11/16/2022

OMAHA, Neb., Nov. 16, 2022 (GLOBE NEWSWIRE) -- **Werner Enterprises** (NASDAQ: WERN), a premier transportation and logistics provider, is proud to be named among the 2022 “Top Companies for Women to Work For in Transportation” by the Women in Trucking (WIT) Association’s Redefining the Road magazine. This is the fifth consecutive year Werner has earned this recognition.

“At Werner, we are committed to creating a diverse and inclusive workforce and we are proud this award recognizes our culture that fosters gender diversity,” said Chairman, President and Chief Executive Officer Derek Leathers. “Our female driver population is nearly double the national average for trucking companies at 13 percent and we continually identify ways to increase female representation across the board.”

The annual WIT award highlights companies in the industry that are friendly for women in both professional driver and corporate capacities and demonstrate a commitment to continually improving work environments. More than 22,000 transportation professionals participated in an industry-wide vote that determined the list.

Acquired by Werner in early November, **ReedTMS** Logistics also received this prestigious recognition. The complete list of winners can be found on the **WIT website**.
