

NEWS RELEASE

Werner® Named an Inaugural Truckload Carriers Association Elite Fleet

2025-03-17

OMAHA, Neb.--(BUSINESS WIRE)-- **Werner Enterprises, Inc.** (Nasdaq: WERN), a premier transportation and logistics provider, is honored to be named a 2025 Truckload Carriers Association (TCA) Elite Fleet, recognizing the company's commitment to providing a top-tier workplace for professional drivers. This inaugural designation highlights carriers fostering exceptional work environments, competitive compensation and innovative practices empowering their professional drivers.

Developed in partnership with the University of Denver's Transportation & Supply Chain Institute, the TCA Elite Fleet certification is awarded to carriers excelling in key areas such as driver engagement, compensation, benefits, training, safety and company culture. Werner's dedication to these principles has earned it a place among the 48 inaugural honorees.

"At Werner, we know the power behind our success comes from our professional drivers," said Werner's Chairman and CEO, Derek Leathers. "Being named a TCA Elite Fleet reinforces our unwavering commitment to creating a workplace where professional drivers feel valued, supported and empowered to succeed."

The TCA Elite Fleet certification process is rigorous, requiring carriers to undergo a detailed application, have their professional drivers surveyed for validation and earn top scores across multiple categories. This recognition underscores Werner's dedication to providing a supportive and empowering work environment for professional drivers, ensuring they have the resources, technology and support needed to thrive in today's transportation industry.

TCA Elite Fleets will be honored at TCA's Annual Convention in Phoenix, with a special awards program on March 17.
