NOTICE TO INMET SHAREHOLDERS IN THE UNITED STATES

The Offer is being made for the securities of a Canadian foreign private issuer that does not have securities registered under Section 12 of the U.S. Securities Exchange Act of 1934, as amended (the “U.S. Exchange Act”). Accordingly, the Offer is not subject to Section 14(d) of the U.S. Exchange Act, or Regulation 14D promulgated thereunder. The Offer is being conducted in accordance with Section 14(e) of the U.S. Exchange Act and Regulation 14E promulgated thereunder as applicable to a tender offer (i) in which less than 40 percent of the class of securities outstanding that is subject to the tender offer is held by U.S. holders and (ii) that is conducted under applicable U.S. – Canadian multijurisdictional disclosure system and cross-border tender offer rules that permit the Offeror, a Canadian foreign private issuer, to prepare the Offer and Circular in accordance with the disclosure requirements of Canadian provincial and federal law. The Offer is made in the United States with respect to securities of a “foreign private issuer”, as such term is defined in Rule 3b-4 promulgated under the U.S. Exchange Act, in accordance with Canadian provincial and federal corporate and takeover offer rules.

First Quantum has filed with the U.S. Securities and Exchange Commission (the “SEC”) a Registration Statement on Form F-80 and other documents and information, and expects to mail this Notice of Variation and Extension to Shareholders concerning the Offer and the proposed combination or acquisition of Inmet. Pursuant to Section V(D) of the Form F-80 instructions, the Offeror is exempt from filing a Tender Offer Statement on Schedule TO. **SHAREHOLDERS ARE URGED TO READ THE REGISTRATION STATEMENT AND OFFER AND CIRCULAR AND ANY OTHER RELEVANT DOCUMENTS TO BE FILED WITH THE SEC, BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION.** Investors and Shareholders will be able to obtain the documents free of charge at the SEC’s website, www.sec.gov.

The Offer is being made for the securities of a Canadian issuer and by a Canadian issuer that is permitted, under a multijurisdictional disclosure system adopted by the United States, to prepare the Offer and Circular in accordance with the disclosure requirements of Canada. Shareholders should be aware that such requirements are different from those of the United States. The financial statements included or incorporated by reference herein have been prepared in accordance with Canadian generally accepted accounting principles, and may be subject to Canadian auditing and auditor independence standards, and thus may not be comparable to financial statements of U.S. companies.

Shareholders in the United States should be aware that the disposition of their Inmet Shares and the acquisition of First Quantum Shares by them as described herein may have tax consequences both in the United States and in Canada. Such consequences may not be fully described herein and such Shareholders are encouraged to consult their tax advisors. See Section 19 of the Original Circular, “Certain Canadian Federal Income Tax Considerations”, and Section 20 of the Original Circular, “Certain U.S. Federal Income Tax Considerations”.

The enforcement by Shareholders of civil liabilities under the U.S. federal securities laws may be affected adversely by the fact that First Quantum is incorporated under the laws of the Province of British Columbia, that Inmet is incorporated under the laws of Canada, and that some or all of their respective officers and directors may be residents of jurisdictions outside the United States, that some or all of the experts named herein may be residents of jurisdictions outside the United States and that all or a substantial portion of the assets of First Quantum and Inmet and said persons may be located outside the United States.

THE SECURITIES OFFERED PURSUANT TO THE OFFER AND CIRCULAR HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SEC OR ANY U.S. STATE SECURITIES COMMISSION NOR HAS THE SEC OR ANY U.S. STATE SECURITIES COMMISSION PASSED UPON THE ACCURACY OR ADEQUACY OF THE OFFER AND CIRCULAR. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

The Offer does not constitute an offer to sell or a solicitation of an offer to buy any securities in any state in the United States in which such offer or solicitation is unlawful. The Offer is not being made or directed to, nor is this document being mailed to, nor will deposits of Inmet Shares be accepted from or on behalf of, Shareholders in any state in the United States in which the making or acceptance of the Offer would not be in compliance with the laws of such state. The Offeror may, in its sole discretion, take such action as it may deem desirable to extend the Offer to Shareholders in any such state. Notwithstanding the foregoing, the Offeror may elect not to complete such action in any given instance. Accordingly, the Offeror cannot at this time assure holders of Inmet Shares that otherwise valid tenders can or will be accepted from holders resident in all states in the United States.

Shareholders should be aware that, during the period of the Offer, the Offeror or its affiliates, directly or indirectly, may bid for or make purchases of First Quantum Shares or Inmet Shares, or certain related securities, as permitted by applicable laws or regulations of the United States, Canada or its provinces or territories.

The Offer and Circular and certain of the information incorporated by reference into the Offer and Circular have been prepared in accordance with the requirements of securities laws in effect in Canada, which differ from the requirements of United States securities laws. In particular, and without limiting the generality of the foregoing, the terms “mineral reserves”, “probable reserves”, “proven reserves”, “inferred resources”, “indicated resources”, “measured resources” and “mineral resources” used or incorporated by reference in the Offer and Circular are, unless otherwise stated, Canadian mining terms as defined in accordance with National Instrument 43-101 – *Standards of Disclosure for Mineral Projects* under the guidelines set out in the Canadian Institute of Mining, Metallurgy and Petroleum Standards on Mineral Resources and Mineral Reserves (“CIM”). CIM standards differ significantly from standards in the United States. While the terms “mineral resource”, “measured resources”, “indicated resources”, and “inferred resources” are recognized and required by Canadian regulations, they are not defined terms under standards in the United States. As such, information regarding mineralization and resources contained or incorporated by reference in the Offer and Circular may not be comparable to similar information made public by United States companies.

NOTICE TO HOLDERS OF CONVERTIBLE SECURITIES

The Offer is made only for the Inmet Shares and not for any Convertible Securities. Any holder of Convertible Securities who wishes to accept the Offer must, to the extent permitted by the terms thereof and applicable Laws, convert, exchange or exercise such Convertible Securities in order to deposit the resulting Inmet Shares in accordance with the terms of the Offer. Any such conversion, exchange or exercise must be completed sufficiently in advance of the Expiry Time to ensure that the holder of such Convertible Securities will be in a position to deposit such Inmet Shares at or prior to the Expiry Time, or in sufficient time to comply with the procedures referred to under “Manner for Acceptance – Procedure for Guaranteed Delivery” in Section 3 of the Original Offer.

The tax consequences to holders of Convertible Securities of converting, exchanging or exercising such Convertible Securities are not described in either Section 19 of the Original Circular, “Certain Canadian Federal Income Tax Considerations”, or in Section 20 of the Original Circular, “Certain U.S. Federal Income Tax Considerations”. Holders of Convertible Securities should consult their tax advisors for advice with respect to potential income tax consequences to them in connection with the decision whether to convert, exchange or exercise such Convertible Securities.

STATEMENTS REGARDING FORWARD-LOOKING INFORMATION

Certain information contained in the Original Circular under Section 7, “Reasons to Accept the Offer”, Section 8, “Purpose of the Offer and First Quantum’s Plans for Inmet”, Section 10, “Source of Funds” and Section 13, “Acquisition of Inmet Shares Not Deposited”, in addition to certain information contained elsewhere in the Offer and Circular, contain “forward-looking statements” and are prospective. Forward-looking statements are not based on historical facts, but rather on current expectations and projections about future events, and are therefore subject to risks and uncertainties which could cause actual results to differ materially from the future results expressed or implied by the forward-looking statements. Often, but not always, forward-looking statements can be identified by the use of forward-looking words such as “plans”, “expects” or “does not expect”, “is expected”, “is subject to”, “budget”, “scheduled”, “estimates”, “forecasts”, “intends”, “anticipates”, “does not anticipate”, “believes” or variations of such words and phrases or statements that certain actions, events or results “may”, “could”, “should”, “would”, “might” or “will” be taken, occur or be achieved. Such statements are qualified in their entirety by assumptions and the inherent risks and uncertainties surrounding future expectations. Such forward-looking statements are based on assumptions and involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Offeror or First Quantum to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Important factors that could cause actual results to differ materially from the expectations of the Offeror or First Quantum include, among other things: the inherent risks and uncertainties involved in mining or the exploration and development of mineral properties; possible variations in ore reserves, grade or recovery rates; fluctuations in metal prices (including copper prices); fluctuations in currency exchange rates; fluctuations in interest rates; the availability of labour, equipment and other infrastructure; changes in project parameters as plans continue to be refined; potential project cost delays and overruns or unanticipated costs and expenses; political instability whether globally or in the countries in which Inmet or First Quantum operate; changes in applicable Laws, including Laws related to mining development, foreign investment, environmental protection, labour and employment and the protection of the health and safety of workers; possible defects to title of properties; failure of plant, equipment or processes to operate as anticipated; uncertainties relating to timing of production and the cash and total costs of production; the possibility of accidents, labour strikes and work stoppages; general business and economic conditions globally; industry trends; the failure to meet certain conditions of the Offer and/or the failure to obtain the required approvals or clearances from government authorities on a timely basis or at all if the Offer is successful, the inability to successfully integrate Inmet’s operations and programs with those of First Quantum, including incurring and/or experiencing unanticipated costs and/or delays or difficulties relating to the integration of Inmet; and disruptions in business operations due to reorganization activities. Such forward-looking statements should therefore be construed in light of such factors. These factors are not intended to represent a complete list of the general or specific factors that could affect the Offeror and First Quantum. Additional factors may be noted elsewhere in the Offer and Circular and in any documents incorporated by reference into the Offer and Circular. Readers are cautioned not to put undue reliance on forward-looking statements. The Offeror and First Quantum disclaim any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by applicable Laws.

Neither the Offeror or First Quantum nor any of their respective directors or officers has verified the accuracy or completeness of information or statements contained herein which are made by or derived from third-party sources (including any projections or estimates made by third-party research analysts). Such third-party sources may have failed to identify events or facts which may have occurred or which may affect the significance or accuracy of any such information or statements. The Offeror and First Quantum have no means of verifying the accuracy or completeness of such information or statements made by or derived from third-party sources or whether there has been any failure by such sources to identify events that may have occurred or may affect the significance or accuracy of any information or statements.

CURRENCY AND EXCHANGE RATES

In the Offer and Circular, all references to (i) “\$” or “dollars” refer to Canadian dollars, (ii) “US\$” refer to U.S. dollars and (iii) “£” refer to Great British Pounds.

INFORMATION CONCERNING INMET

Except as otherwise indicated, the information concerning Inmet contained in the Offer and Circular has been taken from and is based solely upon Inmet’s public disclosure on file with the Securities Regulatory Authorities. Inmet has not reviewed this document and has not confirmed the accuracy and completeness of the information in respect of Inmet contained in this document. Although the Offeror and First Quantum have no knowledge that would indicate that any information or statements contained in this document concerning Inmet taken from, or based upon, such public disclosure contain any untrue statement of a material fact or omit to state a material fact that is required to be stated or that is necessary to make a statement not misleading in light of the circumstances in which it was made, neither the Offeror or First Quantum nor any of their respective directors or officers has verified, nor do they assume any responsibility for, the accuracy or completeness of such information or statements or for any failure by Inmet to disclose events or facts which may have occurred or which may affect the significance or accuracy of any such information or statements but which are unknown to the Offeror or First Quantum. The Offeror and First Quantum have no means of verifying the accuracy or completeness of any of the information contained herein that is derived from Inmet’s publicly available documents or records or whether there has been any failure by Inmet to disclose events that may have occurred or may affect the significance or accuracy of any information. Except as otherwise indicated, information concerning Inmet is given based on information in Inmet’s public disclosure available as of February 27, 2013.

NOTICE OF VARIATION AND EXTENSION

February 27, 2013

TO: THE HOLDERS OF COMMON SHARES OF INMET

This Notice of Variation and Extension amends and supplements the Original Offer and Circular, pursuant to which the Offeror is offering to purchase, on the terms and subject to the conditions contained therein, all of the issued and outstanding Inmet Shares.

Except as otherwise set forth in this Notice of Variation and Extension, the terms and conditions previously set forth in the Original Offer and Circular, Letter of Transmittal and Notice of Guaranteed Delivery continue to be applicable in all respects. This Notice of Variation and Extension should be read in conjunction with the Original Offer and Circular, the Letter of Transmittal and the Notice of Guaranteed Delivery.

All references to the "Offer" in the Original Offer and Circular, the Letter of Transmittal, the Notice of Guaranteed Delivery and this Notice of Variation and Extension mean the Original Offer as amended hereby and all references in such documents to the "Offer to Purchase" and/or "Circular" mean the Original Offer and Circular as amended hereby. Unless the context otherwise requires, capitalized terms used in this Notice of Variation and Extension but not defined herein that are defined in the Original Offer and Circular have the respective meanings given to them in the Original Offer and Circular.

1. Extension of the Offer

By written notice to the Depository on February 27, 2013 and the issuance of a press release promptly thereafter, the Offeror has extended the time for acceptance of the Original Offer from 5:00 p.m. (Eastern Standard Time) on February 27, 2013 to 11:59 p.m. (Eastern Daylight Time) on March 11, 2013. Accordingly, the definition of "Expiry Date" in the Original Offer and Circular is amended and restated in its entirety to read as follows:

"Expiry Date" means March 11, 2013 or such later date as is set out in a notice of extension of the Offer issued at any time and from time to time extending the period during which Inmet Shares may be deposited to the Offer, provided that, if such day is not a business day, then the Expiry Date shall be the next business day;

In addition, all references to "5:00 p.m. (Eastern Standard Time) on February 27, 2013" in the Original Offer and Circular are amended to refer to "11:59 p.m. (Eastern Daylight Time) on March 11, 2013".

2. Time for Acceptance

The Offer is now open for acceptance until 11:59 p.m. (Eastern Daylight Time) on March 11, 2013 unless further extended or withdrawn. **Shareholders who have validly deposited and not withdrawn their Inmet Shares need take no further action to accept the Offer.**

3. Manner for Acceptance

Inmet Shares may be deposited to the Offer in accordance with the provisions of Section 3 of the Original Offer, "Manner for Acceptance".

4. Take-Up of and Payment for Deposited Inmet Shares

If all of the conditions of the Offer described in Section 4 of the Original Offer, "Conditions of the Offer" have been satisfied or, where permitted, waived by the Offeror (at its sole discretion) at or prior to the Expiry Time, the Offeror will take up and pay for Deposited Inmet Shares that have not been properly withdrawn from the Offer not later than 10 days after the Expiry Date. Any Inmet Shares taken up will be paid for as soon as

possible, and in any event not later than the earlier of (i) three business days after they are taken up and (ii) ten days after the Expiry Time. Any Inmet Shares deposited under the Offer after the first date on which Inmet Shares have been taken up by the Offeror will be taken up and paid for by the Offeror not later than 10 days after such deposit. See Section 6 of the Original Offer, "Take Up of and Payment for Deposited Inmet Shares".

5. Withdrawal of Deposited Inmet Shares

Deposited Inmet Shares may be withdrawn by or on behalf of the depositing Shareholder at any time before the Inmet Shares have been taken up by the Offeror under the Offer and in the other circumstances described in Section 7 of the Original Offer, "Withdrawal of Deposited Inmet Shares". Except as so indicated or as otherwise required by applicable Laws, deposits of Inmet Shares are irrevocable.

6. Recent Developments

On February 13, 2013, Inmet issued a press release announcing that the OSC had set a hearing date of February 25, 2013 (the "**Rights Plan Hearing**") to address the application made by First Quantum to cease trade the Shareholder Rights Plan (the "**Rights Plan Application**").

On February 17, 2013, First Quantum and Inmet entered into Non-Disclosure Agreements providing for the exchange of confidential business information. Since then, each of First Quantum and Inmet has been conducting a due diligence review of the other's business. The terms of the Non-Disclosure Agreements prevent First Quantum from disclosing details regarding the results of its due diligence review.

On February 19, 2013, Inmet issued a press release announcing that the Inmet Board had determined to waive the application of the Shareholder Rights Plan, effective as of 3:00 p.m. (Eastern Standard Time) on February 27, 2013. The press release noted that Inmet had taken this action because the February 27, 2013 expiry date of the Offer would provide sufficient time for the full review and potential execution of all strategic alternatives being evaluated by the Inmet Board and its Special Committee.

Based upon such press release and a subsequent notice sent on behalf of Inmet to the OSC confirming that, in Inmet's view, the Rights Plan Hearing was no longer necessary, on February 19, 2013, First Quantum confirmed to the OSC that it was withdrawing the Rights Plan Application.

On February 21, 2013, First Quantum received Turkish Competition Approval.

Also on February 21, 2013, Inmet announced its financial results for the fourth quarter of 2012.

On February 24, 2013, First Quantum re-confirmed to the Inmet Board its Offer to acquire all of the outstanding Inmet Shares for consideration per Inmet Share of, at the election of each Shareholder: (i) \$72.00 in cash; or (ii) 3.2967 First Quantum Shares; or (iii) \$36.00 in cash and 1.6484 First Quantum Shares, subject, in each case, to proration as set forth in the Offer and Circular.

On February 25, 2013, First Quantum received written notification from the Deputy Director of Investments of Industry Canada that the period for the Minister's consideration of First Quantum's application for review of the Offer under the Investment Canada Act was being extended for a further period of 30 days. A decision by the Minister to approve the Offer may be made at any time during the extended 30 day period.

7. Consequential Amendments to the Original Offer and Circular and Other Documents

The Original Offer and Circular, Letter of Transmittal and Notice of Guaranteed Delivery are hereby amended to the extent necessary to reflect the amendments contemplated by, and the information contained in, this Notice of Variation and Extension.

8. Statutory Rights

Securities legislation in the provinces and territories of Canada provides security holders of the offeree issuer with, in addition to any other rights they may have at law, one or more rights of rescission, price revision or to damages, if there is a misrepresentation in a circular or notice that is required to be delivered to those security holders. However, such rights must be exercised within prescribed time limits. Security holders should refer to the applicable provisions of the securities legislation of their province or territory for particulars of those rights or consult a lawyer.

9. Directors' Approval

The contents of this Notice of Variation and Extension have been approved, and the sending thereof to the Shareholders has been authorized, by each of the First Quantum Board and the board of directors of the Offeror.
