Werner® Named 2024 Green Supply Chain Partner by Inbound Logistics

8/13/2024

OMAHA, Neb.--(BUSINESS WIRE)-- **Werner Enterprises, Inc.** (Nasdaq: WERN), a premier transportation and logistics provider, is thrilled to announce its recognition as a 2024 Green Supply Chain Partner by Inbound Logistics for the 12th consecutive year. This prestigious annual list acknowledges 75 companies that excel in implementing green initiatives and advancing sustainability within global supply chains.

“This recognition from Inbound Logistics highlights our steadfast commitment to sustainability, and we are proud to be included among a select group of environmental leaders,” said Werner’s Chairman and CEO, Derek Leathers. “Sustainability is a key component of our Werner DRIVESM strategy, guiding us to innovate and implement practices significantly reducing our environmental impact.”

Werner’s comprehensive sustainability efforts include ambitious greenhouse gas emissions reduction goals, aiming to reduce emissions by 55% by 2035. The company has also integrated innovative fleet technologies such as compressed natural gas (CNG) engines, Class 8 battery electric vehicles, a hydrogen fuel cell truck and trailer aerodynamics enhancements. Additionally, Werner actively participates in the EPA’s SmartWay Transport Partnership and collaborates exclusively with SmartWay-certified carriers.

The company discloses Scope 1 emissions and has achieved a 16% reduction in CO2 emissions compared to its 2020 baseline. It is on track to disclose Scope 2 emissions by 2025, showing dedication to transparent reporting. These milestones reflect the company’s long-standing commitment to environmental stewardship and sustainable operations.
