**FOR IMMEDIATE RELEASE**

## **The Mosaic Company Gives \$35,000 to the American Red Cross to Aid Disaster Relief in New Mexico**

**CARLSBAD, NM, September 23, 2014** – The Mosaic Company (NYSE: MOS) announced it is contributing \$35,000 to the American Red Cross in New Mexico for disaster relief efforts in areas of the state that recently experienced heavy rainfall and flash flooding, including Eddy County and the community of Carlsbad. The American Red Cross established a shelter at Carlsbad High School as several neighborhoods were evacuated during the worst of the flooding.

Mosaic's contribution to the Red Cross will assist both immediate and long-term assistance, and support clean-up efforts in communities hit hardest by the flood. Mosaic operates one potash mine in New Mexico, located approximately 25 miles east of Carlsbad.

"We are committed to supporting our community, especially in times of need," said Don Purvis, General Manager at The Mosaic Company's Carlsbad facility. "By donating to the Red Cross we can help ensure critical services are available throughout this emergency situation, and that people have the supplies necessary to aid in recovery."

Mosaic has a long history of aiding the Red Cross' disaster relief efforts in the areas where the company operates and across the globe.

### **About the American Red Cross**

The American Red Cross shelters, feeds and provides emotional support to victims of disasters; supplies nearly half of the nation's blood; teaches lifesaving skills; provides international humanitarian aid; and supports military members and their families. The Red Cross is a charitable organization — not a government agency — and depends on volunteers and the generosity of the American public to perform its mission.
