Advice 7809-E

(Pacific Gas and Electric Company ID U 39 E)

Public Utilities Commission of the State of California

**Subject: Wildfire Hardening Recovery Bonds Series 2024-A, Routine Annual
Advice Letter for Fixed Recovery Charges True-up Mechanism**

Pursuant to California Public Utilities Commission (CPUC) Decision (D.) 24-02-011 (the Financing Order or Decision), Pacific Gas and Electric Company (PG&E) as servicer of the Wildfire Hardening Recovery Bonds and on behalf of the Special Purpose Entity, hereby applies for adjustment to the Fixed Recovery Charge for Series 2024-A, Tranche(s) A-1, A-2, and A-3 of the Wildfire Hardening Recovery Bonds.

Purpose

This submission establishes the revised Fixed Recovery Charges for rate schedules for Consumers, as set forth in the Decision and approved in the Issuance Advice Letter 7336-E.

Background

In the Decision, the Commission granted PG&E authority to issue Wildfire Hardening Recovery Bonds to finance certain costs and expenses related to catastrophic wildfires, including fire risk mitigation capital expenditures identified in subdivision (e) of Section 8386.3 of the Public Utilities Code, and associated financing costs.

Wildfire Hardening Recovery Bonds are securities that are backed by the cash flows generated by a specific asset that has been sold by PG&E to a Special Purpose Entity that issued the Wildfire Hardening Recovery Bonds secured by this asset. The asset sold is Recovery Property, a current property right that was created by Article 5.8 as the right, title and interest in and to all (i) Fixed Recovery Charges established pursuant to the Financing Order, including all rights to obtain adjustments, and (ii) revenues, collections, claims, payments, monies, or proceeds of or arising from the Fixed Recovery Charges that will cover debt service and all Ongoing Financing Cost, including any draws on the capital subaccount, as authorized in the Decision.

In the Decision, the Commission authorized PG&E to submit Routine True-up Mechanism Advice Letters at least annually, before each March 1, semi-annually if required by September 1, and more frequently as permitted in the Financing Order and deemed

necessary by the servicer. These advice letters are intended to ensure that the actual revenues collected under the Fixed Recovery Charges will be sufficient to make all scheduled payments of Bond principal, interest, and other Ongoing Financing Costs on a timely basis during each of the two payment periods following the date of adjustment, and, in the case of semi-annual Routine True-Up Mechanism Advice Letters, to replenish any draws upon the capital subaccount. The first payment period means the period commencing on the Closing Date of the Bond offering and ending (and including) the first Payment Date following the Closing Date of the Bond offering (the “First Payment Period”); the second payment period means the period commencing on the day following the first Payment Date following the adjustment date and ending on (and including) the next Payment Date (the “Second Payment Period”). Routine True-up Mechanism Advice Letter submissions are those where PG&E uses the cost allocation and rate design methodology and Fixed Recovery Charge and cash flow method (collectively, the “adjustment mechanism”) found reasonable by the Commission in the Decision to revise existing Fixed Recovery Charges.

Using the adjustment mechanism approved by the Commission in the Decision, this submission modifies the variables used in the Fixed Recovery Charge calculations and provides the resulting modified Fixed Recovery Charges.

Table 1 shows estimated Ongoing Financing Costs for the next two payment periods to be paid on July 15, 2026 and January 15, 2027, respectively, and recovered through Fixed Recovery Charges in accordance with the Financing Order.

TABLE 1: Estimated Ongoing Financing Costs

*Class average rates are calculated by dividing total revenues expected to be collected by the WHC by total forecasted system sales for the class for the rate effective period.

Proposed Tariff Changes

PG&E will submit all tariff sheets reflecting the revised Fixed Recovery Charges shown in Table 3 in the consolidated revenue requirement and rate change advice letter for rates effective on March 1, 2026.

Effective Date

In accordance with the Decision, Routine True-Up Mechanism Advice Letters for required annual Fixed Recovery Charge adjustments shall be submitted with a complete accounting of the historical over-collection and under-collection of the Fixed Recovery Charges at least 50 days before March 1 and these adjustments to Fixed Recovery Charges shall be effective on March 1. No Commission resolution is required. Therefore, these Fixed Recovery Charges shall be effective March 1, 2026 until they are changed by the next annual Routine True-Up Mechanism Advice Letters or, if earlier by an interim Routine True-Up Mechanism or Non-Routine True-Up Mechanism adjustment. Beginning 12 months prior to the last scheduled final payment date of the last maturing series of Wildfire Hardening Recovery Bonds, Routine True-Up Mechanism Advice Letters shall be submitted quarterly.

Description of Exhibits

Exhibit 1 to this advice letter submission presents the principal amortization schedule for the Series 2024- A Wildfire Hardening Recovery Bonds.

Exhibit 2 presents the Periodic Payment Requirements related to the Series 2024-A Wildfire Hardening Recovery Bonds for the two payment periods following the adjustment date. These Periodic Payment Requirements will be adjusted based upon the Cash Flow Model to determine the Periodic Billing Requirement, as shown in Exhibit 3.

Exhibit 3 presents the Fixed Recovery Charge calculations.

Notice

In accordance with General Order 96-B, Section IV, a copy of this advice letter is being sent electronically to parties shown on the attached list and the parties on the service list for A.22-03-010. Address changes to the General Order 96-B service list should be directed to PG&E at email address PGETariffs@pge.com.
