Summary: CPUC Electrical Incident EI210520A - Damage to third party exceeding \$50K. On June 1, 2021 at approximately 1544 hours, PG&E's Electric Incident Reporting On-Call Team was made aware of a submitted property damage claim in excess of \$50,000 from a customer located near North Wilson Avenue and East Pine Avenue in Fresno. The claim alleges that PG&E equipment caused a structure fire on May 20, 2021 at approximately 0530 hours. The claim states the neighboring property was damaged. The properties are served by the Manchester 1108 Overhead Distribution Circuit. PG&E is reporting this under the Property Damage criterion. This information is preliminary.
