

Third Point Reinsurance Ltd.

**Charter of the
Audit Committee of the
Board of Directors**

Effective from November 5, 2019

**Charter of the Audit Committee
of the Board of Directors
of Third Point Reinsurance Ltd.**

Pursuant to the duly adopted Bye-Laws of the Company (the “Bye-Laws”), the Board of Directors (the “Board”) of Third Point Reinsurance Ltd. (the “Company”) has determined that the Audit Committee (the “Committee”) of the Board shall assist the Board in fulfilling certain of its oversight responsibilities. The Board has adopted this Charter to establish the governing principles of the Committee.

I. Purposes

The primary purposes of the Committee, as reflected in the duties and responsibilities below, are to:

1. Assist the Board in overseeing (a) the quality and integrity of the Company’s financial statements, (b) the qualifications and independence of the Company’s independent auditor, (c) the performance of the Company’s internal audit function and independent auditor and (d) the Company’s compliance with legal and regulatory requirements; and
2. Prepare the report of the Committee required to be included in the Company’s annual proxy statement under the rules of the Securities and Exchange Commission (the “SEC”).

The function of the Committee is oversight. In fulfilling their responsibilities hereunder, it is recognized that members of the Committee are not employees of the Company. It is not the duty or responsibility of the Committee or its members to conduct auditing or accounting reviews or procedures. Each member of the committee shall be entitled to rely, to the maximum extent permitted under applicable law, on (a) the integrity of those persons and organizations within and outside the Company from which it receives information and (b) the accuracy of the financial and other information provided to the Committee by such persons or organizations absent actual knowledge to the contrary (which shall be promptly reported to the Board).

Management is responsible for the preparation, presentation, and integrity of the Company’s financial statements, for the appropriateness of the accounting principles and reporting policies that are used by the Company, and for establishing and maintaining internal control over financial reporting. The independent auditor is responsible for auditing the Company’s financial statements and management’s assessment of the effectiveness of internal control over financial reporting, and for reviewing the Company’s unaudited interim financial statements.

II. Membership

1. Number. The Committee shall consist of no fewer than three (3) directors.
2. Appointment and term. Members of the Committee shall be appointed by the Board on the recommendation of the Governance and Nominating Committee of the Board, which shall

recommend for Committee membership such directors as it believes are qualified. Committee members shall serve for such term or terms as the Board may determine. The Board may remove any member of the Committee at any time, with or without cause.

3. Chairperson. Unless a Chairperson of the Committee is elected by the Board, the Committee may designate its Chairperson by majority vote of the full Committee membership.
4. Independence of members. Subject to any applicable transition rules, each member of the Committee shall satisfy the independence requirements relating to directors and audit committee members (a) of the New York Stock Exchange (the “NYSE”) and (b) under Section 10A(m) of the Securities Exchange Act of 1934 (the “Exchange Act”) and any rules and regulations promulgated thereunder by the SEC.
5. Financial literacy. Each member of the Committee shall be financially literate, as such qualification is interpreted by the Board in its business judgment, and at least one member of the Committee shall be an “audit committee financial expert” as defined in Item 407(d) of SEC Regulation S-K, as such qualification is interpreted by the Board in its business judgment. A member who qualifies as an “audit committee financial expert” under the rules and regulations of the SEC is presumed to satisfy the NYSE requirement to have one audit committee member with “accounting or related financial management expertise.”
6. Service on multiple audit committees. No director may serve on the Committee if such director simultaneously serves on the audit committee of more than two other public companies, unless the Board determines that such simultaneous service would not impair the ability of such director to effectively serve on the Committee.
7. Subcommittees. The Committee shall have the authority to establish subcommittees and to delegate any of its responsibilities to such subcommittees as the Committee may deem appropriate, provided that any such subcommittee is composed entirely of directors that meet the independence standards provided herein.

III. Duties and Responsibilities

The following duties and responsibilities shall be the common recurring activities of the Committee in fulfilling the purposes of the Committee set forth in Section I of this Charter. The Committee’s duties and responsibilities shall include the matters enumerated below, as well as such other matters as may be delegated to the Committee by the Board from time to time.

The Company’s relationship with the independent auditor

1. Appointment. The Committee shall be responsible for the recommendation to shareholders of the appointment, retention and termination of the independent auditor engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company (including resolving any disagreements between management

and the auditor regarding financial reporting). The independent auditor shall report directly to the Committee.

2. Compensation. The Committee shall have the sole authority to approve all compensation payable by the Company for any approved audit or non-audit services to any such independent auditor, including the fees, terms and conditions for the performance of such services (provided authorization to agree such compensation is provided by the shareholders at each annual general meeting of the Company).
3. Pre-approval of auditing and permitted non-audit services. The Committee shall pre-approve all auditing and, subject to the *de minimis* exception of Section 10A(i) of the Exchange Act and the SEC rules promulgated thereunder, all permitted non-audit services performed by the Company's independent auditor. The Committee may delegate pre-approval authority to one or more designated members of the Committee, who must then provide a report of such pre-approvals to the Committee at its next scheduled meeting. When pre-approving non-audit services by the independent auditor, the Committee shall consider whether provision of such services is consistent with maintaining the independent auditor's independence.
4. Oversight of relationship with independent auditor. The Committee shall have the sole authority to oversee the independent auditor's work throughout the year and evaluate the independent auditor's qualifications, performance and independence, including a review and evaluation of the lead partner on the independent auditor's engagement with the Company, and present its conclusions to the Board and, if so determined by the Committee, recommend that the Board take additional action to satisfy itself of the qualifications, performance and independence of the independent auditor.
5. Independence of the independent auditor. In connection with the retention of the Company's independent auditor, the Committee shall (a) review and confirm the independence of the independent auditor by obtaining statements on relationships between the independent auditor and the Company (including the auditors' fees billed for audit services, audit-related fees, tax fees, and all other non-audit services, respectively, for each fiscal year); (b) establish, and periodically review, policies for the Company's hiring of employees or former employees of the independent auditor who participated in any capacity in the audit of the Company's financial statements; (c) engage in a dialogue with the independent auditor with respect to any disclosed relationship or service that may impact the auditor's independence and objectivity and (d) present its conclusions and recommendations with respect to the independent auditor to the Board at least annually. The Committee shall, at least annually, obtain and review a report by the independent auditor describing, to the extent permitted under applicable auditing standards, any material issues raised by the most recent quality-control review, or peer review, of the independent auditor, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, with respect to one or more independent audits carried out by the independent auditor, and any steps taken to deal with any such issues.

6. Audit Partner Rotation. The Committee shall ensure proper rotation of audit partner, lead partner and concurring partner. In addition, the Committee shall consider whether it is appropriate to adopt a policy of rotating the independent auditing firm.
7. Review of independent auditor's quality control. The Committee shall obtain and review a report from the independent auditor at least annually detailing: (a) the independent auditor's internal quality-control procedures; (b) any material issues raised by the most recent quality-control review, or peer review, of the independent auditor; (c) any publicly available reports issued within the past five years by the Public Company Accounting Oversight Board (the "PCAOB") or other governmental or professional authorities concerning the independent auditor; (d) any PCAOB review of the independent auditor, or any inquiry or investigation by governmental or professional authorities within the past five years of the independent auditor, and any steps taken to deal with such issues; and (e) all relationships between the independent auditor and the Company consistent with the applicable requirements of the PCAOB. The Committee shall review and evaluate the lead partner of the independent audit team, and ensure proper rotation of audit partner, lead partner, and concurring partner. In addition, the Committee shall consider whether it is appropriate to adopt a policy of rotating the independent audit firm.
8. Review of audit plan. The Committee shall review the proposed audit scope, approach and staffing, including coordination of audit effort with internal audit.
9. Review of conduct of the audit. The Committee shall, at least annually, discuss with the independent auditor, out of the presence of management if deemed appropriate, (a) the matters required to be communicated to audit committees in accordance with the auditing standards of the PCAOB as they may be modified or supplemented, relating to the conduct of the audit, including under Auditing Standard No. 1301; and (b) the audit process, including, without limitation, problems or difficulties and management's response, including (i) any restriction on audit scope or on access to requested information, (ii) any audit problems, difficulties or significant disagreements with management and management's response thereto, and (iii) significant issues (including matters of audit quality and consistency) discussed with the independent auditor's national office. The Committee shall obtain annually assurance from the independent auditor that the audit was conducted in a manner consistent with Section 10A of the Securities Exchange Act of 1934, as amended.
10. Review of audit results. The Committee shall review and discuss with the independent auditor (a) the report of their annual audit, or proposed report of their annual audit; (b) material written communications between the independent auditor and management, such as any management letter or internal control letter issued or proposed to be issued, or schedule of unadjusted differences; (c) the reports of their reviews of the Company's interim financial statements conducted in accordance with PCAOB Auditing Standard No. 4105, and (d) the reports of the results of such other examinations outside of the course of the independent auditor's normal audit procedures that the independent auditor may from time to time undertake. The Committee shall review and discuss with management, the internal auditors and the independent auditor, as appropriate (a) all matters required to be communicated to the Committee under GAAP; (b) significant issues regarding accounting

and auditing principles and practices and financial statement presentations, including all critical accounting policies and estimates, any significant changes in the Company's selection or application of accounting or auditing principles and any significant issues as to the adequacy of the Company's internal controls and any special audit steps adopted in light of material control deficiencies; (c) analyses prepared by management or the independent auditor setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including analyses of the effects of alternative GAAP methods on the financial statements and the treatment preferred by the independent auditor; (d) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures; (e) all significant valuation allowances and liabilities, restructuring, and other reserves; and (f) the reports required by Section 204 of the Sarbanes-Oxley Act and all rules promulgated thereunder by the SEC. On a regular basis, the Committee shall meet separately with the independent auditor and/or internal auditors to discuss any matters that the Committee, independent auditor, and/or internal audit director believe should be discussed privately.

The Committee shall meet to review and discuss with financial management and the independent auditor prior to issuance drafts of the Company's annual audited financial statements and quarterly financial statements including (a) the Company's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations" and the results of the independent auditor's reviews of the quarterly financial results; and (b) in the event that the Company publishes one, the "Report of Management" in the Annual Report to shareholders. The Committee shall also (i) consider whether such financial statements are complete, consistent with information known to Committee members, and reflect appropriate accounting principles; and (ii) recommend to the Board whether the annual audited financial statements and quarterly financial statements should be included in the Company's Form 10-K or Form 10-Q, respectively. The Committee shall prepare, review and approve the "Report of Audit Committee" and its inclusion in any other document, including in the annual report to shareholders and in the annual proxy statement.
12. Review of financial press releases. Such review may include a review of the types or substance of information to be disclosed and the form of presentation to be made, but the Committee need not discuss in advance each release or each instance in which the Company may provide financial information and earnings guidance.
