To determine the **Fortune Best Workplaces in the Bay Area™ List**, Great Place To Work® collected nearly 100,000 confidential survey responses from employees at eligible companies. Through the **Trust Index™ Survey**, employees shared honest feedback about their experience by responding to 60 statements about the employee experience and answering open-ended questions.

“Model prioritizes our employee experience, and we are committed to fostering an environment where all employees feel respected and recognized,” said Laura Selig, Chief People Officer at Model N. “Our people are the pride of our company, and the foundation of our culture is rooted in our DARE core values of Dream, Align, Respect, and Excel, which ensure our employees have a work environment where they can grow and thrive. Earning a spot on the Fortune Best Workplaces in the Bay Area™ list is an incredible honor, and we celebrate Model N'ers for all they've done – and continue to do – to cultivate and maintain a strong culture.”

The Fortune Best Workplaces in the Bay Area list is highly competitive. Survey responses reflect a comprehensive picture of the workplace experience. Honorees were selected based on their ability to offer positive outcomes for employees regardless of job role, race, gender, sexual orientation, work status, or other demographic identifiers.

“Fortune congratulates the Best Workplaces in the Bay Area recipients,” says Fortune Editor-in-Chief, Alyson Shontell. “Employee experience is critical to company performance, and these companies are setting that standard.”
