Notes and 2027 Notes, to any withholding or deduction that is required to be made pursuant to European Council Directive 2003/48/EC on the taxation of savings income or any Directive amending, supplementing or replacing such Directive, or any law implementing or complying with, or introduced in order to conform to, such Directive or Directives;

(8) to any tax, assessment or other governmental charge required to be withheld by any paying agent from any payment of principal of or interest on any note, if such payment can be made without such withholding by presenting such note (where presentation is required) to at least one other paying agent;

(9) to any tax, assessment or other governmental charge that would not have been imposed but for the presentation by the holder of any note, where presentation is required, for payment on a date more than 30 days after the date on which payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later;

(10) to any tax, assessment or other governmental charge that is imposed or withheld solely by reason of the beneficial owner being a bank (i) purchasing the Notes in the ordinary course of its lending business or (ii) that is neither (A) buying the Notes for investment purposes only nor (B) buying the Notes for resale to a third-party that either is not a bank or holding the Notes for investment purposes only;

(11) to any tax, assessment or other governmental charge imposed under Sections 1471 through 1474 of the Code (or any amended or successor provisions), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such sections of the Code; or

(12) in the case of any combination of items (1), (2), (3), (4), (5), (6), (7), (8), (9), (10) and (11).

The Notes are subject in all cases to any tax, fiscal or other law or regulation or administrative or judicial interpretation applicable to the Notes. Except as specifically provided under this heading “—Payment of Additional Amounts,” we will not be required to make any payment for any tax, assessment or other governmental charge imposed by any government or a political subdivision or taxing authority of or in any government or political subdivision.

As used under this heading “—Payment of Additional Amounts” and under the heading “—Redemption for Tax Reasons,” the term “United States” means the United States of America (including the states of the United States and the District of Columbia and any political subdivision thereof) and the term “United States person” means any individual who is a citizen or resident of the United States for U.S. federal income tax purposes, a corporation, partnership or other entity created or organized in or under the laws of the United States, any state of the United States or the District of Columbia (other than a partnership that is not treated as a United States person under any applicable Treasury regulations), or any estate or trust the income of which is subject to United States federal income taxation regardless of its source.

Any reference to amounts payable in respect of the Notes herein or in the Indenture shall be deemed to include any additional amounts which may be payable as described above.

**Change of Control Repurchase Event**

If a Change of Control Repurchase Event with respect to the Notes occurs, except to the extent we have exercised our right to redeem the Notes as described above, we will make an offer to each holder of the Notes of each series to
repurchase all or any part (in minimum denominations of €100,000 and integral multiples of €1,000 in excess thereof) of that holder’s Notes at a repurchase price (the “repurchase price”) in cash equal to 101% of the aggregate principal amount of such Notes repurchased plus any accrued and unpaid interest on such Notes repurchased to, but not including, the repurchase date. Within 30 days following a Change of Control Repurchase Event or, at our option, prior to a Change of Control, but after the public announcement of such Change of Control, we will mail, or cause to be mailed, or otherwise deliver in accordance with the applicable clearing system’s procedures, a notice to each holder of the Notes of each series, with a copy to the trustee and the paying agent, describing the transaction or transactions that constitute or may constitute the Change of Control Repurchase Event and offering to repurchase the Notes on the payment date specified in the notice (such offer the “repurchase offer” and such date the “repurchase date”), which repurchase date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures described in such notice. The notice shall, if mailed or delivered prior to the date of consummation of the Change of Control, state that the repurchase offer is conditioned on a Change of Control Repurchase Event occurring on or prior to the repurchase date.

We will comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and any other securities laws and regulations to the extent those laws and regulations are applicable in connection with the repurchase of the Notes of each series as a result of a Change of Control Repurchase Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Repurchase Event provisions of the Notes, we will comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control Repurchase Event provisions of the Notes by virtue of such conflict.

On the repurchase date following a Change of Control Repurchase Event, we will, to the extent lawful:

(1) accept for payment all Notes or portions of Notes properly tendered pursuant to the repurchase offer;

(2) deposit with the paying agent an amount equal to the aggregate repurchase price for all Notes or portions of Notes properly tendered; and

(3) deliver, or cause to be delivered, to the trustee the Notes properly accepted for payment by us, together with an officers’ certificate stating the aggregate principal amount of Notes being repurchased by us pursuant to the repurchase offer and, to the extent applicable, an executed new note or notes evidencing any unrepurchased portion of any note or notes surrendered for which the trustee shall be required to authenticate and deliver a new note or notes as provided below.

The trustee will promptly mail, or cause the paying agent to promptly mail, or otherwise deliver in accordance with the applicable clearing system’s procedures, to each holder of Notes, or portions of Notes, properly tendered and accepted for payment by us the repurchase price for such Notes, or portions of Notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each holder a new note duly executed by us equal in principal amount to any unrepurchased portion of any notes surrendered, as applicable; provided that each new note will be in a principal amount equal to €100,000 or any integral multiple of €1,000 in excess thereof.

We will not be required to make a repurchase offer upon a Change of Control Repurchase Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for such an offer made by FedEx and such third party purchases all Notes or portions of Notes properly tendered and not withdrawn under its offer.

For purposes of the foregoing discussion of a repurchase at the option of holders, the following definitions are applicable:

“Below Investment Grade Ratings Event” means, with respect to the Notes, on any day within the 60-day period (which period shall be extended so long as the rating of the Notes is under publicly announced consideration for a possible downgrade by any Rating Agency) after the earlier of (1) the occurrence of a Change of Control, or (2) public announcement of the occurrence of a Change of Control or our intention to effect a Change of Control, the Notes are rated below Investment Grade by each and every Rating Agency. Notwithstanding the foregoing, a Below Investment Grade Ratings Event otherwise arising by virtue of a particular reduction in rating shall not be deemed to have occurred in respect of a particular Change of Control (and thus shall not be deemed a Below Investment Grade
Ratings Event for purposes of the definition of Change of Control Repurchase Event hereunder) if the Rating Agencies making the reduction in rating to which this definition would otherwise apply do not publicly announce or publicly confirm or inform the trustee in writing at our request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control shall have occurred at the time of the Below Investment Grade Ratings Event).

“Change of Control” means the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any “person” or “group” (as those terms are used in Section 13(d)(3) of the Exchange Act), other than (1) FedEx or any of its subsidiaries, (2) any employee benefit plan (or a trust forming a part thereof) maintained by FedEx or any of its subsidiaries, or (3) any underwriter temporarily holding Voting Stock of FedEx pursuant to an offering of such Voting Stock, becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of the combined voting power of FedEx’s Voting Stock or other Voting Stock into which FedEx’s Voting Stock is reclassified, consolidated, exchanged or changed measured by voting power rather than number of shares.

“Change of Control Repurchase Event” means the occurrence of both a Change of Control and a Below Investment Grade Ratings Event with respect to the Notes.

“Investment Grade” means, with respect to Moody’s, a rating of Baa3 or better (or its equivalent under any successor rating categories of Moody’s); with respect to S&P, a rating of BBB– or better (or its equivalent under any successor rating categories of S&P); and, with respect to any additional Rating Agency or Rating Agencies selected by FedEx, the equivalent investment grade credit rating.

The Change of Control Repurchase Event provisions of the Notes may in certain circumstances make more difficult or discourage a sale or takeover of FedEx and, thus, the removal of incumbent management. We could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control Repurchase Event under the Notes, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings on the Notes.

Issuance in Euro

If we are unable to obtain euro in amounts sufficient to make a required payment under the Notes due to the imposition of exchange controls or other circumstances beyond our control (including the dissolution of the European Monetary Union) or if the euro is no longer being used by the then member states of the European
Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the Notes will be made in U.S. dollars until the euro is again available to us or so used. In such circumstances, the amount payable on any date in euro will be converted into U.S. dollars at the rate mandated by the U.S. Federal Reserve Board as of the close of business on the second business day prior to the relevant payment date or, in the event the U.S. Federal Reserve Board has not mandated a rate of conversion, on the basis of the then most recent U.S. dollar/euro exchange rate available on or prior to the second business day prior to the relevant payment date as determined by us in our sole discretion. Any payment in respect of the Notes so made in U.S. dollars will not constitute an Event of Default under the Notes or the Base Indenture governing the Notes. Neither the trustee nor the paying agent shall have any responsibility for any calculation or conversion in connection with the foregoing.

Investors are subject to foreign exchange risks as to payments of principal and interest that may have important economic and tax consequences to them.

Global Clearance and Settlement

The Notes are issued in the form of one or more global notes (the “Euro Global Notes”) in fully registered form, without coupons, and are deposited with, or on behalf of, a common depositary, and registered in the name of the nominee of the common depositary, for, and in respect of interests held through, Euroclear and Clearstream. Except as described herein, certificates will not be issued in exchange for beneficial interests in the Euro Global Notes.

Except as set forth below, the Euro Global Notes may be transferred, in whole and not in part, only to Euroclear or Clearstream or their respective nominees.

Beneficial interests in the Euro Global Notes are represented, and transfers of such beneficial interests are effected, through accounts of financial institutions acting on behalf of beneficial owners as direct or indirect participants in Euroclear or Clearstream. Those beneficial interests will be in denominations of €100,000 and integral multiples of €1,000 in excess thereof. Investors may hold Notes directly through Euroclear or Clearstream, if they are participants in such systems, or indirectly through organizations that are participants in such systems. It is possible that the clearing systems may process trades that could result in amounts being held in denominations smaller than the minimum denominations. If definitive Notes are required to be issued in relation to such Notes in accordance with the provisions of the relevant Euro Global Notes, a holder who does not have the minimum denomination or a multiple of €1,000 in excess thereof in its account with the relevant clearing system at the relevant time may not receive all of its entitlement in the form of definitive Notes unless and until such time as its holding satisfies the minimum denomination requirement.

So long as Euroclear or Clearstream or their nominee or their common depositary is the registered holder of the Euro Global Notes, Euroclear, Clearstream or such nominee, as the case may be, will be considered the sole owner or holder of the Notes represented by such Euro Global Notes for all purposes under the Indenture and the Notes. Payments of principal, interest and premium and additional amounts, if any, in respect of the Euro Global Notes will be made to Euroclear, Clearstream or such nominee, as the case may be, as registered holder thereof.

Certificated Notes

Subject to certain conditions, the Notes represented by the Euro Global Notes are exchangeable for certificated Notes in definitive form of like tenor in minimum denominations of €100,000 principal amount and integral multiples of €1,000 in excess thereof if:

(1) the common depositary provides notification that it is unwilling, unable or no longer qualified to continue as depositary for the Euro Global Notes and a successor is not appointed within 90 days;

(2) we in our discretion at any time determine not to have all of the Notes represented by the Euro Global Notes; or

(3) default entitling the holders of the applicable Notes to accelerate the maturity thereof has occurred and is continuing.
Any note that is exchangeable as above is exchangeable for certificated Notes issuable in authorized denominations and registered in such names as the common depositary shall direct. Subject to the foregoing, a Euro Global Note is not exchangeable, except for a global note of the same aggregate denomination to be registered in the name of the common depositary (or its nominee).

**Same-day Payment**

Payments (including principal, premium and additional amounts, if any, and interest) and transfers with respect to Notes in certificated form may be executed at the office or agency maintained for such purpose in London (initially the corporate trust office of the paying agent) or, at our option, by check mailed to the holders thereof at the respective addresses set forth in the register of holders of the Notes (maintained by the registrar), provided that all payments (including principal, premium and additional amounts, if any, and interest) on Notes in certificated form, for which the holders thereof have given wire transfer instructions, will be required to be made by wire transfer of immediately available funds to the accounts specified by the holders thereof. No service charge will be made for any registration of transfer, but payment of a sum sufficient to cover any tax or governmental charge payable in connection with that registration may be required.

The paying agent for the Notes is Elavon Financial Services DAC, UK Branch.

ARTICLE I
DEFINITIONS

“Additional Lender” has the meaning assigned to such term in Section 2.19.

“Adjusted LIBO Rate” means, with respect to any Eurodollar Borrowing for any Interest Period, an interest rate per annum (rounded upwards, if necessary, to the next 1/16 of 1%) equal to (a) the LIBO Rate for such Interest Period multiplied by (b) the Statutory Reserve Rate.

The failure of any Lender to make any Loan required to be made by it shall not relieve any other Lender of its obligations hereunder; provided that the Commitments of the Lenders are several and no Lender shall be responsible for any other Lender’s failure to make Loans as required.

(b) Subject to Section 2.11, each Borrowing of (i) Dollar Revolving Loans shall be comprised entirely of ABR Loans or Eurodollar Loans as the Borrower may request in accordance herewith, (ii) Euro Revolving Loans shall be comprised entirely of Eurodollar Loans as the Borrower may request in accordance herewith and (iii) Sterling Revolving Loans shall be comprised entirely of Eurodollar Loans as the Borrower may request in accordance herewith. Notwithstanding anything to the contrary contained herein, each Lender at its option may make any Loan by causing any domestic or foreign branch or Lender Affiliate to make such Loan; provided that any exercise of such option shall not affect the obligation of the Borrower to repay such Loan in accordance with the terms of this Agreement.

(c) At the commencement of each Interest Period for any Eurodollar Borrowing, such Borrowing shall be in an aggregate amount that is an integral multiple of (i) in the case of Borrowings denominated in Dollars, $1,000,000 and not less than $5,000,000, (ii) in the case of Borrowings denominated in Pounds Sterling, £1,000,000 and not less than £5,000,000 and (iii) in the case
of Borrowings denominated in Euros, €1,000,000 and not less than €5,000,000. At the time that each ABR Borrowing is made, such Borrowing shall be in an aggregate amount that is an integral multiple of $1,000,000 and not less than $5,000,000; provided that an ABR Borrowing may be in an aggregate amount that is equal to the entire unused balance of the total Commitments. Borrowings of more than one (1) Type may be outstanding at the same time; provided that there shall not at any time be more than a total of fifteen (15) Eurodollar Borrowings outstanding.

(d) Notwithstanding any other provision of this Agreement, the Borrower shall not be entitled to request, or to elect to convert or continue, any Eurodollar Borrowing if the Interest Period requested with respect thereto would end after the Maturity Date.

SECTION 2.03. Requests for Borrowings. To request a Borrowing, the Borrower shall notify the Administrative Agent of such request by delivering an irrevocable written Borrowing Request in the form of Exhibit A (a) in the case of a Eurodollar Borrowing which is a Dollar Revolving Loan, not later than 11:00 a.m., New York City time, at least three (3) Business Days before the date of the proposed Borrowing, (b) in the case of a Eurodollar Borrowing which is a Euro Revolving Loan or Sterling Revolving Loan, not later than 11:00 a.m., Local Time, at least three (3) Business Days before the date of the proposed Borrowing or (c) in the case of an ABR Borrowing, not later than 10:00 a.m., New York City time, on the date of the proposed Borrowing; provided that each ABR Borrowing shall consist solely of Dollar Revolving Loans. Each such Borrowing Request shall specify the following information in compliance with Section 2.02:

(i) the aggregate amount of the requested Borrowing;
(ii) the date of such Borrowing, which shall be a Business Day;
(iii) the currency of such Borrowing (which shall be Dollars, Euro or Pounds Sterling);
(iv) in the case of a Borrowing to be denominated in Dollars, whether such Borrowing is to be an ABR Borrowing or a Eurodollar Borrowing;
(v) in the case of a Eurodollar Borrowing, the initial Interest Period to be applicable thereto, which shall be a period contemplated by the definition of the term “Interest Period”; and
(vi) the location and number of the Borrower’s account to which funds are to be disbursed, which shall comply with the requirements of Section 2.04.

If no election as to the Type of Borrowing is specified, then the requested Borrowing shall be an ABR Borrowing. If no Interest Period is specified with respect to any requested Eurodollar Borrowing, then the Borrower shall be deemed to have selected an Interest Period of one (1) month’s duration. Promptly following receipt of a Borrowing Request in accordance with this Section, the Administrative Agent shall advise each Lender of the details thereof and of the amount of such Lender’s Loan to be made as part of the requested Borrowing.

SECTION 2.04. Funding of Borrowings. (a) Each Lender shall make (i) each Dollar Revolving Loan to be made by it hereunder on the proposed date thereof in Dollars by wire transfer of immediately available funds by 12:00 noon, New York City time and (ii) each Euro Revolving Loan or Sterling Revolving Loan to be made by it hereunder on the proposed date thereof in Euro or Pounds Sterling, as applicable, by wire transfer of immediately available funds by 12:00 noon, London time, in each case, to the account of the Administrative Agent most recently designated by it for such purpose by
notice to the Lenders. The Administrative Agent will make such Loans available to the Borrower by promptly crediting the amounts so received, in like funds, to an account of the Borrower maintained with the Administrative Agent in New York City and designated by the Borrower in the applicable Borrowing Request.

(b) Unless, prior to the proposed time of any advance of any Borrowing, the Administrative Agent shall have received notice from a Lender that such Lender will not make available to the Administrative Agent such Lender’s share of such Borrowing, or unless the Administrative Agent has knowledge that a Lender is a Defaulting Lender, the Administrative Agent may assume that such Lender has made such share available on such date in accordance with paragraph (a) of this Section and may, in reliance upon such assumption, make available to the Borrower a corresponding amount. In such event, if a Lender has not in fact made its share of the applicable Borrowing available to the Administrative Agent, then the applicable Lender and the Borrower severally agree to pay to the Administrative Agent forthwith on demand such corresponding amount with interest thereon, for each day from and including the date such amount is made available to the Borrower to but excluding the date of payment to the Administrative Agent, at (i) in the case of such Lender, at a rate equal to the greater of (x) the Federal Funds Effective Rate and (y) a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation or (ii) in the case of the Borrower, the interest rate applicable to ABR Loans; provided that, to the extent that the Borrower makes any such payment and the applicable Lender subsequently makes a corresponding payment, then the Borrower shall be entitled (without prejudice to any other rights that the Borrower may have against the applicable Lender) to receive any such payment (with interest) made by such Lender. If such Lender pays such amount to the Administrative Agent, then such amount shall constitute such Lender’s Loan included in such Borrowing.

SECTION 2.05. Interest Elections. (a) Each Borrowing initially shall be of the Type specified in the applicable Borrowing Request and, in the case of a Eurodollar Borrowing, shall have an initial Interest Period as specified in such Borrowing Request. Thereafter, the Borrower may elect to convert such Borrowing to a different Type or to continue such Borrowing and, in the case of a Eurodollar Borrowing, may elect Interest Periods therefor, all as provided in this Section; provided that only Eurodollar Borrowings which are Dollar Revolving Loans may be converted into an ABR Borrowing. The Borrower may elect different options with respect to different portions of the affected Borrowing, in which case each such portion shall be allocated ratably among the Lenders holding the Loans comprising such Borrowing, and the Loans comprising each such portion shall be considered a separate Borrowing.

(b) To make an election pursuant to this Section, the Borrower shall notify the Administrative Agent of such election by delivering an irrevocable written Interest Election Request in the form of Exhibit B by the time that a Borrowing Request would be required under Section 2.03 if the Borrower were requesting a Borrowing of the Type resulting from such election to be made on the effective date of such election.

(c) Each Interest Election Request shall specify the following information in compliance with Section 2.02:

(i) the Borrowing to which such Interest Election Request applies and, if different options are being elected with respect to different portions thereof, the portions thereof to be allocated to each resulting Borrowing (in which case the information to be specified pursuant to clauses (iii) and (iv) below shall be specified for each resulting Borrowing);

(ii) the effective date of the election made pursuant to such Interest Election Request, which shall be a Business Day;
(iii) in the case of a Borrowing to be denominated in Dollars, whether the resulting Borrowing is to be an ABR Borrowing or a Eurodollar Borrowing; and

(iv) if the resulting Borrowing is a Eurodollar Borrowing, the Interest Period to be applicable thereto after giving effect to such election, which shall be a period contemplated by the definition of the term “Interest Period”.

If any such Interest Election Request requests a Eurodollar Borrowing but does not specify an Interest Period, then the Borrower shall be deemed to have selected an Interest Period of one (1) month’s duration.

(d) Promptly following receipt of an Interest Election Request, the Administrative Agent shall advise each Lender of the details thereof and of such Lender’s portion of each resulting Borrowing.

(e) If the Borrower fails to deliver a timely Interest Election Request with respect to (i) a Eurodollar Borrowing which is a Dollar Revolving Loan prior to the end of the Interest Period applicable thereto, then, unless such Borrowing is repaid as provided herein, at the end of such Interest Period such Borrowing shall be converted to an ABR Borrowing or (ii) any other Eurodollar Borrowing, then, unless such Borrowing is repaid as provided herein, at the end of such Interest Period such Borrowing shall be converted to a Eurodollar Borrowing with an Interest Period of one (1) month’s duration.

Notwithstanding any contrary provision hereof, if an Event of Default has occurred and is continuing and the Administrative Agent, at the request of the Required Lenders, so notifies the Borrower, then, so long as an Event of Default is continuing (i) no outstanding Borrowing may be converted to or continued as a Eurodollar Borrowing and (ii) unless repaid, (A) each Eurodollar Borrowing that is a Dollar Revolving Loan shall be converted to an ABR Borrowing at the end of the Interest Period applicable thereto and (B) each other Eurodollar Borrowing shall be converted to a Eurodollar Borrowing with an Interest Period of one (1) month’s duration.

SECTION 2.06. Termination and Reduction of Commitments. (a) Unless previously terminated, the Commitments shall terminate on the Maturity Date.

(b) The Borrower may at any time terminate, or from time to time reduce, the Commitments; provided that (i) each reduction of the Commitments shall be in an amount that is an integral multiple of $10,000,000 and not less than $20,000,000 and (ii) the Borrower shall not terminate or reduce the Commitments if, after giving effect to any concurrent prepayment of the Loans in accordance with Section 2.08, the aggregate Credit Exposures of the Lenders would exceed the total Commitments; provided further that if, after giving effect to any reduction of the Commitments, (i) the L/C Sublimit exceeds the amount of Commitments, the L/C Sublimit shall be automatically reduced by the amount of such excess and (ii) if the Individual L/C Sublimit of any Issuing Bank exceeds the Commitments of such Issuing Bank, such Issuing Bank’s Individual L/C Sublimit shall be automatically reduced by the amount of such excess. Except as provided above, the amount of any such Commitment reduction shall not be applied to the L/C Sublimit unless otherwise specified by the Borrower.

(c) The Borrower shall notify the Administrative Agent of any election to terminate or reduce the Commitments under paragraph (b) of this Section at least three (3) Business Days prior to the effective date of such termination or reduction, specifying such election and the effective date thereof. Promptly following receipt of any notice, the Administrative Agent shall advise the Lenders of the contents thereof. Each notice delivered by the Borrower pursuant to this Section shall be irrevocable; provided that a notice of termination of the Commitments delivered by the Borrower may state that such notice is conditioned upon the effectiveness of other credit facilities, in which case such notice may be
revoked by the Borrower (by notice to the Administrative Agent on or prior to the specified effective date) if such condition is not satisfied. Any termination or reduction of the Commitments shall be permanent. Each reduction of the Commitments shall be made ratably among the Lenders in accordance with their respective Commitments.

SECTION 2.07. Repayment of Loans; Evidence of Debt. (a) The Borrower hereby unconditionally promises to pay to the Administrative Agent for the account of each Lender the then unpaid principal amount of each Loan in the same currency as the applicable Loan on the Maturity Date.

(b) Each Lender shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of the Borrower to such Lender resulting from each Loan made by such Lender, including the amounts of principal and interest payable and paid to such Lender from time to time hereunder.

(c) The Administrative Agent shall maintain accounts in which it shall record (i) the amount of each Loan made hereunder, the Type thereof and the Interest Period applicable thereto, (ii) the amount of any principal or interest due and payable or to become due and payable from the Borrower to each Lender hereunder and (iii) the amount of any sum received by the Administrative Agent hereunder for the account of the Lenders and each Lender’s share thereof.

(d) The entries made in the accounts maintained pursuant to paragraph (b) or (c) of this Section shall be prima facie evidence of the existence and amounts of the obligations recorded therein; provided that the failure of any Lender or the Administrative Agent to maintain such accounts or any error therein shall not in any manner affect the obligation of the Borrower to repay the Loans in accordance with the terms of this Agreement.

(e) Any Lender may request that Loans made by it be evidenced by a promissory note. In such event, the Borrower shall prepare, execute and deliver to such Lender a promissory note payable to the order of such Lender (or, if requested by such Lender, to such Lender and its registered assigns) and in a form approved by the Administrative Agent. Thereafter, the Loans evidenced by such promissory note and interest thereon shall at all times (including after assignment pursuant to Section 10.06) be represented by one (1) or more promissory notes in such form payable to the order of the payee named therein (or, if such promissory note is a registered note, to such payee and its registered assigns).

SECTION 2.08. Prepayment of Loans. (a) The Borrower shall have the right at any time and from time to time to prepay any Borrowing in whole or in part without incurring a prepayment penalty, fee, or other cost (except as otherwise expressly set forth in this Agreement), subject to prior notice in accordance with paragraph (c) of this Section.

(b) If, on any Calculation Date, the total Credit Exposures (based on the Dollar Equivalent thereof, in the case of Foreign Currency Loans and Foreign Currency Letters of Credit) exceeds 105% of the Commitments, the Borrower shall, on such day, prepay the Loans in an amount equal to the lesser of (x) the amount of such excess and (y) the amount of such Loans.

(c) The Borrower shall notify the Administrative Agent in writing of any prepayment hereunder (i) in the case of prepayment of a Eurodollar Borrowing, not later than 11:00 a.m., Local Time, three (3) Business Days before the date of prepayment, or (ii) in the case of prepayment of an ABR Borrowing, not later than 11:00 a.m., Local Time, one (1) Business Day before the date of prepayment. Each such notice shall be irrevocable and shall specify the prepayment date, the Type, currency and the principal amount of each Borrowing or portion thereof to be prepaid; provided that, if a notice of prepayment is given in connection with a conditional notice of termination of the Commitments

29
as contemplated by Section 2.06, then such notice of prepayment may be revoked if such notice of termination is revoked in accordance with Section 2.06. Promptly following receipt of any such notice relating to a Borrowing, the Administrative Agent shall advise the Lenders of the contents thereof. Each partial prepayment of any Borrowing shall be in an amount that would be permitted in the case of an advance of a Borrowing of the same Type as provided in Section 2.02. Each prepayment of a Borrowing shall be applied ratably to the Loans included in the prepaid Borrowing. Prepayments shall be accompanied by accrued interest to the extent required by Section 2.10 and any amounts due under Section 2.13.

SECTION 2.09. Fees. (a) The Borrower agrees to pay to the Administrative Agent for the account of each Lender a commitment fee, which shall accrue at the Applicable Rate on the daily undrawn amount of the Commitment of such Lender during the period from and including the Effective Date to but excluding the date on which such Commitment terminates. Accrued commitment fees shall be payable in arrears in Dollars on each Fee Payment Date, commencing on the first such date to occur after the date hereof. All commitment fees shall be computed on the basis of a year of 360 days and shall be payable for the actual number of days elapsed (including the first day but excluding the last day).

(b) The Borrower agrees to pay to the Administrative Agent, for its own account, fees payable in the amounts and at the times separately agreed upon between the Borrower and the Administrative Agent.

(c) All fees payable hereunder shall be paid on the dates due, in immediately available funds, to the Administrative Agent. Fees paid shall not be refundable under any circumstances.

SECTION 2.10. Interest. (a) The Loans comprising each ABR Borrowing shall bear interest at a rate per annum equal to the Alternate Base Rate plus the Applicable Rate.

(b) The Loans comprising each Eurodollar Borrowing shall bear interest at a rate per annum equal to the Adjusted LIBO Rate for the Interest Period in effect for such Borrowing for the relevant currency plus the Applicable Rate.

(c) Notwithstanding the foregoing, if any principal of or interest on any Loan, Reimbursement Obligation or any fee or other amount payable by the Borrower hereunder is not paid when due, whether at stated maturity, upon acceleration or otherwise, such overdue amount shall bear interest, after as well as before judgment, at a rate per annum equal to (i) in the case of overdue principal of any Loan, two percent (2%) plus the rate otherwise applicable to such Loan as provided above, or (ii) in the case of any other amount, two percent (2%) plus the rate applicable to ABR Loans as provided above.

(d) Accrued interest on each Loan shall be payable in arrears in the currency of the applicable Loan on each Interest Payment Date for such Loan; provided that (i) interest accrued pursuant to paragraph (c) of this Section shall be payable on demand, (ii) in the event of any repayment or prepayment of any Loan (other than a prepayment of an ABR Loan prior to the end of the Availability Period), accrued interest on the principal amount repaid or prepaid shall be payable on the date of such repayment or prepayment, (iii) in the event of any conversion of any Eurodollar Loan prior to the end of the current Interest Period therefor, accrued interest on such Loan shall be payable on the effective date of such conversion, and (iv) all accrued interest shall be payable upon termination of the Commitments.

(e) All interest hereunder shall be computed on the basis of a year of 360 days, except that (i) interest computed by reference to the Alternate Base Rate at times when the Alternate Base Rate is based on the Prime Rate shall be computed on the basis of a year of 365 days (or 366 days in a
SECTION 2.11. Alternate Rate of Interest.

(a) If prior to the commencement of any Interest Period for a Eurodollar Borrowing:

(i) Subject to clause (b) below, the Administrative Agent determines (which determination shall be conclusive and binding absent manifest error) that adequate and reasonable means do not exist for ascertaining the Adjusted LIBO Rate or the LIBO Rate (including because the Screen Rate is not available or published on a current basis), as applicable, for such Interest Period;

(ii) the Administrative Agent is advised by the Required Lenders that the Adjusted LIBO Rate or the LIBO Rate, as applicable, for the applicable currency and such Interest Period will not adequately and fairly reflect the cost to such Lenders (or Lender) of making or maintaining their Loans (or its Loan) included in such Borrowing for the applicable currency and such Interest Period; or

(iii) the Administrative Agent determines (which determination shall be conclusive and binding upon the Borrower) that deposits in the applicable currency are not generally available, or cannot be obtained by the Lenders, in the applicable market (any Foreign Currency affected by the circumstances described in Section 2.11(a) or (b) is referred to as an “Affected Foreign Currency”),

then the Administrative Agent shall give notice thereof to the Borrower and the Lenders by telephone or electronic mail as promptly as practicable thereafter (if such notice is given by telephone, the Administrative Agent shall promptly thereafter provide written confirmation of such notice to the Borrower and the Lenders) and, until the Administrative Agent notifies the Borrower and the Lenders that the circumstances giving rise to such notice no longer exist, (i) any Interest Election Request that requests the conversion of any Borrowing to, or continuation of any Borrowing as, a Eurodollar Borrowing shall be ineffective, and (ii) if any Borrowing Request requests a Eurodollar Borrowing, such Borrowing shall be made as an ABR Borrowing in Dollars. Until such relevant notice has been withdrawn by the Administrative Agent, no further Eurodollar Loans in an Affected Foreign Currency shall be made or continued as such, nor shall the relevant Borrower have the right to convert ABR Loans to Eurodollar Loans (to the extent such Eurodollar Loan is denominated in an Affected Foreign Currency).

(b) Notwithstanding anything to the contrary herein or in any other Loan Document, upon the occurrence of a Benchmark Transition Event or an Early Opt-in Election, as applicable, the Administrative Agent and the Borrower may amend this Agreement to replace the LIBO Rate with a Benchmark Replacement. Any such amendment with respect to a Benchmark Transition Event will become effective at 5:00 p.m. New York City time on the fifth (5th) Business Day after the Administrative Agent has posted such proposed amendment to all Lenders and the Borrower, so long as the Administrative Agent has not received, by such time, written notice of objection to such proposed amendment from Lenders comprising the Required Lenders; provided that, with respect to any such proposed amendment containing any SOFR-Based Rate, the Lenders shall be entitled to object only to the Benchmark Replacement Adjustment contained therein. Any such amendment with respect to an Early Opt-in Election will become effective on the date that Lenders comprising the Required Lenders have delivered to the Administrative Agent written notice that such Required Lenders accept such amendment. No replacement of LIBO Rate with a Benchmark Replacement will occur prior to the applicable Benchmark Transition Start Date.
(c) In connection with the implementation of a Benchmark Replacement, the Administrative Agent, in consultation with the Borrower, will have the right to make Benchmark Replacement Conforming Changes from time to time and, notwithstanding anything to the contrary herein or in any other Loan Document, any amendments implementing such Benchmark Replacement Conforming Changes will become effective without any further action or consent of any other party to this Agreement.

(d) The Administrative Agent will promptly notify the Borrower and the Lenders of (i) any occurrence of a Benchmark Transition Event or an Early Opt-in Election, as applicable, (ii) the implementation of any Benchmark Replacement, (iii) the effectiveness of any Benchmark Replacement Conforming Changes and (iv) the commencement or conclusion of any Benchmark Unavailability Period. Any determination, decision or election that may be made by the Administrative Agent or Lenders pursuant to this Section 2.11, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action, will be conclusive and binding absent manifest error and may be made in its or their sole discretion and without consent from any other party hereto, except, in each case, as expressly required pursuant to this Section 2.11.

(e) Upon the Borrower’s receipt of notice of the commencement of a Benchmark Unavailability Period, (i) any Interest Election Request that requests the conversion of any Borrowing to, or continuation of any Borrowing as, a Eurodollar Borrowing shall be ineffective, and (ii) if any Borrowing Request requests a Eurodollar Borrowing, such Borrowing shall be made as an ABR Borrowing in Dollars.

SECTION 2.12. Increased Costs; Illegality. (a) If any Change in Law shall:

(i) impose, modify or deem applicable any reserve, special deposit, compulsory loan, insurance charge or similar requirement against assets of, deposits with or for the account of, or credit extended by, any Lender (except any such reserve requirement reflected in the Adjusted LIBO Rate);

(ii) impose on any Lender or the London interbank market any other condition, cost or expense affecting this Agreement or Eurodollar Loans made by such Lender; or

(iii) subject any Lender to any Tax (except for (1) Indemnified Taxes, (2) Taxes described in clauses (ii) through (iv) of the definition of Excluded Taxes and (3) Taxes imposed, as a result of a present or former connection between the Lender and the jurisdiction imposing such Taxes (other than a connection arising from such Lender having executed, delivered or performed its obligations under, or enforced, this Agreement or any other Loan Document), on gross or net income, profits or revenue (including value-added or similar Taxes)) on its loans, loan principal, letters of credit, commitments, or other obligations, or its deposits, reserves, other liabilities or capital attributable thereto;

and the result of any of the foregoing shall be to increase the cost to such Lender of making or maintaining any Eurodollar Loan (or, in the case of (iii), any Loans) or of making, converting into, continuing or maintaining its obligation to make any such Loan, or to reduce the amount of any sum received or receivable by such Lender (whether of principal, interest or otherwise), then the Borrower will pay to such Lender such additional amount or amounts as will compensate such Lender for such additional costs incurred or reduction suffered.
(b) If any Lender or Issuing Bank determines that any Change in Law regarding capital or liquidity requirements has or would have the effect of reducing the rate of return on such Lender’s capital or on the capital of such Lender’s holding company, if any, as a consequence of this Agreement, the Loans made by such Lender or the Letters of Credit issued by the Issuing Banks to a level below that which such Lender or such Lender’s holding company could have achieved but for such Change in Law (taking into consideration such Lender’s policies and the policies of such Lender’s holding company with respect to capital adequacy or liquidity ratios), then from time to time the Borrower will pay to such Lender such additional amount or amounts as will compensate such Lender or such Lender’s holding company for any such reduction suffered.

(c) If by reason of any change in a Requirement of Law subsequent to the Effective Date, disruption of currency or foreign exchange markets, war or civil disturbance or similar event, the funding of any Foreign Currency Loan in any currency or the funding of any Foreign Currency Loan in any currency to an office located other than in New York shall be impossible or such currency is no longer available or readily convertible to Dollars, or the Dollar Equivalent of such currency is no longer readily calculable, then, at the election of the Administrative Agent, no Foreign Currency Loans in the relevant currency shall be made or anyForeign Currency Loan in the relevant currency shall be made to an office of the Administrative Agent located in New York, as the case may be.

(d) (i) If payment in respect of any Foreign Currency Loan shall be due in a currency other than Dollars and/or at a place of payment other than New York and if, by reason of any change in a Requirement of Law subsequent to the Effective Date, disruption of currency or foreign exchange markets, war or civil disturbance or similar event, payment of such Obligations in such currency or such place of payment shall be impossible or, in the reasonable judgment of the Administrative Agent, such currency is no longer available or readily convertible to Dollars, or the Dollar Equivalent of such currency is no longer readily calculable, then, at the election of any affected Lender, the Borrower shall make payment of such Loan in Dollars (based upon the Exchange Rate in effect for the day on which such payment occurs, as determined by the Administrative Agent in accordance with the terms hereof) and/or in New York or (ii) if any Foreign Currency in which Loans are outstanding is redenominated then, at the election of any affected Lender, such affected Loan and all obligations of the applicable Borrower in respect thereof shall be converted into obligations in Dollars (based upon the Exchange Rate in effect on such date, as determined by the Administrative Agent in accordance with the terms hereof), and, in each case, the Borrower shall indemnify the Lenders, against any currency exchange losses or reasonable out-of-pocket expenses that it shall sustain as a result of such alternative payment.

(e) A certificate of a Lender setting forth the amount or amounts necessary to compensate such Lender or its holding company, as the case may be, as specified in paragraph (a) or (b) of this Section, setting forth in reasonable detail the calculations upon which such Lender determined such amount and the effective date of the relevant Change in Law, shall be delivered to the Borrower and shall be conclusive absent manifest error. The Borrower shall pay such Lender the amount shown as due on any such certificate within fifteen (15) days after receipt thereof.

(f) Failure or delay on the part of any Lender to demand compensation pursuant to this Section shall not constitute a waiver of such Lender’s right to demand such compensation; provided that the Borrower shall not be required to compensate a Lender pursuant to this Section for any increased costs or reductions incurred more than three (3) months prior to the date that such Lender notifies the Borrower of the Change of Law giving rise to such increased costs or reductions and of such Lender’s intention to claim compensation therefor; provided further that, if the Change in Law giving rise to such increased costs or reductions is retroactive, then the three (3) month period referred to above shall be extended to include the period of retroactive effect thereof.

33
(g) If any Change in Law shall make it unlawful for any Lender to make or maintain Eurodollar Loans, (i) the commitment of such Lender hereunder to make Eurodollar Loans, continue Eurodollar Loans as such and convert ABR Loans to Eurodollar Loans shall forthwith be suspended until such time as it shall no longer be unlawful for such Lender to make or maintain Eurodollar Loans and (ii) such Lender’s Loans then outstanding as Eurodollar Loans, if any, shall be converted automatically to ABR Loans in Dollars on the respective last days of the then current Interest Periods with respect to such Loans or within such earlier period as required by law. If any such conversion of a Eurodollar Loan occurs on a day which is not the last day of the then current Interest Period with respect thereto, the Borrower shall pay to such Lender such amounts, if any, as may be required pursuant to Section 2.13.

SECTION 2.13. **Break Funding Payments.** In the event of (a) the payment of any principal of any Eurodollar Loan other than on the last day of an Interest Period applicable thereto (including as a result of any prepayment under Section 2.08 hereof or an Event of Default), (b) the conversion of any Eurodollar Loan other than on the last day of the Interest Period applicable thereto, (c) the failure to borrow, convert, continue or prepay any Loan on the date specified in any notice delivered pursuant thereto (regardless of whether such notice is permitted to be revocable under Section 2.08(e) and is revoked in accordance therewith), or (d) the assignment of any Eurodollar Loan other than on the last day of the Interest Period applicable thereto as a result of a request by the Borrower pursuant to Section 2.17, then, in any such event, the Borrower shall compensate each Lender for the loss, cost and expense attributable to such event. In the case of a Eurodollar Loan, the loss to any Lender attributable to any such event shall be deemed to include an amount determined by such Lender to be equal to the excess, if any, of (i) the amount of interest that such Lender would pay for a deposit equal to the principal amount of such Loan for the period from the date of such payment, conversion, failure or assignment to the last day of the then current Interest Period for such Loan (or, in the case of a failure to borrow, convert or continue, the duration of the Interest Period that would have resulted from such borrowing, conversion or continuation) if the interest rate payable on such deposit were equal to the Adjusted LIBO Rate for such Interest Period, over (ii) the amount of interest that such Lender would earn on such principal amount for such period if such Lender were to invest such principal amount for such period at the interest rate that would be bid by such Lender (or an Affiliate of such Lender) for dollar deposits from other banks in the eurodollar market at the commencement of such period. A certificate of any Lender setting forth any amount or amounts that such Lender is entitled to receive pursuant to this Section shall be delivered to the Borrower, setting forth in reasonable detail the calculations upon which such Lender determined such amount, and shall be conclusive absent manifest error. The Borrower shall pay such Lender the amount shown as due on any such certificate within fifteen (15) days after receipt thereof.

SECTION 2.14. **Taxes.** (a) All payments made by the Loan Parties under this Agreement shall (except as required by applicable law) be made free and clear of, and without deduction or withholding for or on account of, any Taxes imposed, levied, collected, withheld or assessed by any Governmental Authority. If any Taxes are required to be deducted or withheld from any amounts payable to the Administrative Agent or any Lender, as determined in good faith by the applicable Withholding Agent, (i) such amounts shall be paid to the relevant Governmental Authority in accordance with applicable law and (ii) if such deducted or withheld Taxes are Indemnified Taxes, the amounts so payable by the applicable Loan Party to the Administrative Agent or such Lender, as the case may be, shall be increased to the extent necessary to yield to the Administrative Agent or such Lender, as the case may be, (after payment of all Indemnified Taxes) interest or any such other amounts payable hereunder at the rates or in the amounts specified in this Agreement as if such withholding or deduction had not been made.
(b) The Loan Parties shall timely pay any Other Taxes to the relevant Governmental Authority in accordance with applicable law.

(c) Whenever any Indemnified Taxes are payable by the Loan Parties pursuant to paragraph (a) of this Section, as promptly as possible thereafter the applicable Loan Party shall pay such Indemnified Taxes and shall send to the Administrative Agent for its own account or for the account of the relevant Lender, as the case may be, a certified copy of an original official receipt, to the extent reasonably available, received by the applicable Loan Party showing payment thereof. If (i) the applicable Loan Party fails to pay any Indemnified Taxes when due to the appropriate taxing authority, (ii) the applicable Loan Party fails to remit to the Administrative Agent the required receipts or other required documentary evidence, or (iii) any Indemnified Taxes are imposed directly upon the Administrative Agent or any Lender, the applicable Loan Party shall indemnify the Administrative Agent and the Lenders for such amounts and any incremental taxes, interest or penalties that may become payable by the Administrative Agent or any Lender as a result (whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority). A certificate as to the amount of such payment or liability delivered to the Borrower by a Lender (with a copy to the Administrative Agent), or by the Administrative Agent on its own behalf or on behalf of a Lender, shall be conclusive absent manifest error.

(d) Each Lender shall severally indemnify the Administrative Agent within 10 days after demand therefor, for the full amount of any Taxes attributable to such Lender that are payable or paid by the Administrative Agent, and reasonable expenses arising therefrom or with respect thereto, but only to the extent that the applicable Loan Party has not already indemnified the Administrative Agent for such Taxes and without limiting the obligation of the Loan Parties under this Section 2.14 to do so, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by the Administrative Agent to the Lender from any other source against any amount due to the Administrative Agent under this paragraph (d).

(e) As soon as practicable after any payment of Taxes by a Loan Party to a Governmental Authority pursuant to this Section 2.14, such Loan Party shall deliver to the Administrative Agent the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to the Administrative Agent.

(f) (i) Any Lender that is entitled to an exemption from or reduction of withholding tax with respect to payments made under any Loan Document shall deliver to the Borrower (with a copy to the Administrative Agent), at the time or times prescribed by applicable law or reasonably requested by the Borrower or the Administrative Agent (or, if earlier, the date such Lender becomes a party to this Agreement), such properly completed and executed documentation prescribed by applicable law as will permit such payments to be made without withholding or at a reduced rate. In addition, any Lender, if reasonably requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by applicable law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative Agent to determine whether or not such Lender is subject to backup withholding or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in Sections 2.14(f)(ii)(A), (ii)(B) and (ii)(D) below) shall not be required if in the Lender’s reasonable judgment (A) the failure to complete, execute or submit such documentation would not render the terms of this Agreement unenforceable by law and (B) such completion, execution or submission would subject such Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender.
(ii) Without limiting the generality of the foregoing,

(A) Each Lender that is a “United States person” as defined in Section 7701(a)(30) of the Code shall deliver to the Borrower and the Administrative Agent on or before the date on which it becomes a party to this Agreement two (2) properly completed and duly signed copies of U.S. Internal Revenue Service Form W-9 (or any successor form) certifying that such Lender is exempt from U.S. federal withholding tax.

(B) Each Lender that is not a “United States person” as defined in Section 7701(a)(30) of the Code (a “Non-U.S. Lender”) shall deliver to the Borrower and the Administrative Agent whichever of the following is applicable:

(2) in the case of a Non-U.S. Lender claiming benefits of an income tax treaty to which the United States is a party (x) with respect to payments of interest under any Loan Document, executed copies of IRS Form W-8BEN or W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the “interest” article of such tax treaty and (y) with respect to any other applicable payments under any Loan Document, IRS Form W-8BEN or W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the “business profits” or “other income” article of such tax treaty;

(3) executed copies of IRS Form W-8ECI;

(4) in the case of a Non-U.S. Lender claiming exemption from U.S. federal withholding tax under Section 881(c) of the Code with respect to payments of “portfolio interest,” (x) a statement substantially in the form of Exhibit F-1 to the effect that such Non-U.S. Lender is not a “bank” within the meaning of Section 881(c)(3)(A) of the Code, a “10 percent shareholder” of any Loan Party within the meaning of Section 881(c)(3)(B) of the Code, or a “controlled foreign corporation” described in Section 881(c)(3)(C) of the Code (a “U.S. Tax Compliance Certificate”), and (y) executed copies of IRS Form W-8BEN or W-8BEN-E;

(5) to the extent a Non-U.S. Lender is not the beneficial owner, executed copies of IRS Form W-8IMY, accompanied by IRS Form W-8ECI, IRS Form W-8BEN-E or W-8BEN-E, a U.S. Tax Compliance Certificate substantially in the form of Exhibit F-2 or Exhibit F-3, IRS Form W-9, and/or other certification documents from each beneficial owner, as applicable; provided that if the Non-U.S. Lender is a partnership and one or more direct or indirect partners of such Non-U.S. Lender are claiming the portfolio interest exemption, such Non-U.S. Lender may provide a U.S. Tax Compliance Certificate substantially in the form of Exhibit F-4 on behalf of each such direct and indirect partner;

(C) any Non-U.S. Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) executed copies of any other form prescribed by applicable requirements of U.S. federal income tax law as a basis for claiming exemption from or a reduction in U.S. federal withholding tax duly completed together with such supplementary documentation as may be prescribed by applicable requirements of law to permit the Borrower and the Administrative Agent to determine the withholding or deduction required to be made.
(D) If a payment made to a Lender under any Loan Document would be subject to U.S. federal withholding Tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent, at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent, such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower and the Administrative Agent to comply with their obligations under FATCA, to determine that such Lender has or has not complied with such Lender’s obligations under FATCA or to determine the amount to deduct and withhold from such payment. Solely for purposes of this Section 2.14(f)(ii)(D), “FATCA” shall include any amendments made to FATCA after the date of this Agreement.

All forms described in this Section 2.14(f) shall be delivered by each Lender on or before the date it becomes a party to this Agreement and from time to time thereafter upon the request of the Borrower or the Administrative Agent. In addition, each Lender shall deliver such forms promptly upon the obsolescence or invalidity of any form previously delivered by such Lender. Each Lender shall promptly notify the Borrower and the Administrative Agent at any time it determines that it is no longer in a position to provide any previously delivered certificate to the Borrower (or any other form of certification adopted by the U.S. tax authority for such purpose). Notwithstanding any other provision of this Section 2.14(f), a Lender shall not be required to deliver any form pursuant to this Section that such Lender is not legally able to deliver.

(g) The agreements in this Section shall survive the termination of this Agreement and the payment of the Loans and all other amounts payable hereunder.

SECTION 2.15. Payments Generally; Pro Rata Treatment; Sharing of Set-offs. (a) The Borrower shall make each payment required to be made by it hereunder (whether of principal, interest or fees, or under Sections 2.12, 2.13 or 2.14, or otherwise) prior to 12:00 noon, Local Time, on the date when due, in immediately available funds, without set-off or counterclaim. Any amounts received after such time on any date may, in the discretion of the Administrative Agent, be deemed to have been received on the next succeeding Business Day for purposes of calculating interest thereon. All such payments shall be made to the Administrative Agent at its offices at 270 Park Avenue, New York, New York (or such other address designated by the Administrative Agent to Borrower pursuant to Section 10.02) and except that payments pursuant to Sections 2.12, 2.13, 2.14 and 10.05 shall be made directly to the Persons entitled thereto. The Administrative Agent shall distribute any such payments received by it for the account of any other Person to the appropriate recipient promptly following receipt thereof. If any payment hereunder shall be due on a day that is not a Business Day, the date for payment shall be extended to the next succeeding Business Day, and, in the case of any payment accruing interest, interest thereon shall be payable for the period of such extension. All payments hereunder shall be made in the currencies specified hereunder.

(b) If at any time insufficient funds are received by and available to the Administrative Agent to pay fully all amounts of principal, interest and fees then due hereunder, such funds shall be applied (i) first, to pay interest and fees then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of interest and fees then due to such parties, and (ii) second, to pay principal then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of principal then due to such parties.
(c) If any Lender shall, by exercising any right of set-off or counterclaim or otherwise, obtain payment in respect of any principal of or interest on any of its Loans resulting in such Lender receiving payment of a greater proportion of the aggregate amount of its Loans and accrued interest thereon than the proportion received by any other Lender, then the Lender receiving such greater proportion shall purchase (for cash at face value) participations in the Loans of other Lenders to the extent necessary so that the benefit of all such payments shall be shared by the Lenders ratably in accordance with the aggregate amount of principal of and accrued interest on their respective Loans; provided that (i) if any such participations are purchased and all or any portion of the payment giving rise thereto is recovered, such participations shall be rescinded and the purchase price restored to the extent of such recovery, without interest, and (ii) the provisions of this paragraph (c) shall not be construed to apply to any payment made by the Borrower pursuant to and in accordance with the express terms of this Agreement or any payment obtained by a Lender as consideration for the assignment of or sale of a participation in any of its Loans, other than to the Borrower or any Subsidiary or Affiliate thereof (as to which the provisions of this paragraph (c) shall apply). The Borrower consents to the foregoing and agrees, to the extent it may effectively do so under applicable law, that any Lender acquiring a participation pursuant to the foregoing arrangements may exercise against the Borrower rights of set-off and counterclaim with respect to such participation as fully as if such Lender were a direct creditor of the Borrower in the amount of such participation.

(d) Unless the Administrative Agent shall have received notice from the Borrower prior to the date on which any payment is due to the Administrative Agent for the account of the Lenders hereunder that the Borrower will not make such payment, the Administrative Agent may assume that the Borrower has made such payment on such date in accordance herewith and may, in reliance upon such assumption, distribute to the Lenders the amount due. In such event, if the Borrower has not in fact made such payment, then each of the Lenders severally agrees to repay to the Administrative Agent forthwith on demand the amount so distributed to such Lender with interest thereon, for each day from and including the date such amount is distributed to it to but excluding the date of payment to the Administrative Agent, at the greater of the New York Fed Bank Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation.

(e) If any Lender shall fail to make any payment required to be made by it pursuant to Section 2.04(b), 2.15(d) or 3.04(a), then the Administrative Agent may, in its discretion (notwithstanding any contrary provision hereof), apply any amounts thereafter received by the Administrative Agent for the account of such Lender or the relevant Issuing Bank to satisfy such Lender’s or Issuing Bank’s obligations under such Sections until all such unsatisfied obligations are fully paid.

SECTION 2.16. Defaulting Lenders. Notwithstanding any provision of this Agreement to the contrary, if any Lender becomes a Defaulting Lender, the Administrative Agent shall deliver written notice to such effect, upon the Administrative Agent’s obtaining knowledge of such event, to the Borrower and such Defaulting Lender, and the following provisions shall apply for so long as such Lender is a Defaulting Lender:

(a) fees shall cease to accrue on the undrawn portion of the Commitment of such Defaulting Lender pursuant to Section 2.09(a).

(b) the Commitment and Aggregate Exposure of such Defaulting Lender shall not be included in determining whether all Lenders or the Required Lenders have taken or may take any action hereunder (including any consent to any amendment or waiver pursuant to Section 10.01), provided that any waiver, amendment or modification requiring the consent of all Lenders or each affected Lender which would increase or extend the term of the Commitment of a Defaulting Lender, extend the date fixed for payment of principal or interest owing to a Defaulting Lender, reduce the amount of or the rate
or amount of interest on any amount owing to a Defaulting Lender or of any fee payable to a Defaulting Lender (except as otherwise provided in this Section 2.16) or alter the terms and conditions of this sentence or affect such Defaulting Lender differently than other affected Lenders shall, in each case, require the consent of such Defaulting Lender.

(c) any amount payable to such Defaulting Lender hereunder (whether on account of principal, interest, fees or otherwise and including any amount that would otherwise be payable to such Defaulting Lender pursuant to Section 2.15(c) but excluding Section 2.17(b)) shall, in lieu of being distributed to such Defaulting Lender, subject to any applicable requirements of law, be applied (i) first, to the payment of any amounts owing by such Defaulting Lender to the Administrative Agent hereunder, (ii) second, to the funding of any Loan in respect of which such Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as determined by the Administrative Agent, and (iii) third, to such Defaulting Lender or as otherwise directed by a court of competent jurisdiction.

(d) if any L/C Exposure exists at the time such Lender becomes a Defaulting Lender then:

(i) all or any part of the L/C Exposure of such Defaulting Lender shall be reallocated among the non-Defaulting Lenders in accordance with their respective Aggregate Exposure Percentages but only to the extent (i) the sum of all non-Defaulting Lenders’ Loans and L/C Exposure then outstanding plus such Defaulting Lender’s L/C Exposure does not exceed the total of all non-Defaulting Lenders’ Commitments and (ii) that after giving effect to such reallocation, no non-Defaulting Lender’s Loans and L/C Exposure exceeds its Commitment;

(ii) if the reallocation described in clause (i) above cannot, or can only partially, be effected, the Borrower shall within one Business Day following notice by the Administrative Agent cash collateralize in Dollars (or, at the option of the Administrative Agent, in the applicable currency) for the benefit of the Issuing Banks only the Borrower’s obligations corresponding to such Defaulting Lender’s L/C Exposure (after giving effect to any partial reallocation pursuant to clause (i) above) (assuming for such calculation, in the case of cash collateralization in Dollars, that the Dollar Equivalent of such Defaulting Lender’s L/C Exposure with respect to Foreign Currency Letters of Credit is 115% of such amount) in accordance with the procedures set forth in Section 8 for so long as such L/C Exposure is outstanding;

(iii) if the Borrower cash collateralizes any portion of such Defaulting Lender’s L/C Exposure pursuant to clause (ii) above, the Borrower shall not be required to pay any fees to such Defaulting Lender pursuant to Section 3.03(a) with respect to such Defaulting Lender’s L/C Exposure during the period such Defaulting Lender’s L/C Exposure is cash collateralized;

(iv) if the L/C Exposure of the non-Defaulting Lenders is reallocated pursuant to clause (i) above, then the fees payable to the Lenders pursuant to Section 3.03(a) shall be adjusted in accordance with such non-Defaulting Lenders’ Aggregate Exposure Percentages; and
(v) if all or any portion of such Defaulting Lender’s L/C Exposure is neither reallocated nor cash collateralized pursuant to clause (i) or (ii) above, then, without prejudice to any rights or remedies of the Issuing Banks or any other Lender hereunder, all fees payable under Section 3.03(a) with respect to such Defaulting Lender’s L/C Exposure shall be payable to the Issuing Banks until and to the extent that such L/C Exposure is reallocated and/or cash collateralized; and

(c) so long as such Lender is a Defaulting Lender, the Issuing Banks shall not be required to issue, amend or increase any Letter of Credit, unless it is satisfied that the related exposure and the Defaulting Lender’s then outstanding L/C Exposure will be 100% covered by the Commitments of the non-Defaulting Lenders and/or cash collateral will be provided by the Borrower in accordance with Section 2.16(d), and participating interests in any newly issued or increased Letter of Credit shall be allocated among non-Defaulting Lenders in a manner consistent with Section 2.16(d)(i) (and such Defaulting Lender shall not participate therein).

In the event that the Administrative Agent and the Borrower each agrees that a Defaulting Lender has adequately remedied all matters that caused such Lender to be a Defaulting Lender or upon receipt by the Administrative Agent of the confirmation referred to in clause (c) of the definition of “Defaulting Lender”, as applicable, then on such date such Lender shall purchase at par such portion of the Loans of the other Lenders as the Administrative Agent shall determine may be necessary in order for such Lender to hold such Loans ratably in accordance with its respective Commitment.

For purposes of this Section 2.16, the term “Lender” includes the Issuing Banks.

SECTION 2.17. Mitigation Obligations; Replacement of Lenders. (a) If any Lender requests compensation under Section 2.12, or if the Borrower is required to pay any additional amount to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.14, then such Lender shall use reasonable efforts to designate a different lending office for funding or booking its Loans hereunder or to assign its rights and obligations hereunder to another of its offices, branches or affiliates, if, in the judgment of such Lender, such designation or assignment (i) would eliminate or reduce amounts payable pursuant to Sections 2.12 or 2.14, as the case may be, in the future, and (ii) would not subject such Lender to any unreimbursed costs or expenses and would not otherwise be disadvantageous to such Lender. To the extent reasonably possible, each Lender shall use reasonable efforts to designate a different lending office for funding or booking its Loans hereunder or to assign its rights and obligations hereunder to another of its offices, branches or affiliates, if, in the judgment of such Lender, such designation or assignment would avoid the unavailability of Eurodollar Loans under Section 2.11, so long as such designation is not disadvantageous to such Lender as determined by such Lender in its sole discretion. The Borrower hereby agrees to pay all reasonable costs and expenses incurred by any Lender in connection with any such designation or assignment.

(b) The Borrower shall, at its sole expense and effort, have the right, by giving at least fifteen (15) Business Days’ prior written notice (or, in the case of a Defaulting Lender, at least three (3) Business Days’ prior written notice) to the affected Lender and the Administrative Agent, at any time when no Default or Event of Default has occurred and is continuing, to require any Lender to assign all of its rights and obligations under the Loan Documents to one (1) or more Lenders (other than any Conduit Lender), or, with the approval of the Administrative Agent (which approval will not unreasonably be withheld, delayed or conditioned), to one (1) or more banks, financial institutions or other entities selected by the Borrower. Such assignment shall be substantially in the form of Exhibit E hereto or in such other form as may be agreed to by the parties thereto but, except in the case of an assignment by a Defaulting Lender in which case such form shall be as reasonably specified by the Administrative Agent) shall be on terms and conditions reasonably satisfactory to the affected Lender; provided that, no such assignment shall, unless otherwise specified, transfer any liability of a Defaulting Lender hereunder or release any
such liability. The Borrower shall remain liable to the affected Lender for any indemnification provided under Section 2.13 with respect to Loans of such Lender outstanding on the effective date of an assignment required under this Section 2.17(b), as well as for all other Obligations owed to such Lender under this Agreement as of such effective date.

SECTION 2.18. Commitment Increases. (a) The Borrower and any one or more Lenders (including New Lenders) may from time to time agree that such Lenders shall make, obtain or increase the amount of their Commitments, as applicable, by executing and delivering to the Administrative Agent an Increased Facility Activation Notice substantially in the form of Exhibit G-1 specifying (i) the amount of such increase, and (ii) the applicable Increased Facility Closing Date. Notwithstanding the foregoing, (i) without the consent of the Required Lenders, the aggregate amount of incremental Commitments obtained after the Closing Date pursuant to this paragraph shall not exceed $500,000,000 and (ii) without the consent of the Administrative Agent, each increase effected pursuant to this paragraph shall be in a minimum amount of at least $25,000,000. No Lender shall have any obligation to participate in any increase described in this paragraph unless it agrees to do so in its sole discretion. The Administrative Agent shall have received (i) a certificate, dated as such Increased Facility Closing Date and signed by the President, Chief Executive Officer, or a Financial Officer of the Borrower, stating that (a) the representations and warranties contained in Article IV hereof are true and correct on and as of such Increased Facility Closing Date, and (b) as of such Increased Facility Closing Date, no Default has occurred and is continuing, (ii) if reasonably requested by the Administrative Agent, duly executed resolutions of the Borrower authorizing the request for and the incurrence of such increase in the Commitments (to the extent not already authorized in a prior resolution which authorization remains in full force and effect) and (iii) if reasonably requested by the Administrative Agent, an opinion of counsel to the Borrower, dated as of the Increased Facility Closing Date, substantially in the form of the opinion delivered by the Borrower on the Closing Date.

(b) Any existing Lender increasing its Commitments shall execute an Increasing Lender Supplement (each, an “Increasing Lender Supplement”), substantially in the form of Exhibit G-2, whereupon such Lender’s Commitments shall be increased by the amount specified therein and any additional bank, financial institution or other entity which, with the consent of the Borrower, the Issuing Banks and the Administrative Agent (which consent shall not be unreasonably withheld), elects to become a “Lender” under this Agreement in connection with any transaction described in Section 2.18(a) shall execute a New Lender Supplement (each, a “New Lender Supplement”), substantially in the form of Exhibit G-2, whereupon such bank, financial institution or other entity (a “New Lender”) shall become a Lender for all purposes and to the same extent as if originally a party hereto and shall be bound by and entitled to the benefits of this Agreement.

(c) Unless otherwise agreed by the Administrative Agent, on each Increased Facility Closing Date the Borrower shall prepay all then outstanding Loans made to it, which prepayment shall be accompanied by payment of all accrued interest on the amount prepaid and any amounts payable pursuant to Section 2.12 or Section 2.13 in connection therewith, and, to the extent it determines to do so, reborrow Loans from all the Lenders (after giving effect to the new and/or increased Commitments becoming effective on such date). Any prepayment and reborrowing pursuant to the preceding sentence shall be effected, to the maximum extent practicable, through the netting of amounts payable between the Borrower and the respective Lenders.

(d) Notwithstanding anything to the contrary in this Agreement, each of the parties hereto hereby agrees that, on each Increased Facility Closing Date, this Agreement (and the Schedules and Exhibits hereto) shall be amended to the extent (but only to the extent) necessary to reflect the existence and terms of the increased Commitments evidenced thereby. Any such deemed amendment may be effected in writing by the Administrative Agent with the Borrower’s consent (not to be unreasonably withheld) and furnished to the other parties hereto.
SECTION 2.19. Extension of Maturity Date.

(a) The Borrower may, by notice to the Administrative Agent (who shall promptly notify the Lenders) not less than 30 Business Days prior to the Maturity Date or the initial Extended Maturity Date (the “Initial Extended Maturity Date”), request that each Lender extend such Lender’s Maturity Date for additional one year periods (each, an Extended Maturity Date” and the maturity date in effect prior to such extension, the “Existing Maturity Date”); provided that (i) no more than one such requests shall be made and (ii) in no event, after giving effect to such extension, shall the tenor exceed seven (7) years.

(b) Each Lender, in its sole discretion, shall advise the Administrative Agent whether or not such Lender agrees to such extension. If a Lender agrees to such extension (an “Extending Lender”), it shall notify the Administrative Agent, in writing, of its decision to do so within 15 Business Days of such notice. A Lender that determines not to so extend its Commitment shall so notify the Administrative Agent promptly after making such determination and is herein called a “Non-Extending Lender”. If a Lender does not give timely notice within such 15 Business Day period to the Administrative Agent of whether or not such Lender agrees to such extension, it shall be deemed to be a Non-Extending Lender; provided that any Non-Extending Lender may, with the consent of the Borrower and the Administrative Agent (such consent of the Administrative Agent not to be unreasonably withheld, conditioned or delayed), subsequently become an Extending Lender by notice to the Administrative Agent and the Borrower.

(c) The Administrative Agent shall notify the Borrower promptly of each Lender’s determination.

(d) The Borrower shall have the right on or before the applicable Extended Maturity Date, at its own expense, to require any Non-Extending Lender to transfer and assign without recourse (in accordance with and subject to the restrictions contained in Section 10.06) all its interests, rights and obligations under this Agreement to one or more banks or other financial institutions identified to the Non-Extending Lender, which may include any Lender (each an “Additional Lender”), provided that (x) if such Additional Lender is not already a Lender hereunder, such Additional Lender shall be subject to the approval of the Administrative Agent and the Borrower (such approvals not to be unreasonably withheld); (y) such assignment shall become effective as of a date specified by the Borrower; and (z) the Additional Lender shall pay to such Non-Extending Lender in immediately available funds on the effective date of such assignment the principal of, and interest accrued to the date of payment on, the Loans made by it hereunder and all other amounts accrued for its account or owed to the Non-Extending Lender hereunder.

(e) If (and only if) the total of the Commitments of the Lenders that have agreed so to extend their Maturity Date or their Initial Extended Maturity Date, as applicable, and the additional Commitments of the Additional Lenders shall be more than 50% of the aggregate amount of the Commitments in effect immediately prior to the applicable Extended Maturity Date, then, upon the Borrower’s election and prompt notification to the Administrative Agent, the Maturity Date or the Initial Extended Maturity Date, as applicable, of each Extending Lender and of each Additional Lender shall be extended to the date falling 364 days after the Existing Maturity Date (except that, if such date is not a Business Day, such Maturity Date as so extended shall be the immediately preceding Business Day) and each Additional Lender shall thereupon become a “Lender” for all purposes of this Agreement. In the event of any such extension, the Commitment of each Non-Extending Lender that has not been replaced
as provided in Section 2.19(d) shall terminate on the Maturity Date in effect prior to any such extension and the outstanding principal balance of all Loans and other amounts payable hereunder to such Non-Extending Lender shall become due and payable on such Maturity Date and the total Commitments of the Lenders hereunder shall be reduced by the Commitments of the Non-Extending Lenders so terminated on such Maturity Date.

(f) Notwithstanding the foregoing, the extension of the Maturity Date or the Initial Extended Maturity Date, as applicable, pursuant to this Section shall not be effective with respect to any Lender unless (i) no Default or Event of Default has occurred and is continuing on the applicable Extended Maturity Date after giving effect to such extension; and (ii) the representations and warranties of the Borrower set forth in Article IV shall be true and correct in all material respects on and as of the applicable Extended Maturity Date as though made on and as of such date (or, if any such representation or warranty is expressly stated to have been made as of a specific date, true and correct in all material respects as of such specific date and, for purposes of this Section 2.19, the representations and warranties contained in Section 4.04 shall be deemed to refer to the most recent statements delivered pursuant to clauses (a) and (b), respectively, of Section 6.01) (provided, that such materiality qualifier shall not be applicable to any representation or warranty that already is qualified or modified by materiality in the text thereof). As a condition precedent to each such extension, the Borrower shall deliver to the Administrative Agent a certificate of the Borrower dated as of the date of such extension and signed by a Financial Officer of the Borrower certifying as to compliance with this Section 2.19(f).

ARTICLE III
LETTERS OF CREDIT

SECTION 3.01. L/C Commitment. (a) Subject to the terms and conditions hereof, the Issuing Banks, in reliance on the agreements of the other Lenders set forth in Section 3.04(a), agrees to issue standby letters of credit ("Letters of Credit") for the account of the Borrower or any of its Subsidiaries on any Business Day during the Availability Period; provided that the Issuing Banks shall have no obligation to issue any Letter of Credit if, after giving effect to such issuance, (i) the L/C Obligations (including the Dollar Equivalent of such Lender’s Foreign Currency Letters of Credit) owing to the relevant Issuing Bank would exceed such Issuing Bank’s Individual L/C Sublimit, (ii) the sum of the L/C Obligations owing to the Issuing Banks would exceed the L/C Sublimit or (iii) the sum of the total Credit Exposures would exceed the total Commitments. Each Letter of Credit shall (i) be denominated in Dollars, Euro or Pounds Sterling and (ii) expire no later than the earlier of (x) the first anniversary of its date of issuance and (y) the date that is five Business Days prior to the Maturity Date; provided that any Letter of Credit with a one-year term may provide for the renewal thereof for additional one-year periods (which shall in no event extend beyond the date referred to in clause (y) above); provided, further, that any Letter of Credit may, upon the request of the Borrower and without the consent of any other Issuing Bank or Lender, include a provision whereby such Letter of Credit shall be renewed automatically for additional consecutive periods of one year or less (but not beyond the date that is five Business Days prior to the Maturity Date) unless and until the applicable Issuing Bank notifies the beneficiary thereof in writing within the time period specified in such Letter of Credit or, if no such time period is specified, at least 30 days prior to the then-applicable expiration date, that such Letter of Credit will not be renewed.

(b) No Issuing Bank shall at any time be obligated to issue any Letter of Credit if such issuance would violate, or cause such Issuing Bank or any relevant L/C Participant to exceed any limits imposed by, any applicable Requirement of Law.
SECTION 3.02. Procedure for Issuance of Letter of Credit. The Borrower may from time to time request that an Issuing Bank issue a Letter of Credit (or any amendment, renewal or extension of an outstanding Letter of Credit) by delivering to such Issuing Bank and the Administrative Agent at their respective addresses for notices specified herein an Application therefor, completed to the satisfaction of such Issuing Bank, and such other certificates, documents and other papers and information as such Issuing Bank may request. Upon receipt of any Application, such Issuing Bank will process such Application and shall promptly issue the Letter of Credit requested thereby (but in no event shall such Issuing Bank be required to issue any Letter of Credit earlier than three Business Days after its receipt of the Application) by issuing the original of such Letter of Credit to the beneficiary thereof or as otherwise may be agreed to by such Issuing Bank and the Borrower. Such Issuing Bank shall furnish a copy of such Letter of Credit to the Borrower promptly following the issuance thereof. Such Issuing Bank shall promptly furnish to the Administrative Agent, which shall in turn promptly furnish to the Lenders, notice of the issuance of each Letter of Credit (including the amount thereof).

SECTION 3.03. Fees and Other Charges. (a) The Borrower will pay a fee on all outstanding Letters of Credit at a per annum rate equal to the Applicable Rate then in effect with respect to Eurodollar Loans hereunder, shared ratably among the Lenders and payable quarterly in arrears in the currency such Letter of Credit was issued in on each Fee Payment Date after the issuance date. In addition, the Borrower shall pay to the relevant Issuing Bank for its own account a fronting fee of 0.125% per annum on the undrawn and unexpired amount of each Letter of Credit, payable quarterly in arrears in Dollars on each Fee Payment Date after the issuance date.

(b) In addition to the foregoing fees, the Borrower shall pay the Issuing Bank’s standard fees with respect to the issuing, amendment, renewal or extension of any Letter of Credit.

SECTION 3.04. L/C Participations. (a) The Issuing Banks irrevocably agree to grant and hereby grant to each L/C Participant, and, to induce the Issuing Banks to issue Letters of Credit, each L/C Participant irrevocably agrees to accept and purchase and hereby accepts and purchases from the Issuing Banks, on the terms and conditions set forth below, for such L/C Participant’s own account and risk an undivided interest equal to such L/C Participant’s Aggregate Exposure Percentage in the Issuing Banks’ obligations and rights under and in respect of each Letter of Credit and the amount of each draft paid by an Issuing Bank thereunder. Each L/C Participant agrees with the Issuing Banks that, if a draft is paid under any Letter of Credit for which an Issuing Bank is not reimbursed in full by the Borrower in accordance with the terms of this Agreement (or in the event that any reimbursement received by an Issuing Bank shall be required to be returned by it at any time), such L/C Participant shall pay to the relevant Issuing Bank upon demand at the relevant Issuing Bank’s address for notices specified herein an amount equal to such L/C Participant’s Aggregate Exposure Percentage of the amount that is not so reimbursed (or is so returned). Each L/C Participant’s obligation to pay such amount shall be absolute and unconditional and shall not be affected by any circumstance, including (i) any setoff, counterclaim, recoupment, defense or other right that such L/C Participant may have against the Issuing Banks, the Borrower or any other Person for any reason whatsoever, (ii) the occurrence or continuance of a Default or an Event of Default or the failure to satisfy any of the other conditions specified in Article 5, (iii) any adverse change in the condition (financial or otherwise) of the Borrower, (iv) any breach of this Agreement or any other Loan Document by the Borrower, any other Loan Party or any other L/C Participant or (v) any other circumstance, happening or event whatsoever, whether or not similar to any of the foregoing.

(b) If any amount required to be paid by any L/C Participant to the Issuing Banks pursuant to Section 3.04(a) in respect of any unreimbursed portion of any payment made by the Issuing Banks under any Letter of Credit is paid to the Issuing Banks within three Business Days after the date such payment is due, such L/C Participant shall pay to the Issuing Banks on demand an amount equal to
the product of (i) such amount, times (ii) the New York Fed Bank Rate during the period from and including the date such payment is required to the date on which such payment is immediately available to the Issuing Banks, times (iii) a fraction the numerator of which is the number of days that elapse during such period and the denominator of which is 360. If any such amount required to be paid by any L/C Participant pursuant to Section 3.04(a) is not made available to the relevant Issuing Bank by such L/C Participant within three Business Days after the date such payment is due, the relevant Issuing Bank shall be entitled to recover from such L/C Participant, on demand, such amount with interest thereon calculated from such due date at the rate per annum applicable to ABR Loans hereunder. A certificate of the relevant Issuing Bank submitted to any L/C Participant with respect to any amounts owing under this Section shall be conclusive in the absence of manifest error.

(c) Whenever, at any time after the relevant Issuing Bank has made payment under any Letter of Credit and has received from any L/C Participant its pro rata share of such payment in accordance with Section 3.04(a), the relevant Issuing Bank receives any payment related to such Letter of Credit (whether directly from the Borrower or otherwise, including proceeds of collateral applied thereto by the relevant Issuing Bank), or any payment of interest on account thereof, the relevant Issuing Bank will distribute to such L/C Participant its pro rata share thereof (it being understood that any such distribution shall be in Dollars and the Issuing Bank shall convert any amounts received by it in a currency other than Dollars into the Dollar Equivalent thereof for purposes of such distribution); provided, however, that in the event that any such payment received by the relevant Issuing Bank shall be required to be returned by the relevant Issuing Bank, such L/C Participant shall return to the relevant Issuing Bank the portion thereof previously distributed by the relevant Issuing Bank to it.

SECTION 3.05. Reimbursement Obligation of the Borrower. If any draft is paid under any Letter of Credit, the Borrower shall reimburse the Issuing Banks by way of payment to the Administrative Agent for the amount of the draft so paid not later than the Business Day immediately following the day that the Borrower receives such notice. Each such payment shall be made to the Issuing Banks at its address for notices referred to herein in Dollars and in immediately available funds. Interest shall be payable on any such amounts from the date on which the relevant draft is paid until payment in full at the rate set forth in (x) until the Business Day next succeeding the date of the relevant notice, Section 2.10(a) and (y) thereafter, Section 2.10(c).

SECTION 3.06. Obligations Absolute. The Borrower’s obligations to repay amounts paid under any Letter of Credit shall be absolute, unconditional and irrevocable under any and all circumstances and irrespective of any setoff, counterclaim or defense to payment that the Borrower may have or have had against the Issuing Banks, any beneficiary of a Letter of Credit or any other Person. The Borrower also agrees with the Issuing Banks that the Issuing Banks shall not be responsible for, and the Borrower’s Reimbursement Obligations under Section 3.05 shall not be affected by, among other things, (a) any lack of validity or enforceability of any Letter of Credit or this Agreement, or any term or provision therein, (b) any draft or other document presented under a Letter of Credit proving to be invalid, fraudulent or forged in any respect or any statement therein being untrue or inaccurate in any respect, (c) payment by the Issuing Banks under a Letter of Credit against presentation of a draft or other document that does not comply with the terms of such Letter of Credit, or (d) any other event or circumstance whatsoever, whether or not similar to any of the foregoing, that might, but for the provisions of this Section, constitute a legal or equitable discharge of, or provide a right of setoff against, the Borrower’s obligations hereunder. The Issuing Banks shall not have any liability or responsibility by reason of or in connection with the issuance or transfer of any Letter of Credit or any payment or failure to make any payment thereunder (irrespective of any of the circumstances referred to in the preceding sentence), or any error, omission, interruption, loss or delay in transmission or delivery of any draft, notice or message or advice, however transmitted, in connection with any Letter of Credit (including any document required to make a drawing thereunder), any error in interpretation of technical terms or any consequence arising
from causes beyond the control of the Issuing Banks; provided that the foregoing shall not be construed to excuse the Issuing Banks from liability to the Borrower to the extent of any direct damages (as opposed to consequential damages, claims in respect of which are hereby waived by the Borrower to the extent permitted by applicable law) suffered by the Borrower that are caused by the Issuing Banks’ failure to exercise care when determining whether drafts and other documents presented under a Letter of Credit comply with the terms thereof. The parties hereto expressly agree that, in the absence of gross negligence or willful misconduct on the part of any Issuing Bank (as finally determined by a court of competent jurisdiction), such Issuing Bank shall be deemed to have exercised care in each such determination. In furtherance of the foregoing and without limiting the generality thereof, the parties agree that, with respect to documents presented which appear on their face to be in substantial compliance with the terms of a Letter of Credit, the applicable Issuing Bank may, in its sole discretion, either accept and make payment upon such documents without responsibility for further investigation, regardless of any notice or information to the contrary, or refuse to accept and make payment upon such documents if such documents are not in strict compliance with the terms of such Letter of Credit.

SECTION 3.07. Letter of Credit Payments. If any draft shall be presented for payment under any Letter of Credit, the relevant Issuing Bank shall promptly notify the Borrower of the date and amount thereof. The responsibility of the relevant Issuing Bank to the Borrower in connection with any draft presented for payment under any Letter of Credit shall, in addition to any payment obligation expressly provided for in such Letter of Credit, be limited to determining that the documents (including each draft) delivered under such Letter of Credit in connection with such presentment are in conformity with such Letter of Credit.

SECTION 3.08. Applications. To the extent that any provision of any Application related to any Letter of Credit is inconsistent with the provisions of this Agreement, the provisions of this Agreement shall apply.

SECTION 3.09. Cash Collateralization. If on any date the L/C Obligations (including the Dollar Equivalent of any L/C Obligations with respect to a Foreign Currency Letter of Credit) exceed the L/C Sublimit or the L/C Obligations (including the Dollar Equivalent of such Lender’s Foreign Currency Letters of Credit) owing to the relevant Issuing Bank would exceed such Issuing Bank’s Individual L/C Sublimit, then, in either case, the Borrower shall within three Business Days after notice thereof from the Administrative Agent deposit in a cash collateral account opened by the Administrative Agent an amount in Dollars (or, at the option of the Administrative Agent, in the applicable currency) equal to such excess (in the case of cash collateralization in Dollars of L/C Obligations with respect to any Foreign Currency Letter of Credit, 115% of such excess) plus accrued and unpaid interest thereon. Any cash collateral delivered by the Borrower to the Administrative Agent pursuant to this Section 3.09 shall be maintained by the Administrative Agent in an interest bearing account in the name of the Borrower.

SECTION 3.10. Currency Adjustments.

(a) Notwithstanding anything to the contrary contained in this Agreement, for purposes of calculating any fee in respect of any Letter of Credit in respect of any Business Day, the Administrative Agent shall convert the amount available to be drawn under any Letter of Credit denominated in a currency other than Dollars into an amount of Dollars based upon the Exchange Rate.

(b) Notwithstanding anything to the contrary contained in this Article III, prior to demanding any reimbursement from the L/C Participants pursuant to Section 3.04 in respect of any Letter of Credit denominated in a currency other than Dollars, the relevant Issuing Bank shall convert the Borrower’s obligations under Section 3.04 to reimburse the Issuing Lender in such currency into an obligation to reimburse the relevant Issuing Bank in Dollars. The Dollar amount of the reimbursement obligation of the Borrower and the L/C Participants shall be computed by the relevant Issuing Bank based upon the Exchange Rate in effect for the day on which such conversion occurs, as determined by the Administrative Agent in accordance with the terms hereof.
SECTION 3.11. Existing Letters of Credit. The Administrative Agent, the Lenders (including any Lender that issued any Existing Letter of Credit) and the Borrower agrees that, notwithstanding the provisions specified in the Existing Letters of Credit, effective as of the Effective Date, the Existing Letters of Credit shall be deemed to have been issued as of the Effective Date and deemed to be maintained under, and to be governed by the terms and conditions of, this Agreement as Letters of Credit as obligations of the Borrower.

ARTICLE IV
REPRESENTATIONS AND WARRANTIES

The Borrower represents and warrants to the Lenders that:

SECTION 4.01. Organization; Powers. The Borrower and each of the Significant Subsidiaries is duly organized, validly existing and in good standing under the laws of the jurisdiction of its organization, has all requisite power and authority to carry on its business as now conducted and, except where the failure to do so, individually or in the aggregate, would not reasonably be expected to result in a Material Adverse Effect, is qualified to do business in, and is in good standing in, every jurisdiction where such qualification is required.

SECTION 4.02. Authorization; Enforceability. The Transactions are within each Loan Party’s corporate or organizational powers and authority and have been duly authorized by all necessary corporate or organizational action. SECTION 4.03. Governmental Approvals; No Conflicts. The Transactions (a) do not require any consent or approval of, registration or filing with, or any other action by, any Governmental Authority, except as have been obtained or made and are in full force and effect, and except to the extent that the failure to obtain such consent or approval, or register, file, or take such action, would not, individually or in the aggregate, reasonably be expected to result in a Material Adverse Effect, (b) will not violate any applicable law or regulation or the charter, by-laws or other organizational documents of the Borrower, any Guarantor or any of the Significant Subsidiaries or any order of any Governmental Authority, except such violations of any law, regulation, or order, individually or in the aggregate, that would not reasonably be expected to result in a Material Adverse Effect, (c) will not violate or result in a default under any indenture, agreement or other instrument binding upon the Borrower, any Guarantor or any of the Significant Subsidiaries or their assets, or give rise to a right thereunder to require any payment to be made by the Borrower, any Guarantor or any of the Significant Subsidiaries, in each case (except in the case of any indenture or other agreement governing Material Indebtedness) which would, individually or in the aggregate with such other instances, reasonably be expected to result in a Material Adverse Effect, and (d) will not result in the creation or imposition of any Lien on any asset of the Borrower or any of the Significant Subsidiaries, other than any Liens permitted by Section 7.01.
SECTION 4.04. Financial Statements. The Borrower has heretofore furnished to the Lenders its consolidated balance sheet, and related consolidated statement of income, consolidated statement of cash flows and consolidated statement of changes in stockholders’ investment and comprehensive income, and the accompanying notes to such consolidated financial statements, as of and for the fiscal year ended May 31, 2019, reported on by Ernst & Young LLP, independent public accountants. Such financial statements, together with the accompanying notes to such financial statements, present fairly, in all material respects, the consolidated financial condition of the Borrower and its consolidated Subsidiaries as of such date and the results of operation and cash flows of the Borrower and its consolidated Subsidiaries for the year then ended, all in accordance with GAAP.

SECTION 4.05. Taxes. The Borrower and each of its Significant Subsidiaries has filed or caused to be filed all Tax returns and reports required to have been filed and has paid or caused to be paid all Taxes required to have been paid by it, except (a) Taxes that are being contested in good faith by appropriate proceedings and for which the Borrower or such Significant Subsidiary, as applicable, has set aside on its books adequate reserves or (b) to the extent that the failure to do so would not reasonably be expected to result in a Material Adverse Effect.

SECTION 4.06. Litigation and Environmental Matters. (a) There are no actions, suits or proceedings by or before any arbitrator or Governmental Authority pending against or, to the knowledge of any Financial Officer, threatened against the Borrower or any of its Significant Subsidiaries (i) that would reasonably be expected, individually or in the aggregate, to result in a Material Adverse Effect (other than the Disclosed Matters), or (ii) that purport to affect the legality, validity, or enforceability of this Agreement or the other Loan Documents or the transactions contemplated thereby.

(b) Except for the Disclosed Matters and except for any such matters that, individually or in the aggregate, would not reasonably be expected to result in a Material Adverse Effect, each of the Borrower and its Significant Subsidiaries (i) is in compliance with all applicable Environmental Laws and has obtained and maintained any permit, license, or other approval currently required under any applicable Environmental Law, (ii) is not subject to any Environmental Liability, and (iii) has not, to its knowledge, received notice of any claim with respect to any Environmental Liability or has knowledge of any event or circumstance that would reasonably be expected to give rise to such a claim.

(c) Since the date of this Agreement, there has been no change in the status of the Disclosed Matters that, individually or in the aggregate, has resulted in a Material Adverse Effect.

SECTION 4.07. Subsidiaries. Schedule 4.07 hereto contains an accurate list of all of the Significant Subsidiaries of the Borrower as of the Effective Date, setting forth their respective jurisdictions of incorporation and the percentage of their respective capital stock owned by the Borrower or other Subsidiaries. All of the issued and outstanding shares of capital stock of such Significant Subsidiaries have been duly authorized and issued and are fully paid and non-assessable.

SECTION 4.08. ERISA. No ERISA Event has occurred or is reasonably expected to occur that, either individually or when taken together with all other such ERISA Events for which liability is reasonably expected to occur, would reasonably be expected to result in a Material Adverse Effect. The present value of the aggregate benefit liabilities under each Single Employer Plan sponsored, maintained or contributed to by Borrower, or its ERISA Affiliates (determined as of the end of the most recent plan year on the basis of the actuarial assumptions specified for funding purposes in the most recent actuarial valuation for such Single Employer Plan), did not exceed the aggregate current value of the assets of such Single Employer Plan in an amount that could reasonably be likely to result in a Material Adverse Effect.
SECTION 4.09. Compliance with Laws and Agreements. Each of the Borrower and its Significant Subsidiaries is in compliance with all laws, regulations and orders of any Governmental Authority applicable to it or its Property and all indentures, agreements and other instruments binding upon it or its Property, except where the failure to so comply, individually or in the aggregate, would not reasonably be expected to result in a Material Adverse Effect. No Default has occurred and is continuing.

SECTION 4.10. Properties; Liens. The Borrower and each of the Significant Subsidiaries has good title to, or valid leasehold interests in, all its real and personal Property material to its business, except for any such defects that, individually or in the aggregate, would not reasonably be expected to result in a Material Adverse Effect, and none of such Property is subject to any Lien except as permitted by Section 7.01.

SECTION 4.11. Investment Company Status. Neither the Borrower nor any of its Significant Subsidiaries is an “investment company” as defined in, or subject to regulation under, the Investment Company Act of 1940.

SECTION 4.12. Anti-Corruption Laws and Sanctions. The Borrower has implemented and maintains in effect policies and procedures reasonably designed to achieve compliance in all material respects by the Borrower, its Subsidiaries and their respective directors, officers, employees and, to the extent acting on behalf of Borrower or its Subsidiaries, agents with applicable Anti-Corruption Laws and applicable Sanctions. None of (a) the Borrower, any Subsidiary or to the knowledge of the Borrower or such Subsidiary any of their respective directors, officers or employees, or (b) to the knowledge of the Borrower, any agent of the Borrower or any Subsidiary that will act in any capacity in connection with or benefit from the credit facility established hereby, is a Sanctioned Person. No Borrowing or Letter of Credit, or use of proceeds from either will be used, directly, or to the knowledge of the Borrower, indirectly, to (a) make any offer, payment or give anything else of value to any person in violation of applicable Anti-Corruption Laws or (b) finance or facilitate any activity which violates applicable Sanctions.

SECTION 4.13. Patriot Act Compliance. Each of the Borrower and its Significant Subsidiaries is in compliance with applicable provisions of the Patriot Act, except where the failure to so comply, individually or in the aggregate, would not reasonably be expected to result in a Material Adverse Effect.

ARTICLE V

(b) the Borrower fails to pay any interest on any Loan, Reimbursement Obligation or any fee or any other amount (other than an amount referred to in paragraph (a) of this Article VIII) payable under this Agreement, when and as the same shall become due and payable, and such failure shall continue unremedied for a period of five (5) Business Days;

(c) any representation or warranty made or deemed made by or on behalf of the Borrower or any Subsidiary in or in connection with this Agreement or any amendment or modification hereof, or in any certificate furnished pursuant to or in connection with this Agreement or any amendment or modification hereof, prove to have been incorrect in any material respect when made or deemed made;

(e) the Borrower fails to observe or perform any covenant, condition, or agreement contained in this Agreement (other than those specified in paragraphs (a), (b), (c), or (d) of this Article VIII), and such failure shall continue unremedied for a period of thirty (30) days after written notice thereof to the Borrower from the Administrative Agent or any Lender;
(f) the Borrower or any Significant Subsidiary fails to make any payment (whether of principal or interest and regardless of amount) in respect of any Material Indebtedness, when and as the same shall become due and payable, after giving effect to any applicable grace period;

(g) any event or condition occurs that results in any Material Indebtedness becoming due prior to its scheduled maturity or that enables or permits (with or without the giving of notice, the lapse of time, or both) the holder or holders of any Material Indebtedness or any trustee or agent on its or their behalf to cause any Material Indebtedness to become due, or to require the prepayment, repurchase, redemption, or defeasance thereof, prior to its scheduled maturity; provided that this paragraph (g) shall not apply to (i) secured Indebtedness that becomes due as a result of the voluntary sale or transfer of the Property or assets securing such Indebtedness and (ii) secured Indebtedness that becomes due in accordance with its terms as a result of the voluntary or involuntary sale, transfer, or disposition of the Property or assets securing such Indebtedness;

(h) an involuntary proceeding is commenced or an involuntary petition is filed seeking (i) liquidation, reorganization, or other relief in respect of the Borrower or any Significant Subsidiary or its debts, or of a substantial part of its assets, under any Federal, state, or foreign bankruptcy, insolvency, receivership, or similar law now or hereafter in effect, or (ii) the appointment of a receiver, trustee, custodian, sequestrator, conservator, or similar official for the Borrower or any Significant Subsidiary or for a substantial part of its assets, and, in any such case, such proceeding or petition shall continue undismissed for sixty (60) days or an order or decree approving or ordering any of the foregoing shall be entered;

(i) the Borrower or any Significant Subsidiary (i) voluntarily commences any proceeding or files any petition seeking liquidation, reorganization or other relief under any Federal, state or foreign bankruptcy, insolvency, receivership or similar law now or hereafter in effect, (ii) consents to the institution of, or fails to contest in a timely and appropriate manner, any proceeding or petition described in clause (h) of this Article VIII, (iii) applies for or consent to the appointment of a receiver, trustee, custodian, sequestrator, conservator or similar official for the Borrower or any Significant Subsidiary or for a substantial part of its assets, (iv) files an answer admitting the material allegations of a petition filed against it in any such proceeding, (v) makes a general assignment for the benefit of creditors, or (vi) takes any action for the purpose of effecting any of the foregoing:

(j) the Borrower or any Significant Subsidiary fails to pay, or admits in writing its inability to pay, its debts generally as they become due;

(k) the guarantee of any Significant Subsidiary contained in its respective Guarantee Agreement ceases, for any reason, to be in full force and effect or the Borrower or such Significant Subsidiary so asserts;

(l) the Borrower or any Significant Subsidiary fails within forty-five (45) days to pay, bond or otherwise discharge any judgment or order for the payment of money in excess of $200,000,000, which is not stayed on appeal or otherwise being appropriately contested in good faith;

(m) an ERISA Event has occurred that, when taken together with all other ERISA Events that have occurred, would reasonably be expected to result in a Material Adverse Effect; or

(n) a Change of Control occurs;
then, and in every such event (other than an event with respect to the Borrower described in paragraphs (h) or (i) of this Article VIII), and at any time thereafter during the continuance of such event, the Administrative Agent may, and at the request of the Required Lenders shall, by notice to the Borrower, take either or both of the following actions, at the same or different times: (i) terminate the Commitments, and thereupon the Commitments shall terminate immediately, and (ii) declare the Loans then outstanding to be due and payable in whole (or in part, in which case any principal not so declared to be due and payable may thereafter be declared to be due and payable), and thereupon the principal of the Loans so declared to be due and payable, together with accrued interest thereon and all fees and other obligations of the Borrower accrued hereunder (including all amounts of L/C Obligations, whether or not the beneficiaries of the then outstanding Letters of Credit shall have presented the documents required thereunder), shall become due and payable immediately, without presentment, demand, protest, or other notice of any kind, all of which are hereby waived by the Borrower; and in case of any event with respect to the Borrower described in paragraphs (h) or (i) of this Article VIII, the Commitments shall automatically terminate and the principal of the Loans then outstanding, together with accrued interest thereon and all fees and other obligations of the Borrower accrued hereunder (including all amounts of L/C Obligations, whether or not the beneficiaries of the then outstanding Letters of Credit shall have presented the documents required thereunder), shall automatically become due and payable, without presentment, demand, protest, or other notice of any kind, all of which are hereby waived by the Borrower.

With respect to all Letters of Credit with respect to which presentment for honor shall not have occurred at the time of an acceleration pursuant to this paragraph, the Borrower shall at such time deposit in a cash collateral account opened by the Administrative Agent an amount in Dollars (or, at the option of the Administrative Agent, in the applicable currency) equal to the aggregate then undrawn and unexpired amount of such Letters of Credit (in the case of cash collateralization in Dollars of any Foreign Currency Letters of Credit, 115% of such amount). Amounts held in such cash collateral account shall be maintained by the Administrative Agent in an interest bearing account in the name of the Borrower and shall be applied by the Administrative Agent to the payment of drafts drawn under such Letters of Credit, and the unused portion thereof after all such Letters of Credit shall have expired or been fully drawn upon, if any, shall be applied to repay other obligations of the Borrower hereunder and under the other Loan Documents. After all such Letters of Credit shall have expired or been fully drawn upon, all Reimbursement Obligations shall have been satisfied and all other obligations of the Borrower hereunder and under the other Loan Documents shall have been paid in full, the balance, if any, in such cash collateral account shall be returned to the Borrower (or such other Person as may be lawfully entitled thereto). Except as expressly provided above in this Section, presentment, demand, protest and all other notices of any kind are hereby expressly waived by the Borrower.

If, within fourteen (14) days after acceleration of the maturity of the Obligations or termination of the obligations of the Lenders to make Loans hereunder as a result of any Default (other than any Default as described in paragraphs (h) or (i) of this Article VIII) and before any judgment or decree for the payment of the Obligations due shall have been obtained or entered, the Required Lenders (in their sole discretion) shall so direct, the Administrative Agent shall, by notice to the Borrower, rescind and annul such acceleration and/or termination, provided that the Borrower certifies to the Lenders to their satisfaction that, upon giving effect to such rescission, no other Indebtedness of the Borrower shall be accelerated by virtue of a cross-default or cross-acceleration to Indebtedness under this Agreement.
ARTICLE IX
THE AGENTS

SECTION 9.01. Appointment. Each Lender hereby irrevocably designates and appoints the Administrative Agent as the agent of such Lender under this Agreement and the other Loan Documents, and each such Lender irrevocably authorizes the Administrative Agent, in such capacity, to take such action on its behalf under the provisions of this Agreement and the other Loan Documents and to exercise such powers and perform such duties as are expressly delegated to the Administrative Agent by the terms of this Agreement and the other Loan Documents, together with such other powers as are reasonably incidental thereto. Notwithstanding any provision to the contrary elsewhere in this Agreement, the Administrative Agent shall not have any duties or responsibilities, except those expressly set forth herein, or any fiduciary relationship with any Lender, and no implied covenants, functions, responsibilities, duties, obligations, or liabilities shall be read into this Agreement or any other Loan Document or otherwise exist against the Administrative Agent.

SECTION 9.02. Delegation of Duties. The Administrative Agent may execute any of its duties under this Agreement and the other Loan Documents by or through agents or attorneys-in-fact and shall be entitled to advice of counsel concerning all matters pertaining to such duties. The Administrative Agent shall not be responsible for the negligence or misconduct of any agents or attorneys-in-fact selected by it with reasonable care.

SECTION 9.03. Exculpatory Provisions. Neither any Agent nor any of their respective officers, directors, employees, agents, attorneys-in-fact, or Affiliates shall be (i) liable to any Lender for any action lawfully taken or omitted to be taken by it or such Person under or in connection with this Agreement or any other Loan Document (except to the extent that any of the foregoing are found by a final and non-appealable decision of a court of competent jurisdiction to have resulted from its or such Person’s own gross negligence or willful misconduct), or (ii) responsible in any manner to any of the Lenders for any recitals, statements, representations, or warranties made by any Loan Party or any officer thereof contained in this Agreement or any other Loan Document or in any certificate, report, statement, or other document referred to or provided for in, or received by the Agents under or in connection with, this Agreement or any other Loan Document or for the value, validity, effectiveness, genuineness, enforceability, or sufficiency of this Agreement or any other Loan Document or for any failure of any Loan Party that is a party thereto to perform its obligations hereunder or thereunder. The Agents shall not be under any obligation to any Lender to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Agreement or any other Loan Document, or to inspect the Properties, books or records of any Loan Party.

SECTION 9.04. Reliance by Administrative Agent. The Administrative Agent shall be entitled to rely, and shall be fully protected in relying, upon any instrument, writing, resolution, notice, consent, certificate, affidavit, letter, telecopy, telex, or teletype message, statement, order or other document or conversation believed by it to be genuine and correct and to have been signed, sent or made by the proper Person or Persons and upon advice and statements of legal counsel (including counsel to the Borrower), independent accountants and other experts selected by the Administrative Agent. The Administrative Agent may deem and treat the payee of any Note as the owner thereof for all purposes unless a written notice of assignment, negotiation or transfer thereof shall have been filed with the Administrative Agent. The Administrative Agent shall be fully justified in failing or refusing to take any action under this Agreement or any other Loan Document unless it shall first receive such advice or concurrence of the Required Lenders (or, if so specified by this Agreement, all Lenders) as it deems appropriate or it shall first be indemnified to its satisfaction by the Lenders against any and all liability and expense that may be incurred by it by reason of taking or continuing to take any such action. The
Administrative Agent shall in all cases be fully protected in acting, or in refraining from acting, under this Agreement and the other Loan Documents in accordance with a request of the Required Lenders (or, if so specified by this Agreement, all Lenders), and such request and any action taken or failure to act pursuant thereto shall be binding upon all the Lenders and all future holders of the Loans.

SECTION 9.05. Notice of Default. The Administrative Agent shall not be deemed to have knowledge or notice of the occurrence of any Default or Event of Default unless the Administrative Agent has received notice from a Lender or the Borrower referring to this Agreement, describing such Default or Event of Default and stating that such notice is a “notice of default”. In the event that the Administrative Agent receives such a notice, the Administrative Agent shall give notice thereof to the Lenders. The Administrative Agent shall take such action with respect to such Default or Event of Default as shall be reasonably directed by the Required Lenders (or, if so specified by this Agreement, all Lenders); provided that unless and until the Administrative Agent shall have received such directions, the Administrative Agent may (but shall not be obligated to) take such action, or refrain from taking such action, with respect to such Default or Event of Default as it shall deem advisable in the best interests of the Lenders.

SECTION 9.06. Non-Reliance on Agents and Other Lenders. Each Lender expressly acknowledges that neither the Agents nor any of their respective officers, directors, employees, agents, attorneys-in-fact, or Affiliates have made any representations or warranties to it and that no act by any Agent hereafter taken, including any review of the affairs of a Loan Party or any Affiliate of a Loan Party, shall be deemed to constitute any representation or warranty by any Agent to any Lender. Each Lender represents to the Agents that it has, independently and without reliance upon any Agent or any other Lender, and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, operations, Property, financial, and other condition and creditworthiness of the Loan Parties and their Affiliates and made its own decision to make its Loans hereunder and enter into this Agreement. Each Lender also represents that it will, independently and without reliance upon any Agent or any other Lender, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement and the other Loan Documents, and to make such investigation as it deems necessary to inform itself as to the business, operations, Property, financial, and other condition and creditworthiness of the Loan Parties and their Affiliates. Except for notices, reports and other documents expressly required to be furnished to the Lenders by the Administrative Agent hereunder, the Administrative Agent shall not have any duty or responsibility to provide any Lender with any credit or other information concerning the business, operations, Property, condition (financial or otherwise), prospects, or creditworthiness of any Loan Party or any Affiliate of a Loan Party that may come into the possession of the Administrative Agent or any of its officers, directors, employees, agents, attorneys-in-fact, or Affiliates.

SECTION 9.07. Indemnification. The Lenders agree to indemnify each Agent in its capacity as such (to the extent not reimbursed by the Borrower and without limiting the obligation of the Borrower to do so), ratably according to their respective Aggregate Exposure Percentages in effect on the date on which indemnification is sought under this Section 9.07 (or, if indemnification is sought after the date upon which the Commitments shall have terminated and the Loans shall have been paid in full, ratably in accordance with such Aggregate Exposure Percentages immediately prior to such date), from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses, or disbursements of any kind whatsoever that may at any time (whether before or after the payment of the Loans) be imposed on, incurred by or asserted against such Agent in any way relating to or arising out of, the Commitments, this Agreement, any of the other Loan Documents or any documents contemplated by or referred to herein or therein or the transactions contemplated hereby or thereby or any action taken or omitted by such Agent under or in connection with any of the foregoing; provided that no
Lender shall be liable for the payment of any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses, or disbursements that are found by a final and non-appealable decision of a court of competent jurisdiction to have resulted from such Agent’s gross negligence or willful misconduct. The agreements in this Section 9.07 shall survive the payment of the Loans and all other amounts payable hereunder. The respective obligations of the Lenders under this Agreement are several and not joint, and no Lender shall be responsible for the failure of any other Lender to satisfy its obligations hereunder.

SECTION 9.08. Agent in Its Individual Capacity. Each Agent and its Affiliates may make loans to, accept deposits from and generally engage in any kind of business with any Loan Party as though such Agent were not an Agent. With respect to its Loans made or renewed by it and with respect to any Letter of Credit issued or participated in by it, each Agent shall have the same rights and powers under this Agreement and the other Loan Documents as any Lender and may exercise the same as though it were not an Agent, and the terms “Lender” and “Lenders” shall include each Agent in its individual capacity.

SECTION 9.09. Successor Administrative Agent. (a) The Administrative Agent may resign as Administrative Agent upon ten (10) days’ notice to the Lenders and the Borrower. If the Administrative Agent shall resign as Administrative Agent under this Agreement and the other Loan Documents, then the Required Lenders shall appoint from among the Lenders a successor agent for the Lenders, which successor agent shall (unless an Event of Default under paragraph (a) of Article VIII or paragraph (i) of Article VIII with respect to the Borrower shall have occurred and be continuing) be subject to approval by the Borrower (which approval shall not be unreasonably withheld or delayed), whereupon such successor agent shall succeed to the rights, powers, and duties of the Administrative Agent, and the term “Administrative Agent” shall mean such successor agent effective upon such appointment and approval, and the former Administrative Agent’s rights, powers, and duties as Administrative Agent shall be terminated, without any other or further act or deed on the part of such former Administrative Agent or any of the parties to this Agreement or any holders of the Loans. If no successor agent has accepted appointment as Administrative Agent by the date that is thirty (30) days following a retiring Administrative Agent’s notice of resignation, the retiring Administrative Agent’s resignation shall nevertheless thereupon become effective, and the Lenders shall assume and perform all of the duties of the Administrative Agent hereunder until such time, if any, as the Required Lenders appoint a successor agent as provided for above. After any retiring Administrative Agent’s resignation as Administrative Agent, the provisions of this Article IX shall inure to its benefit as to any actions taken or omitted to be taken by it while it was Administrative Agent under this Agreement and the other Loan Documents.

(b) The Administrative Agent agrees that in the event it shall fail to fund its portion of any Borrowing within three (3) Business Days of the date on which it shall have been required to fund same, it shall cooperate in good faith with efforts by the Borrower to replace it with a successor administrative agent that is satisfactory to the Required Lenders and the Borrower (including resigning in connection with such replacement).

SECTION 9.10. Documentation Agents and Syndication Agent. None of the Documentation Agents or the Syndication Agent shall have any duties or responsibilities hereunder in its capacity as such.

(a) Each Lender (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent, and not, for the avoidance of doubt, to or for the benefit of the Borrower or any other Loan Party, that at least one of the following is and will be true:
(i) such Lender is not using “plan assets” (within the meaning of Section 3(42) of ERISA or otherwise) of one or more Benefit Plans with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments, or this Agreement,

(ii) the transaction exemption set forth in one or more PTEs, such as PTE 84-14 (a class exemption for certain transactions determined by independent qualified professional asset managers), PTE 95-60 (a class exemption for certain transactions involving insurance company general accounts), PTE 90-1 (a class exemption for certain transactions involving insurance company pooled separate accounts), PTE 91-38 (a class exemption for certain transactions involving bank collective investment funds) or PTE 96-23 (a class exemption for certain transactions determined by in-house asset managers), is applicable with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement,

(iii) (A) such Lender is an investment fund managed by a “Qualified Professional Asset Manager” (within the meaning of Part VI of PTE 84-14), (B) such Qualified Professional Asset Manager made the investment decision on behalf of such Lender to enter into, participate in, administer and perform the Loans, the Letters of Credit, the Commitments and this Agreement, (C) the entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement satisfies the requirements of sub-sections (b) through (g) of Part I of PTE 84-14 and (D) to the best knowledge of such Lender, the requirements of subsection (a) of Part I of PTE 84-14 are satisfied with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement, or

(iv) such other representation, warranty and covenant as may be agreed in writing between the Administrative Agent, in its sole discretion, and such Lender.

(b) In addition, unless sub-clause (i) in the immediately preceding clause (a) is true with respect to a Lender or such Lender has provided another representation, warranty and covenant in accordance with sub-clause (iv) in the immediately preceding clause (a), such Lender further (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of the Administrative Agent, and not, for the avoidance of doubt, to or for the benefit of the Borrower or any other Loan Party, that the Administrative Agent is not a fiduciary with respect to the assets of such Lender involved in such Lender’s entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement (including in connection with the reservation or exercise of any rights by the Administrative Agent under this Agreement, any Loan Document or any documents related hereto or thereto).
SECTION 10.01. Amendments and Waivers. (a) None of this Agreement, any other Loan Document, or any terms hereof or thereof may be amended, supplemented or modified except in accordance with the provisions of this Section 10.01. The Required Lenders and each Loan Party that is party to the relevant Loan Document may, or, with the written consent of the Required Lenders, the Administrative Agent and each Loan Party that is party to the relevant Loan Document may, from time to time, (a) enter into written amendments, supplements or modifications hereto and to the other Loan Documents for the purpose of adding, deleting or modifying any provisions to this Agreement or the other Loan Documents or changing in any manner the rights of the Lenders or of the Loan Parties hereunder or thereunder, or (b) waive, on such terms and conditions as the Required Lenders or the Administrative Agent, as the case may be, may specify in such instrument, any of the requirements of this Agreement or the other Loan Documents or any Default or Event of Default and its consequences; provided, however, that no such waiver and no such amendment, supplement or modification shall (i) forgive the principal amount or extend the final scheduled date of maturity of any Loan, reduce the stated rate of any interest or fee payable hereunder (except (x) in connection with the waiver of applicability of any post-default increase in interest rates (which waiver shall be effective with the consent of the Required Lenders), and (y) that any amendment or modification of defined terms used in the financial covenants in this Agreement shall not constitute a reduction in the rate of interest or fees for purposes of this clause (i)) or extend the scheduled date of any payment thereof, or increase the amount or extend the expiration date of any Lender’s Commitment, in each case without the written consent of each Lender directly affected thereby; (ii) eliminate or reduce the voting rights of any Lender under this Section 10.01 without the written consent of such Lender; (iii) reduce any percentage specified in the definition of Required Lenders, without the written consent of all Lenders (except for releases of Guarantors (other than any Specified Guarantor) in connection with any transaction otherwise expressly permitted to be consummated pursuant to this Agreement which releases, notwithstanding anything herein to the contrary, shall be governed by Section 10.14(d)); (iv) amend, modify or waive any provision of Section 2.15 without the written consent of the Lenders adversely affected thereby; (v) amend, modify or waive any provision of Article IX without the written consent of the Administrative Agent or (vi) amend, modify or waive any provision of Article III without the written consent of the Issuing Banks. Any such waiver and any such amendment, supplement or modification shall apply equally to each of the Lenders and shall be binding upon the Loan Parties, the Lenders, the Administrative Agent and all future holders of the Loans. In the case of any waiver, the Loan Parties, the Lenders and the Administrative Agent shall be restored to their former position and rights hereunder and under the other Loan Documents, and any Default or Event of Default waived shall be deemed to be cured and not continuing; but no such waiver shall extend to any subsequent or other Default or Event of Default, or impair any right consequent thereon.

(b) Notwithstanding the foregoing, this Agreement may be amended (or amended and restated) with the written consent of the Required Lenders, the Administrative Agent, and the Borrower (i) to add one (1) or more additional credit facilities to this Agreement and to permit the extensions of credit from time to time outstanding thereunder and the accrued interest and fees in respect thereof to share ratably in the benefits of this Agreement and the other Loan Documents with the Loans and extensions of credit and the accrued interest and fees in respect thereof, and (ii) to include appropriately the Lenders holding such credit facilities in any determination of the Required Lenders.

(c) Notwithstanding anything to the contrary in the foregoing, any provision of this Agreement may be amended by an agreement in writing entered into by the Borrower and the Administrative Agent to cure any ambiguity, omission, mistake, defect or inconsistency, it being agreed that the Administrative Agent shall provide the Lenders at least five Business Days’ prior written notice of such amendment, and any such amendment shall be deemed approved by the Lenders unless the Administrative Agent shall have received, within five Business Days of the date that a draft of such amendment is provided to the Lenders, a written notice from the Required Lenders stating that the Required Lenders object to such amendment.
SECTION 10.02. Notices. (a) All notices, requests and demands to or upon the respective parties hereto to be effective shall be in writing (including by electronic mail), and, unless otherwise expressly provided herein, shall be deemed to have been duly given or made when delivered, or three (3) Business Days after being deposited in the mail, postage prepaid, or, in the case of electronic mail notice, when received, addressed as follows in the case of the Borrower and the Administrative Agent, and as set forth in an administrative questionnaire delivered to the Administrative Agent in the case of the Lenders, or to such other address as may be hereafter notified in writing by the respective parties hereto:

provided that any notice, request or demand to or upon the Administrative Agent or the Lenders shall not be effective until received.

(b) Notices and other communications to the Lenders hereunder may be delivered or furnished by electronic communications pursuant to procedures approved by the Administrative Agent; provided that the foregoing shall not apply to notices pursuant to Article II unless otherwise agreed by the Administrative Agent and the applicable Lender. Each of the Administrative Agent or the Borrower may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it; provided that approval of such procedures may be limited to particular notices or communications.

SECTION 10.03. No Waiver; Cumulative Remedies. No failure to exercise and no delay in exercising, on the part of the Administrative Agent, Borrower, or any Lender, any right, remedy, power, or privilege hereunder or under the other Loan Documents shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power, or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power, or privilege. The rights, remedies, powers, and privileges herein provided are cumulative and not exclusive of any rights, remedies, powers, and privileges provided by law.

SECTION 10.04. Survival of Representations and Warranties. All representations and warranties made hereunder, in the other Loan Documents and in any document or certificate delivered pursuant hereto or in connection herewith shall survive the execution and delivery of this Agreement and the making of the Loans and other extensions of credit hereunder.

SECTION 10.05. Payment of Expenses and Taxes. The Borrower agrees (a) to pay or reimburse the Administrative Agent for all its reasonable out-of-pocket costs and expenses incurred in connection with the development, preparation and execution of, and any amendment, supplement or modification to, this Agreement and the other Loan Documents and any other documents prepared in connection herewith or therewith, and the consummation and administration of the transactions contemplated hereby and thereby, including the reasonable fees and disbursements of counsel to the Administrative Agent as separately agreed by the Administrative Agent and the Borrower, and filing and recording fees and expenses, with statements with respect to the foregoing to be submitted to the Borrower prior to the Effective Date (in the case of amounts to be paid on the Effective Date) and from time to time thereafter on a quarterly basis or such other periodic basis as the Administrative Agent shall deem appropriate, (b) to pay or reimburse each Lender, the Issuing Banks and the Administrative Agent for all its reasonable out-of-pocket costs and expenses incurred in connection with the enforcement or preservation of any rights under this Agreement, the other Loan Documents and any such other
documents, including the reasonable fees and disbursements of counsel to each Lender, the Issuing Banks and of counsel to the Administrative Agent, (c) to pay, indemnify, and hold each Lender, the Issuing Banks and the Administrative Agent harmless from, any and all recording and filing fees and any and all liabilities with respect to stamp, excise, and other taxes, if any, that are payable in connection with the execution and delivery of, or consummation or administration of any of the transactions contemplated by, or any amendment, supplement, or modification of, or any waiver or consent under or in respect of, this Agreement, the other Loan Documents and any such other documents, and (d) to pay, indemnify, and hold each Lender, the Issuing Banks and the Administrative Agent and their respective officers, directors, employees, affiliates, and agents (each, an “Indemnitee”) harmless from and against any and all other liabilities, losses, damages, penalties, actions, judgments, suits, costs, expenses, or disbursements of any kind or nature whatsoever with respect to the execution, delivery, enforcement, performance, and administration of this Agreement and the other Loan Documents, including any of the foregoing relating to the use of proceeds of the Loans or Letters of Credit (including any refusal by the Issuing Banks to honor a demand for payment under a Letter of Credit if the documents presented in connection with such demand do not strictly comply with the terms of such Letter of Credit) or the violation of, noncompliance with or liability under, any Environmental Law applicable to the operations of the Borrower, any Guarantor or any Subsidiary or any of their respective Properties, any Environmental Liability, and the reasonable fees and expenses of legal counsel actually incurred in connection with claims, actions or proceedings by any Indemnitee against any Loan Party under any Loan Document (all the foregoing in this paragraph (d), collectively, the “Indemnified Liabilities”), provided, that the Borrower shall have no obligation hereunder to any Indemnitee with respect to Indemnified Liabilities to the extent such Indemnified Liabilities are found by a final and non-appealable decision of a court of competent jurisdiction to have resulted from the gross negligence or willful misconduct of such Indemnitee. Without limiting the foregoing, and to the extent permitted by applicable law, the Borrower agrees not to assert and to cause its Subsidiaries not to assert, and hereby waives and agrees to cause its Subsidiaries to waive, all rights for contribution or any other rights of recovery with respect to all claims, demands, penalties, fines, liabilities, settlements, damages, costs, and expenses of whatever kind or nature, under or related to Environmental Laws, that any of them might have by statute or otherwise against any Indemnitee. All amounts due under this Section 10.05 shall be payable not later than thirty (30) days after written demand therefor, which shall set forth in reasonable detail the nature, basis and description of such Indemnified Liability. Statements payable by the Borrower pursuant to this Section 10.05 shall be submitted to FedEx Corporation, Attn: Treasurer, at the address of the Borrower set forth in Section 10.02, or to such other Person or address as may be hereafter designated by the Borrower in a written notice to the Administrative Agent. The agreements in this Section 10.05 shall survive repayment of the Loans and all other amounts payable hereunder.

SECTION 10.06. Successors and Assigns; Participations and Assignments. (a) This Agreement shall be binding upon and inure to the benefit of the Borrower, the Lenders, the Issuing Banks (including any affiliate of an Issuing Bank that issues any Letter of Credit), the Administrative Agent, all future holders of the Loans and their respective successors and assigns, except that the Borrower may not assign or transfer any of its rights or obligations under this Agreement without the prior written consent of each Lender.

(b) Any Lender other than any Conduit Lender may, without the consent of the Borrower, in accordance with applicable law, at any time sell to one (1) or more banks, financial institutions or other entities (each, a “Participant”) participating interests in any Loan owing to such Lender, any Commitment of such Lender or any other interest of such Lender hereunder and under the other Loan Documents. In the event of any such sale by a Lender of a participating interest to a Participant, such Lender’s obligations under this Agreement to the other parties to this Agreement shall remain unchanged, such Lender shall remain solely responsible for the performance thereof, such Lender shall remain the holder of any such Loan for all purposes under this Agreement and the other Loan

Documents, and the Borrower and the Administrative Agent shall continue to deal solely and directly with such Lender in connection with such Lender’s rights and obligations under this Agreement and the other Loan Documents. In no event shall any Participant under any such participation have any right to approve any amendment or waiver of any provision of any Loan Document, or any consent to any departure by any Loan Party therefrom, except to the extent that such amendment, waiver or consent would reduce the principal of, or interest on, the Loans or any fees payable hereunder, or postpone the date of the final maturity of the Loans, in each case to the extent subject to such participation. The Borrower agrees that if amounts outstanding under this Agreement and the Loans are due or unpaid, or shall have been declared or shall have become due and payable upon the occurrence of an Event of Default, each Participant shall, to the maximum extent permitted by applicable law, be deemed to have the right of setoff in respect of its participating interest in amounts owing under this Agreement to the same extent as if the amount of its participating interest were owing directly to it as a Lender under this Agreement, provided that, in purchasing such participating interest, such Participant shall be deemed to have agreed to share with the Lenders the proceeds thereof as provided in Section 10.07(a) as fully as if it were a Lender hereunder. The Borrower also agrees that each Participant shall be entitled to the benefits of Sections 2.12, 2.13 and 2.14 with respect to its participation in the Commitments and the Loans outstanding from time to time as if it were a Lender; provided that, in the case of Sections 2.13 and 2.14, such Participant shall have complied with the requirements of said Sections as if it were a Lender (it being understood that the documentation required under Section 2.14(f) shall be delivered to the participating Lender); and provided, further, that no Participant shall be entitled to receive any greater amount pursuant to any such Section than the transferor Lender would have been entitled to receive in respect of the amount of the participation transferred by such transferor Lender to such Participant had no such transfer occurred, except to the extent such entitlement to receive a greater payment results from a Change in Law that occurs after the Participant acquired the applicable participation. Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower (but without giving rise to any fiduciary obligation of any kind to the Borrower), maintain a register on which it enters the name and address of each Participant and the principal amounts (and stated interest) of each Participant’s interest in the Loans or other obligations under this Agreement (the “Participant Register”); provided, however, that no Lender shall have any obligation to disclose all or any portion of the Participant Register to any Person (including the identity of any Participant or any information relating to a Participant’s interest in any Commitments, Loans, letters of credit or its other obligations under any Loan Document) except to the extent that such disclosure is necessary to establish that such Commitment, Loan, letter of credit or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and such Lender and the Issuing Banks shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for purposes of this Agreement notwithstanding any notice to the contrary.

(c) Any Lender other than any Conduit Lender (an “Assignor”) may, in accordance with applicable law, at any time and from time to time assign to any Lender (other than any Defaulting Lender) or any Lender Affiliate or, with the consent of the Borrower and the Administrative Agent (which, in each case, shall not be unreasonably withheld or delayed), to an additional bank, financial institution or other entity (an “Assignee”) all or any part of its rights and obligations under this Agreement and the other Loan Documents pursuant to an Assignment and Acceptance, executed by such Assignee, such Assignor and any other Person whose consent is required pursuant to this paragraph, and delivered to the Administrative Agent for its acceptance and recording in the Register (as defined below); provided that, unless otherwise agreed by the Borrower and the Administrative Agent, no such assignment to an Assignee (other than any Lender or any Lender Affiliate) shall be in an aggregate principal amount of less than $5,000,000 and after giving effect to such assignment, such assigning Lender shall have Commitments and Loans in an aggregate amount of at least $5,000,000 as described in this sentence except in the case of an assignment of all of a Lender’s interests under this Agreement. For
purposes of the proviso contained in the preceding sentence, the amount described therein shall be aggregated in respect of each Lender and its Lender Affiliates, if any. The Assignee shall purchase, at par, all Loans and pay all accrued interest and other amounts owing to such Assignor under this Agreement or prior to the date of assignment for any assignment pursuant to Section 2.17. Upon such execution, delivery, acceptance and recording, from and after the effective date determined pursuant to such Assignment and Acceptance, (x) the Assignee thereunder shall be a party hereto and, to the extent provided in such Assignment and Acceptance, have the rights and obligations of a Lender hereunder with a Commitment and/or Loans as set forth therein, and (y) the Assignor thereunder shall, to the extent provided in such Assignment and Acceptance, relinquish its rights (other than its rights under Sections 2.13, 2.14, and 10.05 to the extent any claim thereunder relates to an event arising prior to the effective date of such assignment) and be released from its obligations (other than its obligations under Section 9.07 with respect to matters arising prior to the effective date of such assignment) under this Agreement (and, in the case of an Assignment and Acceptance covering all of an Assignor’s rights and obligations under this Agreement, such Assignor shall cease to be a party hereto). Notwithstanding any provision of this Section 10.06, (i) the consent of the Borrower shall not be required for any assignment that occurs after the occurrence and during the continuance of an Event of Default, and (ii) no assignment shall be made to the Borrower or any Affiliate of the Borrower. Notwithstanding the foregoing, any Conduit Lender may assign at any time to its designating Lender hereunder without the consent of the Borrower or the Administrative Agent any or all of the Loans it may have funded hereunder and pursuant to its designation agreement and without regard to the limitations set forth in the first sentence of this Section 10.06(c).

(d) The Administrative Agent shall, on behalf of the Borrower, maintain at its address referred to in Section 10.02 a copy of each Assignment and Acceptance delivered to it and a register (the “Register”) for the recordation of the names and addresses of the Lenders and the Commitment of, and the principal amount of the Loans owing to, each Lender from time to time. The entries in the Register shall be conclusive, in the absence of manifest error, and the Borrower, each other Loan Party, the Administrative Agent and the Lenders shall treat each Person whose name is recorded in the Register as the owner of the Loans and any Notes evidencing the Loans recorded therein for all purposes of this Agreement. Any assignment of any Loan, whether or not evidenced by a Note, shall be effective only upon appropriate entries with respect thereto being made in the Register (and each Note shall expressly so provide). Any assignment or transfer of all or part of a Loan evidenced by a Note shall be registered on the Register only upon surrender for registration of assignment or transfer of the Note evidencing such Loan, accompanied by a duly executed Assignment and Acceptance, and thereupon one or more new Notes shall be issued to the designated Assignee.

(e) Upon its receipt of an Assignment and Acceptance executed by an Assignor, an Assignee and any other Person whose consent is required by Section 10.06(c), together with payment to the Administrative Agent of a registration and processing fee of $4,000, the Administrative Agent shall (i) promptly accept such Assignment and Acceptance, (ii) record the information contained therein in the Register on the effective date determined pursuant thereto, and (iii) promptly notify Borrower of its receipt of such Assignment and Acceptance.

(f) For avoidance of doubt, the parties to this Agreement acknowledge that the provisions of this Section 10.06 concerning assignments relate only to absolute assignments and that such provisions do not prohibit assignments creating security interests, including any pledge or assignment by a Lender to any Federal Reserve Bank or central bank in accordance with applicable law.

(g) The Borrower, upon receipt of written notice from the relevant Lender, agrees to issue Notes to any Lender requiring Notes to facilitate transactions of the type described in paragraph (f) above.
(h) Each of the Borrower, each Lender and the Administrative Agent hereby confirms that it will not institute against a Conduit Lender or join any other Person in instituting against a Conduit Lender any bankruptcy, reorganization, arrangement, insolvency, or liquidation proceeding under any state bankruptcy or similar law, for one (1) year and one (1) day after the payment in full of the latest maturing commercial paper note issued by such Conduit Lender; provided, however, that each Lender designating any Conduit Lender hereby agrees to indemnify, save and hold harmless each other party to this Agreement for any loss, cost, damage, or expense arising out of its inability to institute such a proceeding against such Conduit Lender during such period of forbearance.

SECTION 10.07. Adjustments; Set-off. (a) Except to the extent that this Agreement expressly provides for payments to be allocated to a particular Lender or to the Lenders, if any Lender (a “Benefitted Lender”) shall, at any time after the Loans and other amounts payable hereunder shall immediately become due and payable pursuant to Article VIII, receive any payment of all or part of the Obligations owing to it, or receive any collateral in respect thereof (whether voluntarily or involuntarily, by set-off, pursuant to events or proceedings of the nature referred to in paragraph (i) of Article VIII, or otherwise), in a greater proportion than any such payment to or collateral received by any other Lender, if any, in respect of the Obligations owing to such other Lender, such Benefitted Lender shall purchase for cash from the other Lenders a participating interest in such portion of the Obligations owing to each such other Lender, or shall provide such other Lenders with the benefits of any such collateral, as shall be necessary to cause such Benefitted Lender to share the excess payment or benefits of such collateral ratably with each of the Lenders; provided, however, that if all or any portion of such excess payment or benefits is thereafter recovered from such Benefitted Lender, such purchase shall be rescinded, and the purchase price and benefits returned, to the extent of such recovery, but without interest.

(b) In addition to any rights and remedies of the Lenders and the Lender Affiliates provided by law, if an Event of Default shall have occurred and be continuing, each Lender and Lender Affiliate shall have the right, without prior notice to the Borrower, any such notice being expressly waived by the Borrower to the extent permitted by applicable law, upon any amount becoming due and payable by the Borrower hereunder (whether at the stated maturity, by acceleration, or otherwise), to set off and appropriate and apply against such amount any and all deposits (general or special, time or demand, provisional or final), in any currency, and any other credits, indebtedness or claims, in any currency, in each case whether direct or indirect, absolute or contingent, matured, or unmatured, at any time held or owing by such Lender or Lender Affiliate or any branch or agency thereof to or for the credit or the account of the Borrower, as the case may be. Each Lender and Lender Affiliate agrees promptly to notify the Borrower and the Administrative Agent after any such setoff and application made by such Lender or Lender Affiliate, provided that the failure to give such notice shall not affect the validity of such setoff and application.

SECTION 10.08. Counterparts. This Agreement may be executed by one (1) or more of the parties to this Agreement on any number of separate counterparts, and all of said counterparts taken together shall be deemed to constitute one (1) and the same instrument. Delivery of an executed signature page of this Agreement by facsimile transmission shall be effective as delivery of a manually executed counterpart hereof. A set of the copies of this Agreement signed by all the parties shall be lodged with the Borrower and the Administrative Agent.

SECTION 10.09. Severability. Any provision of this Agreement that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.
SECTION 10.10. Integration. This Agreement, the other Loan Documents, and any commitment letters or similar documents related to the Transactions, represent the entire agreement of the Borrower, the Administrative Agent and the Lenders with respect to the subject matter hereof and thereof, and there are no promises, undertakings, representations, or warranties by the Borrower, Administrative Agent, or any Lender relative to the subject matter hereof not expressly set forth or referred to herein or in the other Loan Documents.

SECTION 10.11. GOVERNING LAW.

(a) THIS AGREEMENT, THE OTHER LOAN DOCUMENTS AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES UNDER THIS AGREEMENT AND THE OTHER LOAN DOCUMENTS SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

(b) Each of the Lenders and the Administrative Agent hereby irrevocably and unconditionally agrees that, notwithstanding the governing law provisions of any applicable Loan Document, any claims brought against the Administrative Agent by any Lender relating to this Agreement, any other Loan Document or the consummation or administration of the transactions contemplated hereby or thereby shall be construed in accordance with and governed by the law of the State of New York.

SECTION 10.12. Submission To Jurisdiction; Waivers. The Borrower hereby irrevocably and unconditionally:

(a) submits for itself and its Property in any legal action or proceeding relating to this Agreement and the other Loan Documents to which it is a party, or for recognition and enforcement of any judgment in respect thereof, to the exclusive general jurisdiction of the United States District Court for the Southern District of New York sitting in the Borough of Manhattan (or if such court lacks subject matter jurisdiction, the Supreme Court of the State of New York sitting in New York City, Borough of Manhattan), and appellate courts from any thereof;

(b) consents that any such action or proceeding shall be brought in such courts and waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same;

(c) agrees that service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, to the Borrower at its address set forth in Section 10.02 or at such other address of which the Administrative Agent shall have been notified pursuant thereto;

(d) agrees that nothing herein shall affect the right to effect service of process in any other manner permitted by law or shall limit the right to sue in any other jurisdiction; and

(e) waives, to the maximum extent not prohibited by law, any right it may have to claim or recover in any legal action or proceeding referred to in this Section any special, exemplary, punitive, or consequential damages.

SECTION 10.13. Acknowledgements. The Borrower hereby acknowledges that:

73
(a) it has been advised by counsel in the negotiation, execution, and delivery of this Agreement and the other Loan Documents;

(b) neither the Administrative Agent nor any Lender has any fiduciary relationship with or duty to the Borrower arising out of or in connection with this Agreement or any of the other Loan Documents, and the relationship between Administrative Agent and Lenders, on one hand, and the Borrower, on the other hand, in connection herewith or therewith is solely that of debtor and creditor;

(c) no joint venture is created hereby or by the other Loan Documents or otherwise exists by virtue of the transactions contemplated hereby among the Lenders or among the Borrower and the Lenders; and

(d) the Loan Parties have been advised that the Administrative Agent and Lenders are engaged in a broad range of transactions that may involve interests that differ from the Loan Parties’ interests and that the Administrative Agent and Lenders have no obligation to disclose such interests and transactions to the Loan Parties.

(b) Upon any Subsidiary guaranteeing any public debt securities issued or guaranteed by the Borrower or any other Material Indebtedness of the Borrower, within thirty (30) days thereafter, the Borrower shall cause such Subsidiary to execute the Guarantee Agreement pursuant to an Addendum thereto in the form of Annex I to the Guarantee Agreement, and in the case of a Significant Subsidiary, to deliver documentation, to the extent requested by the Administrative Agent, similar to that described in Section 5.01(c) and (d) relating to the authorization for, execution and delivery of, and validity of such Significant Subsidiary’s obligations as a Guarantor, such documentation to be in form and substance reasonably satisfactory to the Administrative Agent.

(c) The Borrower covenants and agrees with the Lenders that each Specified Guarantor is, and shall remain, an entity organized under the laws of any jurisdiction within the United States. For the avoidance of doubt, this Section 10.14(c) shall not prohibit any merger or consolidation of a Specified Guarantor, provided, that, in accordance with the definition of “Specified Guarantor”, any Person into which such Specified Guarantor is merged or consolidated, or to which all or substantially all of its assets are sold, transferred or disposed, shall become a Specified Guarantor and be subject to the provisions of this Section 10.14(c).

(d) Notwithstanding anything to the contrary contained herein or in any other Loan Document, upon the release of any Guarantor (other than any Specified Guarantor) from its guarantee of any and all public debt securities issued or guaranteed by the Borrower, such Guarantor shall be deemed to be automatically and unconditionally released and discharged from all its obligations under the Guarantee Agreement without any further action required on the part of the Administrative Agent or any Lender. At the request and sole expense of the Borrower following any such release and discharge, the Administrative Agent shall execute and deliver to the Borrower such documents as the Borrower shall reasonably request to evidence such release and discharge. For the avoidance of doubt, it is agreed and understood that any release of any Specified Guarantor from its obligations under the Guarantee Agreement shall be subject to Section 10.01.
SECTION 10.15. Confidentiality. Each of the Administrative Agent, each Issuing Bank and each Lender agrees to keep confidential all non-public information provided to its or its Affiliates by any Loan Party or its Affiliates pursuant to this Agreement; provided that nothing herein shall prevent the Administrative Agent, any Issuing Bank or any Lender from disclosing any such information (a) to the Administrative Agent, any Issuing Bank or any other Lender, (b) subject to an agreement by such Person to comply with the provisions of this Section, to any actual or prospective Transferee or any actual or prospective direct or indirect counterparty to any Hedge Agreement (or any professional advisor to such counterparty), (c) to its employees or directors, or those of its Affiliates, agents, attorneys, accountants, and other professional advisors, or any Lender Affiliates, who are made aware of the confidential requirements of this Section 10.15 and who are instructed to keep such information confidential in accordance therewith, (d) upon the request or demand of any Governmental Authority, (e) in response to any order of any court or other Governmental Authority or as may otherwise be required pursuant to any Requirement of Law, (f) if required to do so in connection with any litigation or similar proceeding, (g) that has been publicly disclosed, (h) to the National Association of Insurance Commissioners or any similar organization or any nationally recognized rating agency that requires access to information about a Lender’s investment portfolio in connection with ratings issued with respect to such Lender, (i) in connection with the exercise of any remedy hereunder or under any other Loan Document or (j) with the written consent of the Borrower. The provisions of this Section 10.15 shall survive any expiration or termination of this Agreement for a period of one (1) year.

SECTION 10.16. WAIVERS OF JURY TRIAL. THE BORROWER, THE ADMINISTRATIVE AGENT, AND THE LENDERS HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVE TRIAL BY JURY IN ANY LEGAL ACTION OR PROCEEDING RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT AND FOR ANY COUNTERCLAIM THEREIN.

SECTION 10.17. Interest Rate Limitation. Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Loan, together with all fees, charges and other amounts which are treated as interest on such Loan under applicable law (collectively, the "Charges"), shall exceed the maximum lawful rate (the "Maximum Rate") which may be contracted for, charged, taken, received, or reserved by the Lender holding such Loan in accordance with applicable law, the rate of interest payable in respect of such Loan hereunder, together with all Charges payable in respect thereof, shall be limited to the Maximum Rate and, to the extent lawful, the interest and Charges that would have been payable in respect of such Loan but were not payable as a result of the operation of this Section shall be cumulated and the interest and Charges payable to such Lender in respect of other Loans or periods shall be increased (but not above the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Federal Funds Effective Rate to the date of repayment, shall have been received by such Lender.

SECTION 10.18. Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

SECTION 10.19. USA Patriot Act; Beneficial Ownership Regulation.

(a) Each Lender hereby notifies the Borrower that pursuant to the requirements of the USA Patriot Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)) (the "Act"), it is required to obtain, verify and record information that identifies the Borrower and its subsidiaries, which information includes the name and business address of the Borrower, its subsidiaries and other required information that will allow such Lender to identify the Borrower and its subsidiaries in accordance with the Act, such as tax identification numbers and legal organizational documents. The Borrower and its subsidiaries shall promptly provide such information upon request by any Lender.
(b) Promptly following any request therefor, the Borrower shall provide information and documentation reasonably requested by the Administrative Agent or any Lender for purposes of compliance with the Beneficial Ownership Regulation.

In connection therewith, each Lender hereby agrees that such information shall be covered by the confidentiality provisions set forth in Section 10.15 hereof.

(a) The Loan Parties’ obligations hereunder and under the other Loan Documents to make payments in Dollars shall not be discharged or satisfied by any tender or recovery pursuant to any judgment expressed in or converted into any currency other than Dollars, except to the extent that such tender or recovery results in the effective receipt by the Administrative Agent, the respective Lender or Issuing Bank of the full amount of Dollars expressed to be payable to the Administrative Agent or such Lender or Issuing Bank under this Agreement or the other Loan Documents. If, for the purpose of obtaining or enforcing judgment against any Loan Party in any court or in any jurisdiction, it becomes necessary to convert into or from any currency other than Dollars (such other currency being hereinafter referred to as the “Judgment Currency”) an amount due in Dollars, the conversion shall be made at the Dollar Equivalent determined as of the Business Day immediately preceding the day on which the judgment is given (such Business Day being hereinafter referred to as the “Judgment Currency Conversion Date”).

(b) If there is a change in the rate of exchange prevailing between the Judgment Currency Conversion Date and the date of actual payment of the amount due, the Loan Parties shall pay, or cause to be paid, such additional amounts, if any (but in any event not a lesser amount) as may be necessary to ensure that the amount paid in the Judgment Currency, when converted at the rate of exchange prevailing on the date of payment, will produce the amount of Dollars which could have been purchased with the amount of Judgment Currency stipulated in the judgment or judicial award at the rate of exchange prevailing on the Judgment Currency Conversion Date.

(c) For purposes of determining the Dollar Equivalent or any other rate of exchange for this Section 10.20, such amounts shall include any premium and costs payable in connection with the purchase of Dollars.

SECTION 10.21. Waiver. Each Lender party hereto which is also party to the Existing Revolving Credit Facility hereby waives compliance by the Borrower with the requirement of three (3) Business Days’ (as defined therein) notice thereunder for the termination of the Commitments (as defined therein) pursuant to Section 2.06 thereto.

SECTION 10.22. Acknowledgement and Consent to Bail-In of Affected Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any Affected Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the write-down and conversion powers of the applicable Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by the application of any Write-Down and Conversion Powers by the applicable Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an Affected Financial Institution; and
(a) the application of any Write-Down and Conversion Powers by the applicable Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an Affected Financial Institution; and

(b) the effects of any Bail-In Action on any such liability, including, if applicable:

(i) a reduction in full or in part or cancellation of any such liability;

(ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such Affected Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or

(iii) the variation of the terms of such liability in connection with the exercise of the write-down and conversion powers of the applicable Resolution Authority.

[Balance of Page Intentionally Blank]
IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed by their respective authorized officers as of the day and year first above written.

The parties hereto agree as follows:

ARTICLE I

DEFINITIONS

SECTION 1.01. Defined Terms. As used in this Agreement, the following terms have the meanings specified below:

“ABR”, when used in reference to any Loan or Borrowing, refers to whether such Loan, or the Loans comprising such Borrowing, are bearing interest at a rate determined by reference to the Alternate Base Rate.

“Adjusted LIBO Rate” means, with respect to any Eurodollar Borrowing for any Interest Period, an interest rate per annum (rounded upwards, if necessary, to the next 1/16 of 1%) equal to (a) the LIBO Rate for such Interest Period multiplied by (b) the Statutory Reserve Rate.

“Administrative Agent” means JPMorgan Chase Bank, N.A., together with its Affiliates, as the administrative agent for the Lenders hereunder, together with any of its successors.

“Affected Financial Institution” means (a) any EEA Financial Institution or (b) any UK Financial Institution.

“Affiliate” means, with respect to a specified Person, another Person that directly, or indirectly through one or more intermediaries, Controls or is Controlled by or is under common Control with the Person specified.

“Agents” means, collectively, the Syndication Agent, the Documentation Agents and the Administrative Agent.

“Aggregate Exposure” means, with respect to any Lender at any time, an amount equal to (a) until the Effective Date, the amount of such Lender’s Commitments at such time and (b) thereafter, such Lender’s Commitment then in effect or, if the Commitments have been terminated, the amount of such Lender’s Loans (and, in the case of Foreign Currency Loans, the Dollar Equivalent of such Lender’s Foreign Currency Loans) then outstanding; provided that, in the case of Section 2.16, when a Defaulting Lender shall exist, any such Defaulting Lender’s Commitment shall be disregarded in the calculation.

“Aggregate Exposure Percentage” means, with respect to any Lender at any time, the ratio (expressed as a percentage) of such Lender’s Aggregate Exposure at such time to the Aggregate Exposure of all Lenders at such time.

“Agreement” means this 364-Day Credit Agreement, as amended, supplemented or otherwise modified from time to time.
“Alternate Base Rate” means, for any day, a rate per annum (rounded, if necessary, to the next 1/16 of 1%) equal to the highest of (a) the Prime Rate in effect on such day, (b) the New York Fed Bank Rate in effect on such day plus 1/2 of 1% and (c) the Adjusted LIBO Rate for an Interest Period of one (1) month’s duration on such day (or if such day is not a Business Day, the immediately preceding Business Day) plus 1%; provided that the Adjusted LIBO Rate for any day shall be based on the LIBO Screen Rate (or if the LIBO Screen Rate is not available for such one month Interest Period, the Interpolated Rate) at approximately 11:00 a.m., London time on such day (without any rounding). Any change in the Alternate Base Rate due to a change in the Prime Rate, the New York Fed Bank Rate or the Adjusted LIBO Rate shall be effective from and including the effective date of such change in the Prime Rate, the New York Fed Bank Rate or the Adjusted LIBO Rate, respectively. If the Alternate Base Rate is being used as an alternate rate of interest pursuant to Section 2.11 (for the avoidance of doubt, only until any amendment has become effective pursuant to Section 2.11(b)), then the Alternate Base Rate shall be the greater of clauses (a) and (b) above and shall be determined without reference to clause (c) above. For the avoidance of doubt, if the Alternate Base Rate as determined pursuant to the foregoing would be less than 1.00%, such rate shall be deemed to be 1.00% for purposes of this Agreement.

“Alternative Currency” means Pounds Sterling and Euros.

“Applicable Rate” means, for any day with respect to (a) any Eurodollar Loan denominated in any currency, a rate per annum equal to the applicable rate per annum set forth in the Pricing Grid under the caption “Applicable Rate (Eurodollar Loan)” based upon the ratings by Moody’s and S&P, respectively, applicable on such date to the Index Debt, (b) any ABR Loan, a rate per annum equal to the applicable rate per annum set forth in the Pricing Grid under the caption “Applicable Rate (ABR Loan)” based upon the ratings by Moody’s and S&P, respectively, applicable on such date to the Index Debt, or (c) commitment fees payable hereunder, the applicable rate per annum set forth in the Pricing Grid under the caption “Commitment Fee Rate” based upon the ratings by Moody’s and S&P, respectively, applicable on such date to the Index Debt.

“Assignee” has the meaning assigned to such term in Section 10.06(c).

“Assignment and Acceptance” means an assignment and acceptance entered into by a Lender and an Assignee (with the consent of any party whose consent is required by Section 10.06), and accepted by the Administrative Agent, in the form of Exhibit E.

“Assignor” has the meaning assigned to such term in Section 10.06(c).

“Availability Period” means the period from and including the Effective Date to but excluding the earlier of the Maturity Date and the date of termination of the Commitments.

“Bail-In Action” means the exercise of any Write-Down and Conversion Powers by the applicable Resolution Authority in respect of any liability of an Affected Financial Institution.

“Bail-In Legislation” means (a) with respect to any EEA Member Country implementing Article 55 of Directive 2014/59/EU of the European Parliament and of the Council of the European Union, the implementing law, regulation rule or requirement for such EEA Member Country from time to time which is described in the EU Bail-In Legislation Schedule and (b) with respect to the United Kingdom, Part I of the United Kingdom Banking Act 2009 (as amended from time to time) and any other law, regulation or rule applicable in the United Kingdom relating to the resolution of unsound or failing banks, investment firms or other financial institutions or their affiliates (other than through liquidation, administration or other insolvency proceedings).
“Benchmark Replacement” means the sum of: (a) the alternate benchmark rate (which may be a SOFR-Based Rate) that has been selected by the Administrative Agent and the Borrower giving due consideration to (i) any selection or recommendation of a replacement rate or the mechanism for determining such a rate by the Relevant Governmental Body and/or (ii) any evolving or then-prevailing market convention for determining a rate of interest as a replacement to the LIBO Rate for multicurrency syndicated credit facilities and (b) the Benchmark Replacement Adjustment; provided that, if the Benchmark Replacement as so determined would be less than zero, the Benchmark Replacement will be deemed to be zero for the purposes of this Agreement; provided further that any such Benchmark Replacement shall be administratively feasible as determined by the Administrative Agent in its sole discretion.

“Benchmark Replacement Adjustment” means the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected by the Administrative Agent and the Borrower giving due consideration to (i) any selection or recommendation of a spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the LIBO Rate with the applicable Unadjusted Benchmark Replacement by the Relevant Governmental Body and/or (ii) any evolving or then-prevailing market convention for determining a spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the LIBO Rate with the applicable Unadjusted Benchmark Replacement for multicurrency syndicated credit facilities at such time.

“Benchmark Replacement Conforming Changes” means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the definition of “Alternate Base Rate,” the definition of “Interest Period,” timing and frequency of determining rates and making payments of interest and other administrative matters) that the Administrative Agent decides in its reasonable discretion may be appropriate to reflect the adoption and implementation of such Benchmark Replacement and to permit the administration thereof by the Administrative Agent in a manner substantially consistent with market practice (or, if the Administrative Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Administrative Agent determines that no market practice for the administration of the Benchmark Replacement exists, in such other manner of administration as the Administrative Agent decides is reasonably necessary in connection with the administration of this Agreement).

“Benchmark Replacement Date” means the earlier to occur of the following events with respect to the LIBO Rate:

(1) in the case of clause (1) or (2) of the definition of “Benchmark Transition Event,” the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the LIBO Screen Rate permanently or indefinitely ceases to provide the LIBO Screen Rate; or

(2) in the case of clause (3) of the definition of “Benchmark Transition Event,” the date of the public statement or publication of information referenced therein.

“Benchmark Transition Event” means the occurrence of one or more of the following events with respect to the LIBO Rate:

(1) a public statement or publication of information by or on behalf of the administrator of the LIBO Screen Rate announcing that such administrator has ceased or will cease to provide the LIBO Screen Rate, permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the LIBO Screen Rate;
(2) a public statement or publication of information by the regulatory supervisor for the administrator of the LIBO Screen Rate, the U.S. Federal Reserve System, an insolvency official with jurisdiction over the administrator for the LIBO Screen Rate, a resolution authority with jurisdiction over the administrator for the LIBO Screen Rate or a court or an entity with similar insolvency or resolution authority over the administrator for the LIBO Screen Rate, in each case which states that the administrator of the LIBO Screen Rate has ceased or will cease to provide the LIBO Screen Rate permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the LIBO Screen Rate; and/or

(3) a public statement or publication of information by the regulatory supervisor for the administrator of the LIBO Screen Rate announcing that the LIBO Screen Rate is no longer representative.

(b) Subject to Section 2.11, each Borrowing of (i) Dollar Revolving Loans shall be comprised entirely of ABR Loans or Eurodollar Loans as the Borrower may request in accordance herewith, (ii) Euro Revolving Loans shall be comprised entirely of Eurodollar Loans as the Borrower may request in accordance herewith and (iii) Sterling Revolving Loans shall be comprised entirely of Eurodollar Loans as the Borrower may request in accordance herewith. Notwithstanding anything to the contrary contained herein, each Lender at its option may make any Loan by causing any domestic or foreign branch or Lender Affiliate to make such Loan; provided that any exercise of such option shall not affect the obligation of the Borrower to repay such Loan in accordance with the terms of this Agreement.

(c) At the commencement of each Interest Period for any Eurodollar Borrowing, such Borrowing shall be in an aggregate amount that is an integral multiple of (i) in the case of Borrowings denominated in Dollars, $1,000,000 and not less than $5,000,000, (ii) in the case of Borrowings denominated in Pounds Sterling, £1,000,000 and not less than £5,000,000 and (iii) in the case of Borrowings denominated in Euros, €1,000,000 and not less than €5,000,000. At the time that each ABR Borrowing is made, such Borrowing shall be in an aggregate amount that is an integral multiple of $1,000,000 and not less than $5,000,000; provided that an ABR Borrowing may be in an aggregate amount that is equal to the entire unused balance of the total Commitments. Borrowings of more than one (1) Type may be outstanding at the same time; provided that there shall not at any time be more than a total of fifteen (15) Eurodollar Borrowings outstanding.

(d) Notwithstanding any other provision of this Agreement, the Borrower shall not be entitled to request, or to elect to convert or continue, any Eurodollar Borrowing if the Interest Period requested with respect thereto would end after the Maturity Date.

SECTION 2.03. Requests for Borrowings. To request a Borrowing, the Borrower shall notify the Administrative Agent of such request by delivering an irrevocable written Borrowing Request in the form of Exhibit A (a) in the case of a Eurodollar Borrowing which is a Dollar Revolving Loan, not later than 11:00 a.m., New York City time, at least three (3) Business Days before the date of the proposed Borrowing, (b) in the case of a Eurodollar Borrowing which is a Euro Revolving Loan or Sterling Revolving Loan, not later than 11:00 a.m., Local Time, at least three (3) Business Days before the date of the proposed Borrowing or (c) in the case of an ABR Borrowing, not later than 10:00 a.m., New York City time, on the date of the proposed Borrowing; provided that each ABR Borrowing shall consist solely of Dollar Revolving Loans. Each such Borrowing Request shall specify the following information in compliance with Section 2.02:

(i) the aggregate amount of the requested Borrowing;

(ii) the date of such Borrowing, which shall be a Business Day;

(iii) the currency of such Borrowing (which shall be Dollars, Euro or Pounds Sterling);

(iv) in the case of a Borrowing to be denominated in Dollars, whether such Borrowing is to be an ABR Borrowing or a Eurodollar Borrowing;
(v) in the case of a Eurodollar Borrowing, the initial Interest Period to be applicable thereto, which shall be a period contemplated by the definition of the term “Interest Period”; and

(vi) the location and number of the Borrower’s account to which funds are to be disbursed, which shall comply with the requirements of Section 2.04.

If no election as to the Type of Borrowing is specified, then the requested Borrowing shall be an ABR Borrowing. If no Interest Period is specified with respect to any requested Eurodollar Borrowing, then the Borrower shall be deemed to have selected an Interest Period of one (1) month’s duration. Promptly following receipt of a Borrowing Request in accordance with this Section, the Administrative Agent shall advise each Lender of the details thereof and of the amount of such Lender’s Loan to be made as part of the requested Borrowing.

SECTION 2.04. Funding of Borrowings. (a) Each Lender shall make (i) each Dollar Revolving Loan to be made by it hereunder on the proposed date thereof in Dollars by wire transfer of immediately available funds by 12:00 noon, New York City time and (ii) each Euro Revolving Loan or Sterling Revolving Loan to be made by it hereunder on the proposed date thereof in Euro or Pounds Sterling, as applicable, by wire transfer of immediately available funds by 12:00 noon, London time, in each case, to the account of the Administrative Agent most recently designated by it for such purpose by notice to the Lenders. The Administrative Agent will make such Loans available to the Borrower by promptly crediting the amounts so received, in like funds, to an account of the Borrower maintained with the Administrative Agent in New York City and designated by the Borrower in the applicable Borrowing Request.

(b) Unless, prior to the proposed time of any advance of any Borrowing, the Administrative Agent shall have received notice from a Lender that such Lender will not make available to the Administrative Agent such Lender’s share of such Borrowing, or unless the Administrative Agent has knowledge that a Lender is a Defaulting Lender, the Administrative Agent may assume that such Lender has made such share available on such date in accordance with paragraph (a) of this Section and may, in reliance upon such assumption, make available to the Borrower a corresponding amount. In such event, if a Lender has not in fact made its share of the applicable Borrowing available to the Administrative Agent, then the applicable Lender and the Borrower severally agree to pay to the Administrative Agent forthwith on demand such corresponding amount with interest thereon, for each day from and including the date such amount is made available to the Borrower to but excluding the date of payment to the Administrative Agent, at (i) in the case of such Lender, at a rate equal to the greater of (x) the Federal Funds Effective Rate and (y) a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation or (ii) in the case of the Borrower, the interest rate applicable to ABR Loans; provided that, to the extent that the Borrower makes any such payment and the applicable Lender subsequently makes a corresponding payment, then the Borrower shall be entitled (without prejudice to any other rights that the Borrower may have against the applicable Lender) to receive any such payment (with interest) made by such Lender. If such Lender pays such amount to the Administrative Agent, then such amount shall constitute such Lender’s Loan included in such Borrowing.

SECTION 2.05. Interest Elections. (a) Each Borrowing initially shall be of the Type specified in the applicable Borrowing Request and, in the case of a Eurodollar Borrowing, shall have an initial Interest Period as specified in such Borrowing Request. Thereafter, the Borrower may elect to convert such Borrowing to a different Type or to continue such Borrowing and, in the case of a Eurodollar Borrowing, may elect Interest Periods therefor, all as provided in this Section; provided that only Eurodollar Borrowings which are Dollar Revolving Loans may be converted into an ABR Borrowing. The Borrower may elect different options with respect to different portions of the affected Borrowing, in which case each such portion shall be allocated ratably among the Lenders holding the Loans comprising such Borrowing, and the Loans comprising each such portion shall be considered a separate Borrowing.
(b) To make an election pursuant to this Section, the Borrower shall notify the Administrative Agent of such election by delivering an irrevocable written Interest Election Request in the form of Exhibit B by the time that a Borrowing Request would be required under Section 2.03 if the Borrower were requesting a Borrowing of the Type resulting from such election to be made on the effective date of such election.

(c) Each Interest Election Request shall specify the following information in compliance with Section 2.02:

(i) the Borrowing to which such Interest Election Request applies and, if different options are being elected with respect to different portions thereof, the portions thereof to be allocated to each resulting Borrowing (in which case the information to be specified pursuant to clauses (iii) and (iv) below shall be specified for each resulting Borrowing);

(ii) the effective date of the election made pursuant to such Interest Election Request, which shall be a Business Day;

(iii) in the case of a Borrowing to be denominated in Dollars, whether the resulting Borrowing is to be an ABR Borrowing or a Eurodollar Borrowing; and

(iv) if the resulting Borrowing is a Eurodollar Borrowing, the Interest Period to be applicable thereto after giving effect to such election, which shall be a period contemplated by the definition of the term “Interest Period”.

If any such Interest Election Request requests a Eurodollar Borrowing but does not specify an Interest Period, then the Borrower shall be deemed to have selected an Interest Period of one (1) month’s duration.

(d) Promptly following receipt of an Interest Election Request, the Administrative Agent shall advise each Lender of the details thereof and of such Lender’s portion of each resulting Borrowing.

(e) If the Borrower fails to deliver a timely Interest Election Request with respect to (i) a Eurodollar Borrowing which is a Dollar Revolving Loan prior to the end of the Interest Period applicable thereto, then, unless such Borrowing is repaid as provided herein, at the end of such Interest Period such Borrowing shall be converted to an ABR Borrowing or (ii) any other Eurodollar Borrowing, then, unless such Borrowing is repaid as provided herein, at the end of such Interest Period such Borrowing shall be converted to a Eurodollar Borrowing with an Interest Period of one (1) month’s duration. Notwithstanding any contrary provision hereof, if an Event of Default has occurred and is continuing and the Administrative Agent, at the request of the Required Lenders, so notifies the Borrower, then, so long as an Event of Default is continuing (i) no outstanding Borrowing may be converted to or continued as a Eurodollar Borrowing and (ii) unless repaid, (A) each Eurodollar Borrowing that is a Dollar Revolving Loan shall be converted to an ABR Borrowing at the end of the Interest Period applicable thereto and (B) each other Eurodollar Borrowing shall be converted to a Eurodollar Borrowing with an Interest Period of one (1) month’s duration.

SECTION 2.06. Termination and Reduction of Commitments. (a) Unless previously terminated, the Commitments shall terminate on the Maturity Date.

26
(b) The Borrower may at any time terminate, or from time to time reduce, the Commitments; provided that (i) each reduction of the Commitments shall be in an amount that is an integral multiple of $10,000,000 and not less than $20,000,000 and (ii) the Borrower shall not terminate or reduce the Commitments if, after giving effect to any concurrent prepayment of the Loans in accordance with Section 2.08, the aggregate Credit Exposures of the Lenders would exceed the total Commitments.

(c) The Borrower shall notify the Administrative Agent of any election to terminate or reduce the Commitments under paragraph (b) of this Section at least three (3) Business Days prior to the effective date of such termination or reduction, specifying such election and the effective date thereof. Promptly following receipt of any notice, the Administrative Agent shall advise the Lenders of the contents thereof. Each notice delivered by the Borrower pursuant to this Section shall be irrevocable; provided that a notice of termination of the Commitments delivered by the Borrower may state that such notice is conditioned upon the effectiveness of other credit facilities, in which case such notice may be revoked by the Borrower (by notice to the Administrative Agent on or prior to the specified effective date) if such condition is not satisfied. Any termination or reduction of the Commitments shall be permanent. Each reduction of the Commitments shall be made ratably among the Lenders in accordance with their respective Commitments.

SECTION 2.07. Repayment of Loans; Evidence of Debt; Term-Out Option. (a) The Borrower hereby unconditionally promises to pay to the Administrative Agent for the account of each Lender the then unpaid principal amount of each Loan in the same currency as the applicable Loan on the Maturity Date; provided that, the Borrower may elect, by giving written notice to the Administrative Agent on or prior to the Maturity Date, that the aggregate principal amount of all Loans outstanding on the Maturity Date shall be payable on the date which is the first anniversary of the Maturity Date, subject to satisfaction of the conditions set forth in Section 5.02(a) and (b) on the Maturity Date (and for the avoidance of doubt, such loans shall be “term loans”, and to extent repaid, may not be reborrowed) and the payment of the fee set forth in Section 2.09(b). The Borrower hereby further agrees to pay interest in immediately available funds at the office of the Administrative Agent on the unpaid principal amount of the Loans from time to time from the date hereof until payment in full thereof at the rates per annum, and on the dates, set forth in Section 2.10. In the event the Borrower exercises the term-out option and extends the Maturity Date, the Commitments shall terminate and the commitment fee shall cease to accrue as of the then existing Maturity Date.

(b) Each Lender shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of the Borrower to such Lender resulting from each Loan made by such Lender, including the amounts of principal and interest payable and paid to such Lender from time to time hereunder.

(c) The Administrative Agent shall maintain accounts in which it shall record (i) the amount of each Loan made hereunder, the Type thereof and the Interest Period applicable thereto, (ii) the amount of any principal or interest due and payable or to become due and payable from the Borrower to each Lender hereunder and (iii) the amount of any sum received by the Administrative Agent hereunder for the account of the Lenders and each Lender’s share thereof.

(d) The entries made in the accounts maintained pursuant to paragraph (b) or (c) of this Section shall be prima facie evidence of the existence and amounts of the obligations recorded therein; provided that the failure of any Lender or the Administrative Agent to maintain such accounts or any error therein shall not in any manner affect the obligation of the Borrower to repay the Loans in accordance with the terms of this Agreement.
(e) Any Lender may request that Loans made by it be evidenced by a promissory note. In such event, the Borrower shall prepare, execute and deliver to such Lender a promissory note payable to the order of such Lender (or, if requested by such Lender, to such Lender and its registered assigns) and in a form approved by the Administrative Agent. Thereafter, the Loans evidenced by such promissory note and interest thereon shall at all times (including after assignment pursuant to Section 10.06) be represented by one (1) or more promissory notes in such form payable to the order of the payee named therein (or, if such promissory note is a registered note, to such payee and its registered assigns).

SECTION 2.08. Prepayment of Loans. (a) The Borrower shall have the right at any time and from time to time to prepay any Borrowing in whole or in part without incurring a prepayment penalty, fee, or other cost (except as otherwise expressly set forth in this Agreement), subject to prior notice in accordance with paragraph (b) of this Section.

(b) If, on any Calculation Date, the total Credit Exposures (based on the Dollar Equivalent thereof, in the case of Foreign Currency Loans) exceeds 105% of the Commitments, the Borrower shall, on such day, prepay the Loans in an amount equal to the lesser of (x) the amount of such excess and (y) the amount of such Loans.

(c) The Borrower shall notify the Administrative Agent in writing of any prepayment hereunder (i) in the case of prepayment of a Eurodollar Borrowing, not later than 11:00 a.m., Local Time, three (3) Business Days before the date of prepayment, or (ii) in the case of prepayment of an ABR Borrowing, not later than 11:00 a.m., Local Time, one (1) Business Day before the date of prepayment. Each such notice shall be irrevocable and shall specify the prepayment date, the Type, currency and the principal amount of each Borrowing or portion thereof to be prepaid; provided that, if a notice of prepayment is given in connection with a conditional notice of termination of the Commitments as contemplated by Section 2.06, then such notice of prepayment may be revoked if such notice of termination is revoked in accordance with Section 2.06. Promptly following receipt of any such notice relating to a Borrowing, the Administrative Agent shall advise the Lenders of the contents thereof. Each partial prepayment of any Borrowing shall be in an amount that would be permitted in the case of an advance of a Borrowing of the same Type as provided in Section 2.02. Prepayments shall be applied ratably to the Loans included in the prepaid Borrowing. Prepayments shall be accompanied by accrued interest to the extent required by Section 2.10 and any amounts due under Section 2.13.

SECTION 2.09. Fees. (a) The Borrower agrees to pay to the Administrative Agent for the account of each Lender a commitment fee, which shall accrue at the Applicable Rate on the daily undrawn amount of the Commitment of such Lender during the period from and including the Effective Date to but excluding the date on which such Commitment terminates. Accrued commitment fees shall be payable in arrears in Dollars on each Fee Payment Date, commencing on the first such date to occur after the date hereof. All commitment fees shall be computed on the basis of a year of 360 days and shall be payable for the actual number of days elapsed (including the first day but excluding the last day).

(b) The Borrower agrees to pay to the Administrative Agent for the account of each Lender a term-out fee in an amount equal to 1.00% of the aggregate principal amount of the Loans of such Lender to remain outstanding on and after the Maturity Date to the extent the Borrower elects to extend the Maturity Date in accordance with Section 2.07(a), payable on the Maturity Date (as in effect prior to such extension).

(c) The Borrower agrees to pay to the Administrative Agent, for its own account, fees payable in the amounts and at the times separately agreed upon between the Borrower and the Administrative Agent.
(d) All fees payable hereunder shall be paid on the dates due, in immediately available funds, to the Administrative Agent. Fees paid shall not be refundable under any circumstances.

SECTION 2.10. Interest.  
(a) The Loans comprising each ABR Borrowing shall bear interest at a rate per annum equal to the Alternate Base Rate plus the Applicable Rate.

(b) The Loans comprising each Eurodollar Borrowing shall bear interest at a rate per annum equal to the Adjusted LIBO Rate for the Interest Period in effect for such Borrowing for the relevant currency plus the Applicable Rate.

(c) Notwithstanding the foregoing, if any principal of or interest on any Loan or any fee or other amount payable by the Borrower hereunder is not paid when due, whether at stated maturity, upon acceleration or otherwise, such overdue amount shall bear interest, after as well as before judgment, at a rate per annum equal to (i) in the case of overdue principal of any Loan, two percent (2%) plus the rate otherwise applicable to such Loan as provided above, or (ii) in the case of any other amount, two percent (2%) plus the rate applicable to ABR Loans as provided above.

(d) Accrued interest on each Loan (including Loans outstanding during the term-out period referred to in Section 2.07) shall be payable in arrears in the currency of the applicable Loan on each Interest Payment Date for such Loan; provided that (i) interest accrued pursuant to paragraph (c) of this Section shall be payable on demand, (ii) in the event of any repayment or prepayment of any Loan (other than a prepayment of an ABR Loan prior to the end of the Availability Period), accrued interest on the principal amount repaid or prepaid shall be payable on the date of such repayment or prepayment, (iii) in the event of any conversion of any Eurodollar Loan prior to the end of the current Interest Period therefor, accrued interest on such Loan shall be payable on the effective date of such conversion, and (iv) all accrued interest shall be payable upon termination of the Commitments.

(e) All interest hereunder shall be computed on the basis of a year of 360 days, except that (i) interest computed by reference to the Alternate Base Rate at times when the Alternate Base Rate is based on the Prime Rate shall be computed on the basis of a year of 365 days (or 366 days in a leap year) and in each case shall be payable for the actual number of days elapsed (including the first day but excluding the last day). The applicable Alternate Base Rate, Adjusted LIBO Rate or LIBO Rate shall be determined by the Administrative Agent, and such determination shall be conclusive absent manifest error.

SECTION 2.11. Alternate Rate of Interest.

(a) If prior to the commencement of any Interest Period for a Eurodollar Borrowing:

(i) subject to clause (b) below, the Administrative Agent determines (which determination shall be conclusive and binding absent manifest error) that adequate and reasonable means do not exist for ascertaining the Adjusted LIBO Rate or the LIBO Rate (including because the Screen Rate is not available or published on a current basis), as applicable, for such Interest Period;

(ii) the Administrative Agent is advised by the Required Lenders that the Adjusted LIBO Rate or the LIBO Rate, as applicable, for the applicable currency and such Interest Period will not adequately and fairly reflect the cost to such Lenders (or Lender) of making or maintaining their Loans (or its Loan) included in such Borrowing for the applicable currency and such Interest Period; or
(iii) the Administrative Agent determines (which determination shall be conclusive and binding upon the Borrower) that deposits in the applicable currency are not generally available, or cannot be obtained by the Lenders, in the applicable market (any Foreign Currency affected by the circumstances described in Section 2.11(a) or (b) is referred to as an “Affected Foreign Currency”),

then the Administrative Agent shall give notice thereof to the Borrower and the Lenders by telephone or electronic mail as promptly as practicable thereafter (if such notice is given by telephone, the Administrative Agent shall promptly thereafter provide written confirmation of such notice to the Borrower and the Lenders) and, until the Administrative Agent notifies the Borrower and the Lenders that the circumstances giving rise to such notice no longer exist, (i) any Interest Election Request that requests the conversion of any Borrowing to, or continuation of any Borrowing as, a Eurodollar Borrowing shall be ineffective, and (ii) if any Borrowing Request requests a Eurodollar Borrowing, such Borrowing shall be made as an ABR Borrowing in Dollars. Until such relevant notice has been withdrawn by the Administrative Agent, no further Eurodollar Loans in an Affected Foreign Currency shall be made or continued as such, nor shall the relevant Borrower have the right to convert ABR Loans to Eurodollar Loans (to the extent Euro such Eurodollar Loan is denominated in an Affected Foreign Currency).

(b) Notwithstanding anything to the contrary herein or in any other Loan Document, upon the occurrence of a Benchmark Transition Event or an Early Opt-in Election, as applicable, the Administrative Agent and the Borrower may amend this Agreement to replace the LIBO Rate with a Benchmark Replacement. Any such amendment with respect to a Benchmark Transition Event will become effective at 5:00 p.m. New York City time on the fifth (5th) Business Day after the Administrative Agent has posted such proposed amendment to all Lenders and the Borrower, so long as the Administrative Agent has not received, by such time, written notice of objection to such proposed amendment from Lenders comprising the Required Lenders; provided that, with respect to any such proposed amendment containing any SOFR-Based Rate, the Lenders shall be entitled to object only to the Benchmark Replacement Adjustment contained therein. Any such amendment with respect to an Early Opt-in Election will become effective on the date that Lenders comprising the Required Lenders have delivered to the Administrative Agent written notice that such Required Lenders accept such amendment. No replacement of LIBO Rate with a Benchmark Replacement will occur prior to the applicable Benchmark Transition Start Date.

(c) In connection with the implementation of a Benchmark Replacement, the Administrative Agent, in consultation with the Borrower, will have the right to make Benchmark Replacement Conforming Changes from time to time and, notwithstanding anything to the contrary herein or in any other Loan Document, any amendments implementing such Benchmark Replacement Conforming Changes will become effective without any further action or consent of any other party to this Agreement.

(d) The Administrative Agent will promptly notify the Borrower and the Lenders of (i) any occurrence of a Benchmark Transition Event or an Early Opt-in Election, as applicable, (ii) the implementation of any Benchmark Replacement, (iii) the effectiveness of any Benchmark Replacement Conforming Changes and (iv) the commencement or conclusion of any Benchmark Unavailability Period. Any determination, decision or election that may be made by the Administrative Agent or Lenders pursuant to this Section 2.11, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action, will be conclusive and binding absent manifest error and may be made in its or their sole discretion and without consent from any other party hereto, except, in each case, as expressly required pursuant to this Section 2.11.
Upon the Borrower’s receipt of notice of the commencement of a Benchmark Unavailability Period, (i) any Interest Election Request that requests the conversion of any Borrowing to, or continuation of any Borrowing as, a Eurodollar Borrowing shall be ineffective, and (ii) if any Borrowing Request requests a Eurodollar Borrowing, such Borrowing shall be made as an ABR Borrowing in Dollars.

SECTION 2.12. Increased Costs; Illegality. (a) If any Change in Law shall:

(i) impose, modify or deem applicable any reserve, special deposit, compulsory loan, insurance charge or similar requirement against assets of, deposits with or for the account of, or credit extended by, any Lender (except any such reserve requirement reflected in the Adjusted LIBO Rate);

(ii) impose on any Lender or the London interbank market any other condition, cost or expense affecting this Agreement or Eurodollar Loans made by such Lender; or

(iii) subject any Lender to any Tax (except for (1) Indemnified Taxes, (2) Taxes described in clauses (ii) through (iv) of the definition of Excluded Taxes and (3) Taxes imposed, as a result of a present or former connection between the Lender and the jurisdiction imposing such Taxes (other than a connection arising from such Lender having executed, delivered or performed its obligations under, or enforced, this Agreement or any other Loan Document), on gross or net income, profits or revenue (including value-added or similar Taxes)) on its loans, loan principal, letters of credit, commitments, or other obligations, or its deposits, reserves, other liabilities or capital attributable thereto;

and the result of any of the foregoing shall be to increase the cost to such Lender of making or maintaining any Eurodollar Loan (or, in the case of (iii), any Loans) or of making, converting into, continuing or maintaining its obligation to make any such Loan, or to reduce the amount of any sum received or receivable by such Lender (whether of principal, interest or otherwise), then the Borrower will pay to such Lender such additional amount or amounts as will compensate such Lender for such additional costs incurred or reduction suffered.

(b) If any Lender determines that any Change in Law regarding capital or liquidity requirements has or would have the effect of reducing the rate of return on such Lender’s capital or on the capital of such Lender’s holding company, if any, as a consequence of this Agreement or the Loans made by such Lender to a level below that which such Lender or such Lender’s holding company could have achieved but for such Change in Law (taking into consideration such Lender’s policies and the policies of such Lender’s holding company with respect to capital adequacy or liquidity ratios), then from time to time the Borrower will pay to such Lender such additional amount or amounts as will compensate such Lender or such Lender’s holding company for any such reduction suffered.

(c) If by reason of any change in a Requirement of Law subsequent to the Effective Date, disruption of currency or foreign exchange markets, war or civil disturbance or similar event, the funding of any Foreign Currency Loan in any currency or the funding of any Foreign Currency Loan in any currency to an office located other than in New York shall be impossible or such currency is no longer available or readily convertible to Dollars, or the Dollar Equivalent of such currency is no longer readily calculable, then, at the election of the Administrative Agent, no Foreign Currency Loans in the relevant currency shall be made or any Foreign Currency Loan in the relevant currency shall be made to an office of the Administrative Agent located in New York, as the case may be.
(d) (i) If payment in respect of any Foreign Currency Loan shall be due in a currency other than Dollars and/or at a place of payment other than New York and if, by reason of any change in a Requirement of Law subsequent to the Effective Date, disruption of currency or foreign exchange markets, war or civil disturbance or similar event, payment of such Obligations in such currency or such place of payment shall be impossible or, in the reasonable judgment of the Administrative Agent, such currency is no longer available or readily convertible to Dollars, or the Dollar Equivalent of such currency is no longer readily calculable, then, at the election of any affected Lender, the Borrower shall make payment of such Loan in Dollars (based upon the Exchange Rate in effect for the day on which such payment occurs, as determined by the Administrative Agent in accordance with the terms hereof) and/or in New York or (ii) if any Foreign Currency in which Loans are outstanding is redenominated then, at the election of any affected Lender, such affected Loan and all obligations of the applicable Borrower in respect thereof shall be converted into obligations in Dollars (based upon the Exchange Rate in effect on such date, as determined by the Administrative Agent in accordance with the terms hereof), and, in each case, the Borrower shall indemnify the Lenders, against any currency exchange losses or reasonable out-of-pocket expenses that it shall sustain as a result of such alternative payment.

(e) A certificate of a Lender setting forth the amount or amounts necessary to compensate such Lender or its holding company, as the case may be, as specified in paragraph (a) or (b) of this Section, setting forth in reasonable detail the calculations upon which such Lender determined such amount and the effective date of the relevant Change in Law, shall be delivered to the Borrower and shall be conclusive absent manifest error. The Borrower shall pay such Lender the amount shown as due on any such certificate within fifteen (15) days after receipt thereof.

(f) Failure or delay on the part of any Lender to demand compensation pursuant to this Section shall not constitute a waiver of such Lender’s right to demand such compensation; provided that the Borrower shall not be required to compensate a Lender pursuant to this Section for any increased costs or reductions incurred more than three (3) months prior to the date that such Lender notifies the Borrower of the Change in Law giving rise to such increased costs or reductions and of such Lender’s intention to claim compensation therefor; provided further that, if the Change in Law giving rise to such increased costs or reductions is retroactive, then the three (3) month period referred to above shall be extended to include the period of retroactive effect thereof.

(g) If any Change in Law shall make it unlawful for any Lender to make or maintain Eurodollar Loans, (i) the commitment of such Lender hereunder to make Eurodollar Loans, continue Eurodollar Loans as such and convert ABR Loans to Eurodollar Loans shall forthwith be suspended until such time as it shall no longer be unlawful for such Lender to make or maintain Eurodollar Loans and (ii) such Lender’s Loans then outstanding as Eurodollar Loans, if any, shall be converted automatically to ABR Loans in Dollars on the respective last days of the then current Interest Periods with respect to such Loans or within such earlier period as required by law. If any such conversion of a Eurodollar Loan occurs on a day which is not the last day of the then current Interest Period with respect thereto, the Borrower shall pay to such Lender such amounts, if any, as may be required pursuant to Section 2.13.

SECTION 2.13. Break Funding Payments. In the event of (a) the payment of any principal of any Eurodollar Loan other than on the last day of an Interest Period applicable thereto (including as a result of any prepayment under Section 2.08 hereof or an Event of Default), (b) the conversion of any Eurodollar Loan other than on the last day of the Interest Period applicable thereto, (c) the failure to borrow, convert, continue or prepay any Loan on the date specified in any notice delivered pursuant hereto (regardless of whether such notice is permitted to be revocable under Section 2.08(c) and is revoked in accordance herewith), or (d) the assignment of any Eurodollar Loan other than on the last day of the Interest Period applicable thereto as a result of a request by the Borrower pursuant to Section 2.17, then, in any such event, the Borrower shall compensate each Lender for the loss, cost and expense
attributable to such event. In the case of a Eurodollar Loan, the loss to any Lender attributable to any such event shall be deemed to include an amount determined by such Lender to be equal to the excess, if any, of (i) the amount of interest that such Lender would pay for a deposit equal to the principal amount of such Loan for the period from the date of such payment, conversion, failure or assignment to the last day of the then current Interest Period for such Loan (or, in the case of a failure to borrow, convert or continue, the duration of the Interest Period that would have resulted from such borrowing, conversion or continuation) if the interest rate payable on such deposit were equal to the Adjusted LIBO Rate for such Interest Period, over (ii) the amount of interest that such Lender would earn on such principal amount for such period if such Lender were to invest such principal amount for such period at the interest rate that would be bid by such Lender (or an Affiliate of such Lender) for dollar deposits from other banks in the eurodollar market at the commencement of such period. A certificate of any Lender setting forth any amount or amounts that such Lender is entitled to receive pursuant to this Section shall be delivered to the Borrower, setting forth in reasonable detail the calculations upon which such Lender determined such amount, and shall be conclusive absent manifest error. The Borrower shall pay such Lender the amount shown as due on any such certificate within fifteen (15) days after receipt thereof.

SECTION 2.14. Taxes. (a) All payments made by the Loan Parties under this Agreement shall (except as required by applicable law) be made free and clear of, and without deduction or withholding for or on account of, any Taxes imposed, levied, collected, withheld or assessed by any Governmental Authority. If any Taxes are required to be deducted or withheld from any amounts payable to the Administrative Agent or any Lender, as determined in good faith by the applicable Withholding Agent, (i) such amounts shall be paid to the relevant Governmental Authority in accordance with applicable law and (ii) if such deducted or withheld Taxes are Indemnified Taxes, the amounts so payable by the applicable Loan Party to the Administrative Agent or such Lender, as the case may be, shall be increased to the extent necessary to yield to the Administrative Agent or such Lender, as the case may be, (after payment of all Indemnified Taxes) interest or any such other amounts payable hereunder at the rates or in the amounts specified in this Agreement as if such withholding or deduction had not been made.

(b) The Loan Parties shall timely pay any Other Taxes to the relevant Governmental Authority in accordance with applicable law.

(c) Whenever any Indemnified Taxes are payable by the Loan Parties pursuant to paragraph (a) of this Section, as promptly as possible thereafter the applicable Loan Party shall pay such Indemnified Taxes and shall send to the Administrative Agent for its own account or for the account of the applicable Lender, as the case may be, a certificate of an original official receipt, to the extent reasonably available, received by the applicable Loan Party showing payment thereof. If (i) the applicable Loan Party fails to pay any Indemnified Taxes when due to the appropriate taxing authority, (ii) the applicable Loan Party fails to remit to the Administrative Agent the required receipts or other required documentary evidence, or (iii) any Indemnified Taxes are imposed directly upon the Administrative Agent or any Lender, the applicable Loan Party shall indemnify the Administrative Agent and the Lenders for such amounts and any incremental taxes, interest or penalties that may become payable by the Administrative Agent or any Lender as a result (whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority). A certificate as to the amount of such payment or liability delivered to the Borrower by a Lender (with a copy to the Administrative Agent), or by the Administrative Agent on its own behalf or on behalf of a Lender, shall be conclusive absent manifest error.
(d) Each Lender shall severally indemnify the Administrative Agent within 10 days after demand therefor, for the full amount of any Taxes attributable to such Lender that are payable or paid by the Administrative Agent, and reasonable expenses arising therefrom or with respect thereto, but only to the extent that the applicable Loan Party has not already indemnified the Administrative Agent for such Taxes and without limiting the obligation of the Loan Parties under this Section 2.14 to do so, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by the Administrative Agent to the Lender from any other source against any amount due to the Administrative Agent under this paragraph (d).

(e) As soon as practicable after any payment of Taxes by a Loan Party to a Governmental Authority pursuant to this Section 2.14, such Loan Party shall deliver to the Administrative Agent the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to the Administrative Agent.

(f) (i) Any Lender that is entitled to an exemption from or reduction of withholding tax with respect to payments made under any Loan Document shall deliver to the Borrower (with a copy to the Administrative Agent), at the time or times prescribed by applicable law or reasonably requested by the Borrower or the Administrative Agent (or, if earlier, the date such Lender becomes a party to this Agreement), such properly completed and executed documentation prescribed by applicable law as will permit such payments to be made without withholding or at a reduced rate. In addition, any Lender, if reasonably requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by applicable law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative Agent to determine whether or not such Lender is subject to backup withholding or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in Sections 2.14(f)(ii)(A), (ii)(B) and (ii)(D) below) shall not be required if in the Lender’s reasonable judgment (A) the failure to complete, execute or submit such documentation would not render the terms of this Agreement unenforceable by law and (B) such completion, execution or submission would subject such Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender.

(ii) Without limiting the generality of the foregoing,

(A) Each Lender that is a “United States person” as defined in Section 7701(a)(30) of the Code shall deliver to the Borrower and the Administrative Agent on or before the date on which it becomes a party to this Agreement two (2) properly completed and duly signed copies of U.S. Internal Revenue Service Form W-9 (or any successor form) certifying that such Lender is exempt from U.S. federal withholding tax.

(B) Each Lender that is not a “United States person” as defined in Section 7701(a)(30) of the Code (a “Non-U.S. Lender”) shall deliver to the Borrower and the Administrative Agent whichever of the following is applicable:

(2) in the case of a Non-U.S. Lender claiming benefits of an income tax treaty to which the United States is a party (x) with respect to payments of interest under any Loan Document, executed copies of IRS Form W-8BEN or W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the “interest” article of such tax treaty and (y) with respect to any other applicable payments under any Loan Document, IRS Form W-8BEN or W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the “business profits” or “other income” article of such tax treaty;
(3) executed copies of IRS Form W-8ECI;

(4) in the case of a Non-U.S. Lender claiming exemption from U.S. federal withholding tax under Section 881(c) of the Code with respect to payments of “portfolio interest,” (x) a statement substantially in the form of Exhibit F-1 to the effect that such Non-U.S. Lender is not a “bank” within the meaning of Section 881(c)(3)(A) of the Code, a “10 percent shareholder” of any Loan Party within the meaning of Section 881(c)(3)(B) of the Code, or a “controlled foreign corporation” described in Section 881(c)(3)(C) of the Code (a “U.S. Tax Compliance Certificate”), and (y) executed copies of IRS Form W-8BEN or W-8BEN-E;

(5) to the extent a Non-U.S. Lender is not the beneficial owner, executed copies of IRS Form W-8IMY, accompanied by IRS Form W-8ECI, IRS Form W-8BEN or W-8BEN-E, a U.S. Tax Compliance Certificate substantially in the form of Exhibit F-2 or Exhibit F-3, IRS Form W-9, and/or other certification documents from each beneficial owner, as applicable; provided that if the Non-U.S. Lender is a partnership and one or more direct or indirect partners of such Non-U.S. Lender are claiming the portfolio interest exemption, such Non-U.S. Lender may provide a U.S. Tax Compliance Certificate substantially in the form of Exhibit F-4 on behalf of each such direct and indirect partner;

(C) any Non-U.S. Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) executed copies of any other form prescribed by applicable requirements of U.S. federal income tax law as a basis for claiming exemption from or a reduction in U.S. federal withholding tax duly completed together with such supplementary documentation as may be prescribed by applicable requirements of law to permit the Borrower and the Administrative Agent to determine the withholding or deduction required to be made.

(D) If a payment made to a Lender under any Loan Document would be subject to U.S. federal withholding Tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent, at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent, such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower and the Administrative Agent to comply with their obligations under FATCA, to determine that such Lender has or has not complied with such Lender’s obligations under FATCA or to determine the amount to deduct and withhold from such payment. Solely for purposes of this Section 2.14(f)(ii)(D), “FATCA” shall include any amendments made to FATCA after the date of this Agreement.

All forms described in this Section 2.14(f) shall be delivered by each Lender on or before the date it becomes a party to this Agreement and from time to time thereafter upon the request of the Borrower or the Administrative Agent. In addition, each Lender shall deliver such forms promptly upon the obsolescence or invalidity of any form previously delivered by such Lender. Each Lender shall promptly notify the Borrower and the Administrative Agent at any time it determines that it is no longer in a position to provide any previously delivered certificate to the Borrower (or any other form of certification adopted by the U.S. taxing authorities for such purpose). Notwithstanding any other provision of this Section 2.14(f), a Lender shall not be required to deliver any form pursuant to this Section that such Lender is not legally able to deliver.
The agreements in this Section shall survive the termination of this Agreement and the payment of the Loans and all other amounts payable hereunder.

SECTION 2.15. Payments Generally; Pro Rata Treatment; Sharing of Set-offs. (a) The Borrower shall make each payment required to be made by it hereunder (whether of principal, interest or fees, or under Sections 2.12, 2.13 or 2.14, or otherwise) prior to 12:00 noon, Local Time, on the date when due, in immediately available funds, without set-off or counterclaim. Any amounts received after such time on any date may, in the discretion of the Administrative Agent, be deemed to have been received on the next succeeding Business Day for purposes of calculating interest thereon. All such payments shall be made to the Administrative Agent at its offices at 270 Park Avenue, New York, New York (or such other address designated by the Administrative Agent to Borrower pursuant to Section 10.02) and except that payments pursuant to Sections 2.12, 2.13, 2.14 and 10.05 shall be made directly to the Persons entitled thereto. The Administrative Agent shall distribute any such payments received by it for the account of any other Person to the appropriate recipient promptly following receipt thereof. If any payment hereunder shall be due on a day that is not a Business Day, the date for payment shall be extended to the next succeeding Business Day, and, in the case of any payment accruing interest, interest thereon shall be payable for the period of such extension. All payments hereunder shall be made in the currencies specified hereunder.

(b) If at any time insufficient funds are received by and available to the Administrative Agent to pay fully all amounts of principal, interest and fees then due hereunder, such funds shall be applied (i) first, to pay interest and fees then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of interest and fees then due to such parties, and (ii) second, to pay principal then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of principal then due to such parties.

(c) If any Lender shall, by exercising any right of set-off or counterclaim or otherwise, obtain payment in respect of any principal of or interest on any of its Loans resulting in such Lender receiving payment of a greater proportion of the aggregate amount of its Loans and accrued interest thereon than the proportion received by any other Lender, then the Lender receiving such greater proportion shall purchase (for cash at face value) participations in the Loans of other Lenders to the extent necessary so that the benefit of all such payments shall be shared by the Lenders ratably in accordance with the aggregate amount of principal of and accrued interest on their respective Loans; provided that (i) if any such participations are purchased and all or any portion of the payment giving rise thereto is recovered, such participations shall be rescinded and the purchase price restored to the extent of such recovery, without interest, and (ii) the provisions of this paragraph (c) shall not be construed to apply to any payment made by the Borrower pursuant to and in accordance with the express terms of this Agreement or any payment obtained by a Lender as consideration for the assignment of or sale of a participation in any of its Loans, other than to the Borrower or any Subsidiary or Affiliate thereof (as to which the provisions of this paragraph (c) shall apply). The Borrower consents to the foregoing and agrees, to the extent it may effectively do so under applicable law, that any Lender acquiring a participation pursuant to the foregoing arrangements may exercise against the Borrower rights of set-off and counterclaim with respect to such participation as fully as if such Lender were a direct creditor of the Borrower in the amount of such participation.

(d) Unless the Administrative Agent shall have received notice from the Borrower prior to the date on which any payment is due to the Administrative Agent for the account of the Lenders hereunder that the Borrower will not make such payment, the Administrative Agent may assume that the Borrower has made such payment on such date in accordance herewith and may, in reliance upon such assumption, distribute to the Lenders the amount due. In such event, if the Borrower has not in fact made such payment, then each of the Lenders severally agrees to repay to the Administrative Agent forthwith on demand the amount so distributed to such Lender with interest thereon, for each day from and including the date such amount is distributed to it but excluding the date of payment to the Administrative Agent, at the greater of the New York Fed Bank Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation.
(e) If any Lender shall fail to make any payment required to be made by it pursuant to Section 2.04(b) or 2.15(d), then the Administrative Agent may, in its discretion (notwithstanding any contrary provision hereof), apply any amounts thereafter received by the Administrative Agent for the account of such Lender to satisfy such Lender’s obligations under such Sections until all such unsatisfied obligations are fully paid.

SECTION 2.16. Defaulting Lenders. Notwithstanding any provision of this Agreement to the contrary, if any Lender becomes a Defaulting Lender, the Administrative Agent shall deliver written notice to such effect, upon the Administrative Agent’s obtaining knowledge of such event, to the Borrower and such Defaulting Lender, and the following provisions shall apply for so long as such Lender is a Defaulting Lender:

(a) fees shall cease to accrue on the undrawn portion of the Commitment of such Defaulting Lender pursuant to Section 2.09(a).

(b) the Commitment and Aggregate Exposure of such Defaulting Lender shall not be included in determining whether all Lenders or the Required Lenders have taken or may take any action hereunder (including any consent to any amendment or waiver pursuant to Section 10.01), provided that any waiver, amendment or modification requiring the consent of all Lenders or each affected Lender which would increase or extend the term of the Commitment of a Defaulting Lender, extend the date fixed for payment of principal or interest owing to a Defaulting Lender, reduce the amount of or the rate or amount of interest on any amount owing to a Defaulting Lender or of any fee payable to a Defaulting Lender (except as otherwise provided in this Section 2.16) or alter the terms and conditions of this sentence or affect such Defaulting Lender differently than other affected Lenders shall, in each case, require the consent of such Defaulting Lender.

(c) any amount payable to such Defaulting Lender hereunder (whether on account of principal, interest, fees or otherwise and including any amount that would otherwise be payable to such Defaulting Lender pursuant to Section 2.15(c) but excluding Section 2.17(b)) shall, in lieu of being distributed to such Defaulting Lender, subject to any applicable requirements of law, be applied (i) first, to the payment of any amounts owing by such Defaulting Lender to the Administrative Agent hereunder, (ii) second, to the funding of any Loan in respect of which such Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as determined by the Administrative Agent, and (iii) third, to such Defaulting Lender or as otherwise directed by a court of competent jurisdiction.

(d) [reserved].

(e) [reserved].

In the event that the Administrative Agent and the Borrower each agrees that a Defaulting Lender has adequately remedied all matters that caused such Lender to be a Defaulting Lender or upon receipt by the Administrative Agent of the confirmation referred to in clause (c) of the definition of “Defaulting Lender”, as applicable, then on such date such Lender shall purchase at par such portion of the Loans of the other Lenders as the Administrative Agent shall determine may be necessary in order for such Lender to hold such Loans ratably in accordance with its respective Commitment.

37
SECTION 2.17. Mitigation Obligations; Replacement of Lenders. (a) If any Lender requests compensation under Section 2.12, or if the Borrower is required to pay any additional amount to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.14, then such Lender shall use reasonable efforts to designate a different lending office for funding or booking its Loans hereunder or to assign its rights and obligations hereunder to another of its offices, branches or affiliates, if, in the judgment of such Lender, such designation or assignment (i) would eliminate or reduce amounts payable pursuant to Sections 2.12 or 2.14, as the case may be, in the future, and (ii) would not subject such Lender to any unreimbursed costs or expenses and would not otherwise be disadvantageous to such Lender. To the extent reasonably possible, each Lender shall use reasonable efforts to designate a different lending office for funding or booking its Loans hereunder or to assign its rights and obligations hereunder to another of its offices, branches or affiliates, if, in the judgment of such Lender, such designation or assignment would avoid the unavailability of Eurodollar Loans under Section 2.11, so long as such designation is not disadvantageous to such Lender as determined by such Lender in its sole discretion. The Borrower hereby agrees to pay all reasonable costs and expenses incurred by any Lender in connection with any such designation or assignment.

(b) The Borrower shall, at its sole expense and effort, have the right, by giving at least fifteen (15) Business Days’ prior written notice (or, in the case of a Defaulting Lender, at least three (3) Business Days’ prior written notice) to the affected Lender and the Administrative Agent, at any time when no Default or Event of Default has occurred and is continuing, to require any Lender to assign all of its rights and obligations under the Loan Documents to one (1) or more Lenders (other than any Conduit Lender), or, with the approval of the Administrative Agent (which approval will not unreasonably be withheld, delayed or conditioned), to one (1) or more banks, financial institutions or other entities selected by the Borrower. Such assignment shall be substantially in the form of Exhibit E hereto or in such other form as may be agreed to by the parties thereto but, except in the case of an assignment by a Defaulting Lender (in which case such form shall be as reasonably specified by the Administrative Agent) shall be on terms and conditions reasonably satisfactory to the affected Lender; provided that, no such assignment shall, unless otherwise specified, transfer any liability of a Defaulting Lender hereunder or release any such liability. The Borrower shall remain liable to the affected Lender for any indemnification provided under Section 2.13 with respect to Loans of such Lender outstanding on the effective date of an assignment required under this Section 2.17(b), as well as for all other Obligations owed to such Lender under this Agreement as of such effective date.

REPRESENTATIONS AND WARRANTIES

The Borrower represents and warrants to the Lenders that:

SECTION 4.01. Organization; Powers. The Borrower and each of the Significant Subsidiaries is duly organized, validly existing and in good standing under the laws of the jurisdiction of its organization, has all requisite power and authority to carry on its business as now conducted and, except where the failure to do so, individually or in the aggregate, would not reasonably be expected to result in a Material Adverse Effect, is qualified to do business in, and is in good standing in, every jurisdiction where such qualification is required.
SECTION 4.02. Authorization; Enforceability. The Transactions are within each Loan Party’s corporate or organizational powers and authority and have been duly authorized by all necessary corporate or organizational action. The Loan Documents (i) have been duly executed and delivered by each Loan Party that is a party thereto, and (ii) constitute legal, valid and binding obligations of each Loan Party that is a party thereto, enforceable in accordance with their respective terms, subject to applicable bankruptcy, insolvency, reorganization, moratorium or other laws affecting creditors’ rights generally and subject to general principles of equity, regardless of whether considered in a proceeding in equity or at law.

SECTION 4.03. Governmental Approvals; No Conflicts. The Transactions (a) do not require any consent or approval of, registration or filing with, or any other action by, any Governmental Authority, except such as have been obtained or made and are in full force and effect, and except to the extent that the failure to obtain such consent or approval, or register, file, or take such action, would not, individually or in the aggregate, reasonably be expected to result in a Material Adverse Effect, (b) will not violate any applicable law or regulation or the charter, by-laws or other organizational documents of the Borrower, any Guarantor or any of the Significant Subsidiaries or any order of any Governmental Authority, except such violations of any law, regulation, or order, individually or in the aggregate, that would not reasonably be expected to result in a Material Adverse Effect, (c) will not violate or result in a default under any indenture, agreement or other instrument binding upon the Borrower, any Guarantor or any of the Significant Subsidiaries or their assets, or give rise to a right thereunder to require any payment to be made by the Borrower, any Guarantor or any of the Significant Subsidiaries, in each case (except in the case of any indenture or other agreement governing Material Indebtedness) which would, individually or in the aggregate with such other instances, reasonably be expected to result in a Material Adverse Effect, and (d) will not result in the creation or imposition of any Lien on any asset of the Borrower or any of the Significant Subsidiaries, other than any Liens permitted by Section 7.01.

SECTION 4.04. Financial Statements. The Borrower has heretofore furnished to the Lenders its consolidated balance sheet, and related consolidated statement of income, consolidated statement of cash flows and consolidated statement of changes in stockholders’ investment and comprehensive income, and the accompanying notes to such consolidated financial statements, as of and for the fiscal year ended May 31, 2019, reported on by Ernst & Young LLP, independent public accountants. Such financial statements, together with the accompanying notes to such financial statements, present fairly, in all material respects, the consolidated financial condition of the Borrower and its consolidated Subsidiaries as of such date and the results of operation and cash flows of the Borrower and its consolidated Subsidiaries for the year then ended, all in accordance with GAAP.

SECTION 4.05. Taxes. The Borrower and each of its Significant Subsidiaries has filed or caused to be filed all Tax returns and reports required to have been filed and has paid or caused to be paid all Taxes required to have been paid by it, except (a) Taxes that are being contested in good faith by appropriate proceedings and for which the Borrower or such Significant Subsidiary, as applicable, has set aside on its books adequate reserves or (b) to the extent that the failure to do so would not reasonably be expected to result in a Material Adverse Effect.

SECTION 4.06. Litigation and Environmental Matters. (a) There are no actions, suits or proceedings by or before any arbitrator or Governmental Authority pending against or, to the knowledge of any Financial Officer, threatened against the Borrower or any of its Significant Subsidiaries (i) that would reasonably be expected, individually or in the aggregate, to result in a Material Adverse Effect (other than the Disclosed Matters), or (ii) that purport to affect the legality, validity, or enforceability of this Agreement or the other Loan Documents or the transactions contemplated thereby.
(b) Except for the Disclosed Matters and except for any such matters that, individually or in the aggregate, would not reasonably be expected to result in a Material Adverse Effect, each of the Borrower and its Significant Subsidiaries (i) is in compliance with all applicable Environmental Laws and has obtained and maintained any permit, license, or other approval currently required under any applicable Environmental Law, (ii) is not subject to any Environmental Liability, and (iii) has not, to its knowledge, received notice of any claim with respect to any Environmental Liability or has knowledge of any event or circumstance that would reasonably be expected to give rise to such a claim.

(c) Since the date of this Agreement, there has been no change in the status of the Disclosed Matters that, individually or in the aggregate, has resulted in a Material Adverse Effect.

SECTION 4.07. Subsidiaries. Schedule 4.07 hereto contains an accurate list of all of the Significant Subsidiaries of the Borrower as of the Effective Date, setting forth their respective jurisdictions of incorporation and the percentage of their respective capital stock owned by the Borrower or other Subsidiaries. All of the issued and outstanding shares of capital stock of such Significant Subsidiaries have been duly authorized and issued and are fully paid and non-assessable.

SECTION 4.08. ERISA. No ERISA Event has occurred or is reasonably expected to occur that, either individually or when taken together with all other such ERISA Events for which liability is reasonably expected to occur, would reasonably be expected to result in a Material Adverse Effect. The present value of the aggregate benefit liabilities under each Single Employer Plan sponsored, maintained or contributed to by Borrower, or its ERISA Affiliates (determined as of the end of the most recent plan year on the basis of the actuarial assumptions specified for funding purposes in the most recent actuarial valuation for such Single Employer Plan), did not exceed the aggregate current value of the assets of such Single Employer Plan in an amount that could reasonably be likely to result in a Material Adverse Effect.

SECTION 4.09. Compliance with Laws and Agreements. Each of the Borrower and its Significant Subsidiaries is in compliance with all laws, regulations and orders of any Governmental Authority applicable to it or its Property and all indentures, agreements and other instruments binding upon it or its Property, except where the failure to so comply, individually or in the aggregate, would not reasonably be expected to result in a Material Adverse Effect. No Default has occurred and is continuing.

SECTION 4.10. Properties; Liens. The Borrower and each of the Significant Subsidiaries has good title to, or valid leasehold interests in, all its real and personal Property material to its business, except for any such defects that, individually or in the aggregate, would not reasonably be expected to result in a Material Adverse Effect, and none of such Property is subject to any Lien except as permitted by Section 7.01.

SECTION 4.11. Investment Company Status. Neither the Borrower nor any of its Significant Subsidiaries is an “investment company” as defined in, or subject to regulation under, the Investment Company Act of 1940.

SECTION 4.12. Anti-Corruption Laws and Sanctions. The Borrower has implemented and maintains in effect policies and procedures reasonably designed to achieve compliance in all material respects by the Borrower, its Subsidiaries and their respective directors, officers, employees and, to the extent acting on behalf of Borrower or its Subsidiaries, agents with applicable Anti-Corruption Laws and applicable Sanctions. None of (a) the Borrower, any Subsidiary or to the knowledge of the Borrower or such Subsidiary any of their respective directors, officers or employees, or (b) to the knowledge of the Borrower, any agent of the Borrower or any Subsidiary that will act in any
capacity in connection with or benefit from the credit facility established hereby, is aSanctioned Person. No Borrowing, or use of proceeds will be used, directly, or to the knowledge of the Borrower, indirectly, to (a) make any offer, payment or give anything else of value to any person in violation of applicable Anti-Corruption Laws or (b) finance or facilitate any activity which violates applicable Sanctions.

SECTION 4.13. Patriot Act Compliance. Each of the Borrower and its Significant Subsidiaries is in compliance with applicable provisions of the Patriot Act, except where the failure to so comply, individually or in the aggregate, would not reasonably be expected to result in a Material Adverse Effect.

ARTICLE V

(b) The Administrative Agent shall have received satisfactory evidence that the Existing 364-Day Credit Agreement has been terminated and all amounts payable by the Borrower thereunder have been paid in full. (d) The Administrative Agent shall have received such documents and certificates as the Administrative Agent or its counsel may reasonably request relating to the organization, existence and good standing of the Borrower and the domestic Significant Subsidiaries and the authorization of the Transactions, all in form and substance reasonably satisfactory to the Administrative Agent and its counsel.

(f) Since May 31, 2019, there has been no change in the business, Property, financial condition or results of operations of the Borrower and its consolidated Subsidiaries taken as a whole which would reasonably be expected to have a Material Adverse Effect, and the Administrative Agent shall have received a certificate to that effect, dated as of the Effective Date and signed by the President, Chief Executive Officer, or a Financial Officer of the Borrower.
(g) The Administrative Agent shall have received all fees required to be paid hereunder on or prior to the Effective Date and all out-of-pocket expenses required to be reimbursed or paid by the Borrower hereunder for which invoices have been presented to Borrower.

The Administrative Agent shall notify the Borrower and the Lenders of the Effective Date, and such notice shall be conclusive and binding. Notwithstanding the foregoing, the obligations of the Lenders to make Loans hereunder shall not become effective unless each of the foregoing conditions is satisfied (or waived pursuant to Section 10.01) at or prior to 5:00 p.m., New York City time, on March 17, 2020 (and, in the event such conditions are not so satisfied or waived, the Commitments shall terminate at such time).

SECTION 5.02. Each Credit Event. The obligation of each Lender to make a Loan on the occasion of any Borrowing is subject to the satisfaction of the following conditions:

(a) The representations and warranties of the Borrower set forth in Article IV hereof shall be true and correct on and as of the date of such Borrowing (except to the extent that any such representation or warranty expressly relates to a specified earlier date, in which case such representation or warranty shall be true and correct as of such earlier date).

(b) At the time of and immediately after giving effect to such Borrowing no Default shall have occurred and be continuing.

ARTICLE IX

THE AGENTS

SECTION 9.01. Appointment. Each Lender hereby irrevocably designates and appoints the Administrative Agent as the agent of such Lender under this Agreement and the other Loan Documents, and each such Lender irrevocably authorizes the Administrative Agent, in such capacity, to take such action on its behalf under the provisions of this Agreement and the other Loan Documents and to exercise such powers and perform such duties as are expressly delegated to the Administrative Agent by the terms of this Agreement and the other Loan Documents, together with such other powers as are reasonably incidental thereto. Notwithstanding any provision to the contrary elsewhere in this Agreement, the Administrative Agent shall not have any duties or responsibilities, except those expressly set forth herein, or any fiduciary relationship with any Lender, and no implied covenants, functions, responsibilities, duties, obligations, or liabilities shall be read into this Agreement or any other Loan Document or otherwise exist against the Administrative Agent.

SECTION 9.02. Delegation of Duties. The Administrative Agent may execute any of its duties under this Agreement and the other Loan Documents by or through agents or attorneys-in-fact and shall be entitled to advice of counsel concerning all matters pertaining to such duties. The Administrative Agent shall not be responsible for the negligence or misconduct of any agents or attorneys-in-fact selected by it with reasonable care.

SECTION 9.03. Exculpatory Provisions. Neither any Agent nor any of their respective officers, directors, employees, agents, attorneys-in-fact, or Affiliates shall be (i) liable to any Lender for any action lawfully taken or omitted to be taken by it or such Person under or in connection with this Agreement or any other Loan Document (except to the extent that any of the foregoing are found by a final and non-appealable decision of a court of competent jurisdiction to have resulted from its or such Person’s own gross negligence or willful misconduct), or (ii) responsible in any manner to any of the Lenders for any recitals, statements, representations, or warranties made by any Loan Party or any officer thereof contained in this Agreement or any other Loan Document or in any certificate, report, statement, or other document referred to or provided for in, or received by the Agents under or in connection with, this Agreement or any other Loan Document or for the value, validity, effectiveness, genuineness, enforceability, or sufficiency of this Agreement or any other Loan Document or for any failure of any Loan Party that is a party thereto to perform its obligations hereunder or thereunder. The Agents shall not be under any obligation to any Lender to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Agreement or any other Loan Document, or to inspect the Properties, books or records of any Loan Party.

SECTION 9.04. Reliance by Administrative Agent. The Administrative Agent shall be entitled to rely, and shall be fully protected in relying, upon any instrument, writing, resolution, notice, consent, certificate, affidavit, letter, telecopy, telex, or teletype message, statement, order or other document or conversation believed by it to be genuine and correct and to have been signed, sent or made by the proper Person or Persons and upon advice and statements of legal counsel (including counsel to the Borrower), independent accountants and other experts selected by the Administrative Agent. The Administrative Agent may deem and treat the payee of any Note as the owner thereof for all purposes unless a written notice of assignment, negotiation or transfer thereof shall have been filed with the Administrative Agent. The Administrative Agent shall be fully justified in failing or refusing to take any action under this Agreement or any other Loan Document unless it shall first receive such advice or concurrence of the Required Lenders (or, if so specified by this Agreement, all Lenders) as it deems appropriate or it shall first be indemnified to its satisfaction by the Lenders against any and all liability and expense that may be incurred by it by reason of taking or continuing to take any such action. The
Administrative Agent shall in all cases be fully protected in acting, or in refraining from acting, under this Agreement and the other Loan Documents in accordance with a request of the Required Lenders (or, if so specified by this Agreement, all Lenders), and such request and any action taken or failure to act pursuant thereto shall be binding upon all the Lenders and all future holders of the Loans.

SECTION 9.05. Notice of Default. The Administrative Agent shall not be deemed to have knowledge or notice of the occurrence of any Default or Event of Default unless the Administrative Agent has received notice from a Lender or the Borrower referring to this Agreement, describing such Default or Event of Default and stating that such notice is a “notice of default”. In the event that the Administrative Agent receives such a notice, the Administrative Agent shall give notice thereof to the Lenders. The Administrative Agent shall take such action with respect to such Default or Event of Default as shall be reasonably directed by the Required Lenders (or, if so specified by this Agreement, all Lenders); provided that unless and until the Administrative Agent shall have received such directions, the Administrative Agent may (but shall not be obligated to) take such action, or refrain from taking such action, with respect to such Default or Event of Default as it shall deem advisable in the best interests of the Lenders.

SECTION 9.06. Non-Reliance on Agents and Other Lenders. Each Lender expressly acknowledges that neither the Agents nor any of their respective officers, directors, employees, agents, attorneys-in-fact, or Affiliates have made any representations or warranties to it and that no act by any Agent hereafter taken, including any review of the affairs of a Loan Party or any Affiliate of a Loan Party, shall be deemed to constitute any representation or warranty by any Agent to any Lender. Each Lender represents to the Agents that it has, independently and without reliance upon any Agent or any other Lender, and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, operations, Property, financial, and other condition and creditworthiness of the Loan Parties and their Affiliates and made its own decision to make its Loans hereunder and enter into this Agreement. Each Lender also represents that it will, independently and without reliance upon any Agent or any other Lender, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement and the other Loan Documents, and to make such investigation as it deems necessary to inform itself as to the business, operations, Property, financial, and other condition and creditworthiness of the Loan Parties and their Affiliates. Except for notices, reports and other documents expressly required to be furnished to the Lenders by the Administrative Agent hereunder, the Administrative Agent shall not have any duty or responsibility to provide any Lender with any credit or other information concerning the business, operations, Property, condition (financial or otherwise), prospects, or creditworthiness of any Loan Party or any Affiliate of a Loan Party that may come into the possession of the Administrative Agent or any of its officers, directors, employees, agents, attorneys-in-fact, or Affiliates.

SECTION 9.07. Indemnification. The Lenders agree to indemnify each Agent in its capacity as such (to the extent not reimbursed by the Borrower and without limiting the obligation of the Borrower to do so), ratably according to their respective Aggregate Exposure Percentages in effect on the date on which indemnification is sought under this Section 9.07 (or, if indemnification is sought after the date upon which the Commitments shall have terminated and the Loans shall have been paid in full, ratably in accordance with such Aggregate Exposure Percentages immediately prior to such date), from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses, or disbursements of any kind whatsoever that may at any time (whether before or after the payment of the Loans) be imposed on, incurred by or asserted against such Agent in any way relating to or arising out of, the Commitments, this Agreement, any of the other Loan Documents or any documents contemplated by or referred to herein or therein or the transactions contemplated hereby or thereby or any action taken or omitted by such Agent under or in connection with any of the foregoing; provided that no
Lender shall be liable for the payment of any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses, or disbursements that are found by a final and non-appealable decision of a court of competent jurisdiction to have resulted from such Agent’s gross negligence or willful misconduct. The agreements in this Section 9.07 shall survive the payment of the Loans and all other amounts payable hereunder. The respective obligations of the Lenders under this Agreement are several and not joint, and no Lender shall be responsible for the failure of any other Lender to satisfy its obligations hereunder.

SECTION 9.08. Agent in Its Individual Capacity. Each Agent and its Affiliates may make loans to, accept deposits from and generally engage in any kind of business with any Loan Party as though such Agent were not an Agent. With respect to its Loans made or renewed by it, each Agent shall have the same rights and powers under this Agreement and the other Loan Documents as any Lender and may exercise the same as though it were not an Agent, and the terms “Lender” and “Lenders” shall include each Agent in its individual capacity.

SECTION 9.09. Successor Administrative Agent. (a) The Administrative Agent may resign as Administrative Agent upon ten (10) days’ notice to the Lenders and the Borrower. If the Administrative Agent shall resign as Administrative Agent under this Agreement and the other Loan Documents, then the Required Lenders shall appoint from among the Lenders a successor agent for the Lenders, which successor agent shall (unless an Event of Default under paragraph (a) of Article VIII or paragraph (i) of Article VIII with respect to the Borrower shall have occurred and be continuing) be subject to approval by the Borrower (which approval shall not be unreasonably withheld or delayed), whereupon such successor agent shall succeed to the rights, powers, and duties of the Administrative Agent, and the term “Administrative Agent” shall mean such successor agent effective upon such appointment and approval, and the former Administrative Agent’s rights, powers, and duties as Administrative Agent shall be terminated, without any other or further act or deed on the part of such former Administrative Agent or any of the parties to this Agreement or any holders of the Loans. If no successor agent has accepted appointment as Administrative Agent by the date that is thirty (30) days following a retiring Administrative Agent’s notice of resignation, the retiring Administrative Agent’s resignation shall nevertheless thereupon become effective, and the Lenders shall assume and perform all of the duties of the Administrative Agent hereunder until such time, if any, as the Required Lenders appoint a successor agent as provided for above. After any retiring Administrative Agent’s resignation as Administrative Agent, the provisions of this Article IX shall inure to its benefit as to any actions taken or omitted to be taken by it while it was Administrative Agent under this Agreement and the other Loan Documents.

(b) The Administrative Agent agrees that in the event it shall fail to fund its portion of any Borrowing within three (3) Business Days of the date on which it shall have been required to fund same, it shall cooperate in good faith with efforts by the Borrower to replace it with a successor administrative agent that is satisfactory to the Required Lenders and the Borrower (including resigning in connection with such replacement).

SECTION 9.10. Documentation Agents and Syndication Agent. None of the Documentation or the Syndication Agent shall have any duties or responsibilities hereunder in its capacity as such.

(a) Each Lender (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent, and not, for the avoidance of doubt, to or for the benefit of the Borrower or any other Loan Party, that at least one of the following is and will be true:

53
(i) such Lender is not using “plan assets” (within the meaning of Section 3(42) of ERISA or otherwise) of one or more Benefit Plans with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans, the Commitments, or this Agreement,

(ii) the transaction exemption set forth in one or more PTEs, such as PTE 84-14 (a class exemption for certain transactions determined by independent qualified professional asset managers), PTE 95-60 (a class exemption for certain transactions involving insurance company general accounts), PTE 90-1 (a class exemption for certain transactions involving insurance company pooled separate accounts), PTE 91-38 (a class exemption for certain transactions involving bank collective investment funds) or PTE 96-23 (a class exemption for certain transactions determined by in-house asset managers), is applicable with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans, the Commitments and this Agreement,

(iii) (A) such Lender is an investment fund managed by a “Qualified Professional Asset Manager” (within the meaning of Part VI of PTE 84-14), (B) such Qualified Professional Asset Manager made the investment decision on behalf of such Lender to enter into, participate in, administer and perform the Loans, the Commitments and this Agreement, (C) the entrance into, participation in, administration of and performance of the Loans, the Commitments and this Agreement satisfies the requirements of sub-sections (b) through (g) of Part I of PTE 84-14 and (D) to the best knowledge of such Lender, the requirements of subsection (a) of Part I of PTE 84-14 are satisfied with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans, the Commitments and this Agreement, or

(iv) such other representation, warranty and covenant as may be agreed in writing between the Administrative Agent, in its sole discretion, and such Lender.

(b) In addition, unless sub-clause (i) in the immediately preceding clause (a) is true with respect to a Lender or such Lender has provided another representation, warranty and covenant in accordance with sub-clause (iv) in the immediately preceding clause (a), such Lender further (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of the Administrative Agent, and not, for the avoidance of doubt, to or for the benefit of the Borrower or any other Loan Party, that the Administrative Agent is not a fiduciary with respect to the assets of such Lender involved in such Lender’s entrance into, participation in, administration of and performance of the Loans, the Commitments and this Agreement (including in connection with the reservation or exercise of any rights by the Administrative Agent under this Agreement, any Loan Document or any documents related hereto or thereto).

ARTICLE X

MISCELLANEOUS

SECTION 10.01. Amendments and Waivers. (a) None of this Agreement, any other Loan Document, or any terms hereof or thereof may be amended, supplemented or modified except in accordance with the provisions of this Section 10.01. The Required Lenders and each Loan Party that is party to the relevant Loan Document may, or, with the written consent of the Required Lenders, the
Administrative Agent and each Loan Party that is party to the relevant Loan Document may, from time to time, (a) enter into written amendments, supplements or modifications hereto and to the other Loan Documents for the purpose of adding, deleting or modifying any provisions to this Agreement or the other Loan Documents or changing in any manner the rights of the Lenders or of the Loan Parties hereunder or thereunder, or (b) waive, on such terms and conditions as the Required Lenders or the Administrative Agent, as the case may be, may specify in such instrument, any of the requirements of this Agreement or the other Loan Documents or any Default or Event of Default and its consequences; provided, however, that no such waiver and no such amendment, supplement or modification shall (i) forgive the principal amount or extend the final scheduled date of maturity of any Loan, reduce the stated rate of any interest or fee payable hereunder (except (x) in connection with the waiver of applicability of any post-default increase in interest rates (which waiver shall be effective with the consent of the Required Lenders), and (y) that any amendment or modification of defined terms used in the financial covenants in this Agreement shall not constitute a reduction in the rate of interest or fees for purposes of this clause (i)) or extend the scheduled date of any payment thereof, or increase the amount or extend the expiration date of any Lender’s Commitment, in each case without the written consent of each Lender directly affected thereby; (ii) eliminate or reduce the voting rights of any Lender under this Section 10.01 without the written consent of such Lender; (iii) reduce any percentage specified in the definition of Required Lenders, consent to the assignment or transfer by the Borrower of any of its rights and obligations under this Agreement and the other Loan Documents, or release the Guarantee Agreement or any Guarantor that is guaranteeing any public debt securities issued by the Borrower from its obligations under the Guarantee Agreement, in each case without the written consent of all Lenders (except for releases of Guarantors (other than any Specified Guarantor) in connection with any transaction otherwise expressly permitted to be consummated pursuant to this Agreement which releases, notwithstanding anything herein to the contrary, shall be governed by Section 10.14(d)); (iv) amend, modify or waive any provision of Section 2.15 without the written consent of the Lenders adversely affected thereby or (v) amend, modify or waive any provision of Article IX without the written consent of the Administrative Agent. Any such waiver and any such amendment, supplement or modification shall apply equally to each of the Lenders and shall be binding upon the Loan Parties, the Lenders, the Administrative Agent and all future holders of the Loans. In the case of any waiver, the Loan Parties, the Lenders and the Administrative Agent shall be restored to their former position and rights hereunder and under the other Loan Documents, and any Default or Event of Default waived shall be deemed to be cured and not continuing; but no such waiver shall extend to any subsequent or other Default or Event of Default, or impair any right consequent thereon.

(b) Notwithstanding the foregoing, this Agreement may be amended (or amended and restated) with the written consent of the Required Lenders, the Administrative Agent, and the Borrower (i) to add one (1) or more additional credit facilities to this Agreement and to permit the extensions of credit from time to time outstanding thereunder and the accrued interest and fees in respect thereof to share ratably in the benefits of this Agreement and the other Loan Documents with the Loans and extensions of credit and the accrued interest and fees in respect thereof, and (ii) to include appropriately the Lenders holding such credit facilities in any determination of the Required Lenders.

(c) Notwithstanding anything to the contrary in the foregoing, any provision of this Agreement may be amended by an agreement in writing entered into by the Borrower and the Administrative Agent to cure any ambiguity, omission, mistake, defect or inconsistency, it being agreed that the Administrative Agent shall provide the Lenders at least five Business Days’ prior written notice of such amendment, and any such amendment shall be deemed approved by the Lenders unless the Administrative Agent shall have received, within five Business Days of the date that a draft of such amendment is provided to the Lenders, a written notice from the Required Lenders stating that the Required Lenders object to such amendment.
SECTION 10.02. Notices. (a) All notices, requests and demands to or upon the respective parties hereto to be effective shall be in writing (including by electronic mail), and, unless otherwise expressly provided herein, shall be deemed to have been duly given or made when delivered, or three (3) Business Days after being deposited in the mail, postage prepaid, or, in the case of or electronic mail notice, when received, addressed as follows in the case of the Borrower and the Administrative Agent, and as set forth in an administrative questionnaire delivered to the Administrative Agent in the case of the Lenders, or to such other address as may be hereafter notified in writing by the respective parties hereto:

(b) Notices and other communications to the Lenders hereunder may be delivered or furnished by electronic communications pursuant to procedures approved by the Administrative Agent; provided that the foregoing shall not apply to notices pursuant to Article II unless otherwise agreed by the Administrative Agent and the applicable Lender. Each of the Administrative Agent or the Borrower may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it; provided that approval of such procedures may be limited to particular notices or communications.
SECTION 10.03. No Waiver; Cumulative Remedies. No failure to exercise and no delay in exercising, on the part of the Administrative Agent, Borrower, or any Lender, any right, remedy, power, or privilege hereunder or under the other Loan Documents shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power, or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power, or privilege. The rights, remedies, powers, and privileges herein provided are cumulative and not exclusive of any rights, remedies, powers, and privileges provided by law.

SECTION 10.04. Survival of Representations and Warranties. All representations and warranties made hereunder, in the other Loan Documents and in any document or certificate delivered pursuant hereto or in connection herewith shall survive the execution and delivery of this Agreement and the making of the Loans and other extensions of credit hereunder.

SECTION 10.05. Payment of Expenses and Taxes. The Borrower agrees (a) to pay or reimburse the Administrative Agent for all its reasonable out-of-pocket costs and expenses incurred in connection with the development, preparation and execution of, and any amendment, supplement or modification to, this Agreement and the other Loan Documents and any other documents prepared in connection herewith or therewith, and the consummation and administration of the transactions contemplated hereby and thereby, including the reasonable fees and disbursements of counsel to the Administrative Agent as separately agreed by the Administrative Agent and the Borrower, and filing and recording fees and expenses, with statements with respect to the foregoing to be submitted to the Borrower prior to the Effective Date (in the case of amounts to be paid on the Effective Date) and from time to time thereafter on a quarterly basis or such other periodic basis as the Administrative Agent shall deem appropriate, (b) to pay or reimburse each Lender and the Administrative Agent for all its reasonable out-of-pocket costs and expenses incurred in connection with the enforcement or preservation of any rights under this Agreement, the other Loan Documents and any such other documents, including the reasonable fees and disbursements of counsel to each Lender and of counsel to the Administrative Agent, (c) to pay, indemnify, and hold each Lender and the Administrative Agent harmless from, any and all recording and filing fees and any and all liabilities with respect to stamp, excise, and other taxes, if any, that are payable in connection with the execution and delivery of, or consummation or administration of any of the transactions contemplated by, or any amendment, supplement, or modification of, or any waiver or consent under or in respect of, this Agreement, the other Loan Documents and any such other documents, and (d) to pay, indemnify, and hold each Lender and the Administrative Agent and their respective officers, directors, employees, affiliates, and agents (each, an “Indemnitee”) harmless from and against any and all other liabilities, losses, damages, penalties, actions, judgments, suits, costs, expenses, or disbursements of any kind or nature whatsoever with respect to the execution, delivery, enforcement, performance, and administration of this Agreement and the other Loan Documents, including any of the foregoing relating to the use of proceeds of the Loans or the violation of, noncompliance with or liability under, any Environmental Law applicable to the operations of the Borrower, any Guarantor or any Subsidiary or any of their respective Properties, any Environmental Liability, and the reasonable fees and expenses of legal counsel actually incurred in connection with claims, actions or proceedings by any Indemnitee against any Loan Party under any Loan Document (all the foregoing in this paragraph (d), collectively, the “Indemnified Liabilities”), provided, that the Borrower shall have no obligation hereunder to any Indemnitee with respect to Indemnified Liabilities to the extent such Indemnified Liabilities are found by a final and non-appealable decision of a court of competent jurisdiction to have resulted from the gross negligence or willful misconduct of such Indemnitee. Without limiting the foregoing, and to the extent permitted by applicable law, the Borrower agrees not to assert and to cause its Subsidiaries not to assert, and hereby waives and agrees to cause its Subsidiaries to waive, all rights for contribution or any other rights of recovery with respect to all claims, demands, penalties, fines, liabilities, settlements, damages, costs, and expenses of whatever kind or nature, under or related to Environmental Laws, that any of them might have by statute or otherwise against any Indemnitee. All amounts due under this Section 10.05 shall be payable not later than thirty (30) days after written demand therefor, which shall set forth in reasonable detail the nature, basis and description of such Indemnified Liability. Statements payable by the Borrower pursuant to this Section 10.05 shall be submitted to FedEx.
Corporation, Attn: Treasurer, at the address of the Borrower set forth in Section 10.02, or to such other Person or address as may be hereafter designated by the Borrower in a written notice to the Administrative Agent. The agreements in this Section 10.05 shall survive repayment of the Loans and all other amounts payable hereunder.

SECTION 10.06. Successors and Assigns; Participations and Assignments. (a) This Agreement shall be binding upon and inure to the benefit of the Borrower, the Lenders, the Administrative Agent, all future holders of the Loans and their respective successors and assigns, except that the Borrower may not assign or transfer any of its rights or obligations under this Agreement without the prior written consent of each Lender.

(b) Any Lender other than any Conduit Lender may, without the consent of the Borrower, in accordance with applicable law, at any time sell to one (1) or more banks, financial institutions or other entities (each, a “Participant”) participating interests in any Loan owing to such Lender, any Commitment of such Lender or any other interest of such Lender hereunder and under the other Loan Documents. In the event of any such sale by a Lender of a participating interest to a Participant, such Lender’s obligations under this Agreement to the other parties to this Agreement shall remain unchanged, such Lender shall remain solely responsible for the performance thereof, such Lender shall remain the holder of any such Loan for all purposes under this Agreement and the other Loan Documents, and the Borrower and the Administrative Agent shall continue to deal solely and directly with such Lender in connection with such Lender’s rights and obligations under this Agreement and the other Loan Documents. In no event shall any Participant under any such participation have any right to approve any amendment or waiver of any provision of any Loan Document, or any consent to any departure by any Loan Party therefrom, except to the extent that such amendment, waiver or consent would reduce the principal of, or interest on, the Loans or any fees payable hereunder, or postpone the date of the final maturity of the Loans, in each case to the extent subject to such participation. The Borrower agrees that if amounts outstanding under this Agreement and the Loans are due or unpaid, or shall have been declared or shall have become due and payable upon the occurrence of an Event of Default, each Participant shall, to the maximum extent permitted by applicable law, be deemed to have the right of setoff in respect of its participating interest in amounts owing under this Agreement to the same extent as if the amount of its participating interest were owing directly to it as a Lender under this Agreement, provided that, in purchasing such participating interest, such Participant shall be deemed to have agreed to share with the Lenders the proceeds thereof as provided in Section 10.07(a) as fully as if it were a Lender hereunder. The Borrower also agrees that each Participant shall be entitled to the benefits of Sections 2.12, 2.13 and 2.14 with respect to its participation in the Commitments and the Loans outstanding from time to time as if it were a Lender; provided that, in the case of Sections 2.13 and 2.14, such Participant shall have complied with the requirements of said Sections as if it were a Lender (it being understood that the documentation required under Section 2.14(f) shall be delivered to the participating Lender); and provided, further, that no Participant shall be entitled to receive any greater amount pursuant to any such Section than theTransferor Lender would have been entitled to receive in respect of the amount of the participation transferred by such Transferor Lender to such Participant had no such transfer occurred, except to the extent such entitlement to receive a greater payment results from a Change in Law that occurs after the Participant acquired the applicable participation. Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower (but without giving rise to any fiduciary obligation of any kind to the Borrower), maintain a register on which it enters the name and address of each Participant and the principal amounts (and stated interest) of each Participant’s interest in the Loans or other obligations under this Agreement (the “Participant Register”); provided, however, that no Lender shall have any obligation to disclose all or any portion of the Participant Register to any Person (including the identity of any Participant or any information relating to a Participant’s interest in any Commitments, Loans, letters of credit or its other obligations under any Loan Document) except to the extent that such disclosure is necessary to establish that such Commitment,
Loan, letter of credit or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for purposes of this Agreement notwithstanding any notice to the contrary.

(c) Any Lender other than any Conduit Lender (an “Assignor”) may, in accordance with applicable law, at any time and from time to time assign to any Lender (other than any Defaulting Lender) or any Lender Affiliate or, with the consent of the Borrower and the Administrative Agent (which, in each case, shall not be unreasonably withheld or delayed), to an additional bank, financial institution or other entity (an “Assignee”) all or any part of its rights and obligations under this Agreement and the other Loan Documents pursuant to an Assignment and Acceptance, executed by such Assignee, such Assignor and any other Person whose consent is required pursuant to this paragraph, and delivered to the Administrative Agent for its acceptance and recording in the Register (as defined below); provided that, unless otherwise agreed by the Borrower and the Administrative Agent, no such assignment to an Assignee (other than any Lender or any Lender Affiliate) shall be in an aggregate principal amount of less than $5,000,000 and after giving effect to such assignment, such assigning Lender shall have Commitments and Loans in an aggregate amount of at least $5,000,000 as described in this sentence except in the case of an assignment of all of a Lender’s interests under this Agreement. For purposes of the proviso contained in the preceding sentence, the amount described therein shall be aggregated in respect of each Lender and its Lender Affiliates, if any. The Assignee shall purchase, at par, all Loans and pay all accrued interest and other amounts owing to such Assignor under this Agreement on or prior to the date of assignment for any assignment pursuant to Section 2.17. Upon such execution, delivery, acceptance and recording, from and after the effective date determined pursuant to such Assignment and Acceptance, (x) the Assignee thereunder shall be a party hereto and, to the extent provided in such Assignment and Acceptance, have the rights and obligations of a Lender hereunder with a Commitment and/or Loans as set forth therein, and (y) the Assignor thereunder shall, to the extent provided in such Assignment and Acceptance, relinquish its rights (other than its rights under Sections 2.13, 2.14, and 10.05 to the extent any claim thereunder relates to an event arising prior to the effective date of such assignment) and be released from its obligations (other than its obligations under Section 9.07 with respect to matters arising prior to the effective date of such assignment) under this Agreement (and, in the case of an Assignment and Acceptance covering all of an Assignor’s rights and obligations under this Agreement, such Assignor shall cease to be a party hereto). Notwithstanding any provision of this Section 10.06, (i) the consent of the Borrower shall not be required for any assignment that occurs after the occurrence and during the continuance of an Event of Default, and (ii) no assignment shall be made to the Borrower or any Affiliate of the Borrower. Notwithstanding the foregoing, any Conduit Lender may assign at any time to its designating Lender hereunder without the consent of the Borrower or the Administrative Agent any or all of the Loans it may have funded hereunder and pursuant to its designation agreement and without regard to the limitations set forth in the first sentence of this Section 10.06(c).

(d) The Administrative Agent shall, on behalf of the Borrower, maintain at its address referred to in Section 10.02 a copy of each Assignment and Acceptance delivered to it and a register (the “Register”) for the recordation of the names and addresses of the Lenders and the Commitment of, and the principal amount of the Loans owing to, each Lender from time to time. The entries in the Register shall be conclusive, in the absence of manifest error, and the Borrower, each other Loan Party, the Administrative Agent and the Lenders shall treat each Person whose name is recorded in the Register as the owner of the Loans and any Notes evidencing the Loans recorded therein for all purposes of this Agreement. Any assignment of any Loan, whether or not evidenced by a Note, shall be effective only upon appropriate entries with respect thereto being made in the Register (and each Note shall expressly so provide). Any assignment or transfer of all or part of a Loan evidenced by a Note shall be registered on the Register only upon surrender for registration of assignment or transfer of the Note evidencing such Loan, accompanied by a duly executed Assignment and Acceptance, and thereupon one or more new Notes shall be issued to the designated Assignee.
Upon its receipt of an Assignment and Acceptance executed by an Assignor, an Assignee and any other Person whose consent is required by Section 10.06(c), together with payment to the Administrative Agent of a registration and processing fee of $4,000, the Administrative Agent shall (i) promptly accept such Assignment and Acceptance, (ii) record the information contained therein in the Register on the effective date determined pursuant thereto, and (iii) promptly notify Borrower of its receipt of such Assignment and Acceptance.

For avoidance of doubt, the parties to this Agreement acknowledge that the provisions of this Section 10.06 concerning assignments relate only to absolute assignments and that such provisions do not prohibit assignments creating security interests, including any pledge or assignment by a Lender to any Federal Reserve Bank or central bank in accordance with applicable law.

The Borrower, upon receipt of written notice from the relevant Lender, agrees to issue Notes to any Lender requiring Notes to facilitate transactions of the type described in paragraph (f) above.

Each of the Borrower, each Lender and the Administrative Agent hereby confirms that it will not institute against a Conduit Lender or join any other Person in instituting against a Conduit Lender any bankruptcy, reorganization, arrangement, insolvency, or liquidation proceeding under any state bankruptcy or similar law, for one (1) year and one (1) day after the payment in full of the latest maturing commercial paper note issued by such Conduit Lender; provided, however, that each Lender designating any Conduit Lender hereby agrees to indemnify, save and hold harmless each other party to this Agreement for any loss, cost, damage, or expense arising out of its inability to institute such a proceeding against such Conduit Lender during such period of forbearance.

SECTION 10.07. Adjustments; Set-off. (a) Except to the extent that this Agreement expressly provides for payments to be allocated to a particular Lender or to the Lenders, if any Lender (a “Benefitted Lender”) shall, at any time after the Loans and other amounts payable hereunder shall immediately become due and payable pursuant to Article VIII, receive any payment of all or part of the Obligations owing to it, or receive any collateral in respect thereof (whether voluntarily or involuntarily, by set-off, pursuant to events or proceedings of the nature referred to in paragraph (i) of Article VIII, or otherwise), in a greater proportion than any such payment to or collateral received by any other Lender, if any, in respect of the Obligations owing to such other Lender, such Benefitted Lender shall purchase for cash from the other Lenders a participating interest in such portion of the Obligations owing to each such other Lender, or shall provide such other Lenders with the benefits of any such collateral, as shall be necessary to cause such Benefitted Lender to share the excess payment or benefits of such collateral ratably with each of the Lenders; provided, however, that if all or any portion of such excess payment or benefits is thereafter recovered from such Benefitted Lender, such purchase shall be rescinded, and the purchase price and benefits returned, to the extent of such recovery, but without interest.

In addition to any rights and remedies of the Lenders and the Lender Affiliates provided by law, if an Event of Default shall have occurred and be continuing, each Lender and Lender Affiliate shall have the right, without prior notice to the Borrower, any such notice being expressly waived by the Borrower to the extent permitted by applicable law, upon any amount becoming due and payable by the Borrower hereunder (whether at the stated maturity, by acceleration, or otherwise), to set off and appropriate and apply against such amount any and all deposits (general or special, time or demand, provisional or final), in any currency, and any other credits, indebtedness or claims, in any currency, in each case whether direct or indirect, absolute or contingent, matured, or unmatured, at any
time held or owing by such Lender or Lender Affiliate or any branch or agency thereof to or for the credit or the account of the Borrower, as the case may be. Each Lender and Lender Affiliate agrees promptly to notify the Borrower and the Administrative Agent after any such setoff and application made by such Lender or Lender Affiliate, provided that the failure to give such notice shall not affect the validity of such setoff and application.

SECTION 10.08. Counterparts. This Agreement may be executed by one (1) or more of the parties to this Agreement on any number of separate counterparts, and all of said counterparts taken together shall be deemed to constitute one (1) and the same instrument. Delivery of an executed signature page of this Agreement by facsimile transmission shall be effective as delivery of a manually executed counterpart hereof. A set of the copies of this Agreement signed by all the parties shall be lodged with the Borrower and the Administrative Agent.

SECTION 10.09. Severability. Any provision of this Agreement that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

SECTION 10.10. Integration. This Agreement, the other Loan Documents, and any commitment letters or similar documents related to the Transactions, represent the entire agreement of the Borrower, the Administrative Agent and the Lenders with respect to the subject matter hereof and thereof, and there are no promises, undertakings, representations, or warranties by the Borrower, Administrative Agent, or any Lender relative to the subject matter hereof not expressly set forth or referred to herein or in the other Loan Documents.

SECTION 10.11. GOVERNING LAW.

(a) THIS AGREEMENT, THE OTHER LOAN DOCUMENTS AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES UNDER THIS AGREEMENT AND THE OTHER LOAN DOCUMENTS SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

(b) Each of the Lenders and the Administrative Agent hereby irrevocably and unconditionally agrees that, notwithstanding the governing law provisions of any applicable Loan Document, any claims brought against the Administrative Agent by any Lender relating to this Agreement, any other Loan Document or the consummation or administration of the transactions contemplated hereby or thereby shall be construed in accordance with and governed by the law of the State of New York.

SECTION 10.12. Submission To Jurisdiction; Waivers.

The Borrower hereby irrevocably and unconditionally:

(a) submits for itself and its Property in any legal action or proceeding relating to this Agreement and the other Loan Documents to which it is a party, or for recognition and enforcement of any judgment in respect thereof, to the exclusive general jurisdiction of the United States District Court for the Southern District of New York sitting in the Borough of Manhattan (or if such court lacks subject matter jurisdiction, the Supreme Court of the State of New York sitting in New York City, Borough of Manhattan), and appellate courts from any thereof;
(b) consents that any such action or proceeding shall be brought in such courts and waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same;

(c) agrees that service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, to the Borrower at its address set forth in Section 10.02 or at such other address of which the Administrative Agent shall have been notified pursuant thereto;

(d) agrees that nothing herein shall affect the right to effect service of process in any other manner permitted by law or shall limit the right to sue in any other jurisdiction; and

(e) waives, to the maximum extent not prohibited by law, any right it may have to claim or recover in any legal action or proceeding referred to in this Section any special, exemplary, punitive, or consequential damages.

SECTION 10.13. Acknowledgements. The Borrower hereby acknowledges that:

(a) it has been advised by counsel in the negotiation, execution, and delivery of this Agreement and the other Loan Documents;

(b) neither the Administrative Agent nor any Lender has any fiduciary relationship with or duty to the Borrower arising out of or in connection with this Agreement or any of the other Loan Documents, and the relationship between Administrative Agent and Lenders, on one hand, and the Borrower, on the other hand, in connection herewith or therewith is solely that of debtor and creditor;

(c) no joint venture is created hereby or by the other Loan Documents or otherwise exists by virtue of the transactions contemplated hereby among the Lenders or among the Borrower and the Lenders; and

(d) the Loan Parties have been advised that the Administrative Agent and Lenders are engaged in a broad range of transactions that may involve interests that differ from the Loan Parties’ interests and that the Administrative Agent and Lenders have no obligation to disclose such interests and transactions to the Loan Parties.

(b) Upon any Subsidiary guaranteeing any public debt securities issued or guaranteed by the Borrower or any other Material Indebtedness of the Borrower, within thirty (30) days thereafter, the Borrower shall cause such Subsidiary to execute the Guarantee Agreement pursuant to an Addendum thereto in the form of Annex I to the Guarantee Agreement, and in the case of a Significant Subsidiary, to deliver documentation, to the extent requested by the Administrative Agent, similar to that described in Section 5.01(c) and (d) relating to the authorization for, execution and delivery of, and validity of such Significant Subsidiary’s obligations as a Guarantor, such documentation to be in form and substance reasonably satisfactory to the Administrative Agent.
(c) The Borrower covenants and agrees with the Lenders that each Specified Guarantor is, and shall remain, an entity organized under the laws of any jurisdiction within the United States. For the avoidance of doubt, this Section 10.14(c) shall not prohibit any merger or consolidation of a Specified Guarantor; provided, that, in accordance with the definition of “Specified Guarantor”, any Person into which such Specified Guarantor is merged or consolidated, or to which all or substantially all of its assets are sold, transferred or disposed, shall become a Specified Guarantor and be subject to the provisions of this Section 10.14(c).

(d) Notwithstanding anything to the contrary contained herein or in any other Loan Document, upon the release of any Guarantor (other than any Specified Guarantor) from its guarantee of any and all public debt securities issued or guaranteed by the Borrower, such Guarantor shall be deemed to be automatically and unconditionally released and discharged from all its obligations under the Guarantee Agreement without any further action required on the part of the Administrative Agent or any Lender. At the request and sole expense of the Borrower following any such release and discharge, the Administrative Agent shall execute and deliver to the Borrower such documents as the Borrower shall reasonably request to evidence such release and discharge. For the avoidance of doubt, it is agreed and understood that any release of any Specified Guarantor from its obligations under the Guarantee Agreement shall be subject to Section 10.01.

SECTION 10.15. Confidentiality. Each of the Administrative Agent and each Lender agrees to keep confidential all non-public information provided to its or its Affiliates by any Loan Party or its Affiliates pursuant to this Agreement; provided that nothing herein shall prevent the Administrative Agent or any Lender from disclosing any such information (a) to the Administrative Agent or any other Lender, (b) subject to an agreement by such Person to comply with the provisions of this Section, to any actual or prospective Transferee or any actual or prospective direct or indirect counterparty to any Hedge Agreement (or any professional advisor to such counterparty), (c) to its employees or directors, or those of its Affiliates, agents, attorneys, accountants, and other professional advisors, or any Lender Affiliates, who are made aware of the confidential requirements of this Section 10.15 and who are instructed to keep such information confidential in accordance therewith, (d) upon the request or demand of any Governmental Authority, (e) in response to any order of any court or other Governmental Authority or as may otherwise be required pursuant to any Requirement of Law, (f) if required to do so in connection with any litigation or similar proceeding, (g) that has been publicly disclosed, (h) to the National Association of Insurance Commissioners or any similar organization or any nationally recognized rating agency that requires access to information about a Lender’s investment portfolio in connection with ratings issued with respect to such Lender, (i) in connection with the exercise of any remedy hereunder or under any other Loan Document or (j) with the written consent of the Borrower. The provisions of this Section 10.15 shall survive any expiration or termination of this Agreement for a period of one (1) year.

SECTION 10.16. WAIVERS OF JURY TRIAL. THE BORROWER, THE ADMINISTRATIVE AGENT, AND THE LENDERS HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVE TRIAL BY JURY IN ANY LEGAL ACTION OR PROCEEDING RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT AND FOR ANY COUNTERCLAIM THEREIN.

SECTION 10.17. Interest Rate Limitation. Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Loan, together with all fees, charges and other amounts which are treated as interest on such Loan under applicable law (collectively, the “Charges”), shall exceed the maximum lawful rate (the “Maximum Rate”) which may be contracted for, charged, taken, received, or reserved by the Lender holding such Loan in accordance with applicable law, the rate of interest payable in respect of such Loan hereunder, together with all Charges payable in respect thereof, shall be limited to the Maximum Rate and, to the extent lawful, the interest and Charges that would have been payable in respect of such Loan but were not payable as a result of the operation of this Section shall be cumulated and the interest and Charges payable to such Lender in respect of other Loans or periods shall be increased (but not above the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Federal Funds Effective Rate to the date of repayment, shall have been received by such Lender.

SECTION 10.18. Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

SECTION 10.19. USA Patriot Act; Beneficial Ownership Regulation.

(a) Each Lender hereby notifies the Borrower that pursuant to the requirements of the USA Patriot Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)) (the “Act”), it is required to obtain, verify and record information that identifies the Borrower and its subsidiaries, which information includes the name and business address of the Borrower, its subsidiaries and other required information that will allow such Lender to identify the Borrower and its subsidiaries in accordance with the Act, such as tax identification numbers and legal organizational documents. The Borrower and its subsidiaries shall promptly provide such information upon request by any Lender.

(a) Promptly following any request therefor, the Borrower shall provide information and documentation reasonably requested by the Administrative Agent or any Lender for purposes of compliance with the Beneficial Ownership Regulation.

In connection therewith, each Lender hereby agrees that such information shall be covered by the confidentiality provisions set forth in Section 10.15 hereof.

(a) The Loan Parties’ obligations hereunder and under the other Loan Documents to make payments in Dollars shall not be discharged or satisfied by any tender or recovery pursuant to any judgment expressed in or converted into any currency other than Dollars, except to the extent that such tender or recovery results in the effective receipt by the Administrative Agent, the respective Lender of the full amount of Dollars expressed to be payable to the Administrative Agent or such Lender under this Agreement or the other Loan Documents. If, for the purpose of obtaining or enforcing judgment against any Loan Party in any court or in any jurisdiction, it becomes necessary to convert into or from any currency other than Dollars (such other currency being hereinafter referred to as the “Judgment Currency”), any amount due in Dollars, the conversion shall be made at the Dollar Equivalent determined as of the Business Day immediately preceding the day on which the judgment is given (such Business Day being hereinafter referred to as the “Judgment Currency Conversion Date”).

(b) If there is a change in the rate of exchange prevailing between the Judgment Currency Conversion Date and the date of actual payment of the amount due, the Loan Parties shall pay, or cause to be paid, such additional amounts, if any (but in any event not a lesser amount) as may be necessary to ensure that the amount paid in the Judgment Currency, when converted at the rate of exchange prevailing on the date of payment, will produce the amount of Dollars which could have been purchased with the amount of Judgment Currency stipulated in the judgment or judicial award at the rate of exchange prevailing on the Judgment Currency Conversion Date.

(c) For purposes of determining the Dollar Equivalent or any other rate of exchange for this Section 10.20, such amounts shall include any premium and costs payable in connection with the purchase of Dollars.
SECTION 10.21. Waiver. Each Lender party hereto which is also party to the Existing 364-Day Credit Agreement hereby waives compliance by the Borrower with the requirement of three (3) Business Days’ (as defined therein) notice thereunder for the termination of the Commitments (as defined therein) pursuant to Section 2.06(b) thereto.

SECTION 10.22. Acknowledgement and Consent to Bail-In of Affected Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any Affected Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the write-down and conversion powers of the applicable Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by the applicable Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an Affected Financial Institution; and

(b) the effects of any Bail-In Action on any such liability, including, if applicable:

(i) a reduction in full or in part or cancellation of any such liability;

(ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such Affected Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or

(iii) the variation of the terms of such liability in connection with the exercise of the write-down and conversion powers of the applicable Resolution Authority.

Each change in the Applicable Rate shall apply during the period commencing on the effective date of such change and ending on the date immediately preceding the effective date of the next such change. If the rating system of Moody’s or S&P shall change, the Borrower and the Lenders shall negotiate in good faith to amend this definition to reflect such changed rating system and, pending the effectiveness of any such amendment, the Applicable Rate shall be determined by reference to the rating most recently in effect prior to such change.”

(a) The Administrative Agent shall have received this Amendment, executed and delivered by a duly authorized officer of the Borrower, the Required Lenders and the Administrative Agent;

(b) No Default or Event of Default has occurred and is continuing on the First Amendment Effective Date or shall result from the effectiveness of this Amendment;

(c) Immediately before and after giving effect to this Amendment, the representations and warranties of each Loan Party set forth in the Loan Documents are true and correct in all material respects (or, in the case of representations and warranties qualified as to materiality, in all respects) on and as of the First Amendment Effective Date, except in the case of any such representation and warranty that expressly relates to a prior date, in which case such representation and warranty shall be true and correct in all material respects (or in all respects, as applicable) as of such earlier date;

SECTION 5. No Other Amendment or Waivers; Confirmation. This Amendment shall not constitute a novation of any Obligations. Except as expressly provided hereby, all of the terms and provisions of the Credit Agreement and the other Loan Documents are and shall remain in full force and effect. The amendments contained herein shall not be construed as an amendment or waiver of any other provision of the Amended Credit Agreement or the other Loan Documents or for any purpose except as expressly set forth herein or a consent to any further or future action on the part of any Loan Party that would require the waiver or consent of the Administrative Agent or the Lenders.

SECTION 6. GOVERNING LAW; WAIVER OF JURY TRIAL. THIS AMENDMENT SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK. The invalidity of a provision in a particular jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

SECTION 9. Headings. Section headings used herein are for convenience of reference only, are not part of this Amendment and shall not affect the construction of, or be taken into consideration in interpreting, this Amendment.

SECTION 10. Loan Party Acknowledgments.
