ABOUT TMAC RESOURCES INC.

TMAC operates the Hope Bay property located in Nunavut, Canada. The property and operations are remote but not isolated, serviced by both a port and airstrip. Hope Bay is an 80 km by 20 km Archean greenstone belt that has been explored by BHP, Miramar, Newmont and TMAC over a period spanning more than 30 years. In that time, more than \$1.5 billion of expenditures have been spent in exploration and evaluation, surface infrastructure, and mine

and process plant development. TMAC began producing gold in early 2017 from Doris, its first mine at Hope Bay, and processed gold at the Doris processing plant which originally had nameplate capacity of 1,000 tpd and expanded to 2,000 tpd midway through 2018. On June 26, 2020, shareholders of TMAC approved the sale of the Company to an affiliate of Shandong Gold (the "**Transaction**") and on June 30, 2020, the Company received a final order from the Ontario Superior Court of Justice approving the Transaction. The Transaction has received all the required regulatory approvals from the government of the People's Republic of China. Closing of the Transaction is subject to the receipt of all required regulatory approvals and the satisfaction or waiver of all closing conditions.
