## **Corporate and Other Operations**

For the three months ended June 30, 2023, Corporate and Other Operations reported a non-GAAP operating earnings of \$3.9 million compared to non-GAAP operating loss of \$9.9 million in the comparable 2022 period. This change resulted primarily from favorable fluctuations in the cash surrender value of corporate owned life insurance investments, as well as lower outside service costs in 2023.

For the six months ended June 30, 2023, Corporate and Other Operations reported a non-GAAP operating earnings of \$6.1 million compared to non-GAAP operating loss of \$19.6 million in the comparable 2022 period. This change resulted primarily from favorable fluctuations in the cash surrender value of corporate owned life insurance investments, as well as lower outside service costs in 2023.

## **Other Deductions, net**

Other deductions, net, reduced non-GAAP net operating earnings by \$108.5 million for the three months ended June 30, 2023 compared to the reduction in non-GAAP net operating earnings of \$75.5 million for the same period in 2022. This change is primarily driven by higher long-term and short-term debt interest in 2023 and higher non-service pension costs.

Other deductions, net, reduced non-GAAP net operating earnings by \$215.9 million for the six months ended June 30, 2023 compared to the reduction in non-GAAP net operating earnings of \$148.3 million for the same period in 2022. This change is primarily driven by higher long-term and short-term debt interest in 2023 and higher non-service pension costs.

## **Income Taxes**

The effective tax rate of non-GAAP net operating earnings for the three months ended June 30, 2023 was 23.8 percent compared to 17.8 percent for the same period last year. The increase in the effective tax rate in 2023 is primarily attributed to increases in renewable partnership income, partially offset by increased amortization of excess deferred federal income tax liabilities, current year impacts of a state legislative change in a flow-through jurisdiction, and restricted stock unit excess benefit.

The effective tax rate of non-GAAP net operating earnings for the six months ended June 30, 2023 was 21.1 percent compared to 17.6 percent for the same period last year. The increase in the effective tax rate in 2023 is primarily attributed to increases in renewable partnership income, partially offset by increased amortization of excess deferred federal income tax liabilities, current year impacts of a state legislative change in a flow-through jurisdiction, and restricted stock unit excess benefit.
